

Quick Start

htc TITAN™

Getting to Know Your Phone

For more information, visit att.com/DeviceSupport

Setting Up Your Phone

Insert the SIM Card and Battery

- ① Press and hold the Release button at the bottom of the phone, and then pull your phone out of its back cover.
- ② Insert the SIM card with its gold contacts facing down and its cut-off corner facing outward.
- ③ Insert the battery with its exposed copper contacts into the phone first.
- ④ Replace the back cover.

Charge the Battery

- ① Connect the phone to the AC adapter using the USB sync cable.
- ② Plug in the AC adapter to an electrical outlet to start charging.
 - The notification LED is amber and  displays in the status bar when charging.
 - The notification LED is green and  displays in the status bar when charging is complete.

Setting Up Your Phone (continued)

Turn on Your Phone

Press the power button to turn your phone on.

Sign into Your Phone

A Windows Live ID is the email address you use to sign in to services like Xbox LIVE®, Zune®, and Hotmail®.

Note: This step can be skipped until a later time. To add an account after the initial set up, go to Settings, and then tap **email + accounts > add an account > Windows Live**.

You can see your Xbox LIVE scores or achievements or use your Zune Music Pass on your phone by using your Xbox LIVE ID or Zune ID to sign into your phone. To check the ID you are using:

- **For Xbox LIVE:** On your Xbox 360® console, sign in with your gamertag, then press the Guide button on your controller (the one in the middle that looks like the Xbox logo).
- **For Zune:** Sign in to the Zune software on your PC. Right-click your profile picture and click Switch user to see your Windows Live ID.

Lock and Unlock the Screen

To lock the screen, briefly press the power button.

To unlock the screen, press the power button, then drag or flick the lock screen or incoming call wallpaper to the top of the screen.

Find More Information

On the Web

About the Start Screen

The Start screen contains tiles that are associated with apps and Hubs on your phone. Flick up or down on the screen to see the other tiles.

Pin Items to the Start Screen

You can pin all sorts of things to the Start screen, including apps, websites, map locations and even contacts. When you pin a contact to the Start screen, you'll get all of that person's feed updates—right from that tile.

- To pin most things to the Start screen, tap and hold the item until the menu appears, then tap **pin to start**. For others, you can tap pin  in the app bar at the bottom.
- If you'd like to move a tile somewhere else on the Start screen, tap and hold the tile, and move it wherever you'd like it.
- To remove a tile, tap and hold it, and tap unpin .

Tap the top of the screen to display the status bar.

Tap to go to the application list.

Tap a tile to open the application or Hub.

Making Calls and Checking Your Voicemail

Make a Phone Call

- Tap the Phone tile.
 - Tap .
 - Tap the desired phone number.
 - Tap **call**.
- To open the in-call options, tap . To adjust the in-call volume, press the Volume Control buttons.
 - To end the call, tap **end call**.

Check your Voicemail Messages

From your phone

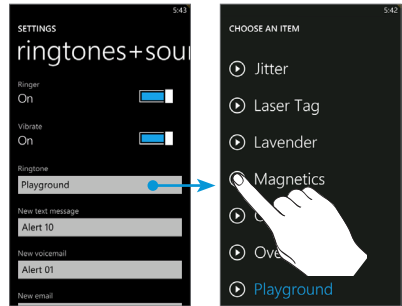

- Tap the Phone tile.
- Press and hold the number 1 key.
- Follow the voice prompts.

From other phones

- Dial your 10-digit wireless number.
- Tap the * key when you hear your personal greeting.
- Enter your personal password.
- Follow the voice prompts.

Changing Your Ringtone Sending Text Messages*

- Tap  > **Settings** > **ringtone + sounds**.
- Tap the **Ringtone** box.
- Preview the ringtone by tapping .

- Tap the name of the ringtone to set it as your ringtone.

- Tap the Messaging tile.
- Tap  to compose.
- Enter recipients in the **To** field. You can:
 - Enter phone numbers or contact names. Select any matching contacts from the drop-down list. Use semicolons to separate recipients.
 - Tap  and select names from your contact list.
- Tap "type a message" and compose.
- If desired, tap  to attach a photo.
- Tap  to send the message.

Please don't text and drive.

* Pay-Per-Use rates apply, if you don't have a Messaging Plan.

Using the Camera

Take a Picture

- 1 Press the Camera button to open the camera.
- 2 Press the + or - buttons onscreen to zoom in or out.
- 3 Tap  to open the camera settings.
- 4 Press the Camera button halfway to focus, and then press it all the way down to take the picture.

Send a Picture

- 1 After taking a picture, swipe your finger from left to right to see the photo or video you've just captured.
- 2 Press and hold the photo or video and tap **share > Messaging**, and select your share option.

Record a Video

- 1 Press the Camera button to open the camera.
- 2 Tap  to switch to video mode. The icon changes to  to indicate that you're in video mode.
- 3 Press the Camera button to start recording video.
- 4 Press the Camera button again to stop recording.
- 5 Swipe right to watch the video right away.

Tip: Tap  to take a picture or video of yourself.

Managing Contacts

Import your Contacts

Your contacts are imported automatically into your People Hub from Outlook, Live, and Google. When you add Facebook, Twitter, or LinkedIn, your friends' feeds and photos appear in the People Hub, and your own feeds pop up in your Me tile.

