

Harbor Freight Tools

Special Order Replacement Parts

How to Obtain Special Order Replacement Parts

1 Find Your Item

Identify the brand name and item number of your product.

If the item appears in the list, parts for this item are available for special order.

2 Call to Order

Call a Harbor Freight Parts Specialist at **1-800-444-3353** to place your order.

STOP!

Before you order parts, please read this important information.

Harbor Freight sells many tools and products that look similar, but are different. To ensure you are purchasing the correct parts or part kits, you will need to identify the product's unique **Item Number**. Products with different **Item Numbers** do not have interchangeable parts.

The **Item Number** can be found on your original sales receipt, printed on the original packaging, or printed on the original owner's manual.

On many products the **Item Number** is also printed or inscribed on the product.

Example of similar products with different Item Numbers:
