CHIEF'S MESSAGE

"Ad Honorem"

I would like to welcome you on board the Flagstaff Police Department. Congratulations for passing one of the most rigorous employment processes anywhere. We choose our candidates very carefully, as we firmly believe the Flagstaff Police Department is the best department in the nation.

By accepting this job, you are in essence swearing an allegiance not only to uphold and enforce the law, but also to protect the image and reputation of this fine agency. Our motto "Ad Honorem"- was selected by the Romans centuries ago to help establish their culture and devotion to professionalism. Translated this phrase means that we shall do our duty and provide exemplary service to our community without an expectation of personal reward or gain. Nothing is more important to this agency than ethics, integrity, and public trust. You are now a steward of this reputation.

Police work is a calling. It involves so much more than other careers, and is arguably the most important profession in today's democratic society. I expect you to serve this community with integrity, conscious of our dedication to the preservation of individual rights, and committed to the boundaries established by our Constitution. If you do this, there is no more noble and honorable deed you will perform in your lifetime.

Remember our motto. Speak of it with pride to other members of this Department and share its definition with the community through your own personal acts and deeds. Welcome to the finest police agency in the country.

Respectfully,

Dan Musselman

Chief of Police, Flagstaff Police Department

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Special Orders become inoperative with the passing of the incident or situation that caused the order to be issued.

204.2 RESPONSIBILITIES

204.2.1 CHIEF OF POLICE

The Chief of Police or a designee shall issue all Special Orders. Special Orders shall be retained and archived pursuant to state law (ARS § 39-101, et seq.), the retention schedule adopted by the City and under the direction of the Department custodian of records.

Emergency Operations Plan

206.1 PURPOSE AND SCOPE

The City has prepared, in compliance with the State Comprehensive Emergency Response Plan (ARS § 26-344 and ARS § 26-345), an Emergency Operations Policy. This policy is for the guidance and use by all employees in the event of a major disaster, civil disturbance, mass arrest or other emergency event. The policy provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

It is the policy of the Flagstaff Police Department to remain NIMS compliant. This will be accomplished through mandatory training, and by following Incident command System protocols in daily operations. The Incident Command System is universally recognized and understood by public safety providers. It allows for common terminology amongst a variety of public safety providers, and enhances efficiency of operations through the most effective allocation of limited resources. Supervisors will utilize the ICS system for all critical incidents and will make sure officers are familiar and trained in its concept.

206.1.1 DEFINITIONS

Critical Incident - A critical incident is a demand for service outside the realm of situations addressed by the daily management system of the police department. Such an incident may involve multiple divisions of the Flagstaff Police Department, i.e., a barricaded hostage. A situation may involve multiple entities of the municipality, i.e., an accident involving a hazardous waste spill. Other incidents may require the coordination of several jurisdictions and their resources.

Incident Command System (ICS) - A modular system used to organize resources and assignments during critical incidents. The ICS may be as large or as small as the incident dictates. ICS basic concepts include some or all of the following components: identify an incident commander, staging areas, incident objectives, unit tracking, common terminology, integrated communications, a manageable span of control, designated incident facilities, management of the media, and comprehensive resource management to be successful. Basic incident command will identify an operations section, planning section, logistics section and finance/administration section. Smaller incidents may not necessitate formation of all four sections while larger incidents may encompass more sections.

Incident Commander - Designated person in charge of the incident, regardless of rank.

Unified Command - The establishment of a command structure through representation of key officials for all primary agencies involved in the incident, or representatives of several functional departments of the same organization.

Command Post - Physical location where the incident commander conducts their base of operations.

Staging Area - Area designated for arriving personnel. Personnel should be logged in and given assignments at this location.

Emergency Operations Plan

National Incident Management System (NIMS) - Federal program to nationally standardize the incident command system.

Emergency Operations Center - Location where ICS concepts are utilized to support the ICS activities in the field and ensure basic community services are provided during the course of a major critical incident.

206.2 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan can be activated in a number of ways. Within the Police Department, the Chief of Police, the highest ranking official on-duty or an on-scene responder may activate the Emergency Operations Plan in response to a major emergency.

206.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Flagstaff Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

206.3 PROTOCOL

Field supervisors confronted with situations that qualify as critical incidents:

- (a) Will advise dispatch they will be acting as incident commander.
- (b) Will establish a staging area (if necessary) and direct arriving personnel through dispatch to the staging area for assignment and tracking.
- (c) Will identify the radio channel incident communications will take place.
- (d) Will deploy the personnel currently on duty in an attempt to prevent further injury/property damage as well as to identify possible suspects and initiate required searches.

- (f) Will ensure that accurate information regarding potential hazards, suspect and victim descriptions and vehicle information is disseminated in as timely a manner as possible.
- (g) Will initially utilize the ICS form 201 to develop incident objectives and an incident plan, and begin to track and order resources.
- (h) Will notify the Duty Commander as soon as possible and will assume the duties of the incident commander until reassigned or relieved.

The Chief of Police may ask for a training-needs assessment be completed by the training officer. The training officer may be directed to assemble a training review board made up of employees or subject matter experts to conduct the assessment and complete a report. The report will be

Training

provided to the Chief of Police, command staff, and the Training Officer. Upon review and approval by the Chief of Police, the needs assessment will help form the basis for the training plan for the ensuing fiscal year.

208.6 TRAINING REVIEW BOARD

If an officer satisfies the requirements for certification retention training from an outside provider, he/she shall provide the Training Officer with attendance verification and information that documents that the training meets AZPOST standards.

208.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Flagstaff Police Department policy manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Officer. Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Officer.

Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should logoff the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

If an officer satisfies the requirements for certification retention training from an outside provider, he/she shall provide the Training Officer with attendance verification and information that documents that the training meets AZPOST standards.

Electronic Mail

212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (e-mail) system provided by the Department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., Arizona Public Records Law). Messages transmitted over the e-mail system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Department. Employees are expected to check their e-mail daily when working.

212.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including attachments, transmitted over the Department computer network or accessed through a web browser accessing the Department system are considered Department records and, therefore, are the property of the Department. The Department has the right to access, audit and disclose for whatever reason, all messages, including attachments, transmitted or received through its e-mail system or placed into its storage.

Unless it is encrypted, the e-mail system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the e-mail system is not appropriate for confidential or personal communications. If a communication must be private, an alternative method to communicate the message should be used instead of e-mail. Employees using the Department e-mail system shall have no expectation of privacy concerning communications utilizing the system.

212.3 PROHIBITED USE OF E-MAIL

The Department e-mail system shall not be used for personal purposes unless that use is authorized in writing by the Chief of Police.

- (a) Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited, will constitute just cause for discipline, and will result in discipline, up to and including termination of employment.
- (b) Users may not advertise their internet e-mail addresses by posting or registering them on any internet webpage, for example: Facebook, Twitter, Myspace, google, etc.....
- (c) E-mail messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users and must be approved by the Chief of Police or a Section Commander. Personal advertisements or announcements are not permitted.

Electronic Mail

- (d) It is a violation of this policy to transmit a message under another user's name or e-mail address or to use the password of another to log onto the system.
- (e) Users are required to log off the network or lock the workstation when their computer is unattended. This added security measure will minimize the misuse of an individual's email, name and/or password.

212.4 MANAGEMENT OF E-MAIL

Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database. Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user at least once per week. All messages in excess of one month may be deleted or archived automatically at regular intervals from the system.

The Department custodian of records shall ensure that e-mail messages are retained pursuant to the Arizona Public Records Law (ARS § 39-101 et seq.) as outlined in the Records Release and Security Policy.

Administrative Communications

214.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

All Department letterhead shall bear the signature element of the Chief of Police. Official correspondence and use of letterhead requires approval of a supervisor. Supervision Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the deployment of at least one field supervisor for each squad. Staffing levels for each shift will be listed on the shift change special order, which is put out prior to each shift change.

216.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a corporal may be used as a field supervisor in place of a sergeant.

With prior authorization from the Duty Commander, a senior officer may act as the shift supervisor for limited time periods.

Chapter 3 - General Operations

Response to Resistance

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force in response to resistance. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

De-Escalation: Taking action or communicating verbally or non-verbally during a potential force encounter in an attempt to stabilize the situation and reduce the immediacy of the threat so that more time, options, and resources can be called upon to resolve the situation without responding to the resistance, or with a reduced response. De-escalation may include the use of techniques such as command presence, advisements, warnings, verbal persuasion, and tactical repositioning.

00.1.1 (A)LEVELS OF RESISTANCE

A subject may be resisting arrest or may be unresponsive for many reasons. The subject may not be capable of understanding the gravity of the situation. Officers must consider several factors when dealing with a non-compliant subject. Non-compliance may be due to a medical condition, mental, physical, or hearing impairment, language barrier, drug interaction, or emotional crisis. These situations may require a change in more effective tactics to maintain officer safety or to protect the public.

1.COMPLIANT: A person contacted by an officer who acknowledges direction or lawful orders given and offers no resistance or aggression.

2.PASSIVE RESISTANCE: The subject is not complying with an officer's commands, is uncooperative, but is taking only minimal physical action (action not directed at officer) to prevent an officer from placing the subject in custody and taking control. For example: standing stationary and not moving upon lawful direction, falling limply and refusing to use their own power to move (becoming "dead weight"), holding onto a fixed object, or locking arms to another during a protest or demonstration, etc.

Flagstaff Police Department

Flagstaff PD Policy Manual

Response to Resistance

3. DEFENSIVE RESISTANCE: The subject's verbal or physical actions are intended to prevent an officer from placing the subject in custody and taking control, but are not directed at harming the officer. For example: walking or running away, breaking the officer's grip, refusing to give officer hands or put them behind their back, etc.

4. ACTIVE AGGRESSION: The subject displays the intent to harm the officer, themselves, or another person and prevent an officer from placing the subject in custody and taking control. For example: a subject taking a fighting stance, punching, kicking, striking, attacks with weapons or other actions which present an imminent threat of physical harm to the officer or another, etc.

5. AGGRAVATED ACTIVE AGGRESSION: The subject's actions are likely to result in the death or serious bodily harm to the officer, themselves, or another

300.1.1(B) LEVELS OF FORCE

Assess each incident to determine, based on policy, training, and experience, which use of force option is believed to be appropriate to bring the situation under control safely. Only use the amount of force that is objectively reasonable to overcome resistance.

1. LOW LEVEL FORCE

a. Officer Presence: The officer is clearly identified as an officer and his/her authority is established by presence in uniform or by clearly displaying a badge or identification

b. Verbal Direction: Minimum means of halting an offense, gaining compliance or overcoming resistance. Announcing identity as a peace officer, presence, and intentions may result in peaceful resolution. Courteously and clearly relay the police objective. Use verbal commands when possible, including warnings, before resorting to physical force. Consider any language barriers, noise, other distractions, or disabilities which may impair or frustrate effective and clear communication with the person.

c. Empty Hand Control: Control methods ranging from gently guiding a subject's movement to more dynamic techniques such as strikes. They are divided into two categories:

i) "Soft" control techniques - Standard handcuffing, wrist locks, and touch pressure points

ii) "Hard" control techniques –Using the hands, knees, or feet directed at pressure points, or using takedown techniques

2. INTERMEDIATE FORCE: Use authorized less lethal devices when 1) Deadly force is not justified and 2) Empty hand control techniques are either not sufficient or not tactically the best option. Types of intermediate weapons:

a. Oleoresin Capsicum (OC) Spray and Area Saturation use of Pepper Projectile System –A means of defense when the officer is facing defensive resistance or greater.

b. Impact Weapons – A straight, expandable baton, or impromptu device used as a means of protecting the officer or others from injury. Impact weapons may be used to control subjects when facing active aggression or aggravated active aggression (deadly force).

Response to Resistance

c. Taser – The Taser is a less lethal conducted electrical weapon that deploys an electro-muscular disruption charge affecting the sensory and motor functions of the central nervous system.

d. Less Lethal Munitions/CN and CS Gas –Department approved less lethal shotgun munitions and other specialized less lethal ordnance (such as Sage munitions, pepper balls, flex batons) and the use of CN (chloroacetophenone) and CS (Orthochlorobenalmalononitrile) gas. Less Lethal Munitions as well as use of Pepper Projectile System to strike a person and not just for area saturation purposes may be used to control subjects when faced with active aggression or aggravated active aggression.

e. Hard empty hand techniques - Techniques that may cause injury. These techniques are divided into primary and secondary strikes.

i) Primary strikes - Impact push and palm-heel/linear fist strikes

ii) Secondary strikes - Hammer fist strikes, elbow strikes, knee strikes, and leg kicks

iii) Head and Neck Strikes – Prohibited absent active aggression/ aggravated active aggression

3. DEADLY FORCE: Force reasonably anticipated and intended to create a substantial likelihood of causing death or serious physical injury and used to stop a threat capable of causing death or serious physical injury. Officers may employ all the techniques outlined in this General Order, and others that may be available, including deadly force, in order to protect themselves or others from the use of deadly force, including a carotid restraint control hold.

A carotid restraint control hold is a bilateral vascular restraint where pressure is applied to the sides of the neck without compressing or restricting the airway, resulting in diminished oxygenated blood flow from the brain. This technique is NOT A CHOKE HOLD, which is defined as a physical maneuver that restricts an individual's ability to breathe for the purposes of incapacitation, not is the carotid hold a technique designed to gain compliance by causing pain.

300.1.1(C) Reasonableness

1.Objective Reasonableness: The standard as set forth by *Graham v Connor* (109 S.Ct. 1872) wherein the test for reasonableness when using force against an individual is based on the evaluation of what an objectively reasonable officer might have done in the same circumstances in light of the facts confronting the officer at the time of the incident.

2.Objectively Reasonable Force: The nature and degree of force utilized by an officer given the totality of the facts and circumstances known at the time, to gain control of a subject once the officer has evaluated 1) the severity of the crime, 2) the immediate threat the suspect poses to the officer and/or to the public and 3) whether the suspect is actively resisting arrest or attempting to evade arrest.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and

Response to Resistance

varied interactions and, when warranted, may respond to resistance with the use of reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is clearly beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as possible.

300.2.2 DE-ESCALATION AND TERMINATION OF USE OF FORCE

An Officer should use de-escalation techniques and other alternatives to higher levels of force consistent with his or her training whenever possible and appropriate before resorting to force and to reduce the need for force.

Whenever possible and when such delay will not compromise the safety of the officer or another and will not result in the destruction of evidence, escape of a suspect, or commission of a crime, an officer should allow an individual time and opportunity to submit to verbal commands before force is used.

Once a person stops resisting, becomes compliant, and no longer poses a threat to the officer or others, use of a force authorized in response to higher levels of resistance may no longer be warranted and the officer should reassess the need for continued use of force.

300.3 USE OF FORCE IN RESPONSE TO RESISTANCE

(A) Officers shall use objectively reasonable force in response to resistance given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose. Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

(B) The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably

Response to Resistance

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

(C) It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

(D) Justification for the use of Less than Lethal Force

Less than lethal force can be used by an officer in the performance of his duties, when it is objectively reasonable given the circumstances.:

1. When necessary to preserve the peace, prevent the commission of offenses, or prevent suicide or self-inflicting injury.
2. When preventing or interrupting a crime or attempted crime against property, and an individual is engaged in active resistance.
3. When making lawful arrests and searches, overcoming resistance to such arrests and searches, and preventing escapes from custody.
4. When in self defense, or defense of another against unlawful violence to his person.
5. To accomplish lawful objectives.

(E) Justification for the Use of Deadly Force

1. Four elements must be present simultaneously in order for the use of deadly physical force to be justified:

a. **ABILITY** – A person has the means or capability to cause, serious physical injury or death to an officer or another. This may include, but is not limited to: the suspect's physical ability, size, age, strength, gender, combative skill, level of aggression, and any weapons in their immediate control

b. **OPPORTUNITY** – A person can effectively resist an officer's control or use force or violence upon the officer or another. Examples include: relative distance to the officer or others, physical barriers between the subject and the officer, and access to weapons

c. **IMMINENT JEOPARDY** – Based upon all the facts and circumstances the officer reasonably believes the subject poses an imminent threat to the life of the officer(s) or others, and the officers must act immediately to prevent death or serious bodily injury

d. **PRECLUSION** – All other lesser alternatives have been reasonably considered or rejected as ineffective prior to the use of deadly force. Deadly force in response to the subject's actions must remain reasonable while based upon the totality of the circumstances known to the officer at the time force was applied.

2. Shooting At or From Moving Vehicles:

Response to Resistance

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or any of its occupants when the officer reasonably believes there is no other reasonable means available to avert the threat of the vehicle. Officers should not shoot at any part of the vehicle in an attempt to disable the vehicle.

3. Deadly force can be used in the dispatching of animals:

a. When necessary to destroy a fatally wounded or sick animal after an attempt to locate and receive permission from the animal's owner. Special care should be taken to ensure that no person or property is injured or damaged when an officer fires his weapon.

b. When necessary to destroy an obviously mad or vicious animal that cannot otherwise be controlled. Animal Control should be contacted first. Only when an Animal Control Officer is unable to respond in a reasonable amount of time should an officer destroy an obviously mad or vicious animal. Special care should be taken to ensure that no person or property is injured or damaged when an officer fires his weapon.

4. Verbal warnings: Verbal warnings should be made prior to an officer discharging their firearm at a suspect, if the circumstances allow time for the warning and where it is reasonably practicable and will not result in placing the officer or another in danger.

5. Warning shots: Warning shots are rarely effective and pose a danger to the officer and the community if used in lieu of deadly force on a suspect. If an officer is authorized to use deadly force then shots fired should be aimed to stop the threat to officers or others. If deadly force is not authorized warning shots are still not authorized to be used.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

An officer is justified in threatening or using force against another if, in making or assisting in making an arrest or detention or in preventing or assisting in preventing an escape after arrest or detention, such person resists by using or threatens to use physical force and all of the following exist (ARS § 13-409):

- (a) A reasonable person would believe that such force is immediately necessary to effect the arrest or detention or prevent the escape.
- (b) The officer makes known the purpose of the arrest or detention or believes that it is otherwise known or cannot reasonably be made known to the person to be arrested or detained.
- (c) A reasonable person would believe the arrest or detention to be lawful.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.

