

Everything Symantec Partners Need to Succeed – All in One Place!
partnerportal.broadcom.com

Broadcom Partner Portal Landing Page

This is the Broadcom Partner Portal Landing page. Once you log in with your User credentials, this is where you will start.

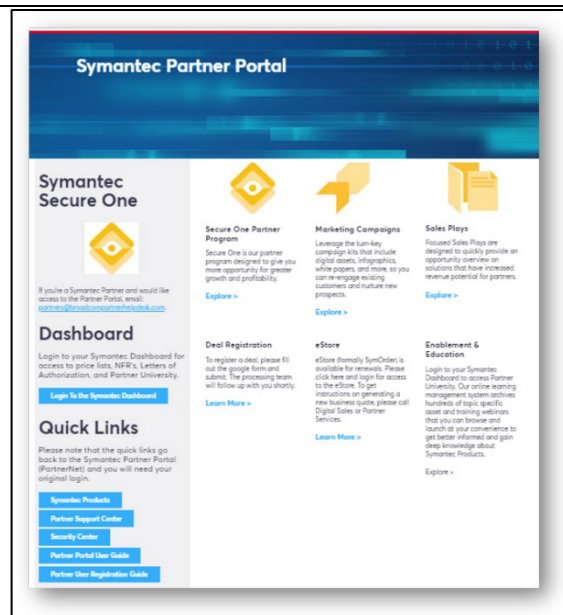

- The Quick Links section on the left provides a fast way to navigate to popular items
- The large tiles on the right provide access to other essential sections of the Portal – the CA Enterprise Software and Mainframe Division Portal and the NEW Symantec Security Partner Portal

Symantec Security Partner Portal Landing Page

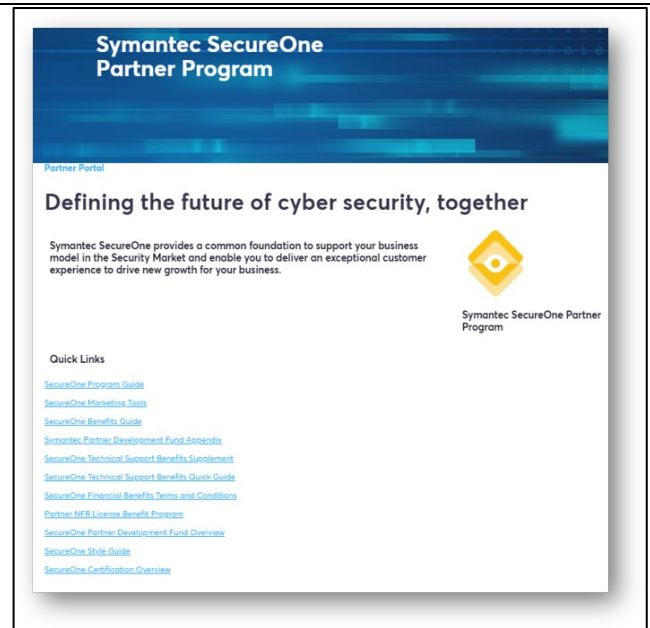

This is the Symantec Security Partner Portal Landing page. In the grey box, you will be prompted to login with your Symantec Login name and password. In addition, Enablement and Education will require your Symantec Login name and password. All other links will require a CA Login and password. (refer to the User Registration Guide for information on how to obtain a CA Login and password.

- The Quick Links section on the left provides a fast way to navigate to popular items
- The large tiles on the right provide access to other essential sections of the Portal – the Secure One Partner Program page, the Partner Enablement & Education page, Deal Registration, eStore, Sales Plays, Marketing Campaigns, and more!

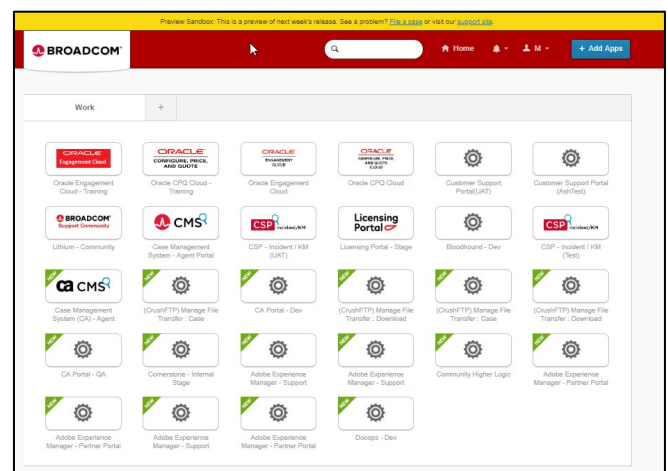

Secure One Partner Program Page

The Secure One Partner Program Page provides quick links to various documents and assets including: program and benefit guides, and more!

