Limited Warranty

Kodak warrants Kodak consumer electronic products and accessories ("Products"), excluding batteries, to be free from malfunctions and defects in both materials and workmanship for one year from the date of purchase. Retain the original dated sales receipt. Proof of the date of purchase will be required with any request for warranty repair.

Limited Warranty Coverage

Warranty service is only available from within the country where the Products were originally purchased. You may be required to send Products, at your expense, to the authorized service facility for the country where the Products were purchased. Kodak will repair or replace Products if they fail to function properly during the warranty period, subject to any conditions and/or limitations stated herein. Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak together with proof of the purchase price paid. Repair, replacement, or refund of the purchase price are the sole remedies under this warranty. If replacement parts are used in making repairs, those parts may be remanufactured or may contain remanufactured materials. If it is necessary to replace the entire Product, it may be replaced with a remanufactured Product. Remanufactured Products, parts and materials are warranted for the remaining warranty term of the original Product, or 90 days after the date of repair or replacement, whichever is longer.

Limitations

This warranty does not cover circumstances beyond Kodak's control. This warranty does not apply when failure is due to shipping damage, accident, alteration, modification, unauthorized service, misuse, abuse, use with incompatible accessories or attachments (such as third party ink or ink tanks), failure to follow Kodak's operation, maintenance or repacking instructions, failure to use items supplied by Kodak (such as adapters and cables), or claims made after the duration of this warranty. KODAK MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY FOR THIS PRODUCT, AND DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be one year from the purchase date or such longer period as required by law. The option of repair, replacement, or refund is Kodak's only obligation. Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product regardless of the cause. Liability for any special consequential or incidental damages (including but not limited to loss of revenue or profit, downtime costs, loss of the use of the equipment, cost of substitute equipment, facilities or services or claims of your customers for such damages resulting from the purchase, use or failure of the Product), regardless of cause, or for breach of any written or implied warranty is expressly disclaimed.

Your Rights

Some states or jurisdictions do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states or jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific rights, and you may have other rights which vary from state to state or by jurisdiction. Your statutory rights are not affected.

Outside the United States and Canada

In countries other than the United States and Canada, the terms and conditions of this warranty may be different. Unless a specific Kodak warranty is communicated to the purchaser in writing by a Kodak company, no warranty or liability exists beyond any minimum requirements imposed by law, even though defect, damage, or loss may be by negligence or other act.

Safety Information

- Read and follow these instructions before using KODAK products.
- Always follow basic safety procedures.
- Follow all warnings and instructions marked on the equipment.

A WARNING STATEMENTS

- Do not expose this product to liquid, moisture, or extreme temperatures. KODAK AC adapters are intended for indoor use only. The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards.
- Keep ink cartridges out of reach of children. Ink may be harmful if swallowed.
- Do not place your All-in-One Printer on an unstable cart, stand, bracket, or table. Injury to persons and damage to the equipment may occur.
- The use of an accessory attachment that is not recommended by Kodak, such as an AC adapter, may cause fire, electric shock, or injury.
- Pushing objects through the equipment openings can result in an electric shock or risk of fire.

CAUTIONARY STATEMENTS

- Adjust only those controls covered in the operating instructions.
- Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel.
- The AC adapter power supply is equipped with 3-wire grounding type plugs. If you cannot insert the plug into the power outlet, contact an electrician to check or replace the power outlet.
- Do not plug the AC adapter into a household extension cord.
- If the power cord or plug is frayed or damaged, the equipment gets wet, or the equipment does not operate normally when the operating instructions are followed, unplug your All-in-One Printer from the power outlet and contact Kodak qualified service personnel for further instructions.
- For added protection from damage during a lightning storm, or any time when your All-in-One Printer and it's associated AC adapter will be left unused for long periods of time, unplug the AC adapter from the power outlet and any attached fax line from the printer.
- To prevent your All-in-One printer from overheating do not place it near a heat register, or install it in a cabinet without proper ventilation.
- Do not use your All-in-One Printer near water or spill liquid on it.
- Unplug the equipment from the wall outlet before cleaning.
- Dropping your All-in-One Printer may damage the housing and result in extensive damage that will require repair by a qualified technician to restore normal operation.
- Excessive dust levels may damage internal parts.