Response to Resistance

- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

Response to Resistance

300.3.4 CAROTID CONTROL HOLD

The Carotid Control Technique is a significant physical control technique designed to subdue an individual by reducing the flow of oxygenated blood to the brain by compressing the Carotid Arteries. This technique IS NOT A CHOKE HOLD, which is a physical maneuver that restricts an individual's ability to breathe for the purposes of incapacitation, nor is it a technique designed to gain compliance by causing pain.

The proper application of the carotid control technique may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control technique is subject to the following:

- (a) The officer shall have successfully completed department-approved training in the use and application of the carotid control technique with an AZPOST, certified Defensive Tactics instructor.
- (b) The carotid control technique may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:
 - (a) The subject is engaged in aggravated active aggression (deadly force) and deadly force would be authorized.
 - (b) The officer perceives the subject's actions are likely to result in the death or serious physical injury to the officer, a third party, or themselves. These actions may include the use of a firearm, a blunt force object, an edged weapon or through the use of physical force.
 - (c) When the subject is actively assaulting an officer or another person and the subject's actions are likely to result in death or serious physical injury to the officer a third person or themselves and other control methods have been exhausted or the officer reasonably believes other methods would be ineffective.
- (c) The application of a carotid control technique on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control technique:
 - (a) Females who are known to be pregnant
 - (b) Elderly individuals
 - (c) Obvious juveniles
- (d) If during the course of application, an officer reasonably believes that the Carotid Control Technique is being improperly applied, they shall immediately release and re-apply, or seek an alternative option depending on the circumstances of the application.
- (e) The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (f) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other

Response to Resistance

qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel. Employees should also be aware of the following situations:

1. Violent subjects or subjects who are under the influence of alcohol or drugs should be closely monitored for breathing difficulties or unconsciousness.
 2. Excited Delirium is a combined physiological and psychological state of excitement characterized by exceptional agitation, hyperactivity, overheating, excessive tearing of the eyes, hostility, superhuman strength, aggression, acute paranoia and endurance without apparent fatigue brought about by psychosis, drug or alcohol intoxication, or a combination of these factors.
 3. Positional asphyxiation is a fatal disorder occurring when the body is placed into a position that interferes with the mechanics of pulmonary ventilation or breathing. Positional asphyxia can occur in a variety of situations, although it is most common in situations where a violent or physically aggressive person is physically or mechanically restrained.
- (g) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control technique and whether the subject lost consciousness as a result.
- (h) Any officer attempting or applying the carotid control technique shall promptly notify a supervisor of the use or attempted use of such hold. They will further closely monitor the subject to be sure the subject's breathing is unrestricted until medical personnel arrive.
- (i) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.4 REPORTING THE USE OF FORCE IN RESPONSE TO RESISTANCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate police report depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. If an internal affairs investigation has been ordered, officers may be relieved from completing the use of force form. This will normally be done in cases where the response to resistance results in death. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department also requires the completion of the use of force form when:

- (a) The application has caused a visible injury.
- (b) Any application of a less lethal device to include: baton, OC spray, chemical agents, kinetic energy or pepper ball projectiles TASER devices, leg restraints other than leg irons.
- (c) The individual subjected to the use of force has expressed a complaint of injury or pain.
- (d) The individual subjected to the force has been rendered unconscious.
- (e) An individual was struck or kicked in any manner.

Response to Resistance

(f) An animal is dispatched.

(g) An officer draws and points their firearm at a subject, threatening to use deadly force.

(h) An Officer or uses a TASER device, or draws and points it at a suspect.

1. If a TASER device is deployed, as soon as possible the officer will have the Taser that was used downloaded to document the firings of that Taser. The download will be conducted by one of the Taser instructors and the form will be attached to the use of force report form.

(a) An individual alleges any of the above has occurred.

2. The mere act of drawing of a firearm or Taser device does not require use of force reporting.

The threatened use of a Taser device, pepper ball launcher, or firearm by pointing any of the weapons at a subject makes the reporting mandatory. If an officer verbally threatens to use force related to one of these devices, but does not point the firearm, Taser, or pepper ball launcher at the suspect, then they are not required to report the threatened response to resistance.

300.4.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a TASER device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An officer draws and points their firearm at a subject, threatening to use deadly force.
- (j) An individual alleges that unreasonable force was used or that any of the above has occurred.

300.5 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Response to Resistance

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if the on scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force, and advise of any medical complaints or conditions of the subject. This notification should be made prior to or upon arrival with the person or location providing medical care. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

Officers should not transport prisoners for medical reasons, other than those prisoners with non-life threatening conditions that are refused by the jail nurse after an assessment. Officers are authorized to travel inside an ambulance or fire vehicle with a prisoner when requested by medics.

If a prisoner is refused transport by a medical provider the Flagstaffs Fire Department will be requested to do the transport.

300.6 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.

Flagstaff Police Department

Flagstaff PD Policy Manual

Response to Resistance

2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.6.1 SHIFT SERGEANT RESPONSIBILITY

The Shift Sergeant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.7 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Flagstaff Police Department to review the use of force by its employees.

This review process may be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The Flagstaff Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD

The Use of Force Review Board may be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board may also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administration Division Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD

The Administration Division Commander should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member's chain of command

Flagstaff Police Department

Flagstaff PD Policy Manual

Use of Force Review Boards

- Patrol Lieutenant
- Non-administrative supervisor
- A peer officer
- A certified peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used
- An Attorney from the Flagstaff City Attorney's Office

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

Flagstaff Police Department

Flagstaff PD Policy Manual

Use of Force Review Boards

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Flagstaff Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Flagstaff Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury (ARS § 31-601).

Handcuffing and Restraints

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Handcuffing and Restraints

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only commercially purchased devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only commercially purchased leg restraint devices shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

Handcuffing and Restraints

- (c) Leg Restraints shall be used only to secure the suspects legs. The restraints will not be pulled back through the handcuffs and reattached to the restraint device itself near the suspect's ankles, in what is termed a, "hog tie" or "six pack" manner.
- (d) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (e) The restrained person should be continually monitored by An officer while in the leg restraint. The officer should make sure the person does not roll onto and remain on his/her stomach.
- (f) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (g) When transported by ambulance/paramedic unit, the restrained person should be accompanied by An officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

(A) If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

(B) If an individual is arrested, the use of leg restraints, other than leg irons shall be documented in the related report and in a use of force report as required by section 300.5 of the Response to Resistance Policy. The officer should include, as appropriate:

1. The amount of time the suspect was restrained.
2. How the suspect was transported and the position of the suspect
3. Observations of the suspect's behavior and any signs of physiological problems.
4. Any known or suspected drug use or other medical problems.

306.9 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

Handcuffing and Restraints

The on-scene supervisor, or if not available, the primary handling officer shall ensure that prior to or upon arrival to any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force, and advise of any medical complaints or conditions of the subject. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called *#excited delirium#*), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

Officers should not transport prisoners for medical reasons, other than those prisoners with non-life threatening conditions that are refused by the jail nurse after an assessment. Officers are authorized to travel inside an ambulance or fire vehicle with a prisoner when requested by medics.

If a prisoner is refused transport by a medical provider the Flagstaffs Fire Department will be requested to do the transport.

306.10 TRAINING

Subject to available resources, the Training Officer should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Less Lethal Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of less lethal devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Flagstaff Police Department authorizes officers to use less lethal devices in accordance with the guidelines in this policy and the Response to Resistance Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Less Lethal Devices include the following: Batons, Tear Gas, Oleoresin Capiscum (OC) Spray, Kinetic Energy Projectiles and Pepper Projectiles.

Less lethal devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any less lethal device are authorized to carry and use the device.

Less Lethal devices may be used when a decision has been made to control, restrain or arrest a subject who is resisting in some manner and use of the less lethal device is objectively reasonable under the totality of the circumstances.. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using less lethal devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 SHIFT SERGEANT RESPONSIBILITIES

The Shift Sergeant may authorize the use of a less lethal device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all less lethal launchers and shall ensure that all damaged, inoperative, outdated or expended less lethal launchers or munitions are properly disposed of, repaired or replaced.

Every less lethal launchers will be periodically inspected by the Rangemaster or the designated instructor for a particular device. The inspection shall be documented.

Less Lethal Devices and Techniques

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of the Rangemaster.

Any damaged, inoperative, outdated or expended less lethal Launchers or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer is faced with active aggression or aggravated active aggression.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES

Tear gas or aerial dispersed pepper projectiles may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Incident Commander, Duty Commander, SWAT Commander or Chief of Police may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force would be objectively reasonable under the totality of the circumstances.. The Duty Commander shall be notified if the pepper launcher or projectiles were used.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse, or are only displaying passive resistance., OC Spray and use of the pepper projectiles for area saturation purposes may be used when faced with defensive resistance or greater.

308.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

Less Lethal Devices and Techniques

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas. Use of pepper projectiles to impact a person's body can only be done in response to active aggression or aggravated active aggression. Pepper projectiles used for area saturation purposes and not as an impact weapon may be used when faced with defense resistance or greater.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented in a use of force report. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Once pepper projectiles are deployed the launcher shall be taken out of service until it can be tested by the Rangemaster.

Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles (including inert projectiles from a pepper ball launcher), when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

Less Lethal Devices and Techniques

308.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such use is objective reasonable under the totality of the circumstances. .

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

Kinetic energy munitions should not be used against a suspect /subject who is only displaying passive or defense resistance..

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

officers

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, unless it is objectively reasonable under the totality of the circumstances..

Less Lethal Devices and Techniques

308.9.3 SAFETY PROCEDURES

The pepper launcher system, and super socks deployed through the less lethal shotguns are examples of kinetic energy projectile dispensers used by this department

Officers will inspect the launcher systems prior to deployment, to ensure it is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the launcher systems will be properly and securely stored in the vehicle.

308.10 TRAINING FOR LESS LETHAL DEVICES

The Training Officer shall ensure that all personnel who are authorized to carry a less lethal device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, device weapons or tactics instructor.
- (b) All training and proficiency for less lethal devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the less lethal device or knowledge of this agency's Response to Resistance Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a device or knowledge of this agency's Response to Resistance Policy after remedial training, the officer will be restricted from carrying the device and may be subject to discipline.

308.11 REPORTING USE OF LESS LETHAL DEVICES AND TECHNIQUES

Any application of a less lethal device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Response to Resistance Policy.

308.12 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. Officers should make best efforts to record a person's refusal of medical attention on their body worn camera.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that prior to or upon arrival to any person providing medical care or receiving custody of a person following

Flagstaff Police Department

Flagstaff PD Policy Manual

Less Lethal Devices and Techniques

any use of force is informed that the person was subjected to force, and advise of any medical complaints or conditions of the subject. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

Officers should not transport prisoners for medical reasons, other than those prisoners with non-life threatening conditions that are refused by the jail nurse after an assessment. Officers are authorized to travel inside an ambulance or fire vehicle with a prisoner when requested by medics.

If a prisoner is refused transport by a medical provider the Flagstaffs Fire Department will be requested to do the transport.

Conducted Electrical Weapon

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER devices.

309.2 POLICY

It is the policy of this agency to use objectively reasonable force to control or overcome the resistance put forth by individuals who are violent, exhibiting threatening or potentially violent behavior, or physically resisting arrest or detention. ECWs may be used by authorized and trained personnel in accordance with this use-of-force policy and additional guidelines established herein.

309.3 ISSUANCE AND CARRYING OF TASER® DEVICE

Only members who have successfully completed department-approved training may be issued and carry a TASER device.

Department-issued TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying a TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.

Conducted Electrical Weapon

- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER

A. The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

1. The subject is engaged in active aggression or aggravated active aggression.
2. Under these circumstances, an officer may spark the TASER in order to encourage voluntary compliance.
3. Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

B. PROBE DEPLOYMENT

1. When possible, have an arrest plan in place prior to deployment.
2. Have lethal back up if available.
3. Reasonable efforts should be made to target lower center mass. Preferred target should be the subject's back or one probe above and below the belt line for maximum effectiveness whenever possible
4. Avoid head, face, larynx, genital or female breast exposures whenever possible. If the dynamics of a situation or officer safety so not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more

Conducted Electrical Weapon

of the probes strikes the head, face, larynx, genital or female breast until the subject is examined by paramedics or other medical personnel.

5. Apply a full five-second cycle deployment without interruption unless circumstances dictate otherwise.

6. Avoid prolonged cycles.

7. If possible, take subject into custody during the TASER cycle.

8. Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles.

9. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless they are necessary to accomplish a legitimate operational objective. If the first application of the TASER device appears to be in effective in gaining control of an individual, the officer should consider other factors before additional applications of the TASER device, including but not limited to:

a) Whether the probes are making proper contact.

b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

c) Whether verbal commands, other options or tactics may be more effective.

10. Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

NOTE: The application of TASER is a physically stressful event. Length of cycles and frequency of cycles should be minimized when dealing with persons in a health crisis, such as excited delirium. Additionally, TASER applications directly across the chest may cause sufficient muscle contractions to impair normal breathing patterns; therefore, prolonged applications should be avoided where practicable.

C. DRIVE STUN DEPLOYMENT: (Primarily a pain compliance tool due to lack of probe spread - minimally effective when compared to conventional cartridge-type deployment)

1. Press TASER against the body and activate

2. Recommended targets

a) Brachial plexus tie-in (upper chest)

b) Radial (forearm)

c) Pelvic triangle

d) Common perineal (outside of thigh)

e) Tibial (calf muscle)

Conducted Electrical Weapon

NOTE: Use care when applying drive stun to neck or groin areas. These areas are sensitive to mechanical injury. Also refer to the above listed considerations regarding multiple uses of the TASER.

D. DEPLOYMENT CONSIDERATIONS

1. Deployment is to be objectively reasonable based on the totality of the circumstances
2. Be cognizant that the application of TASER is a physically stressful event and may contribute to secondary injuries
3. Consider conditions such as:
 - a) Age, particularly the very young and the very old
 - b) Known physical conditions, such as pacemaker and /or defibrillator implant, pregnancy, etc.
 - c) Consider potential injuries to subjects who are:
 - i) Running
 - ii) Traveling at high speeds, e.g., bikes, skateboards, mopeds
 - iii) Situated in elevated places, e.g., roofs, ladders, trees, walls, utility poles
 - iv) Located next to bodies of water
 - d. Consider the ability to give verbal warning prior to deployment

E. POINTING/DISPLAYING THE TASER

1. Officers should only point or display TASER when they reasonably believe that discharge, if it proves to be necessary, will be justified under the circumstances.
2. Pointing/Displaying is also allowed when the subject is engaged in defensive resistance and the subject has demonstrated by words or actions, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

F. PROHIBITED DEPLOYMENT

1. At or from a moving vehicle
2. In any environment that is obviously flammable, volatile, or where explosive material/vapors are present
3. To escort individuals absent an emergency situation, unless approved by a supervisor
4. To awaken unconscious or intoxicated individuals
5. In a punitive or coercive manner
6. On a handcuffed/secured prisoner absent "active aggression" Or : absent overtly assaultive, self-destructive, or violently resistive behavior that cannot reasonably be controlled by other readily available means.

Conducted Electrical Weapon

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

A. The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

1. Individuals who are known to be pregnant.
2. Elderly individuals or obvious juveniles.
3. Individuals with obviously low body mass, e.g., frail or infirm.
4. Individuals who are handcuffed or otherwise restrained, absent active resistance. Or: absent overtly assaultive, self-destructive, or violently resistive behavior that cannot reasonably be controlled by other readily available means.
5. Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
6. Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).
7. Persons known to the officer to be mentally ill, at the time of deployment are suffering from that illness, and do not present a danger to the officer or others.

B. The TASER device shall not be used to psychologically torment, elicit statements, or to punish any individual. The ECW must not be used on those who are merely passively resisting as defined in the Response to Resistance Policy.

309.5.3 ACTIONS FOLLOWING DEPLOYMENT

Officers shall notify a supervisor of all TASER device discharges. Confetti or afid tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.4 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.5 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry Department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

Conducted Electrical Weapon

309.6 DOCUMENTATION

Officers shall document all TASER device discharges in the related arrest/crime report and the use of force report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges and pointing the device at a person, will also be documented on the report form.

309.6.1 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

Conducted Electrical Weapon

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where an TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a TASER program instructor. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Officer. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Officer is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Officer should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Response to Resistance Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.

Flagstaff Police Department

Flagstaff PD Policy Manual

Conducted Electrical Weapon

- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or killed as the result of a law enforcement shooting, in-custody death or excessive use of force. The intent of this policy is to ensure that such incidents are investigated in a fair and impartial manner.

In other incidents not covered by this policy, the Chief of Police may decide to use the team or other agency to investigate any incident he or she deems appropriate.

310.1.1 DEFINITIONS

Multi-Agency Officer Involved Shooting Investigation Team - An investigations team comprised of assets from the Coconino County Sheriff's Office, Flagstaff Police Department and Northern Arizona University Police Department to include personnel and equipment.

Officer Involved Shooting - The definition of Officer Involved Shooting for the purpose of the multi-agency officer involved shooting investigation team activation shall be;

- (a) Any instance where an officer's intended use of deadly force results in the discharge of his or her duty or back-up weapon, on or off duty, regardless of whether injury results.
- (b) Any instance where human injury is incurred as a result of an officer intentionally or unintentionally discharging his or her duty or back-up weapon while on or off duty.
- (c) Any circumstance in which an officer discharges his or her duty or back-up weapon and the head of the department having jurisdiction, or their designee feels the services of the multi-agency officer involved shooting investigation team are needed.

Witness Officer - An officer who was present, but did not discharge his/her weapon or cause injury to another person.

Involved Officer - An officer who discharged their weapon or otherwise caused injury or death to another person.

Uninvolved Officer - An Officer who was not present or if present was not involved in the incident.

310.2 INVESTIGATION RESPONSIBILITY

This department participates in the Multi-Agency Officer Involved Shooting Investigation Team for investigating officer-involved shootings.

The policy of the Flagstaff Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

Officer-Involved Shootings and Deaths

No non-investigatory personnel will be allowed into an active crime scene. Upon approval of the crime scene investigator, they may be allowed entry after all evidence is collected and the scene is ready to be released.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved officers

310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

310.4.1 INVESTIGATION RESPONSIBILITY

If a Flagstaff Police Officer is the officer involved in the shooting or incident, Flagstaff Police Department Members on the Officer Involved Shooting Team will participate in the investigation. However, the lead investigator will be from another agency and will assume the responsibility for the investigation. The lead investigator should ensure that key interviews with involved officers and collection of key evidence will be handled by investigators from the non involved agencies.

The lead investigator will present the case to the County Attorney's office for review on all officer involved shootings. In cases of officer involved shootings where the suspect sustains non-fatal injuries the lead investigator will submit one case to the County Attorney's Office for review of the criminal conduct of the suspect and the involved officer actions.

310.4.2 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect will be done generally by the lead investigative agency.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

310.5 THE INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death, in custody death or excessive use of force:

This would include such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (c) Absent a voluntary statement from any officer, the initial on-scene supervisor should not attempt to order any officer to provide any information other than public safety information.

- (a) Witness Officers:
 - (a) Witness officers may be directed to give a quick on scene brief to the incident commander or assigned investigator. However, no involved officers shall be permitted to meet collectively or in a group with a representative or attorney prior to providing a formal interview.

10. Once approved by the investigation supervisor, involved officers will be allowed to review their body camera footage with legal or union representation, prior to a formal interview, if they wish. The assigned investigator will be present during this review. Involved officers will not be allowed to review the footage of other officers or footage from other sources.

16. Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned not to discuss the facts of any incident with an involved officer.

310.6 THE CRIMINAL INVESTIGATION OF THE INCIDENT

310.6.1 INVESTIGATIVE PERSONNEL

Once notified of officer-involved shooting, it shall be the responsibility of the Criminal Investigations Supervisor to assign appropriate personnel to handle the investigation of related crimes. Investigators may be assigned to work with members of the multi-agency shoot team or others from an outside agency should the investigation be assumed by another agency, and may be assigned to separately handle the investigation of any related crimes that are not being investigated by the outside agency.

All related reports, except reports deemed confidential and/or administrative, will be forwarded to the designated supervisor for approval. Confidential reports shall be maintained exclusively by personnel who are authorized for such access. Administrative reports will be forwarded to the appropriate Section Commander.

310.6.2 CRIMINAL INVESTIGATION

In certain circumstances, this department may utilize an outside agency, in lieu of the Multi Agency Shoot Team, to conduct an independent criminal investigation into the circumstances of any in custody death or excessive use of force or officer-involved shooting. This decision rests with the Chief of Police or his designee.

Flagstaff Police Department

Flagstaff PD Policy Manual

Officer-Involved Shootings and Deaths

Investigations personnel from this department may be assigned to partner with investigators from the outside agency to avoid duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved and witness officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

- (a) Supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of the officers. This will not prohibit such personnel from monitoring interviews or indirectly providing areas for inquiry
- (b) Any voluntary statement provided by the officer will be made available for inclusion in the administrative or other related investigations.
- (c) No administratively compelled statement will be provided to any criminal investigators.

310.6.3 REPORTS BY WITNESS AND INVOLVED OFFICERS

In the event that suspects remain outstanding or are subject to prosecution for related offenses, this department shall retain the authority to require witness and involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview the officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of officers should focus on evidence to establish the elements of criminal activities by the involved suspects. Care should be taken not to duplicate information provided by witness and involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures and should also be included for reference in the investigation of the officer-involved shooting.

310.7 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identify all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from persons who claim they did not witness the incident but were present at the time it occurred.

Flagstaff Police Department

Flagstaff PD Policy Manual

Officer-Involved Shootings and Deaths

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Department personnel.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a Department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Assign available personnel to promptly contact the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

310.8 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with officer-involved shooting or death, this department will conduct an internal administrative investigation of the FPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file until the investigation is complete or the investigation has been discontinued (ARS § 38-1109).

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood or urine sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator will determine the

Officer-Involved Shootings and Deaths

optimum time to interview the involved officer and shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights, and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally (ARS § 38-1104).
5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Chief of Police or his or her designee. The Chief may choose to convene a Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.9 DEBRIEFING

Following an officer-involved shooting or death, the Flagstaff Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

310.9.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all witness and involved members have provided recorded or formal statements to criminal and/or administrative investigators. It is recommended that the tactical

Flagstaff Police Department

Flagstaff PD Policy Manual

Officer-Involved Shootings and Deaths

debriefing take place after the administrative investigation is complete and the criminal case has been reviewed and a disposition recorded.

310.9.2 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administration Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order (ARS § 38-1111).

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., [dispatcher]'s, other civilians). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

310.10 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Sergeant, Criminal Investigations Division Commander and Public Information Officer in the event of inquiries from the media.

No involved FPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Firearms

312.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training. This includes patrol rifles as well. Please see the patrol rifle policy for further details on patrol rifles.

This policy does not apply to issues related to the use of a firearm that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.1.1 AUTHORIZATION TO CARRY FIREARMS

Only certified members who have met all state standards and have been authorized by the Chief of Police shall have the peace officer privilege to carry a firearm both on- and off-duty (ARS § 38-1113).

The Chief of Police or the authorized designee may deny the peace officer privilege to carry a firearm when:

- (a) The officer is relieved of duty and is under a criminal or administrative investigation (ARS § 38-1113).
- (b) When, in the judgment of the Chief of Police or the authorized designee, the officer exhibits any impairment, including any physical or mental impairment that would cause concern for the well-being of the officer, fellow members, this department or the public (ARS § 38-1113).

312.2 POLICY

The Flagstaff Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

312.6 DESTRUCTION OF ANIMALS

Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsaicin (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

Injured animals: With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires an end to further suffering and pain, and where

Firearms

other dispositions are impractical. If an animal is able to walk, and not a danger to the community, it should not be euthanized. Injured domestic animals or livestock should be euthanized after a reasonable search to locate the owner has been made.

312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action (AAC § R13-4-109.01).

312.7 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy. In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 RETIREMENT FIREARMS

Sworn officers who have retired in good standing after twenty or more years of service to the City of Flagstaff, will be allowed to purchase their Department issued service weapon at a cost of \$1.00, upon approval of the Chief of police (A.R.S. 38-845.G).

Firearms

312.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Officer after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or privately owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Officer documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Officer.

312.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Flagstaff Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Flagstaff Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Flagstaff Police Department an NLETS message

containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, must detail his/her itinerary and include that the officer has completed the mandatory TSA training for law enforcement officers flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft or within eight hours prior to boarding an aircraft.

312.10 CARRYING FIREARMS OUT OF STATE

Qualified active full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Flagstaff Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other Department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property,

installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Patrol Rifle Program

313.1 PURPOSE AND SCOPE

To more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Flagstaff Police Department will allow qualified officers to use authorized patrol rifles. Officers who have completed their field training program, and have completed Departmental patrol rifle training, may use an authorized patrol rifle as an additional and more immediate tactical resource.

313.2 PATROL RIFLE

Definitions related to this policy include:

Patrol Rifle - An authorized weapon utilized by properly trained and qualified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved by the Chief of Police or his designee.

Patrol Rifle Program

313.3.1 AMMUNITION

- (a) Only department issued duty ammunition may be carried in the personally owned rifle while on duty.
- (b) Issued rifle duty ammunition carried in magazines will only be carried by on duty officers while circumstances dictate rifle deployment.
- (c) Extra rifle magazines are authorized, but they must be secured in a magazine coupler, butt stock pouch, rapid response shooter bag, detachable thigh carrier or attached to a rifle vest plate carrier. The thigh carrier, plate carrier, or rapid response bag should be equipped with basic trauma supplies (tourniquet, Israeli bandage, etc.) and evidence gathering equipment (drop pouch or similar). The deployment of the rapid response shooter bag shall be considered in situations such as open field searches, active shooter situations or an extended period of time away from your patrol vehicle.
- (d) Individual officers may use personally owned/purchased ammunition for training only.
- (e) No steel case ammunition is to be used in the rifle, even on personal time, as it may cause damage to the chamber and can affect reliability.

313.3.2 SIGHTS

Personnel are authorized to purchase a sighting system from the department approved manufacturers which are Trijicon, Aimpoint, Vortex, Leupold, and EOTech (manufactured after 14 November, 2014). These sighting systems will have the following required specifications:

- (a) Officers are authorized to use variable power optics or flip over magnifiers in conjunction with red dot sights. The optics and magnifiers will be limited to 4 power and must allow for true 1 power magnification.
- (b) All rifles will have fixed or flip up iron sights. All optics must have co-witness capability with the iron sights.

Patrol Rifle Operator Responsibilities:

- (a) It will be the sole responsibility of the patrol rifle operator to purchase, maintain, and / or replace the sighting system or its respective parts as necessary.
- (b) Every officer that carries an optic with their patrol rifle shall zero the optic with department ammunition and show proficiency in the operation of the rifle with the optic. Each officer will complete the department qualification with the optic prior to using it on duty.

Range Master and / or Firearms Instructor Responsibilities:

- (a) The Range Master/Firearms Instructor administering the patrol rifle qualification course will ensure proper placement, operability, and zero of the approved optic prior to completion of the qualification course."

313.3.3 RIFLE SUPPRESSORS

Officers are authorized to use department or personally owned suppressors on their patrol rifles. One patrol rifle suppressor purchase per career is authorized through the Uniform Allowance.

Flagstaff Police Department

Flagstaff PD Policy Manual

Patrol Rifle Program

Uniform allowance cannot be used to purchase the required tax stamp. Any suppressor that is in use must meet the following criteria:

- (a) Authorized brands are: Silencer Co, Sig Sauer, Surefire, Gemtech, Dead Air, and Black Hawk. Due to the rapidly changing market, additional brands will be considered on a case by case basis.
- (b) All suppressors will be attached to the rifle using a quick detach mount/muzzle device and will not be direct threaded. The quick detach mount will be installed by an armorer or gunsmith using an appropriate thread locking method.
- (c) So long as suppressors remain an NFA controlled item, officers will maintain a copy of the appropriate ATF paperwork on file with the Police Department.
- (d) Due to mechanical and liability concerns, suppressors will not be used on a barrel shorter than 10.5 inches.
- (e) A heat resistant suppressor cover will be used at all times.
- (f) Suppressors will be inspected annually with the patrol rifle by an armorer.

Officers must qualify with their rifle using the suppressor prior to carrying it on duty. Depending on the configuration there can be a change in the point of impact with the suppressor installed. Each officer must check their rifle's zero with and without the suppressor installed. If there is more than a 2 MOA (1" at 50 yards) change in the point of impact the officer will be restricted to using the rifle in the configuration for which it was zeroed (i.e. if the rifle was zeroed with the suppressor installed then the officer will always use the suppressor while on duty). If there is a shift of less than 2 MOA the Officer may utilize the rifle in either configuration.

313.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the certified rifle armorer, who shall inspect and service each patrol rifle on an annual basis.
- (b) It is the officer's responsibility to clean the rifle after each use and after exposure to inclement weather. All rifles that are carried on duty will be clean.
- (c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle to a supervisor or the certified rifle armorer.
- (d) Any patrol rifle found to be unserviceable shall also be clearly identified as non-serviceable, including details regarding the unserviceable condition.
- (e) Each patrol rifle shall be subject to inspection by a supervisor or the Rangemaster at any time.
- (f) No modification shall be made to any patrol rifle without prior written authorization from the Chief of Police.

313.5 TRAINING

- (a) Officers shall not carry or utilize the patrol rifle unless they have successfully completed Department training. This training shall consist of an initial patrol rifle user's

Patrol Rifle Program

course and qualification score with a certified patrol rifle instructor. Officers shall thereafter be required to successfully complete yearly firearms proficiency qualification conducted by a certified patrol rifle instructor.

- (b) Officers with appropriate military experience and training and/or prior law enforcement experience and training to include certification and qualification on a rifle platform, will only be required to attend a policy/procedure class and qualification to carry a patrol rifle. These officers will be evaluated on a case-by-case basis.
- (c) Any officer who fails to qualify or who fails to successfully complete two or more Department sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol officers user's course and qualification.

313.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded person or a person with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When appropriate to aid in the dispatch of an animal.
- (h) As soon as reasonable the officer shall return the patrol rifle and extra ammunition to their patrol vehicle for storage and return to patrol ready.

313.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Use of Force Policy and the firearms Policy.

313.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

Patrol Rifle Program

313.9 RIFLE STORAGE

- (a) When not in use, patrol rifles will be stored in the Department rifle racks. Personally owned rifles may be stored at the officer's residence.
- (b) At the start of each assigned shift, any qualified, on-duty officer may contact the Shift Sergeant or a patrol supervisor for access to the Department armory. At the end of each shift, any rifle stored at the Police Department will be stored in the shotgun room or armory with an empty chamber and the safety in the "safe" position.
- (c) In-service patrol rifles should be secured in the vehicle gun lock or case.
- (d) At the end of the assigned officer's shift, the patrol rifle will be returned and secured in the Department rifle racks.

313.10 CONFISCATION

If a personally owned rifle is used in the line of duty in any situation where it is fired, the rifle may be placed into evidence. Depending on the circumstances of the situation, investigation, and potential ensuing case, the rifle may remain in evidence indefinitely. In this case it will be the officer's responsibility to obtain an additional rifle if they wish to continue to carry a patrol rifle. The department will not be responsible for providing the officer with reimbursement for the rifle or to provide the officer with a department issued rifle.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (ARS § 28-624(A)).

314.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.2 DEFINITIONS

Definitions related to this policy include:

Vehicle Pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

Blocking or Vehicle Intercept - A slow-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing In - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Vehicle Pursuits

Terminate - Means for all units to discontinue code 3 operations, resume normal driving and cease pursuit of the fleeing vehicle.

Tire Deflation Device, Spikes or Tack Strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

314.3 OFFICER RESPONSIBILITIES

It is the policy of this department that a vehicle pursuit shall be conducted with at least one flashing red or red and blue warning lamp visible from the front and an audible siren activated on an authorized emergency vehicle (ARS § 28-624(C)).

The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway (ARS § 28-624(D)).

314.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (f) Pursuing officer's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

Vehicle Pursuits

- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) Availability of other resources, such as aircraft assistance.
- (l) The police unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

314.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (ARS § 28-624(D)).

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuit vehicle suffers an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use (ARS § 28-624(B)(4)).
- (e) Extended pursuits of violators for misdemeanors not involving abuse or risk of serious harm are prohibited.

Vehicle Pursuits

- (f) The hazards to uninvolved bystanders or motorists
- (g) When the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers shall discontinue the pursuit and focus on apprehending the offender at a later time.
- (h) When the violator is only in violation of the vehicle code, felony flight included, or a property crime, the pursuit should be terminated.
- (i) When directed to terminate the pursuit by a supervisor.

314.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Vehicle speeds shall be taken into consideration to prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle (ARS § 28-624(B)(3)).

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.4 PURSUIT UNITS

Pursuit units should be limited to two vehicles. However, the number of units involved will vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

The pursuit supervisor should not be actively involved in the pursuit, but is responsible for management of it. No unmarked vehicles shall initiate or be involved in any pursuit.

314.4.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practicable.

314.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit. The Officer in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws.

Vehicle Pursuits

314.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify the Communications Center, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of occupants.
- (f) The identity or description of the known occupants.
- (g) Weather, road and traffic conditions.
- (h) Identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

314.4.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit is responsible for the following:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

314.4.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

Vehicle Pursuits

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Officers may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation (ARS § 28-624(B)(2)).
- (c) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an available air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspect.
- (d) Notify the Arizona Highway Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved officers.

314.4.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

- (a) There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public.
- (b) Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.
- (c) Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.
- (d) The primary unit and secondary unit should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.4.7 PURSUIT TRAILING

In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the

Vehicle Pursuits

trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

314.4.8 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider whether the participation of an aircraft warrants their continued involvement in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit may recommend terminating the pursuit.

314.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all motor vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notify involved officers and the Communications Center of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Department guidelines.
- (b) Engage in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercise management and control of the pursuit even if not engaged in it.
- (d) Ensure that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Direct that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensure that aircraft assistance is requested if available.
- (g) Ensure that the proper radio channel is being used.
- (h) Ensure the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage FPD units when a pursuit enters another jurisdiction.
- (j) Prepare a post-pursuit critique for the involved squad/officers.

Vehicle Pursuits

- (k) Ensure the initiating officer completes the pursuit summary form and requests a recording of the associated radio traffic. The Shift Supervisor should complete the forms if the officer is incapacitated.

314.5.1 SHIFT SERGEANT RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Sergeant should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Sergeant has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Sergeant shall review all pertinent reports for content and forward them to the Division Commander.

314.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.6.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Communications Center will be responsible for the following:

- (a) Coordinating pursuit communications of the involved units and personnel.
- (b) Notifying and coordinating with other involved or affected agencies as practicable.
- (c) Ensuring that a field supervisor is notified of the pursuit.
- (d) Assigning an incident number and log all pursuit activities.
- (e) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (f) Notifying the Shift Sergeant as soon as practicable.

314.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or

Vehicle Pursuits

supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Flagstaff Police Department officers will discontinue the pursuit when another agency has assumed the pursuit unless continued assistance of the Flagstaff Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

314.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practicable, a supervisor or the Shift Sergeant should review a request for assistance from another agency. The Shift Sergeant or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by officers of this department will terminate at the City limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

Vehicle Pursuits

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the outside agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, tire deflation devices, blocking, boxing, or roadblock procedures.

