1. Gooseneck, 40/60 cm
2. Microphone, dynamic 230 Ω.
3. Product label
4. Serial no.
5. Jack, XLR plug

Connect the Jatron AB40 microphone through the XLR connector. Be sure to connect pins according to the specification in the XLR-plug drawing. Refer to the user manual for safe connection to the radio or external equipment.

Do not use the AB40 microphone if damaged or not working properly. Use only Ex approved workshop for repair. Ex approval does not apply if any changes are made to the product.
