Print on your terms

- Just go and print—easily send print jobs wirelessly without a network.[1]
- Enable touch-to-print convenience from mobile devices.[2]
- Easily print from mobile devices at work, home, or on-the-go with HP's first Mopria-certified MFP.[3]
- Share all your printer has to offer—set up, print, and share with Ethernet and wireless connectivity.[4]

Scan fast, send securely

- Finish faster—with less standing around—using single-pass, dual-head scanning.
- Control access to walkup features and easily look up network email addresses, using LDAP connectivity.
- Scan, send, simple—capture and route digital files directly to the cloud, email, or network folders.[7]
- With HP Flow CM Professional, you can easily collaborate on, search, and share your business content.[5]

Move jobs fast

- Save time and help reduce paper costs, using automatic two-sided printing.[6]
- Work smarter—access content and quickly launch tasks from the 3.5-inch color touchscreen.[7]
- Finish projects fast—use the 50-page automatic document feeder to save time.
- Just walk up and print on this MFP from your USB drive, using the easy-access USB port.

[1] Wireless direct printing is available only on the HP Color LaserJet Pro MFP M476nw and M476dw. Mobile device needs to be connected directly to the WiFi network of a wireless direct-capable printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the printer. [2] Touch-to-print capability is available only on the HP Color LaserJet Pro MFP M476dw. Mobile device must support near field communications–enabled printing. For a list of supported devices, see hp.com/go/businessmobileprinting. [3] Local printing requires mobile device and printer to be on the same wireless network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/businessmobileprinting for more details. Mopria-certified devices adhere to a common standard that enables easy mobile printing with little or no set up. [4] Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections. [5] HP Flow CM Professional is available in the United States and Canada only and through select HP partners. [6] Automatic two-sided printing is not available on the HP Color LaserJet Pro MFP M476nw. [7] Requires an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see hpconnected.com

[5]Based on standard ITU-T test image #1 at standard resolution. More complicated pages or higher resolution will take longer and use more memory. [6]Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups. [7]HP recommends that the number of pages per month of imaged output be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. [8]Without trays and covers extended [9]With toner cartridges [10]Introductory cartridges included; yields ~1200 color composite (C/Y/M) and black pages. Actual yields vary considerably based on images printed and other factors. For details see hp.com/go/learnaboutsupplies [11]Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty. [12]Acoustic values are subject to change. For current information see hp.com/support. Configuration tested: base model, simplex printing, A4 paper at an average of 20 ppm.