314.8.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

It is imperative that officers act within legal bounds using good judgment and accepted practices.

314.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.8.3 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to Department policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers or other members of the public.

Flagstaff Police Department

Flagstaff PD Policy Manual

Vehicle Pursuits

2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 4. The target vehicle is stopped or traveling at a low speed.
 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the PIT will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:
1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving in willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
 3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) Tire deflation devices should be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Prior to the deployment of spike strips, the officer shall notify pursuing units and the supervisor of the intent and location. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks

Vehicle Pursuits

in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.

314.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate local and state regulations.

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) The primary officer or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining available information, the on-duty field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or a designee. This memo should minimally contain the following information:
 - 1. Date and time of pursuit.
 - 2. Length of pursuit in distance and time.
 - 3. Involved units and officers.
 - 4. Initial reason and circumstances surrounding the pursuit.
 - 5. Starting and termination points.
 - 6. Alleged offense, charges filed or disposition: arrest, citation or other release.
 - 7. Arrestee information should be provided if applicable.
 - 8. Injuries and/or property damage.
 - 9. Medical treatment.
 - 10. The outcome of the pursuit.
 - 11. Name of supervisor handling or at the scene.
 - 12. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Flagstaff Police Department

Flagstaff PD Policy Manual

Vehicle Pursuits

- (d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or a designee shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.
- (e) Annually, the Chief of Police should direct a documented review and analysis of Department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

314.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all licensed non-exempt employees will participate, no less than annually, in regular and periodic Department training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others (AAC § R13-4-111(B)(2)(b)(iv)).

314.9.2 POLICY REVIEW

Certified members of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

316.2 RESPONSE TO CALLS

Officers responding to an emergency call shall proceed immediately. Officers responding to an emergency call shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (ARS § 28-624(B)). At the first opportunity to safely do so, officers shall turn on their body cameras.

Responding with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (ARS § 28-624(B)). The use of any other warning equipment without emergency lights and siren does not provide any exemption from the Arizona motor vehicle laws.

Officers should only respond as an emergency call response when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not responding as an emergency call response shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to an emergency as an emergency call response. The Shift Supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

Officer Response to Calls

316.4 INITIATING EMERGENCY CALL RESPONSE

If an officer believes an emergency call response to any call is appropriate, the officer shall immediately notify the Communications Center that they will be responding Code 3.

- (a) Normally, only one unit should respond to an emergency call Code-3.
- (b) In circumstances where it appears a response of multiple Code-3 units will be necessary, additional units may respond.
- (c) The Shift Supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the code 3 response as warranted.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER

Upon initiation of a Code-3 response, responding officers shall:

- Notify the Communications Center that they will be responding Code-3.
- Activate their AXON body camera as soon as it is safe to do so.
- Exercise sound judgment and care with due regard for life and property when responding to an emergency call.
- Discontinue their emergency response upon receipt of a call of Code-4 at the officer's intended destination or if canceled by a supervisor.
- If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer should respond to the call without the use of lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center that they are no longer responding Code-3.

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. During a response to an emergency call officers may (ARS § 28-624(B)):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the prima facie speed limits if the driver does not endanger life or property.
- (c) Disregard laws or rules governing the direction of movement or turning in specified directions.
- (d) Disregard regulations governing parking or standing when using a warning lamp.

Continuing an emergency call response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center that they are no longer responding code 3. An officer shall also discontinue an emergency call response when directed by a supervisor or as otherwise appropriate. If responding to back up

Officer Response to Calls

another officer and the officer advises they are code 4, or have their suspect in custody, officers should discontinue their emergency (code 3) response at that time.

Upon determining that an emergency call response is appropriate, an officer shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Shift Sergeant or a field supervisor prior to assigning an emergency response. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Immediately notify the Shift Sergeant.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Sergeant or field supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Sergeant or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency call response, the Shift Sergeant or the field supervisor should consider the following:

- The type of call or crime involved

Officer Response to Calls

- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency call response and respond accordingly (ARS § 28-624(C)).

The officer shall notify the Shift Sergeant, field supervisor or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

316.9 NON-EMERGENCY RESPONSE TO CALLS

- (a) It will be the responsibility of each officer to respond to all radio calls promptly and to return to service promptly.
- (b) When an officer is called on the radio, he/she will respond with his/her call sign and location.
- (c) An officer en route to a radio dispatched call who observes a situation requiring immediate attention shall either:
 1. Advise Radio to assign another unit to the original call, and take care of the problem, or;
 2. If the original call is more important, request that another unit be dispatched to handle the situation.
 3. In this case, the officer will advise the persons involved in the situation, if possible, that another unit is en route.

316.9.1 BACKUP UNITS

Backup units will normally be dispatched on the following calls:

- Armed Robbery
- Armed Subject
- Homicide
- Mentally challenged person
- Bomb Scare
- Unknown Trouble
- Domestic Violence
- Violent Crime

Flagstaff Police Department

Flagstaff PD Policy Manual

Officer Response to Calls

- Burglary Alarm

A backup unit will be dispatched when a suspect is in the area, when any party to a dispute is threatening or is violent, or when the Dispatcher has knowledge of unusual circumstances which could require a backup.

Any time an officer receives a call where he/she believes a backup is desirable but none has been assigned, he/she shall request that Radio dispatch one.

When a two-person car is assigned to a call, no backup unit will be dispatched except by the request of the assigned unit or a field supervisor, unless information available to Radio clearly indicates that two officers will not be sufficient.

316.10 DISPATCHING CALLS VIA MOBILE DATA COMPUTERS

The following calls may be dispatched via MDC:

- Late found/lost property
- Civil matters (when parties are separated)
- Public Assists
- Barking dog complaints
- Late phone harassment
- Any public assist/follow up by phone
- Late runaway juveniles
- Messages

Procedure - The radio procedure for dispatching these calls will be as follows: "A40 late found property MDC". After receiving the call by MDC, the officer will press the acknowledge key on his MDC. On the committed unit screen the ECS will see the officer received the call and was enroute. If for any reason the officer breaks off that call, or is reassigned, he/she will advise the ECS via radio. This will eliminate confusion if an officer is taken off the call they are assigned to. It will be the ECS' responsibility to maintain an accurate committed unit's screen and advise the patrol supervisor of pertinent information.

316.11 USE OF 10 CODES

The following ten codes will be used on the radio. The remaining radio traffic will be clear text.

Code 1 - Non-Emergency Response

Code 3 - Emergency Response

Code 4 - Officer is OK, No Further Assistance Needed

Code 5 - Surveillance

901 B - Dead Body

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY

The Flagstaff Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.3.1 UNUSUAL STATUS CIRCUMSTANCES

Any domestic violence incident that involves an employee from any law enforcement agency will require supervisory oversight. Domestic violence incidents involving a person whose status warrants special consideration should be immediately brought to a supervisor's attention for appropriate review and oversight. Officers and Supervisors should refer to Policy 321 (Officer Involved Domestic Violence), which outlines the policy and procedure for Law Enforcement Officers involved in domestic violence incidents.

320.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

Flagstaff Police Department

Flagstaff PD Policy Manual

Domestic Violence

- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers shall determine if a minor is present and conduct a welfare check to determine if the child is safe or a victim of domestic violence or child abuse (13-3601(N)). Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Police Department in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) When appropriate, officers should question involved parties and witnesses regarding the presence of firearms. Any firearms discovered in plain view or pursuant to a consent to search should be temporarily seized for safekeeping if the officer reasonably believes that the firearm presents a risk of serious bodily injury or death if left on the premises (ARS § 13-3601).
 - 1. A firearm that is owned or possessed by the victim shall not be seized unless there is probable cause to believe that both parties have independently committed an act of domestic violence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.

Domestic Violence

4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or marital status of the victim or suspect.
11. The social status, community status or professional position of the victim or suspect.

320.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Alert the victim to any available victim advocates, shelters and community resources.
- (c) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (d) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

Domestic Violence

- (e) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (f) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) Seek or assist the victim in obtaining an emergency order if appropriate.

320.5.1 DOMESTIC VIOLENCE SUPPLEMENTAL REPORT

In domestic violence investigations involving intimate partners the responding officer shall complete the domestic violence supplemental report. Completion of the form will include the following:

- (a) Victim's written statement and/or taped interview.
- (b) Documentation of injuries.
- (c) Prior history.
- (d) Photographs of all injuries and property damage.
- (e) Medical release form signed by victim at the scene, if applicable.

During misdemeanor DV investigations involving non-intimate partners, such as roommates, siblings, parent/child etc., the Officer may complete the Domestic Violence Supplemental Form if the circumstances warrant the use thereof.

320.5.2 LETHALITY/COERCIVE CONTROL RISK ASSESSMENT

When a Flagstaff Police Officer responds to a call regarding domestic violence, the Officer will determine if this call is involving intimate partners or ex-intimate partners (i.e. husband/wife, boyfriend/girlfriend, boyfriend/boyfriend, and girlfriend/girlfriend). If the domestic violence call involves intimate partners, the Officer will complete the DV Lethality/Coercive Control Risk Assessment with the victim and check the appropriate boxes. This assessment does not need to be completed on domestic violence calls involving non-intimate partner relationships, i.e. roommates, siblings, parent/child etc.

Officer Responsibilities:

Once the risk assessment has been completed on scene with the victim, the Officer will score the assessment on scene (see attached scoring guidelines). If the assessment scores high enough to be flagged as high risk based on the information the victim provided, the Officer will notify the victim there is potential for the victim to be seriously injured or killed in the future. The Officer will call out Victim Witness when the assessment scores high.

If the suspect is arrested (full custody) in a DV case involving intimate partner violence, the Officer will retain the original Risk Assessment for the Officers report. The Officer will provide the two other copies of the Risk Assessment to the jail booking staff. The jail booking staff will provide one copy of the Risk Assessment to the I.A. Judge and the other copy of the Risk Assessment to

Domestic Violence

Pre-Trial Services. If the suspect is not arrested or is outstanding, the Officer will turn in all three copies of the Risk Assessment with their report.

The DV Supplemental Form and Risk Assessment will be forwarded to the Family Crimes Unit for their review and further follow up on the assessment if necessary.

If the Officer scores the assessment and it does not score high enough to be flagged, the Officer may still notify the Family Crimes Unit or Det. Sergeant indicating the case needs to be prioritized and reviewed.

Detective Responsibilities:

The DV Supplemental Form and Risk Assessment will be forwarded to the Family Crimes Unit so a Detective and a Victim Witness Advocate can review them.

Once the case has been flagged as high risk, a Family Crimes Unit Detective will coordinate with Victim Witness Services to ensure an advocate will contact the victim as soon as possible, but certainly within 72 hours upon receipt of the report.

When the victim is contacted, the Victim Witness Advocate will begin offering services to the victim such as residential relocation, shelter placement, obtaining order of protection, lease breaking or lock changing, developing and providing safety plans, etc.

Supervisor Responsibilities:

Patrol supervisors will ensure Officers are completing the DV Supplement Form and Lethality/Coercive Control Risk Assessment on all intimate partner DV calls.

Detective supervisors will ensure the Family Crimes Unit is coordinating with Victim Witness Services to ensure advocates are contacting the victims whose cases have been flagged as high risk no later than 72 hours upon receipt of the report.

320.6 DOMESTIC VIOLENCE STRANGULATION INVESTIGATIONS

If the domestic violence call involves strangulation, the Officer will utilize the Strangulation Reference Guide on the back side of the Domestic Violence Supplement Form. It is imperative that Officers utilize the Strangulation Reference Guide on all DV strangulation cases to ensure all necessary and appropriate questions are asked. The questions asked and answers given must be documented in the written narrative of the Officers report. The Officer should also provide a narrative description of all injuries observed. Officers should call for medical assistance for the victim to be properly evaluated.

320.7 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Domestic Violence

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.8 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.9 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.10 LEGAL MANDATES AND RELEVANT LAWS

Arizona law provides for the following:

320.10.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An officer should arrest a person if the officer has probable cause to believe that the person to be arrested has committed an act of domestic violence, whether or not the offense was committed in the presence of the officer (ARS § 13-3601(B)).
- (b) An arrest of a person who is 15 years of age or older shall be made in a domestic violence incident involving the infliction of physical injury or involving the discharge, use or threatened exhibition of a deadly weapon or dangerous instrument unless the

Flagstaff Police Department

Flagstaff PD Policy Manual

Domestic Violence

officer has reasonable grounds to believe that the circumstances at the time are such that the victim will be protected from further injury (ARS § 13-3601(B)). A decision to not make an arrest in these circumstances should be reviewed by a supervisor.

- (c) In order to arrest both parties, an officer must have probable cause to believe that both parties independently have committed an act of domestic violence (ARS § 13-3601(B)).
- (d) Officers should not arrest a person for domestic violence when there is reason to believe the act in question qualifies as self-defense and is justified under Chapter 4 of Title 13 of the Arizona Revised Code (ARS § 13-3601(B); ARS § 13-401 et seq.).
- (e) A person arrested for domestic violence or a violation of a court order shall not be released in the field by citation. A physical arrest and booking is required (ARS § 13-3601(B); ARS § 25-808(I)).
- (f) An officer should arrest a person if there is probable cause to believe the person has disobeyed or resisted an order issued in any jurisdiction in this state pursuant to ARS § 13-3602(N) or ARS § 25-808(I) whether or not such violation occurred in the officer's presence. However pursuant to ARS § 13-3602(N) an Officer cannot issue a citation for that arrest as the complaint must be issued by a prosecutor.
- (g) Emergency Orders of Protection issued under ARS § 13-3624 shall be enforced (ARS § 13-3624(H)).

320.10.2 REPORTS AND RECORDS

- (a) If a firearm is seized, the officer shall give the owner or possessor of the firearm a receipt for each seized firearm, which indicates the identification or serial number or other identifying characteristic of each seized firearm (ARS § 13-3601).
 - 1. The officer should also ensure notification is made to the Property and Evidence Section Supervisor to ensure that any firearm seized for safekeeping is held for at least 72 hours.
- (b) An officer investigating a violation of a court order shall ensure any report is forwarded to the appropriate prosecuting agency (ARS § 13-3602(N)).

320.10.3 SERVICE OF COURT ORDERS

- (a) An officer should serve orders for protection issued under ARS § 13-3602 and give it priority over other calls for service that do not involve an immediate threat to a person's safety (ARS § 13-3602(K)).
 - 1. The officer serving the order should ensure that any proof of service is provided to the victim if available. If the victim is not available victim witness services should be advised so they can make notification to the victim as provided by ARS § 13-3602(I) (see the Victim and Witness Assistance Policy).
- (b) When an officer has reasonable grounds to believe that a victim is in immediate and present danger of domestic violence, the officer should seek and serve an emergency protective order (ARS § 13-3624).

Flagstaff Police Department

Flagstaff PD Policy Manual

Domestic Violence

1. For any emergency protective order obtained, the officer should ensure that a copy of the order and a certificate of service are forwarded to the Records Section for filing and registering as required by ARS § 13-3624(F) (see the Records Section Policy).

320.10.4 RECORDS RESPONSIBILITIES

- (a) Once an Order of Protection/Injunction is granted by City Court they are sent to the Flagstaff Police Department. Records clerks then check the address listed on the Order of Protection/Injunction to insure the defendant has an address within the city limits. If the defendant has an address in the County the Order of Protection/Injunction is given to the Civil Deputy for service. The City orders are then logged into a book in the records division. The orders are then reviewed by records in order to determine the best location for service and a call for service is then entered into ILEADS by records. An officer is then dispatched to pick up the order for service.
- (b) Records clerks will periodically check the orders located in the folder and re-enter a call for service so additional attempts can be made.
- (c) The records division will send the served OOP/Injunction to the court it originated from and Include the Service Process Information Form with the case file at the Flagstaff Police Department.
- (d) If a defendant makes a report request and that request includes copies of an Order of Protection/Injunction, the records clerks will ensure that personal information is redacted from the Service of Process Information Form, prior to its release.

320.10.5 OFFICER RESPONSIBILITIES

- (a) A new Service of Process Information Form will be attached to all orders to be served. This Process Information Form will be completed by the Plaintiff prior to the order being received by the records division. The Process Information Form will contain more detailed information pertaining to the defendant, including any violent tendencies of the defendant. The Process Information Form will also contain up to date contact information for the Plaintiff so they can be contacted when service takes place. The Service of Process Information Form is confidential and will not be given to the defendant. Officers will also never divulge any information from the Service Process Information Form to defendants.
- (b) Orders that have been served will then be turned in at the end of the officer's shift. The officer will turn in the served Order of Protection/Injunction with the Service Process Information Form attached. The records division will send the served OOP/Injunction to the court it originated from and include the Service Process Information Form with the case file at the Flagstaff Police Department. If an officer is unable to locate the defendant listed on the order they should make an attempt to contact the plaintiff and inquire about more recent or updated information for him/her. Unsuccessful service of

Flagstaff Police Department

orders will also be documented by officers in a DC2 report or call notes. If an officer is unable to serve an order he/she will return it to the folder located in records.

- (c) Plaintiffs will be contacted when successful service of Orders of Protections/Injunctions has occurred and the officer will document this in a DC2 report or call notes.

320.10.6 SUPERVISOR AND DETECTIVE RESPONSIBILITIES

- (a) Patrol supervisors will ensure that their officers are diligent in attempting to serve Orders of Protections/Injunctions on a daily basis.
- (b) The Family Crimes Detectives and their supervisors will also check the orders located in records on a regular basis and make attempts to contact the plaintiffs for more current and updated information they may have on defendants.
- (c) When all attempts to serve court orders have been exhausted and if and when an order is unable to be served the Family Crimes Detectives will contact the plaintiff and advise them of such. The Criminal Investigations Lieutenant will then be notified. These orders will then be kept on file at the Police Department in the event the defendant is later located.

