ONE TOUCH DIRECT DRINKS

From an authentic Italian Espresso to a delicious Latte Macchiato, thanks to the perfect milk foam, it is possible to experiment and discover new flavours and different recipes. Let yourself be amazed by the infinite variety of drinks and try the exclusive function for a delicious hot Chocolate.

Cappuccino
Single espresso shot with an equal part of hot milk topped with maximum level of foam.

Cappuccino+
Creamy cappuccino made with a shot of doppio+.

Cappuccino Mix
A shot of espresso first and hot milk afterwards, creating a full flavoured milk coffee.

Espresso
The authentic Italian recipe.

Coffee
The International version of the Italian espresso.

Doppio+
Made with an extra quantity of coffee and a deep pre-infusion for extra aroma and energy.

Latte macchiato
Single espresso shot with hot milk topped with medium level of foam.

Caffelatte
Single espresso shot mixed with 3 times quantity of hot milk topped with a thin layer of foam.

Flat White
Single espresso shot mixed with 2 times the quantity of hot milk topped with velvety foam.

INDIA DELONGHI DISTRIBUTOR/DEALER

BrandPeople

www.brandpeople.co.in

Long-Americano
Made with a low brewing pressure to reach a delicate flavour and taste....

Espresso Macchiato
Single espresso shot with a dash of hot milk topped with foam.

White Tea
Mild and sweet flavor that is velvet-like in smoothness.

Green Tea
Enjoy Japanese green teas at its ideal temperature any time.

Oolong
Extract complex flavours of tea to the fullest.

Black Tea
Bold and strong.

Cold Coffee
When it's too warm for hot coffee, go for a homemade cold brew!

Chocolate
Made by a dedicated special carafe , adding powdered chocolate to milk.

Hot Milk
White hot milk with the desired level of foam.

Cold Milk
Provides a great solution to beat hunger pangs in between meals.

Cold Milk Foam
Cold milk topped with rich creamy foam

Steam
Manual milk frother for a smooth and silky milk foam.

www.brandpeople.co.in

1. One Touch Espresso

One button – that's all it takes to enjoy exceptional espresso.
The digital display is intuitive and easy to use. Each cup brewed is CONSISTENTLY full, rounded, smooth, crema-rich perfect and always at the right temperature.

The PrimaDonna Elite has a full-colour touch display with Hot Chocolate function.

3. One Touch Cappuccino

Cappuccino, Latte and Latte Macchiato are right at your finger tips too! Fill the milk carafe with milk, attach it directly to the machine and select your favourite cappuccino beverage with one button.

Our carafes are designed to fit in your fridge door when not in use!

DE'LONGHI
Coffee Link

2. Bluetooth Connectivity

All at your fingertips, with connectivity, our coffee machine gives you the ability to select your favourite drinks, create new recipes with complete freedom and discover infinite personalisations.What's more, with "real-time" communication, the Coffee Link App gives unlimited advise and suggestions how to maintain the machine.

Available only on PrimaDonna Elite Experience ECAM 650.85.MS and ECAM 650.75.MS.

4. Fresh Espresso in Every Cup

With our "Tubeless " technology, ground coffee goes DIRECTLY from the integrated burr grinder to the brewing unit and right into your cup. This ensure maximum freshness.

There is a second chamber for you to use pre-ground coffee – great for specialty grounds or decaf!

the perfect density	the perfect temperature	the perfect creaminess	... until the last drop!
LATTECREMA SYSTEM DELIVERS MILK FROTH WITH PERFECT BODY, COMPACT AND SOFT AND THE OPTIMAL “MICROBUBBLE” TEXTURE.	THE IDEAL TEMPERATURE FOR THE PERFECT CAPPUCCINO IS BETWEEN 60-65°C. LATTECREMA SYSTEM SERVES THE PERFECT TEMPERATURE IN EVERY CUP.	FOR A CAPPUCCINO TO BE CREAMY, THE VOLUME OF FOAM SHOULD BE 1.5 TIMES THE LIQUID PART. LATTECREMA SYSTEM SERVES THE PERFECT RATIO.	THANKS TO LATTECREMA SYSTEM, THE MILK FOAM IS LONG LASTING SO THE PLEASURE STAYS... UNTIL THE LAST DROP.

5. LatteCrema System - Rich and Creamy

Our fully automatic coffee machines are equipped with the breakthrough milk frothing technology - LatteCrema System. With two hydraulic circuits and high precision electronics, this produces the perfect cappuccino beverage every time – perfect in density, temperature and creaminess.

6. Chocolate

Made by a dedicated special carafe , adding powdered chocolate to milk, with the option to select the desired level of density (thick, medium, light).

Function available in the PrimaDonna Elite ECAM 650.75.MS and ECAM 650.85.MS.

7. Every Cup is Customised

Easily programme how you like your beverage - temperature, strength and milk-to-espresso ratio. The machine “remembers” exactly how you like your coffee.

The PrimaDonna Elite can store up to six personal profiles!

