Digi Dc-130 Scale Manual

Up to 300KG weighing capacity can be selected according to your need. Rechargeable batteries optionally available. The scale automatically checks the weight against preset upper and lower limits and notifies the user that the weight is LOW, OK, or HIGH with indicator lights and a builtin audible alarm. Its fullfeatured printing functionality for builtin printer models lets you better manage the weighing process by providing a printout with a serial item number, the check result, and the tare amount. DSX1000 has a standard RS232 interface for sending weighing data to a PC or an optional external printer. The interface can also be used to control other equipment. DSX1000 also features a large 270.9 x 198.4 mm weighing platter. Ideal solution to reduce excessive weight or eliminates shortage per package.