Officer Involved Domestic Violence

321.1 PURPOSE AND SCOPE

This policy recognizes that the profession of law enforcement is not immune from members committing domestic violence against their intimate partners. The purpose of this policy is to establish procedures for handling acts of domestic violence committed by police officers and for implementing prevention strategies. This policy will provide police executives, officers, and all department employees guidance in addressing incidents where one (or more) parties to a reported domestic violence incident is an employee, whether sworn or civilian, of any rank in the department. This policy offers a comprehensive, pro-active approach to domestic violence by police department employees with an emphasis on victim safety. Probable Cause to Search: Facts and Circumstances that would lead a reasonable person to believe that evidence sought in connection with criminal activity is in the place to be searched.

Search and Seizure

322.4 SEARCHES AND SEIZURES

The Fourth Amendment to the U.S. Constitution and Article 2 Section 8 of the Arizona Constitution guarantees citizens the right to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures. Supreme Court decisions regarding searches and seizures place the responsibility on the police to ensure that citizens' rights are not violated. Officers shall scrupulously observe constitutional guidelines, as interpreted by the U.S. Supreme Court, the Ninth Circuit Court of Appeals and the Arizona Courts when making seizures of persons or property and when conducting searches of persons or property.

The Fourth Amendment applies to government actors as well as those acting on behalf of the state and where a person has a reasonable expectation of privacy. The Fourth Amendment provides that a valid warrant is required in order for a search to be reasonable.

There is no reasonable expectation of privacy and therefore the Fourth Amendment does not apply to the following:

1. Abandoned property
2. Garbage at the curb
3. Open Fields, meaning unoccupied or undeveloped area outside the curtilage of a home. Curtilage is the area immediately surrounding a home where a person has an expectation of privacy.
4. Plain View. Officers who are lawfully in a place and view evidence may seize the evidence if the evidentiary value is immediately apparent. Officers may not manipulate the item to determine if it is contraband.
5. Businesses open to the public

There are, however, several exceptions that permit a warrantless search or seizure that the courts have found are reasonable searches under the Fourth Amendment they are the following:

- 1, Reasonable Suspicion to detain a person or conduct a traffic stop.
2. Frisk or pat-down of a person's exterior clothing to determine if they have weapons. A frisk is allowed if an officer has reasonable suspicion to believe a crime is being, has been, or is about to be committed and that the person is armed and dangerous.
3. Consent by a person who has authority over a place or property. Consent must be knowing and voluntarily given either in writing or by clear verbal agreement of the person who understands what area or property the officer is requesting to search.
4. Probable Cause to search a vehicle
5. Inventory of a vehicle which must be conducted in compliance with current inventory policy.
6. Search incident to arrest of a person and any property that is in their possession at the time of the arrest if the search is conducted contemporaneous to the arrest.

Search and Seizure

7. Probable Cause to believe a crime has occurred and there are Exigent Circumstances. Exigent circumstances include:

- a. Response to an emergency where someone is in need of medical attention.
- b. Hot Pursuit of a fleeing suspect who enters a home. Officers may follow the suspect into a home where the crime suspected is a felony.
- c. Destruction of Evidence. Officers must be able to articulate specific facts that would lead a reasonable person to believe evidence is being destroyed.

8. Emergency Aid Doctrine which requires reasonable grounds to believe there is an emergency in the area to be entered or searched and there is a need to render emergency aid to an injured occupant or to protect an occupant from imminent injury.

9. Protective Sweep requires officers to lawfully be in the residence and reasonably perceive an immediate danger to their safety and the area to be swept harbors an individual that poses a danger.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor and/or the Department Legal Advisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.5 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

Search and Seizure

1. Another officer or a supervisor should witness the search.
2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.6 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

322.7 CONSENT TO SEARCH

The Supreme Court has ruled repeatedly that simply approaching a person, identifying oneself as an officer and requesting cooperation doesn't create a seizure. Officers need to remember "positive" personal contacts are vital to gaining a voluntary consent to search. It is recommended that the officer build a relationship with a citizen through several minutes of conversation, while their body camera is recording and get a consent form signed if possible whether for a home or a vehicle.

The following guidelines need to be followed when contacting individuals to obtain consent to search:

- (a) Officers should, document in a DC1 suspicion report, all information they receive regarding suspected narcotics trafficking or other criminal activity.
- (b) Once information is obtained, officers will attempt to contact a metro agent or detective to share information determine if they have any additional or recent intelligence information on the location of suspects. Existing intelligence information on file with metro or a detective, coupled with fresh intelligence from patrol may be sufficient to obtain a search warrant, thus eliminating the need for a knock-and-talk. This decision will rest with the metro agent or detective. If the detective or metro agent does not feel there is enough information for a search warrant, they can attempt to obtain consent to search.

Search and Seizure

- (c) Once a decision has been made to contact individuals in a home to request consent to search commonly referred to as a knock and talk,, a supervisor will be notified and will be present with the officer when contacting any suspects. If at all possible, to minimize the perception that the permission to search was coerced or forced through intimidation, no more than two officers should be used, so as to maintain a "low key" approach. The department recognizes that in special cases involving officer safety or other circumstances, it may be preferable to use more than two officers. Officers should arrange sufficient security at the time of the contact, to deal with known targets or other potential problems.
- (d) Officers must have their body cameras activated during the conversation with the home owner, driver of a vehicle or registered owner of a vehicle,thus accurately documenting their permission to search.. Written permission still leaves room for doubt, if the suspect later states they felt intimidated and gave permission for that reason. Officers must determine who is giving the authority to search and the extent of that persons apparent authority. Officers should explain the reason for the search, the scope of the search and who will be doing the searching.
- (e) If the target refuses entry to the location or access to the property to be searched, officers should leave the scene and use other investigative techniques if appropriate. If a target withdraws consent before any contraband has been observed, all activity must cease immediately. The location cannot be secured by officers if an attempt to get a warrant is going to be made, because the officers have created the exigency. If the consent is withdrawn after contraband has been seen, the items should be seized, but the officers cannot continue the search unless a warrant is obtained.
- (f) If the target asks about his right of refusal or what will happen if they refuse, they should be informed they have the right to refuse consent.
- (g) Should illegal substances be observed in plain view, the officers may secure the house for a search warrant. Metro or detectives will be contacted to assist in obtaining and serving a warrant.
- (h) Should permission to search be given and illegal narcotics, contraband, or evidence of a crime is found, the search will cease, the occupants will be arrested if there is probable cause or detained based upon reasonable suspicion, the house will be preserved as a crime scene and a search warrant will be obtained. The officer will then contact metro agents or detectives for assistance with obtaining a search warrant to search the remainder of the house and to seize additional items of evidence.

322.8 SEARCH WARRANTS

A search warrant shall be obtained where officers learn that incriminating evidence may be in a certain residence, building, vehicle, container, phone, computer or in the possession of a third party service provider, or any other area where a person has an expectation of privacy and a valid search warrant exception does not apply. Officers must have facts to support probable cause to apply for a search warrant. (A.R.S. Section 13-3913)

These juveniles should not be held at the Flagstaff Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Flagstaff Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Flagstaff Police Department without authorization of the arresting officer's supervisor or the Shift Sergeant.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Flagstaff Police Department (34 USC § 11133; ARS § 8-305).

324.4.1 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

- (d) When a juvenile has been apprehended in the commission of a criminal act or a delinquent act, which if committed by an adult would be a felony, or who was apprehended in fresh pursuit (ARS § 8-303(D)(2)).

Juveniles taken into custody pursuant to ARS § 8-303(D) may only be released to the parents, guardian, custodian or the juvenile court (ARS § 8-303(E)). Juveniles who are going to be transported to the juvenile court or a designated juvenile detention facility must be transported without delay.

324.5 ADVISEMENTS

The following provisions apply to types of custody and detentions of juveniles brought to the Flagstaff Police Department. Any juvenile who by his/her conduct endangers or could endanger other detained juveniles shall be kept separate and shall not be allowed to intermingle in the facility (ARS § 8-305(E)).

324.5.1 NONSECURE CUSTODY

All juveniles alleged to be delinquent or incorrigible, those not meeting the criteria to be booked into juvenile detention, or any juvenile under the age of 14 years taken into custody for a criminal violation, regardless of the seriousness of the offense, may be temporarily detained in the police facility for up to six hours to await transportation. However, the custody must be non-secure (ARS § 8-305(D)).

Nonsecure custody means juveniles shall be placed in an unlocked room or open area. Juveniles may be handcuffed but not to a stationary or secure object. Juveniles shall receive constant in-person visual supervision by law enforcement personnel. Monitoring the juvenile using audio, video or other electronic devices does not replace constant in-person visual supervision.

Any juvenile in temporary custody who is less than 14 years of age or who does not, in the reasonable belief of the officer, present a security risk of harm to self or others, shall be kept in non-secure custody in the facility.

324.5.2 SECURE CUSTODY

A juvenile who is accused of a criminal offense or who is alleged to be delinquent may be held in custody to await transportation provided:

- (a) The juvenile is 14 years of age or older.

Temporary Custody of Juveniles

- (c) The juvenile's detention at this facility does not exceed six hours from the time of arrival at the police station when both secure and nonsecure time is combined.

- (e) The officer apprehending the juvenile has reasonable belief that the juvenile presents a serious security risk of harm to self or others. Factors to consider include:
 - 1. Age, maturity and delinquent history of juvenile.

 - 3. The juvenile's behavior, including the degree to which the juvenile appears to be cooperative.
 - 4. Availability of the staff to provide adequate supervision or protection of the juvenile.
 - 5. The age, type and number of other individuals detained at the facility.

All other conditions for the secure detention of juveniles must also be met.

324.5.3 CUSTODY OF JUVENILES

While in custody, minors may be secured to a cuffing rail or otherwise reasonably restrained as necessary to prevent escape and to protect the juvenile and others from harm. Minors held in custody shall not be secured to a stationary object for more than 30 minutes. If a juvenile is secured, the following conditions must be met:

An employee of the Department must be present at all times to ensure the juvenile's safety while the juvenile is secured to a stationary object.

Juveniles secured to a stationary object for longer than 30 minutes, and every 30 minutes thereafter, shall be approved by the Shift Sergeant or the designated supervisor, and the reason for continued custody shall be documented.

324.5.4 SAFEKEEPING JUVENILE'S PERSONAL PROPERTY

The officer placing a juvenile into custody must make a thorough search of the juvenile's property. This will ensure all items likely to cause injury to the juvenile or the facility are confiscated. Any property not accepted by juvenile detention should be processed into either safekeeping or evidence as directed by policy.

324.5.5 MONITORING OF JUVENILES

 2. If the arresting officer or the Shift Sergeant believes that further action is needed, the juvenile will be released to a responsible person as listed above, and such juvenile will be advised that followup action will be taken by a detective. The detective assigned to the case will then determine the best course of action, such as diversion or referral to court. The detective will contact the parents and advise them of the course of action.

324.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Flagstaff Police Department shall ensure the following:

- (a) The Shift Sergeant should be notified if it is anticipated that a juvenile may need to remain at the Flagstaff Police Department more than four hours. This will enable the Shift Sergeant to ensure no juvenile is held at the Flagstaff Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. When emergency medical attention is required for a juvenile who is in custody, the paramedics will be called. The Shift Supervisor shall be notified of the need for medical attention for the juvenile.

In cases where injury or illness is life threatening and where lost minutes may be the deciding factor, the arresting officer or the discovering officer should administer first aid prior to the arrival of the paramedics. The juvenile will then be transported to a medical facility.

In the event of a serious illness, suicide attempt, injury or death of a juvenile, the following persons shall be notified as soon as reasonably possible:

- (a) The juvenile court.
- (b) The parent, guardian or person standing *in loco parentis* of the juvenile.

324.8.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

The arresting officer should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior that may indicate the juvenile may harm him/herself while in custody in either secure or nonsecure detention.

The detaining or transporting officer is responsible to notify the receiving person or agency of any suicidal indications of the juvenile.

324.8.3 USE OF RESTRAINT DEVICES

The Restraint Device Policy refers to the only authorized restraint device. It is the policy of this department that restraints will not be used for inmates retained in custody. This policy also applies to juveniles held in temporary custody. The use of a restraint is an extreme measure and is only a temporary measure pending transportation to another facility or until other custodial arrangements can be made. The use of restraints shall only be used when the juvenile:

- (a) Displays bizarre behavior that results in the destruction of property or shows intent to cause physical harm to self or others.
- (b) Is a serious and immediate danger to him/herself or others.

Restraint devices include those that immobilize a juvenile's extremities and/or prevent the juvenile from being ambulatory. Restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Sergeant.

Restraints shall only be used as long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Temporary Custody of Juveniles

Direct visual observation shall be conducted at least twice every 30 minutes to ensure that the restraints are properly employed and to ensure the safety and well-being of the juvenile. The Shift Sergeant shall arrange to have the juvenile evaluated by a mental health team as soon as possible if there is evidence of mental impairment. When mental impairment is suspected, constant in-person visual supervision shall be maintained to ensure that restraints are properly employed and to ensure the safety and well-being of the juvenile. Such supervision shall be documented in the report.

Juveniles who have been placed in restraint devices shall be isolated to protect them from abuse. Restraints shall not be used as a punishment or as a substitute for treatment.

324.8.4 DISCIPLINE OF JUVENILES

Police personnel are prohibited from administering discipline to any juvenile.

324.8.5 DEATH OF A JUVENILE WHILE DETAINED

The County Attorney and the Medical Examiner's Office will conduct the investigation of the circumstances surrounding the death of any juvenile being detained at this department. The Operations Section Commander or a designee will conduct an administrative review of the incident.

In any case in which a juvenile dies while detained at the Flagstaff Police Department, the following shall apply:

- (a) The Chief of Police or a designee shall provide and prepare all reports required by the state.

- (c) A medical and operational review of every in custody death of a juvenile shall be conducted.

324.8.6 CURFEW VIOLATIONS

Juveniles detained for curfew violations may be released in the field or brought to the station but shall only be released to their parent, legal guardian or responsible adult.

324.9 USE OF RESTRAINT DEVICES

Juveniles who are arrested while intoxicated may be at risk for serious medical consequences, including death. Examples include acute alcohol poisoning, seizures and cardiac complications of cocaine, markedly disordered behavior related to amphetamines or hallucinogenic drugs, and others.

A medical clearance shall be obtained prior to Booking the juvenile into Juvenile Detention, when the juvenile displays outward signs of intoxication or is known or suspected to have ingested any

Temporary Custody of Juveniles

substance that could result in a medical emergency. In addition to displaying outward signs of intoxication, the following circumstances require a medical evaluation:

- There is a known history of ingestion or sequestration of drugs in a body cavity.
- The minor is known or suspected to have ingested any substance that could result in a medical emergency.
- The juvenile is intoxicated or under the influence of drugs to the level of being unable to care for him/herself.
- An intoxicated or under-the-influence juvenile whose symptoms are not showing signs of improvement.

Juveniles with lower levels of alcohol in their system may not need to be evaluated. An example is a juvenile who has ingested one or two beers would not normally meet this criterion.

A medical clearance is required before the juvenile is transported to a juvenile detention facility if it is known that the juvenile ingested any intoxicating substances or appears to be under the severe influence of alcohol.

324.9.1 MONITORING INTOXICATED JUVENILES

A juvenile detained and brought to the Flagstaff Police Department who displays symptoms of intoxication as a result of alcohol or drugs shall be constantly visually monitored for the following:

- (a) Observation of the juvenile's breathing to determine that breathing is regular. Breathing should not be erratic or indicate that the juvenile is having difficulty breathing.
- (b) Observation of the juvenile to ensure that there has not been any vomiting while sleeping and ensuring that intoxicated juveniles remain on their sides rather than their backs to prevent the aspiration of stomach contents.
- (c) An arousal attempt to ensure that the juvenile will respond to verbal or pressure stimulation (shaking to awaken). This is the most important monitoring procedure.
- (d) Whenever a juvenile displays symptoms suggestive of a deepening comatose state (increasing difficulty or inability to arouse, irregular breathing patterns, convulsions) shall be considered an emergency. Paramedics should be called and the juvenile taken to a medical facility.
- (e) Juveniles undergoing acute withdrawal reactions shall immediately be transported to a medical facility for examination by a physician.

324.10 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Based

Temporary Custody of Juveniles

upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that prior to or upon arrival to any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force, and advise of any medical complaints or conditions of the subject. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called #excited delirium#), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

Officers should not transport prisoners for medical reasons, other than those prisoners with non-life threatening conditions that are refused by the jail nurse after an assessment. Offices are authorized to travel inside an ambulance or fire vehicle with a prisoner when requested by medics.

If a prisoner is refused transport by a medical provider the Flagstaffs Fire department will be requested to do the transport.

Adult Abuse

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Flagstaff Police Department members as required by law.

326.2 POLICY

The Flagstaff Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 MANDATORY NOTIFICATION

Members of the Flagstaff Police Department shall notify Adult Protective Services (APS) when there is a reasonable basis to believe that abuse, neglect, or exploitation of a vulnerable adult has occurred. Members shall also notify APS when a member receives a report of vulnerable adult abuse (ARS § 46-454).

For purposes of notification, abuse includes intentional infliction of physical harm, injuries caused by negligent acts or omissions, unreasonable confinement, sexual abuse, or sexual assault. Neglect is the deprivation of food, water, medication, medical services, shelter, supervision, cooling, heating, or other services necessary to maintain a vulnerable adult's minimum physical or mental health. Exploitation is the illegal or improper use of a vulnerable adult or his/her resources for another's profit or advantage (ARS § 46-451).

A vulnerable adult is an individual who is 18 years or older and unable to protect him/herself from abuse, neglect, or exploitation by others because of a physical or mental impairment. Vulnerable adult includes an incapacitated person as defined in ARS § 14-5101 (ARS § 46-451).

