The slices turn out perfect. We have used it to knead dough- it's a cool little hack that made our lives easier. (I have learned from America's test kitchen yt channel.)Helpful?April 19, 2020I loved it. Mini one perfect for 3 to 4 people and its very handy. Less work in the kitchen. Thank you farberwareHelpful?It does all the things that the big ones do and 1/4 of the cost. Use it several times everyday and thought about ordering another one for backup in case something happens to this one. Great product!Helpful?When I ordered this food processor I wasn't expecting much, based on the price I paid. However, I was suprised how nice it was when I unpacked it. This is a great little food processor and it's the perfect size. So glad I ordered it.Helpful?August 24, 2018Yesterday there was 4 left now there's 1. Smaller than it looks in picture, however, perfect size. I had an 8 cup and it was bulky. Grating carrots, use high speed for best results, cut carrots in 4" lengths. Rather quiet, love the sticky feet it hold the unit securely on the counter. You get what you pay for...they are wrong. This time you get more than you pay for. I love mine after first use. Adding a pic of my first use carrot salad. 5 carrots, 2 Tbsp sugar, 2 Tbsp mayo, 2 Tbsp sour cream, 1/2 cup raisins, 1/2 cup pineapple chunks. Tastes better second day. Yum!Helpful?Customer Q&AGet specific details about this product from customers who own it. by EssKayFebruary 27, 20191 Answer1.