To set up your accounts:

Tap  > **Settings > email + accounts**.

Add a New Contact

- 1 Tap **People > all >  > new contact**.
- 2 Select the account where you to store the contact information.
- 3 Tap an item such as **name** or **phone** to enter the information.
- 4 Tap  when finished.
- 5 Scroll up or down your contacts list by sliding your finger on the screen. Tap a letter, for example "**m**" to quickly access your contacts.

Create a New Group

Cut through social networking clutter by creating a group for the people who matter most.

- 1 Tap **People > all >  > new group**.
- 2 Enter a group name.
- 3 Tap **add contact** to add a contact to the group. Repeat this to add more contacts to the group.
- 4 Tap  when finished.

Managing Email

Types of Email Accounts

Your device supports POP3/IMAP, web-based, and Microsoft® Exchange* email accounts.

* Corporate email requires an Enterprise Data Plan.

Set up Email Accounts

- 1 Tap  > **Settings > email + accounts > add an account**, or tap the Email tile on the Start screen.
- 2 Tap the account you want to set up. If you don't see the account you want to set up, tap **other account** or **advanced setup**.
- 3 Enter the email address and password, then tap sign in.
- 4 A tile for your email account will be added to the Start screen.

Note: To view all your email accounts in a single inbox, tap  > **link inboxes**.

Send Email

- 1 Tap the email tile you want to use.
- 2 Tap  to create a new email message.
- 3 Enter recipients in the To field. You can:
 - Enter email addresses or contact names. Select any matching contacts from the drop-down list.
 - Tap  and select names from your contact list.

Tip: Tap  to add cc and bcc lines and change the priority.

- 4 Enter the email subject then tap the space below the subject line to compose.
- 5 Tap  to add an attachment.
- 6 Tap  to send.

Tip: For a bigger keyboard, turn the phone to landscape.

Browsing the Web

- 1 Tap the Internet Explorer tile.
- 2 Tap the address bar and enter a website address, then tap .

- To bookmark a web page, tap  (at the bottom right corner of the screen) > **add to favorites**.
- To open, swap, or close tabs, tap  > **tabs**.

Navigate

Rotate your phone to view the web page in landscape view. Use finger gestures to move around on the web page.

Zoom

Double tap to zoom in or out.

You can also pinch to zoom.

Wi-Fi and Bluetooth

Connect to a Wi-Fi Network

Wi-Fi provides a fast, seamless connection at home, in the office and at thousands of hotspots. Using Wi-Fi is convenient.

- ① Tap  > **Settings** > **Wi-Fi**.
- ② Tap a Wi-Fi network to connect.
- ③ If required, enter a password and tap **done**.

When connected,  appears in the status bar.

To turn Wi-Fi off, tap  > **Settings** > **Wi-Fi** and tap the slider.

Connect a Bluetooth Headset

- ① Make sure that the Bluetooth® headset is discoverable. Please refer to its documentation.
- ② On your phone, tap  > **Settings** > **Bluetooth**.
- ③ Tap the slider to turn on **Bluetooth**.
- ④ Tap your headset name to connect.
- ⑤ If required, enter the passcode for your headset.

When connected,  displays in the status bar.

Marketplace

Find Apps or Music

- ① Tap the Marketplace tile.
- ② To find an app:
 - Scroll through the list.
 - Tap apps, games, or music and then tap a category or genre.
 - Press the Search button, enter the app you're looking for, and then tap .

Install Apps

- ① Tap the Marketplace tile.
- ② Search and then tap the app you want to install.
- ③ Tap **install**.
- ④ If you are not signed in to your Windows Live account, you'll be asked to sign in.
- ⑤ Follow on-screen instructions to install the app.

AT&T Services*

 **AT&T NavigatorSM:** Get traffic updates, GPS navigation, and turn-by-turn voice directions.

 **AT&T Code Scanner:** Reads UPC, QR and Data Matrix barcodes. Scan, Shop, Save.

 **AT&T myWireless:** Access billing, usage, and feature information and manage your account from the palm of your hand.

Note: Data usage and subscription charges may apply.

* To learn more about using these services on your device, visit att.com/Tutorials.

Other Features

Social Networking

When you sign in to your Facebook or Windows Live account, your Me tile is automatically created on the Start screen.

Tap your Me tile on the Start screen or in the **all** panel of the People Hub. You can check status updates you have posted, comments you have received, and pictures that you have uploaded to your Windows Live, Facebook, and Twitter accounts.

Voice Recognition

Press and hold the Start icon . You can use your voice to text or call people, start apps or search the web.

- To make a phone call, you'd say “**Call** Oliver Lee, mobile.”
- To search for something, just tell the phone what you want, like “**Find** movie theaters.”

Search

Want to find a contact? Press the Search icon  from People or call history.

Recent Apps

Press and hold the Back icon  to see the apps that you've used most recently.

Local Scout

Find nearby restaurants, shops, and things to do.

Staying in Sync

To sync your music, videos, pictures and updates from your computer to your phone (or vice versa), you'll need the Zune software.

- ① Connect your phone to your computer using the provided USB cable.
- ② Go to **windowsphone.com** to install the Zune software.
- ③ Open the Zune software, then follow the instructions to get your music, videos, and pictures into your collection.
- ④ Click **collection**, then drag everything you want to sync to the phone icon in the lower left.