326.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (ARS § 46-454):

- (a) All notifications to APS shall be made as soon as practicable in person or by telephone.
- (b) Information provided to APS shall include, if known:
 - 1. The names and addresses of the adult and any persons having control or custody of the adult, if known.
 - 2. The adult's age and the nature and extent of the adult's vulnerability.
 - 3. The nature and the extent of the adult's injuries or physical neglect or the exploitation of the adult's property.
 - 4. Any other information that may be helpful in establishing the cause of the adult's injuries or physical neglect or of the exploitation of the adult's property.

Adult Abuse

326.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

326.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name, and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable (ARS § 46-454).
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

Adult Abuse

326.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.7 INTERVIEWS

326.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.

Adult Abuse

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Section supervisor should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Section supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

326.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Section supervisor so an interagency response can begin.

Adult Abuse

326.10 STATE MANDATES AND OTHER RELEVANT LAWS

Arizona requires or permits the following:

326.10.1 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy.

326.10.2 RECORDS SECTION RESPONSIBILITIES

The Records Section is responsible for:

- (a) Providing a copy of the adult abuse report to the APS as required by law (ARS § 46-454).
- (b) Retaining the original adult abuse report with the initial case file.

326.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY

The Flagstaff Police Department is committed to creating and maintaining a work environment that is free of all forms of discrimination and intimidation, including sexual harassment. The Department will take preventive, corrective and disciplinary action for any behavior that violates this policy or the rights and privileges it is designed to protect.

This policy outlines the behaviors that will not be tolerated, the obligations of City Departments and employees, and the complaint procedure. Harassment based on race, color, creed, religion, national origin, age, physical or mental disability, or any other factors which cannot be lawfully used as the basis for employment decisions, will not be tolerated by the City of Flagstaff. Additionally, harassment and or intimidation directed at an employee for any reason will not be tolerated. This harassment policy applies to, but is not limited to, full and part-time tenured and tenured-eligible employees, temporary employees, ATP employees, and employees under contract for the City.

The Flagstaff Police Department strictly prohibits sexual harassment. This policy will further set forth the definition of sexual harassment, outline departments' and employees' obligations, and establish a complaint procedure. This policy will also ensure that all City employees and applicants for City positions have the opportunity to bring alleged acts of sexual harassment to the attention of City Management for investigation and possible resolution.

328.3 DISCRIMINATION PROHIBITED

Definitions related to this policy include:

328.3.1 DISCRIMINATION

Discrimination is any act or omission of an act which would create a hostile work environment or exclude any person from employment or promotional opportunities because of sex, sexual orientation, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition, age, marital status or denial of family care or pregnancy disability leave.

Discrimination includes, but is not limited to, derogatory comments, slurs or jokes, pictures, cartoons or posters and actions that result in an employee being offended or insulted because of a protected classification status enumerated above.

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived

Discriminatory Harassment

race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an employees work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making in appropriate physical contact; or using written material or department equipment or systems to transmit or receive offensive material, statements, or pictures. Such Conduct is contrary to department policy and to a work environment that is free from discrimination.

328.3.2 SEXUAL HARASSMENT

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of an employee's employment.
- (b) Submission to or rejection of such conduct by an employee is used as the basis for employment decisions affecting the employee.
- (c) Conduct that has the purpose or effect of interfering with an employee's work performance or creating an intimidating, hostile or offensive work environment.

Gestures, invitations, propositions, or other behavior of a sexual nature may also be regarded as sexual harassment. The above definition of sexual harassment applies to conduct of men toward women, women toward men, men toward men, women toward women, employees toward citizens, and citizens toward employees.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Arizona Civil Rights Act.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member's report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communications between supervisor and member.

Discriminatory Harassment

328.3.4 HARASSMENT AND INTIMIDATION

According to the Equal Employment Opportunity Commission (EEOC) Issue Codes, Harassment can be defined as:

- (a) The same as "Intimidation", except that in this case harassment would be used to describe antagonism directed at any individual based on his/her race, color, creed, religion, national origin, age, physical or mental disability in a non-employment situation or setting.
- (b) To coincide with this definition of harassment the EEOC defines Intimidation as: "Bothering, tormenting, troubling, ridiculing, or coercing a person because of race, color, creed, religion, national origin, age, or physical or mental disability." For example:
 - 1. Making, allowing or condoning the use of jokes, epithets or graffiti;
 - 2. Application of different or harsher standards of performance or constant or excessive supervision;
 - 3. Assignment to more difficult, unpleasant, menial or hazardous jobs;
 - 4. Threats or verbal abuse;
 - 5. Application of stricter disciplinary reprimands, impositions of fines or temporary suspensions.
- (c) The City of Flagstaff also includes in its definition of harassment, any of the above described actions directed at a city employee, for any reasons other than sex, sexual identity, race, color, creed, religion, national origin, age, or physical or mental disability, in an employment related situation.
- (d) The City of Flagstaff and Flagstaff Police Department will follow these definitions as a basis for harassment claims.

328.4 RESPONSIBILITIES

This policy applies to all department personnel. All employees shall follow the intent of these guidelines in a manner that reflects Department policy, professional law enforcement standards and the best interest of the Department and its mission.

All employees shall promptly report any observed or known violations of this policy to a supervisor. Employees are also obligated to offer full cooperation in all investigations into harassment charges. This cooperation may include, but is not limited to:

- (a) Coming forward with evidence, whether it is favorable or unfavorable to the individual accused of the harassment; and
- (b) Being completely truthful in any written reports or in any verbal responses to the investigator(s) questions.

Discriminatory Harassment

Disciplinary action may be taken against employees at all levels who fail or refuse to cooperate in the investigation of a complaint of harassment, or who file a complaint in bad faith. Witnesses to any instances of harassment are encouraged to come forward with any information about the instance they see occurring within the workplace or any area that may have an effect on the work environment. This information may be in relation to instances that have been reported or instances that have not yet been reported. Witnesses are encouraged to provide this information in order to help the City enforce this policy and to help stop situations that can create a hostile working environment.

Employees not comfortable with reporting violations of this policy to their immediate supervisor may bypass the chain of command and report it to a higher ranking officer. Complaints may also be filed with the City's Affirmative Action Officer.

Supervisors and managers receiving information regarding violations of this order shall determine if there is any basis for the allegation and shall proceed with resolution as stated within this policy.

328.4.1 SUPERVISOR RESPONSIBILITIES

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure that their subordinates understand their responsibilities under this policy.
- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police or Director of Human Services in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.

Discriminatory Harassment

- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Director of Human Services, or the Assistant City Manager for further information, direction, or clarification.

328.5 INVESTIGATION OF COMPLAINTS

An employee who feels he or she has been the victim of discriminatory or sexual harassment should contact one of the following persons immediately. The employee can submit a written or oral complaint to the person(s) he or she feels most comfortable going to in this type of situation. The person(s) may be:

- anyone in the supervisory chain of command up to the Department Head;
- the Personnel Staff for the City; or
- the Affirmative Action Officer.

Complainants may simultaneously file discriminatory or sexual harassment complaints with outside state and federal agencies without first discussing the problem with City staff. The complainant, however, is urged to attempt to resolve the problem through the City administration prior to filing complaints with outside agencies. When filing a complaint the employee should be able to furnish the following information:

- his or her name, the department, and position title;
- the name of the individual(s) accused of discriminatory or sexual harassment and position title(s)
- the nature of the alleged discriminatory or sexual harassment, the length of time the alleged harassment has occurred, specific dates the alleged harassment occurred, the location of the alleged harassment, and any actions or threats against the employee resulting from the alleged harassment;
- any witnesses to the alleged harassment;
- whether the employee has reported the harassment allegations previously and, if so, to whom, when, and what actions, if any, were taken as a result of the report.

Various methods of complaint resolution exist. During the pendency of any such investigation, the supervisor of the involved employees should take reasonable steps to mitigate or eliminate any continuing hostile work environment.

Discriminatory Harassment

328.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

Upon being notified of any complaint that cannot be satisfactorily resolved through the supervisory means cited above, the Personnel Director, Affirmative Action Officer, Chief of Police or a designee shall initiate a formal investigation.

The employee assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. The investigative authority includes accessibility to records and the cooperation of any employees involved. No influence will be used to suppress any complaint and (except as herein provided) no employee or other person will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in an investigation.

Upon receiving a complaint by an employee, the person to whom the complaint was made shall immediately prepare a preliminary report to be given to the assigned investigator(s) and supply a copy to the Affirmative Action Officer. The report should include the information provided by the complainant as illustrated in the preceding section. The investigator(s) will be required to keep a written record of the investigation. This written record can include:

- (a) verbal responses by the person filing the complaint of sexual harassment;
- (b) interviews of witnesses;
- (c) verbal responses by the person accused of the sexual harassment; and
- (d) any other persons contacted in connection with the investigation.

Upon completion of the investigation, the investigator shall present the report to the City Manager, who shall, within a reasonable amount of time, make a decision as to whether the accused's conduct constitutes sexual harassment. In making this decision the City Manager shall at the least take the following into consideration:

- the investigator(s) conclusion;
- the circumstances of the situation; and
- the nature of the conduct of all parties involved and the context within which it took place.

As an optional resolution, employees who believe they have been discriminated against or harassed because of their protected status as described within this policy are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Director of

Flagstaff Police Department

Flagstaff PD Policy Manual

Discriminatory Harassment

Human Services or the Assistant City Manager. All decisions by the City Manager will be made on a case-by-case basis.

328.5.3 EQUAL OPPORTUNITY EMPLOYMENT COMPLAINTS

Only one of the following four dispositions will be used to classify the disposition of an allegation of harassment:

Sustained Complaints - If the complaint is substantiated, this policy and procedure prohibiting discrimination/harassment will be reviewed with the offender. Appropriate disciplinary action and/or training will be taken pursuant to the department disciplinary procedures.

Not Sustained Complaints - If there is insufficient evidence to either prove or disprove the allegations, both parties to the complaint will be informed of the reasons for this disposition.

Unfounded Complaint - If it is determined that an act reported pursuant to this policy/procedure did not in fact occur, a finding of unfounded shall be made.

Exonerated Complaints - If it is determined that an act reported pursuant to this policy/procedure did in fact occur but was lawful and proper within the guidelines established herein, a finding of exonerated shall be made.

Should it be determined that the reporting employee filed the complaint in good faith and/or through a mistake of fact, that employee shall be counseled/trained pursuant to this policy.

Should it be determined that the reporting employee maliciously filed the complaint, knowing that it was false or frivolous at the time of the complaint, that employee shall be subject to the disciplinary process up to and including termination.

328.6 NOTIFICATION OF DISPOSITION

If the City Manager concludes that the complaint of discriminatory or sexual harassment is valid, immediate and appropriate disciplinary action shall be taken, in accordance with the City's policies and procedures. The type of disciplinary action will be determined on a case-by-case basis.

In all cases, individuals accused of discriminatory or sexual harassment shall be warned not to retaliate in any way against the complainant, the witnesses, or any other person that may be connected to the investigation into the complaint.

All complaints of discriminatory or sexual harassment will be handled with the utmost confidentiality. Any information pertaining to the investigation shall not be shared with anyone other than those persons involved in the investigation. All employees and officials will be expected to maintain confidentiality so as to protect all parties involved.

The complainant and/or victim will be notified in writing of the disposition of the investigation and actions taken to remedy the complaint.

Discriminatory Harassment

328.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the Assistant City Manager or the Director of Human Services if more appropriate.
- Maintained for the period established in the department's records retention schedule.

328.8 TRAINING

All new employees shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

All employees shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

Child Abuse

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

 - 2. The child's age and the nature and extent of the child abuse, physical injury or neglect, including any evidence of previous abuse, child abuse, physical injury or neglect.
 - 3. Any other information that the person believes might be helpful in establishing the cause of the child abuse, physical injury or neglect.

330.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases where there is probable cause of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

330.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.

Child Abuse

- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DCS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DCS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ARS § 8-821):

- (a) With a court order authorizing the removal of a child
- (b) The consent of the child's parent or guardian
- (c) Without a court order if temporary custody is clearly necessary to protect the child because exigent circumstances exist. Exigent circumstances means there is probable cause to believe:

Child Abuse

1. The child is likely to suffer serious harm in the time it would take to obtain a court order for removal and either of the following is true:
 - (a) There is no less intrusive alternative to taking temporary custody of the child that would reasonably and sufficiently protect the child's health or safety.
 - (b) Probable cause exists to believe that the child is a victim of sexual abuse or abuse involving serious physical injury that can be diagnosed only by a licensed physician or a licensed health care provider who has specific training in evaluations of child abuse.

330.6.1 SAFE HAVEN LAW PROVISIONS

A person is not guilty of abuse of a child pursuant to ARS § 13-3623(B) solely for leaving an unharmed newborn infant with a safe haven provider, such as hospital staff and firefighters (ARS § 13-3623.01). The law requires the safe haven provider to notify DCS.

330.6.2 NOTICE OF TAKING A CHILD INTO TEMPORARY CUSTODY

When an officer takes a child into temporary custody, the officer shall provide written notice within six hours to the parent or guardian as required by ARS § 8-823 unless notification is being provided to the parent or guardian by DCS.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

Child Abuse

- (b) A court order or warrant has been issued.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.8.1 MEDICAL EXAMINATION PURSUANT TO EXIGENT CIRCUMSTANCES

When a child is taken into protective custody because of exigent circumstances, the officer shall immediately have the child examined by a licensed physician or licensed health care provider with the required specific training for evaluations of child abuse (ARS § 8-821).

- (a) After the examination, the officer shall release the child to the parent or guardian unless the examination reveals abuse or neglect.

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Section Supervisor should:

- (a) Work with professionals from the appropriate agencies, including DCS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Section Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

Child Abuse

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Section Supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

Arizona law permits the following:

330.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy.

330.10.2 LOCAL PROTOCOL

The Detective Section Supervisor should ensure that any local protocol regarding child abuse investigations is available to department members.

330.10.3 CHILD FATALITY REVIEW

This department will cooperate with any interagency child fatality review team investigation. Records in a pending criminal investigation may be withheld from the team with prosecution approval (ARS § 36-3503).

330.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

Missing Children

331.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and responsibilities regarding this agency's response to reports of missing children.

331.1.1 POLICY STATEMENT

- (a) It shall be the policy of this agency to thoroughly investigate all reports of missing children. Additionally every child reported missing to this agency will be considered at risk until significant information to the contrary is confirmed.
- (b) Jurisdictional conflicts are to be avoided when a child is reported missing. If a missing child either resides in , or was last seen in this jurisdiction, this agency will immediately initiate the required reporting process. If a child resides in this jurisdiction and was last seen in another jurisdiction, but the law-enforcement agency covering that jurisdiction chooses not to take a missing child report, this agency will assume reporting and investigative responsibility.
- (c) Questions concerning parental custody occasionally arise in relation to missing child reports. It shall be the policy of this agency to accept the report of a missing child even if custody has not been formally established. Reporting parties shall be encouraged to obtain legal custody as soon as possible; however, since the safety of missing child(ren) is paramount, members of this agency will open a case when it can be shown the child has been removed, without explanation, from his or her usual place of residence. If custody has not been established by the Court, then the law-enforcement responsibility is to ensure the child is safe only.

331.1.2 DEFINITIONS

- (a) The term missing child refers to a person who is
 - 1. Younger than 18 years of age and
 - 2. Whose whereabouts are unknown to his or her custodial parents, guardian, or responsible party.
- (b) A missing child will be considered at risk when one or more of the risk factors noted in paragraph C are present.
- (c) Risk factors refer to a missing child who is
 - 1. 13 years of age or younger. This age was designated because children of this age group have not established independence from parental control and do not have the survival skills necessary to protect themselves from exploitation on the streets or

Missing Children

2. Believed or determined to be experiencing one or more of the circumstances noted below.
 - (a) Is out of the zone of safety for his or her age and developmental stage. The zone of safety will vary depending on the age of the child and his or her development stage. In the case of an infant, for example, the zone of safety will include the immediate presence of an adult, custodian or the crib, stroller, or carriage in which the infant was placed. For a school-aged child the zone of safety might be the immediate neighborhood or route taken between home and school.
 - (b) Has mental or behavioral disabilities. If the child is developmentally disabled or emotionally/behaviorally challenged, he or she may have difficulty communicating with others about needs, identity, or address. The disability places the child in danger of exploitation or other harm.
 - (c) Is drug dependent, including prescribed medication and/or illegal substances, and the dependency is potentially life-threatening. Any drug dependency puts the missing child at risk. The diabetic or epileptic child requires regular medication or his or her condition may become critical. The abuser of illegal drugs, on the other hand, may resort to crime or become the victim of exploitation.
 - (d) Has been absent from home for more than 24 hours before being reported to law enforcement as missing. While some parents may incorrectly assume 24 hours must pass before law enforcement will accept a missing-person case, a delay in reporting might also indicate the existence of neglect, abuse, or exploitation within the family.
 - (e) Is in a life-threatening situation. The environment in which the child is missing may be particularly hazardous. Examples of a dangerous environment could be a busy highway for a toddler, and all-night truck stop for a teenager, or an outdoor environment in inclement weather for a child of any age.
 - (f) Is in the company of others who could endanger his or her welfare. A missing child in such circumstances is in danger not only of sexual exploitation, but also of involvement in criminal activity such as burglary, shoplifting and robbery or other violent crimes.
 - (g) Is absent in a way inconsistent with established patterns of behavior and the deviation cannot be readily explained. Most children have an established and reasonably predictable routine. Significant, unexplained deviations from that routine increase the probability of risk to the child.

