STEGO® BARRIER SOLUTIONS

The Stego
Life of The Building™ Warranty
As the construction industry leader in below-slab barrier materials, Stego* offers the **first-of-its-kind warranty** for its line of vapor barriers and retarders.

Our clients have made ***Stego Wrap the most widely-specified below-slab vapor barrier*** *in North America.*

Stego brings not only an unmatched track record of proven performance but also an express warranty in support of your building - The Stego Life of the Building™ Warranty

VAPOR BARRIERS AND RETARDERS

Stego Wrap Stands the Test of Time

Stego® Wrap

- **20-MIL Vapor Barrier (Class A)**
- **15-MIL Vapor Barrier (Class A)**
- **10-MIL Vapor Retarder (Class A)**
- **10-MIL Vapor Retarder (Class C)**

ACCESSORIES

Stego has the accessories you need to complete an ASTM E1643 compliant installation.

Stego® Tape

This adhesive is pressure-sensitive, making it ideal for sealing Stego Wrap seams and penetrations.

Stego® Mastic

A liquid vapor retardant membrane, designed to be used with Stego Wrap, for sealing utility and pipe penetrations.

StegoTack® Tape

A double-sided adhesive strip used to bond and seal Stego Wrap to concrete, masonry, wood, metal, and other surfaces.

Stego® Crete Claw® Tape

A multi-layered tape/detail strip that will mechanically seal Stego Wrap Vapor Barrier to concrete.

ADDITIONAL ACCESSORIES: • **Stego® Term Bar** • **Stego® Pre-Cut Pipe Boot**

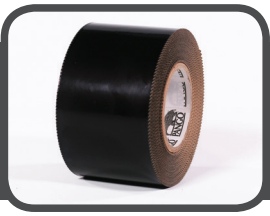
TERMITE/VAPOR BARRIER

Your **2-in-1 Solution** for Below-Slab Protection

ACCESSORIES

Home Innovation NGBS GREEN CERTIFIED

A **PROVEN** PHYSICAL BARRIER AGAINST **FORMOSAN TERMITES** AND **MOISTURE VAPOR**



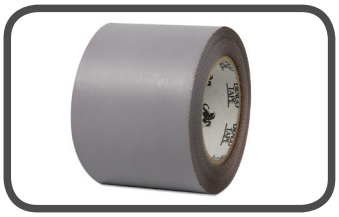
Pango® Tape
This adhesive is pressure-sensitive, making it ideal for sealing Pango Wrap seams and penetrations.

Pango Claw®
Pango Claw allows wet concrete to cast into the textured top surface to form a mechanical bond and seal.

VAPOR INTRUSION BARRIER

Drago Wrap is Designed to Serve as a Barrier to VOC's

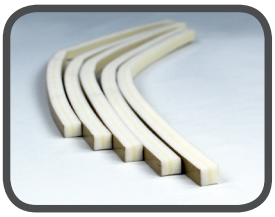
ACCESSORIES



Drago® Tape
A pressure-sensitive adhesive, coupled with the same uniquely designed materials as Drago Wrap, make it ideal for sealing Drago Wrap seams/penetrations.

DragoTack® Tape
A solvent-resistant, double-sided adhesive strip used to bond and seal Drago Wrap to concrete, masonry, wood, metal and more.

Drago® Sealant
A two-component, high performance epoxy, designed to be used with Drago Wrap, for sealing utility and pipe penetrations.



Drago® Sealant Form
A low-density, cross-linked, closed-cell polyethylene foam designed to be used as a detailing piece with Drago Sealant.

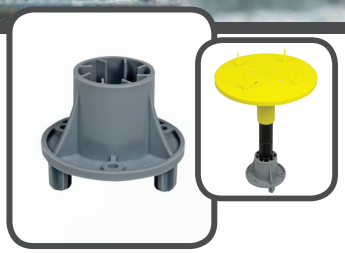
KEEP AN **EYE ON EFFICIENCY** WITH **BEAST CONCRETE ACCESSORIES**

Beast® Screed is a vapor barrier-safe, fixed-elevation, point-to-point guide screed system designed to replace common wet-screed methods.



Now concrete placement crews can utilize the BEAST SCREED SYSTEM on elevated deck pours with **Beast® Deck Foot**.

Beast® Hook is a **faster**, **easier** way to set 2x4 overhead screeds.

Improve efficiency and maintain concrete floor levelness with the BEAST SCREED SYSTEM

LOCATE IT AND LOCK IT DOWN

YOUR **COMPLETE SOLUTION** TO **CRAWL SPACE ENCAPSULATION**

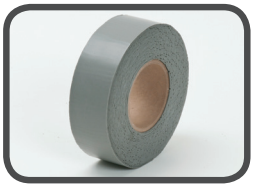
ACCESSORIES

An Integrated Approach to Crawl Space Protection

StegoCrawl® Wrap
Provides unrivaled moisture protection and durability in the most unforgiving conditions.

StegoCrawl® Tape
This low-permeance tape protectively seals and secures seams where a highly conformable material is required.

StegoCrawl® Term Bar
A flexible, plastic termination bar, optimal for mechanically securing StegoCrawl Wrap Vapor Barrier to concrete, wood or masonry.



StegoTack® Tape
A double-sided adhesive strip used to bond and seal StegoCrawl Wrap to concrete, masonry, wood, metal, and other surfaces.