8. No Waiting Between Cups

Two separate heating elements, one for espresso preparation and one for milk preparation, ensure the perfect temperature for all drinks. Now you can brew cup after cup instantly.

9. Removable Brewing Unit

Our highly advanced brewing units are very compact, guaranteeing excellent heat distribution and brewing pressure for the perfect cup, Easily removable, the only tools needed to clean it are your fingers. Simply squeeze to release or insert it back in place.

The brewing unit's closed-case design requires no greasing at all!

11. Milk Carafe

Our frothing system is a complete hygienic system. It is designed such that milk NEVER comes in contact with the inside of the machine. The carafe also has an integrated CLEAN FUNCTION— turning the control dial to CLEAN activates a rinse cycle of steam and water to clear all pipes of milk residue.

The milk carafe is made of only 5 parts which are easy to take apart and put together for deep cleaning.

10. Easy to Reach

Our machines take a FRONTAL APPROACH design. Not only are they elegant with simple lines and subtle curves, all touch points are accessible from the front, making them easily within reach.

12. Automatic Rinse

A De'Longhi machine is pre-programmed with an AUTOMATIC SELF-RINSING cycle where it gives itself an internal rinse every time when started up and when switched off . It also has a PREPROGRAMMED DECALCIFICATION process to prevent the buildup of limescale.

PUMP COFFEE MACHINES

Discover the barista in you.

Brew authentic espressos,
cappuccinos and lattes to your taste.

INDIA DELONGHI DISTRIBUTOR/DEALER

BrandPeople

9899332022

www.brandpeople.co.in

1. Brew Like a Pro

Whichever your preference – single or double espresso, cappuccino or latte – the machine brews authentic barista-quality beverages just like what you enjoy at your favourite café.

3. Every Cup to your Liking

15-bar professional pressure assures quality results every time, and adjustable controls allow you to make modifications for your personal taste preferences.

2. Delicious Cappuccino

A manual frother mixes steam and milk to create a rich, creamy froth for evenly textured drinks – just the way you like them.

*EC860 comes with an integrated milk jug for automatic Cappuccinos

4. Easy to Use

The machine does most of the work for you. The Automatic Flow Stop feature dispenses just the right amount of espresso while maintaining the ideal brewing temperature.

*For EC860 and EC685 only

5. One or Two Espresso Shots?

The three-in-one filter holder, included with the unit, has a holder for one espresso shot, a holder for two shots, and one for an easy-to-serve (E.S.E) POD-which ever your preference.

6. No Waiting Between Cups

The Rapid Cappuccino maintains the optimal temperature so you can brew cup after cup instantly.

7. Accommodates Taller Cups

If you prefer larger size beverages no problem. The bottom tray of the unit is easy to adjust or remove to fit taller cups.

*For EC860 and EC685 only.

8. Easy To Reach And Clean

All touch points are accessible from the front, making them easily within reach. The water tank is easy to remove, refill and reattach. Both drip tray and water tank are simple to clean.

DE’LONGHI COFFEE ACCESSORIES

Enhance your coffee experience.

Make your coffee moments extra special.
Receive the best care for your De’Longhi coffee machine.

Double Wall Glasses

An exclusive set of stylish double wall thermo cups made of Borosilicate glass. Keeps drinks hot or cold, and is condensation free, comfortable to hold and dishwasher safe.
Available in sets of 2: Espresso (60ml), Cappuccino (190ml) and Latte (220ml).

100% Arabica Coffee Beans (250g)

An exclusive blend developed with Kimbo, an Italian espresso brand, whose mission has been to develop high quality espresso inspired by Italian tradition of over 50 years. 100% Arabica coffee beans with sweet taste and floral background.

Eco Descaler (100ml x 2 packs)

Natural limescale remover made of high quality raw materials of plant origins (lactic acid) that are biodegradable and non-polluting to the environment. When used regularly, it helps to extend the life of the machine by preventing accumulation of limescale. Regular descaling also helps reduce energy consumption and keeps your coffee tasting great!

Vacuum Coffee Canister (1.6L)

A must-have to keep your beans fresh! A one-step motorised sealing system to keep your beans in a vacuum sealed environment. Removable inner container for easy cleaning. Batteries not included.

Stainless Steel Milk Frothing Pitcher (0.4L)

Designed to use with De'Longhi coffee machines, this is an essential for the home barista for frothing luxuriously smooth milk. High quality stainless steel, easy pouring and ideal for serving two authentic size cappuccinos.

Coffee Tamper (50mm base)

For home barista enthusiasts who wants to craft the perfect shot with their pump coffee machines, this tool distributes your coffee evenly and firmly packed in De'Longhi's filter basket. Stainless steel bottom, flat base and ergonomic round handle. Weighs 294g.

Milk Cleaner

Milk Clean is a sanitising detergent that is delicate on surfaces and specially made for the milk circuit on both automatic and manual milk frother nozzles and instant frothing device systems (IFD System). Milk Clean can be used to clean and sanitise the outer parts of the coffee machine.