Missing Children

- (h) Is involved in a situation causing a reasonable person to conclude the child should be considered at risk. Significant risk to the child can be assumed if investigation indicates a possible abduction, violence at the scene of an abduction, or signs of sexual exploitation.
- (d) Actions upon determination of risk factors.
 - (a) If it is determined risk factors are involved in the report of a missing child, the child will be considered at risk, and an expanded investigation, including the use of all appropriate resources, will immediately commence. While all missing-child incidents should be thoroughly investigated, those involving risk factors indicate a heightened likelihood of danger to the child and, therefore, require an intensive response.
 - (b) If appropriate, existing interagency response protocols --- including the AMBER Alert system and/or other immediate community notification methods, if available --- should be considered. While AMBER Alerts are typically for abducted children, there are other tools available such as the Endangered Missing Advisory. Preplanned strategies for responding to missing-child reports are essential for successful case resolution. By identifying all the services and resources a region has available to search for missing children, multiagency agreements can be reached beforehand and promptly activated when the need arises. See Paragraph 7 of Section IV(A) regarding the role of the telecommunicator and Paragraph 3 of Section IV(C) regarding the role of the supervisor for additional AMBER Alert commentary.

331.2 COMMUNICATIONS RESPONSIBILITIES

Communications personnel receiving the report of a missing child shall:

- (a) Determine if circumstances of the report meet the definition of a missing child as set forth in Section III. By questioning the caller about the circumstance of the report, the telecommunicator can make a preliminary assessment about the level of risk to the missing child. This assessment shall also prepare the telecommunicator to promptly activate additional response protocols if needed. The Standard for Public Safety Telecommunicators when Responding to Calls of missing, Abducted, and Sexually Exploited Children provides good guidance about formulating such questions. Each telecommunicator should be familiar with this guide.
- (b) Dispatch, in a prompt manner, an officer to the scene of the report. The officer who routinely patrols the vicinity of the report is best suited to handle the first response since he or she should be familiar with the area and is likely to have knowledge of unusual activities, suspicious people, known offenders, and other neighborhood dynamics. The handling of certain missing-child reports, such as suspected runaways, over the phone is discouraged since accurate assessments of the risk to the child

Missing Children

cannot be made. Note: (1) The National Child Search Assistance Act (NCSAA, 42 U.S.C 5779 and 5780) mandates law enforcement's immediate response to reports of missing children, no establishment or observance of a waiting period before accepting a case, immediate entry of descriptive information about the missing child into the Federal Bureau of Investigation's (FBI) National Crime Information Center (NCIC) Missing Person File, and close liaison with NCMEC in missing-child cases. (2) The Prosecutorial Remedies and Other Tools to end the Exploitation of Children Today Act of 2003 (PROTECT Act, Pub. L. No. 108-21) amended the National Child Search Assistance Act to extend the same NCIC reporting responsibility and other benefits to missing young adults 18, 19, and 20 years of age. (3) The Adam Walsh Child Protection and Safety Act (Adam Walsh Act, Pub. L. No. 109-248) mandates NCIC entry must be made by law enforcement within two hours of receipt of a report of a missing or abducted child. This replaces the term "immediately" in the National child Search Assistance Act. Current Criminal Justice Information services guidance regarding this time limit is two hours from the moment the minimum amount of information for NCIC entry has been obtained.

- (c) Notify a supervisor. Because of the complexity of some missing-child cases, especially those requiring the immediate mobilization of investigative resources, telecommunicators should verify a supervisor has been notified whenever officers respond to such an assignment.
- (d) Transmit the appropriate radio alerts and other notifications. A critical responsibility of the telecommunicator is to obtain sufficient information from the reporting party to broadcast a radio message alerting other officers, and other agencies if necessary, about the circumstances of the missing episode. Information should include the child's height, weight, hair and eye color, clothing, and the locations where the child was last seen as well as any dangers or special considerations unique to this missing child. Most importantly the radio alert should contain any information known about a possible abductor with special emphasis on the description of the suspect and vehicle used as well as direction of travel. Consideration should also be given to the use of highway surveillance or "road-block plans," including those involving surrounding agencies, to apprehend a fleeing abductor.
- (e) Such agency records for related information, specifically any records such as those pertaining to the family, the place where the child was last seen, and the child's residence. It is essential for responding officers to know if the child or family has been the subject of previous reports that might have a bearing on this incident. Records should also be reviewed to learn if any incidents have been reported in the area that might have investigative value in this case. Complaints of or reports about incidents such as attempted abductions, prowlers, public lewdness, loitering, and suspicious people will be of particular interest. Access should also be made to Sex Offender registries to determine if individuals designated as sex offenders reside, work, or might

Missing Children

otherwise be associated with the area. All available background information is critical to responding officers and investigative personnel to help evaluate the incident and interview witnesses or possible suspects.

- (f) Safeguard all pertinent records. The telecommunicator should also ensure records of all communication related to this incident, such as phone conversations with the reporting party and witnesses, including written notes regarding the discussion, radio broadcasts, and all subsequent notifications, are safeguarded for future investigative reference.
- (g) Active established protocols for working with the media , " including activation of the AMBER Alert system and/or other immediate community-notification methods when appropriate. In agencies without a public-information officer, the telecommunicator, under direction of a law-enforcement supervisor, may be best situated to provide information to the media designed to elicit public assistance in the search for a missing child. In preparation for such situations, telecommunicators should have available the phone numbers of media contacts. Additionally the telecommunicator should also be prepared to immediately activate the appropriate immediate, community notification method if so directed by appropriate law-enforcement personnel.

331.3 RESPONDING OFFICER RESPONSIBILITIES

The initial officer or first responder assigned to the report of a missing child shall:

- (a) Respond promptly to the scene of the report activating patrol-vehicle mounted video camera if circumstances warrant. Even if the assigned officer has been provided with initial information such as the missing child's description and other facts about the incident, it would be inappropriate to delay response to conduct a random search by doing things such as circling through parks, checking playgrounds, or stopping suspicious individuals. Unless in immediate response to the missing child's safety, these activities can be handled by other patrol units.
- (b) Interview the parent(s) or person who made the initial report. The purpose of this interview is to gain an insight into the circumstances surrounding the missing episode and other information needed to conduct an initial assessment of the case. Note: Using a specifically designed missing person report form to gather information will enable the first responder to more promptly reach an accurate risk assessment. One such form can be found in NCIC's Missing Person File Information Kit, available through your agency Terminal Control Operator. All details should be thoroughly documents for more in-depth review later by investigative personnel who can compare statements made with investigative facts.
- (c) Obtain a detailed description of the missing child including photo(s) and videos. The collection of information about the missing child, including race, height, weight, hair and eye color, clothing, and other noteworthy features, should be done promptly and

Missing Children

relayed to other officer who may be assisting in the investigation. Several recent photos and/or a video, if available should be secure. Again, the use of a missing-person report form will expedite the collection of descriptive information. Photos should be the most accurate representation available of the missing child. If no photos are immediately believed to be available, several areas commonly forgotten would include cell phones with cameras as well as photos included on social- networking sites.

- (d) Confirm the child is in fact missing. First responders should never assume searches conducted by distraught parent or other have been performed in a thorough manner. Another check of the scene should be made and include places where children could be trapped, asleep, or hiding. Special attention should be paid to enclosures such as refrigerators, freezers, and the interior of parked vehicles where limited breathing air may place the child at even greater risk. In the case of older children, first responders should ask if parents have checked with the child's friends or perhaps overlooked or forgotten something the child may have said that would explain the absence. Note: A search of the home should be conducted even if the missing child was last seen elsewhere.
- (e) Verify the child's custody status. First responders should ascertain whether a dispute over the child's custody might have played a role in the missing episode or might constitute a risk factor. Questions regarding whether the reporting party has legal custody, if the noncustodial parent has been contesting custody, or if the missing child expressed a desire to live with the other parent may help an officer gain important insight into the case.
- (f) Identify the circumstances of the missing episode. First responders need to ascertain whether the circumstances are such that a heightened level of response is warranted. If risk factors exist, as defined in Paragraph C of Section III, then the decision to employ additional response methods is clear. In other situations where the circumstances are not clear, officers should keep the missing child's safety in mind and act accordingly.
- (g) Determine when, where, and by whom the missing child was last seen. This information is needed to determine factors such as abduction time frame, windows of opportunity, and verification of previously received information. Interview family members, friends/associates of the child, and friends of the family to determine when each last saw the child, what they think happened to the child, and if the child had complained about being approached by anyone. Comparison of information gathered from the reporting party, witness, and other sources may prove vital to case direction.
- (h) Interview the individual(s) who last had contact with the missing child. Effective questioning of those individuals who last saw or spoke with a missing child is crucial in the case-assessment process. While seeking information about the child's appearance, demeanor, and actions, officers should also be alert to any contradictions made or evasiveness demonstrated by the witness, especially if these statements cannot be readily corroborated. Thorough documentation will allow investigative

Missing Children

personnel to later compare those statements with the facts of the case as they are uncovered.

- (i) Identify the missing child's zone of safety for his or her age and developmental stage. Responding officers should attempt to determine how far a missing child could travel from the location where last seen before he or she would most likely be at risk of injury or exploitation. This perimeter should, under many circumstances, define the first search zone.
- (j) Make an initial assessment of the type of incident. By employing all available assessment tools (i.e., completion of standardized forms; interviews with parents, other family members, and friends; statements of witnesses; and search of scene) an officer should be able to reach a preliminary determination regarding the type of case and the need for additional resources. Note: Officers must be cautious in "labeling" or classifying a missing-child case, since the classification process will impact the way in which initial information or evidence is gathered. Even if first indications suggest a "less urgent" incident, officers should consider all possibilities until the case category is clearly determined.
- (k) Obtain a description of the suspected abductor(s) and other pertinent information. Officers need to immediately record witness information, not only for general investigative use but also before witnesses forget or speak to others who may confuse or make suggestions about what was actually observed. If the abduction scene involves a business or other public place, officers may be able to supplement witness information with video from security cameras that might provide crucial information about the suspect, vehicles, and circumstances. In the case of a suspected family abduction, the reporting party may have photos of the abductor or other valuable information.
- (l) Determine the correct NCIC Missing Person File category and ensure notification is promptly transmitted. There are 5 categories within the Missing Person File applying to children. They are disability, endangered, involuntary, juvenile, and catastrophe. Simply because the child is younger than 18 does not require the juvenile category be used. The circumstances should govern category selection.
- (m) Provide detailed descriptive information to communications unit for broadcast updates. As information becomes available regarding the missing child's physical appearance, circumstances of the case, or description of the potential abductor, the initial officer should ensure other officers and agencies are provided with up-to-date facts.
- (n) Identify and separately interview everyone at the scene. The name, address, home and work phone numbers of everyone present at the scene, along with his or her relationship to the missing child, should be recorded. If possible, include them in photos and/or videos of the incident scene. By interviewing each person privately, officers may be able to uncover information instrumental in resolution of the case.

Missing Children

- (o) Conduct an immediate, thorough search of the scene. With the assistance of additional personnel, a systematic, thorough search of the incident scene should be conducted. If appropriate, officers should obtain written permission to search houses, apartments, outbuildings, vehicles, and other property that might hold information about the child's location. Officers are again reminded to conduct a thorough, immediate search of the child's home and property, even if the child was last seen at another location. Evaluate the contents and appearance of the child's room/residence. When possible officers should also search a missing child's school locker.
- (p) Seal/protect scene, area of child's home, and areas of interest as potential crime scenes. First responders must take control of the immediate area where the incident occurred and establish an appropriate perimeter to avoid destruction of vital evidence. Extend search to surrounding areas and vehicles including those that are abandoned and other places of concealment such as abandoned appliances, pools, wells, sheds, or other areas considered "attractive nuisances." In addition to external crime scenes, the missing child's home, and particularly his or her bedroom, should be secured and protected until evidence and identification material such as hair, fingerprints, and bite marks are collected.
- (q) Inquire if the child has access to the Internet, cell phone, and/or other communications device. Before making an initial decision the child has run away, an officer should determine if the child may have left to meet someone he or she encountered while online. Since some offenders are known to use the Internet to identify vulnerable children, what appears at first to be a runaway case, may, in fact, be a child abducted or enticed to leave by someone the child first met online. Even if a child willingly decides to leave home to join someone first met online, the child should be considered at risk. Additionally, since many children have their own cell phones/other electronic communications devices and may have them while missing, an officer should note these devices during the information-gathering process.
- (r) Prepare necessary reports and complete appropriate forms. Information gathered by the first responding officer(s) may be instrumental in the eventual case resolution. To record this important information, officers should prepare a chronological account of their involvement and actions in the case from time of assignment to the point of dismissal. Reports should include everything, not just events seeming to have a direct bearing on the case.

331.4 SUPERVISORY RESPONSIBILITIES

The supervisor assigned to the report of a missing child shall:

- (a) Obtain a briefing and written reports from the first responder(s) and other agency personnel at the scene. This briefing allows the supervisor to determine the scope and complexity of the case and develop an appropriate response. The briefing should be conducted away from family, friends, or any other individuals who may be present.

Missing Children

Doing so will allow officers to speak freely about case circumstances and pass along initial impressions and opinions that might be misconstrued by others.

- (b) Determine if additional personnel and resources are needed to assist in the investigation. Depending on the situation, a supervisor may determine additional personnel, including specialized units, should be called to the scene or otherwise assist in the investigation. Certain cases may also require the supervisor to activate existing interagency response protocols as established by mutual-aid agreements or memorandums of understanding. Confirm all required resources, equipment, and assistance necessary to conduct an efficient investigation have been requested and expedite their availability. Be available to make any decisions or determinations as circumstances develop. Contact NCMEC to enlist their resources.
- (c) Consider activation of the AMBER Alert system and/or other immediate community notification methods. If circumstances indicate the chances for the child's safe recovery would be increased by immediate public awareness, a supervisor should promptly activate such efforts.
- (d) Establish a command post. A command post is a field headquarters/office for scene management. It is used as a center for organizing personnel, launching and monitoring search and rescue operations, and directing investigative efforts as well as a focal point for deciding the division of investigative labor on-site, administering on-site change of command, responding to investigative inquiries, and gathering intelligence. As a general rule the command post should be close enough to the center of activity to facilitate control and coordination, but sufficiently isolated to allow a free exchange of ideas among responders. Establish a command post away from the child's residence.
- (e) Organize and coordinate search efforts. Systematic searches are common features of missing-child investigations. A supervisor should appoint a search operation coordinator who can oversee the search effort while the supervisor remains available to manage the entire investigation.
- (f) Ensure all required notifications have been made. Because dissemination of information is an integral part of the search for a missing child, the supervisor should ensure all officers, other departments and agencies, and all investigative networks are supplied with accurate details. Prepare a flier/bulletin with the child/abductor's photo and description. Distribute in appropriate geographic regions. Note: NCMEC is able to assist with this step.
- (g) Establish a liaison with the victim family. Families of a missing child will experience extreme stress. Supervisors should establish a liaison with the victim family who can explain what investigative actions are being employed and what they can do to assist in the search. In addition the liaison can help the family work with the media.
- (h) Confirm all agency policies and procedures are observed. In addition to providing the innovative direction required during a missing-child investigation, a supervisor

Missing Children

must also ensure adherence to the rules and regulations of their professional law-enforcement organization. Established policies and procedures, especially those related to missing children, should be regularly reviewed to ensure compliance.

- (i) Manage media relations. Many missing-child investigations, especially those involving large-scale search efforts, are likely to draw media attention. Supervisors should manage media presence in a way to complement rather than conflict with the investigation.

331.5 INVESTIGATOR RESPONSIBILITIES

The investigator assigned to the report of a missing child shall:

- (a) Obtain a briefing from agency personnel at the scene. This briefing should be conducted prior to interviews with family members of the missing child or witnesses who may have been identified during the initial stage of the case. Its objective is to assist the investigator in formulating an effective interview strategy.
- (b) Verify the accuracy of all descriptive information. The verification process should include all details developed during the preliminary investigation. During the interview process the investigator should be alert to facts or statements in conflict with those gathered by the first responder.
- (c) Initiate a neighborhood investigation. A thorough canvass of the neighborhood should be conducted without delay. The objective is to identify and interview all people within the abduction zone who may be able to provide information related to the incident. According to a key child-homicide study, unknowing witnesses are those who see some aspect of a crime but at the time do not realize they are witnessing part of a crime or potential abduction. It was found there were unknowing witnesses in 32.9% of those cases studied. This indicates a neighborhood or area canvass would be of great importance in generating investigative leads.¹ Investigators should use a standardized set of questions during the canvass to ensure completeness and uniformity of information and facilitate establishment of a database to track leads. A record should also be made of all vehicles parked within the neighborhood and any other conditions that may have future investigative value. Access should also be made to Sex Offender Registries to determine if individuals designated as sex offenders reside, work, or are otherwise associated with the area.
- (d) Obtain a brief history of recent family dynamics. Information about family dynamics, obtained from family members, neighbors, teachers, classmates, employers, coworkers, friends, and witnesses, can offer valuable insights into what may have happened to the missing child and where he or she may be found. Records of family contact maintained by law-enforcement agencies, social-service departments, schools, and other organizations should also be obtained and evaluated.

Missing Children

- (e) Explore the basis for any conflicting information. When preliminary investigative steps have been taken, investigators should "compare notes" with the first responder, fellow investigators, and other agency personnel to identify and work through conflicting information. This collaborative evaluation will provide the investigative staff with a solid foundation upon which to structure future case directions. Correct and investigate the reasons for any conflicting information.
- (f) Complete all remaining key investigative and coordination steps. Key investigative steps include, when applicable, collecting articles of the child's clothing for scent-tracking purposes; reviewing and evaluating all available information and evidence collected; securing the child's last medical and dental records; contacting landfill management and requesting delay or segregation of garbage and dumping containers from key investigative areas; developing and executing an investigative plan; conducting a criminal-history background check on all principal suspects, witnesses, and participants in the investigation; establishing a phone hotline for receipt of tips and leads; and considering establishment of an e-mail address or other methods of electronically receiving leads. Key coordination steps include ensuring details of the case have been reported to NCMEC and preparing and updating bulletins for local law-enforcement agencies, the missing-children clearinghouse, FBI, and other appropriate agencies.
- (g) Implement effective case management. An information- management system is an essential part of the overall investigative process. Depending on the resources available, it is best to utilize a computerized system to record, index, cross-reference, and retrieve the facts amassed during an investigation. Note: NCMEC can provide software designed for effective case management.
- (h) Evaluate the need for additional resources and specialized services. The complexity of many missing-child incidents may necessitate the use of resources and services both from within the agency and other organizations as well. Investigators should be aware of the input obtainable from resources such as the FBI; NCIC; missing-children clearinghouses; and NCMEC , in particular Team Adam, which is a rapid- response team of experienced, retired law-enforcement investigators.
- (i) Update descriptive information. If it appears the case will not be promptly resolved, investigators should ensure the descriptive record, especially the information entered into the NCIC Missing Person File, is updated to include dental characteristics, scars, marks, tattoos, and fingerprints along with additional articles of clothing, jewelry, or unique possessions.
- (j) Monitor media relations. While information gained through effective media relations is often of significant value in a missing-child case, investigators should review all notices prior to release to ensure investigative objectives are not unintentionally compromised.