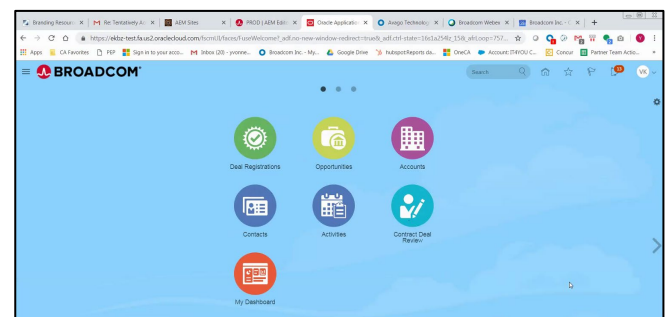

Deal Registration & Opportunities

- When an Eligible Partner user selects the “Deal Registration & Opportunities” link they will be prompted to fill out an online form to submit their deal registrations.

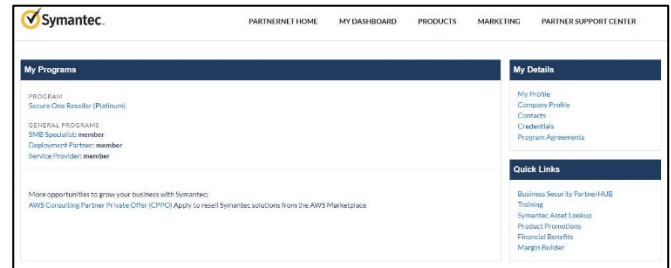

Oracle Interface for Eligible Partners

The Oracle Interface provides the options required to register new deals, enter upcoming opportunities, manage partner accounts, and many other areas.

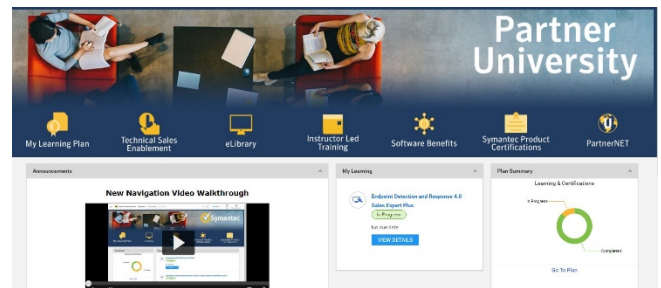

Partner Enablement & Education Page

The Partner Enablement & Education explore link brings you to the Symantec PartnerNet signin where you will use your Symantec credentials to access your Dashboard to continue your enablement and education.

Partner University

Partner University provides access to Learning Plans, Technical Sales Enablement, eLibrary, Instructor Led Training and more.

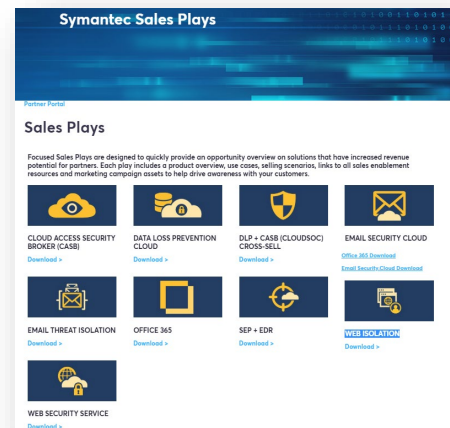

Marketing Campaigns Page

The Marketing Campaigns page assists Partners with Assets and Collateral on ways to market and be successful in selling Symantec Solutions. Once an item is selected, it becomes available to open in the action bar at the bottom left of the user's screen.

Symantec Sales Plays Page

Sales Plays include product overview, use cases, and selling scenarios to help drive awareness to your customers.
