

User Guide for Honduras Immigration Forms

Last update: December 6, 2021

Location of forms: <https://prechequeo.inm.gob.hn/Login>

1. Getting Started

- a. When traveling to Roatan, the precheck (Prechequeo) form must be completed. The Health Form is no longer required.
 - a) Have your precheck available on your phone to confirm submission to the airline, if requested.
 - b) Save it to Photos for easy access and/or in event of no internet access.
- b. Technical Issues
 - a) This site works best with Chrome, Microsoft Edge or Mozilla Firefox. Mac users have reported issues with the site not working and also those with a Hotmail email. Internet Explorer and Safari on Android mobile devices have issues.
 - b) If you have an issue with any other device or browser, try using Google Chrome on a PC and failing that, try another device.
 - c) If the page won't load, try turning off Wi-Fi and using your cell phone connection (either by doing it on your phone or using your computer or tablet and connection to a hotspot from your phone).
- c. You can register immediately, but you cannot complete the pre-check form until you are within 2 days of your arrival into Honduras.
- d. To complete the pre-check form, you will need:
 - a) Your passport (number and expiry date)
 - b) Flight details (airline, flight # and date)
 - c) Address of where you will be staying
- e. When departing Honduras, you are asked to fill out the Precheck form online. It is not mandatory, but speeds up the immigration process for you and everyone else as they don't have to gather the information real-time. You do not need to print it.

If using a PC, select English on the home page.

If you don't see this option, use Google Chrome and right click anywhere on the screen and select "Translate to English".

If neither of these options work, use Google Translate <https://translate.google.ca/?hl=en&tab=TT>

Screenshots included here use the English option which, by default, gives you the translation (except for the dropdowns). Change to English on the initial page.

Tip: Don't change language midway through the form; it will erase everything you have entered.

2. If required, register for a new account

- You can register for a new account at any time. Do this ahead of filling out the form in case of any technical difficulties.
 - If you have registered with the Immigration ALAM system for a Tourist Visa extension or Residency renewal, this is a different account. You need to register here to complete the precheck.
- You must wait to complete the pre-check form within 48 hours of your arrival into Honduras (when you enter the flight date, it only allows you to select today, tomorrow or the next day).
- Forms for each family member can be created within the same account. Do them at the same time because if you do some now and the rest later, it can overwrite the first one(s).
- Tip:* For dropdown lists, type the first few letters of the word you want to select and a list of matching words will be displayed.
