Better Everyday

BEAUTY IS IN SIMPLICITY

Form and material
combined with art
to achieve the
true essence

Eletta essence

Perfect mix of pleasure

De'Longhi LatteCrema System
The best Cappuccino:
creamy, dense, perfect temperature,
... until the last drop.

Eletta technology

Simply, the perfect espresso:
rich, full aroma, smooth, rounded.

Slanted front for more cup space on the base. Ergonomically positioned controls. Unique espresso dispenser design motif. Precious materials, including stainless steel and metal-touch controls.

Eletta design

pure quality,
technological innovation
and linear design:
the final result
of a project
where nothing
was left to chance.

Eletta functionality

Clarity, simplicity and clearly identified functions. Eletta is the harmonious marriage between design and functionality.

Control panel with plain and simple layout for ease of use. Cappuccino, Caffellatte, Latte Macchiato, Long Coffee, Espresso can be prepared, programmed and personalised at the touch of a button: your coffee bar at home. Milk Menu button allows you to prepare more milk-based beverages, such as the new Flat White and espresso macchiato. And with the “My Milk” function you can easily create your favourite milk drink.

Brewing unit

The brewing unit is at the heart of Eletta: with advanced technology and compact design, it ensures the perfect temperature in cup. In addition to this, it is fully removable, providing access to internal parts for thorough cleaning, ensuring durability and reliability over time. Easy to maintain, it can be washed with water.

Patented twin-shot brewing cycle

With innovative single-grind technology, Eletta delivers two espresso simultaneously, maintaining a perfect, crema-rich consistency every time.

Integrated coffee grinder

Eletta is extremely versatile, providing optimal results with both coffee beans and pre-ground coffee. The integrated coffee grinder allows you to choose your preferred type of grind, and the aroma saving lid preserves the aroma of the coffee beans.

Long Coffee

Long Coffee button allows you to prepare and personalise a long coffee cup at the touch of a button.

Integrated clean

The new jug is even easier to clean thanks to the integrated CLEAN function on the control dial: simply select to activate the automatic cleaning cycle. The jug can be stored in the refrigerator when not in use.

Milk Menu

Milk Menu button allows you to prepare more milk-based beverages, such as the new Flat White and espresso macchiato. And with the "My Milk" function you can easily create your favourite milk drink.

Cup warming function

If desired, it is possible to activate the cup warmer for heating cups, which allows you to enjoy your espresso at the perfect temperature.

Extra cappuccino device

An easy to use attachment to deliver hot water for teas or steam for manually frothing milk.

Simply Eletta

Eletta range

Eletta Cappuccino Top

- "De'Longhi LatteCrema System", delivers smooth and creamy frothed milk, at the ideal temperature, for your perfect milk beverage at the touch of a button.
- Automatic cleaning integrated in the froth regulating dial allows you to easily clean of all the milk carafe components – so the milk carafe can be returned to the fridge after use.
- Extra cappuccino device for steam and hot water can be used to manually prepare velvety milk foam or deliver hot water for tea or infusion.
- Choose your favourite milk beverage in the Milk Menu: latte, flat white, espresso macchiato and My Milk – tailor your perfect drink.
- Intuitive metal touch control panel with two text line display and 16 languages for using the machine in a clear and simple way.
- Long Coffee button for filter coffee lovers.
- Personalise coffee as often as you want has never been easier: choose from short, medium or long, try from strong to extra mild aroma, enjoy it piping hot or at medium or low temperature.
- The machine can be used with either coffee beans or ground coffee.
- Prepare two cups of coffee with a single brewing cycle.
- Cup warming shelf for cups always at the right temperature.
- Removable brewing unit for easy cleaning and maintenance.
- Aroma saving lid – perfect taste for every cup.
- Programmable automatic shut-off and switch-on.
- Energy saving function.
- Available colours: black and white.