331.6 RESPONSE TO AN UNIDENTIFIED CHILD (LIVING OR DECEASED)

An officer assigned to the report of an **unidentified person**, whether living or deceased, who appears to be a child, shall:

- (a) Obtain a complete description. Officers who are assigned to this task should use standardized information-gathering forms such as the NCIC Unidentified Person File Worksheet and data-collection guide. This information should be gathered in cooperation with the medical examiner or coroner. In cases involving skeletal remains, consideration should be given to consulting with a Forensic Anthropologist and Forensic Odontologist to ensure all pertinent and accurate information has been gathered. NCMEC's Forensic Services Unit can provide assistance in this area.
- (b) Enter the unidentified child's description into the NCIC Unidentified Person File. This file is compared daily with the contents of the NCIC Missing Person File. Entries with common characteristics are flagged and both agencies are informed. Agencies should expect to receive this information/response overnight.
- (c) Use all available resources to aid in identification of the child. NCMEC's Forensic Services Unit; NamUs (National Missing and Unidentified Persons System); missing-children clearinghouses; and other professionals, such as medical examiners, may be of assistance in the identification.
- (d) Cancel all notifications after identification is confirmed.

331.6.1 RESPONSE TO THE RECOVERY OR RETURN OF A MISSING CHILD

An officer assigned to the recovery or return of a missing child shall:

- (a) Verify the located child is, in fact, the reported missing child. An officer should personally verify all returns. The benefits of this practice include assessing the child's safety, gaining intelligence about possible offenders, and helping to prevent future episodes.
- (b) Secure intervention services, if appropriate. During the verification process, officers should be alert for indications additional services may be needed before the child can be safely reunited with his or her family. These services may include mental and/or physical health examinations and arrangements for family counseling.
- (c) Arrange the return of the child to his or her legal guardian or an appropriate children's shelter in the case of a runaway or missing child from within department jurisdiction who has been located and who is not wanted on a warrant or other law violation.
- (d) Place the child in custody and transport him or her to the appropriate facility for admission in the case of a runaway from another jurisdiction or from out-of-state who has been located and for whom a warrant exists or for whom an NCIC missing-person "hit" is verified.

Missing Children

- (e) Complete the appropriate supplemental reports and cancel all outstanding notifications. Along with cancellation of the NCIC Missing Person File entry and other notifications regarding the case, a supplemental report should be completed describing the child's activities while missing and circumstances of the recovery/return.

Address Confidentiality Program

335.1 PURPOSE AND SCOPE

In compliance with state statute (A.R.S. §§41-161 through 169), the Arizona Secretary of State has adopted and implemented an Address Confidentiality Program (ACP). Legislation mandates that a victim of domestic violence, a sexual offense, or stalking who fears for their safety may apply to the Secretary of the State of Arizona to participate in the ACP. The ACP program will assist registered victims in using a substitute address as their legal address of record when creating a new public record with the intent of maintaining their actual address confidential. The participant will be issued an ACP authorization card by the Secretary Of State.

The ACP is the legal agent for a participant's first class, certified, and registered mail. Any service of process on the participant can be done on the Director of ACP or her designee. This will have the same effect as if the participant was served directly. Law enforcement agencies are required to accept the substitute address as the participant's work, home or school address when presented with the ACP authorization card by the participant. This card is not a form of identification, but rather provides assurance only authorized individuals are afforded the protection of the substitute address.

For department purposes, a substitute address under the Address Confidentiality Program shall be used for all reports, citations and other forms, whether paper or electronic.

335.2 EMPLOYEE RESPONSIBILITIES

When an employee is presented with or advised of a person's participation in the Address Confidentiality Program, that employee will verify the participation by contacting the Secretary of State at 602-542-1892 (This number is available in dispatch and is answered 24/7). Upon confirmation, Flagstaff Police personal shall subsequently use the substitute address for all forms and records.

335.3 REDACTION OF ACP PARTICIPANT'S CONFIDENTIAL ADDRESS

An ACP participant may request that the department redact their actual address from any public records created within 90 days of the person's application to the ACP. The Department is required to remove the actual address and use the Participant's substitute address. In this instance an officer will document the request in a DC-1 report, provide a copy of the ACP participant's Authorization card (if possible) and forward the report to the ACP Administrator. Standards of Conduct

340.2 DISCIPLINE POLICY

The continued employment or appointment of every member of the department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

A certified officer shall only be subject to discipline for just cause unless a Collective Bargaining Agreement (CBA) exists to the contrary. Just cause is established when (ARS § 38-1104):

- (a) The officer was informed of the possible disciplinary action resulting from his/her conduct through agency manuals, employee handbooks, the Flagstaff Police Department rules and regulations, other communications to the officer or the conduct was such that he/she should have reasonably known disciplinary action could occur.
- (b) The disciplinary action is reasonably related to the standards of conduct for a professional law enforcement officer, the mission of the Department, the orderly, efficient or safe operation of the Department or the officer's fitness for duty.
- (c) The discipline is supported by a preponderance of evidence that the conduct occurred.
- (d) The discipline is not excessive and is reasonably related to the seriousness of the offense and the officer's service record.

An employee's off-duty conduct shall be governed by this policy to the extent that it is related to acts that may materially affect or arise from the employee's ability to perform official duties, that it may be indicative of unfitness for his/her position or that brings discredit or harm to the professional image or reputation of the Department, its members, the City or the law enforcement profession.

340.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

340.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Standards of Conduct

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

340.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

340.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Arizona constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

340.5 CAUSES FOR DISCIPLINE

Reports shall be completed by the handling employee. All deaths shall be handled in compliance with the Death Investigations Policy.

344.2.4 INJURY OR DAMAGE BY CITY PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a City employee. Additionally, reports shall be taken involving damage to City property or City equipment.

344.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of a drug overdose.
- (b) There is an attempted suicide.
- (c) The injury is major or serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for Department consistency.

344.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

344.3.3 SHORT FORM (DC II) REPORTS

Officers are hereby authorized to document non-crime incidents on a handwritten department short form report. In order to differentiate it from a field interview card, this report form shall be

Flagstaff Police Department

Flagstaff PD Policy Manual

Report Preparation

slightly larger than the field interview card and blue in color. Officers are advised that the nature of the incident itself will dictate whether or not a short form report is sufficient and appropriate. As in other aspects of police work, officers should carefully evaluate each incident and determine the proper course of action. This determination is based upon department policy as well as the officer's experience and training.

Officers will be held accountable for the completeness and legibility of their short form reports. Officers will advise dispatch when taking a short form, so it can be entered as such in the call notes. The following is a list of the only incidents for which a short form report will be accepted:

- Lost property
- Found property
- Unfounded alarm calls - Route to Alarms
- Civil standby
- Service of court orders
- Motorist Assists
- Public assists
- Block watch reports
- Unsecured buildings (those that are not burglaries or trespasses)
- Public intoxicant transports to the ITU
- Fire scene details
- Welfare checks (those that are code 4)

In no case will the handwritten report be used where there is a crime, suspect, or other lead which would constitute a pending criminal investigation. Patrol supervisors will kick back any short form report that is illegible.

344.3.4 CALL NOTES (DC4) REPORTS

Call Notes may be used to document non-critical calls for service that involve a limited investigation but where no further police action is needed. Officers will document Call Notes Reports by entering a short narrative into the "comments/call notes" section of the event on their MDC or in the "Notes" field of the "Call for Service" created for the event in I/Leads. This narrative should include enough information for the officer to convert the DC4 to a DC1 Report in the event the DC4 is reviewed by a supervisor and it is determined the incident should be recorded as a DC1. In all DC4 reports, officers should include detailed information about all individuals involved in the event, and any involved property should be described in sufficient detail that such property can be identified by other officers should the need arise.

Call Notes Reports will be authorized for:

- Alarm calls (unfounded) - the officer will include contact information for the Responsible Party (including the Responsible Party's date-of-birth and telephone number) in the notes
- 911 hang-ups where nothing suspicious is discovered

Flagstaff Police Department

Flagstaff PD Policy Manual

Report Preparation

- Lost property - where no crime is suspected (including lost cell phones)
- Welfare checks (non-suicidal) - nothing suspicious (e.g. the person was contacted and they are in good condition)
- Civil standby - no issues (i.e. child exchange with no DTP, property retrieval, etc.). Officers should include personal information for the involved parties in the call notes
- Barking dog - non-chronic, Crime Stop complainant, not involving suspicious circumstances
- Shots fired - unfounded; or with no evidence and no leads
- Fireworks - no leads or evidence
- Paper service - subpoenas and OOPs (officers must include defendant's name and date-of-birth in the notes)
- Loud music complaints - non-chronic, Crime Stop complainant, not involving suspicious circumstances. NOT to be used to document loud party disturbances
- Suspicious person or suspicious activity - unfounded: investigation revealed a legitimate reason for the reported activity
- Public assists
- Blockwatch meetings
- Unsecured buildings or vehicles - non-criminal
- Mandatory Insurance Suspended license plates - the event number for the stop/citation should be written on the back of the license plate using a Sharpie marker and placed into evidence to be destroyed

Officers will notify dispatch when they clear a call for service using Call Notes Reporting ("Clear Call Notes" or "Clear DC4") so the dispatcher can apply the appropriate disposition to the call.

At the end of their shifts, Officers will print a copy of each of the Call Notes Reports they generated throughout that shift. Officers will place their printed Call Notes Reports into their supervisor's in-basket so their supervisor can check their Call Notes Reports for completeness and quality.

344.3.5 EVENT NUMBER REPORTS

Event Number Reports: These will be used on incidents where a written report is not required by the officer. Generally they will be used for civil traffic citations, parking citations, warnings and field interviews. The event number will be assigned by the Computer Aided Dispatch (CAD) system. The event number will be placed on any documentation related to the incident. Event number reports can be used in the following instances:

- AREA CHECKED - GONE ON ARRIVAL** - When responding to a call where some activity is taking place and no longer is going on when the officer arrives and there is no evidence a crime was committed.
- CASE UNFOUNDED** - When the reported incident has not taken place and no such complaint exists.
- UNABLE TO LOCATE INCIDENT** - When an address or location for the alleged incident can not be found and/or the address given is found to be incorrect. Request further check on another location. Dispatch will respond with new address or tell officer to go 10-8.

344.3.6 DISPATCH RESPONSIBILITIES

On event number reports, dispatchers will place appropriate comments, such as GOA, Message Delivered, etc., in the description area on the CAD screen. On short form reports, dispatchers will list the report in the CAD notes as being a short form. On Call Notes Reports, dispatchers will clear the call as "Clear with Call Notes."

344.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should reject the report, sending it back to the authoring officer, stating the reasons for rejection. The supervisor of the officer should be copied on the report rejection as well. It shall be the responsibility of the originating employee to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

344.6 ELECTRONIC SIGNATURES

The Flagstaff Police Department has established an electronic signature procedure for use by all employees of the Flagstaff Police Department. Report Preparation

- (b) Each employee shall be responsible for the security and use of his/her electronic signature and shall promptly notify a supervisor if the electronic signature has or may have been compromised or misused.

- (a) Pending (status code 15)-The investigation is not complete and additional contact or investigation is required.

 - 3. Probable cause establishes a factual basis to support an arrest, the issuance of a formal criminal complaint, and subsequent criminal prosecution.
 - 4. The exact location of the offender(s) must be known and the suspect could be taken into custody immediately.
 - 5. There is some reason outside law enforcement control that precludes arresting, charging, and prosecuting the offenders.

346.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Outside Agency Assistance

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

352.2 POLICY

It is the policy of the Flagstaff Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

352.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Sergeant's office for approval. Requests of a serious nature or those which would severely impact staffing or resources will be approved by the Duty Commander when feasible. In some instances, a mutual aid agreement or other established protocol may exist that eliminates the need for approval of individual requests (ARS § 13-3872).

When another law enforcement agency requests assistance from this department, the Shift Sergeant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

352.3.1 AGREEMENTS

The Department may establish a mutual aid agreement with another law enforcement agency by action of the City to (ARS § 13-3872):

- (a) Assist other peace officers in the line of their duty and within the course of their employment.
- (b) Exchange department peace officers with peace officers of another agency on a temporary basis.

Outside Agency Assistance

352.3.2 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Flagstaff Police Department shall notify his/her supervisor or the Shift Sergeant and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

352.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

352.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Sergeant.

352.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the equipment and supplies.
 - 2. The members trained in the use of the equipment and supplies.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Communications Center and the Shift Sergeant to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Officer should maintain documentation that the appropriate members have received the required training.

Drone / Unmanned Aerial Systems Operations

354.1 OBJECTIVE:

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) as well as the storage, retrieval, and dissemination of images or other data captured by the UAS.

354.2 INTRODUCTION:

Unmanned aerial systems may be utilized to enhance the department's mission of protecting lives and property, as well as completing thorough crime scene processing, when other means and resources are not available or less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights, State Law, and Federal Aviation Administration (FAA) regulations.

354.3 POLICY STATEMENT:

Respect for civil rights and civil liberties is a core tenet of our department. In executing the department's law enforcement missions, personnel must rigorously support and defend the Constitution and continue to uphold the laws, regulations, and policies that govern our activities and operations.

As with all investigative methods, the UAS must be operated consistently within the guidelines of the United States Constitution. In addition, the UAS operator must pilot the UAS in compliance with federal and state law.

The Fourth Amendment protects individuals from unreasonable searches and seizures and generally requires law enforcement to seek a warrant in circumstances in which a person has a reasonable expectation of privacy. Moreover, department personnel may never use a UAS solely for the purpose of monitoring activities protected by the First Amendment or the lawful exercise of other rights secured by the Constitution and laws of the United States. Department personnel must be trained to understand and abide by all relevant federal legal standards applicable to the operation of a UAS, and to seek advice from legal counsel as necessary.

In addition, the UAS will only be used in connection with properly authorized investigations and activities. Any deployment of a UAS, other than training, shall be authorized by the Chief of Police or the Duty Commander prior to flight.

354.4 PROGRAM COORDINATOR:

The program coordinator is required to obtain and maintain a Remote Pilot Airman Certificate and will ensure policies and procedures conform to current laws, regulations, and best practices. The program coordinator will have the following additional responsibilities:

- Coordinate the FAA Certificate of Waiver or Authorization (COA) application process and ensure any existing COAs are current
- Ensure UAS Operators have completed all required FAA and department approved training in UAS operation
- Develop a UAS inspection, maintenance, and record keeping protocol to ensure continuing airworthiness of the UAS, up to and including overhaul or life limits

354.5 DEFINITIONS:

Above Ground Level (AGL) - a height measured with respect to the underlying ground surface and/or structures

Certificate of Waiver or Authorization (COA) - An authorization issued to a public operator for a specific UAS activity by the Air Traffic Organization. After a complete application is submitted, FAA conducts a comprehensive operational and technical review. If necessary, provisions or limitations may be imposed as part of the approval to ensure the UA can operate safely with other users of the National Airspace System.

Instrument Flight Rules (IFR) - ceiling less than 1,000 feet AGL and/or visibility less than three (3) miles

Instrument Meteorological Conditions (IMC) - an aviation flight category that describes weather conditions that require pilots to fly primarily by reference to instruments (Instrument Flight Rules)

Meteorological Terminal Aviation Routine report (METAR) - an aviation routine weather report issued at hourly or half-hourly intervals

Remote Pilot in Command (Remote PIC) - A person who holds a current Remote Pilot Airman Certificate with a small UAS rating and has the final authority and responsibility for the operation and safety of the small UAS conducted under Title 14 CFR part 107.

Flagstaff Police Department

Flagstaff PD Policy Manual

Drone / Unmanned Aerial Systems Operations

Terminal Aerodrome Forecast (TAF) - a concise statement of the expected meteorological conditions at an airport during a specified period (usually 24 hours)

UAS Operator – A member of the Flagstaff Police Department trained to operate the UAS. The UAS operator will only manipulate the controls of the UAS under the direct supervision of the Remote PIC.

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether remotely controlled or via a preprogrammed flight plan (commonly referred to as a drone or unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

Visual Flight Rules (VFR) - ceiling greater than or equal to 3,000 feet AGL and visibility greater than or equal to 5 miles

Visual Observer (VO) - A person acting as a flight crewmember to help see and avoid air traffic or other objects in the sky, overhead, or on the ground.

354.6 ROUTINE USES:

- (a) Routine uses for the UAS will include, but are not limited to:
- Aerial video/photographs at major traffic collisions
 - Aerial video/photographs at major criminal investigations
 - Homicide, Aggravated Assaults, Robberies, etc.
 - Armed and barricaded suspects
 - Manhunts for felony fugitives
 - Search and rescue
 - Overflights of public lands to search for illegal drug cultivation activity

354.7 PROCEDURES:

- (a) All flights conducted with a departmental UAS will be flown in compliance with Title 14 of the Code of Federal Regulation (14 CFR) Part 107. Special attention will be given to the direction of the video camera while in flight to prevent any unintended recording of citizens not involved with the current investigation.

Flagstaff Police Department

Flagstaff PD Policy Manual

Drone / Unmanned Aerial Systems Operations

Upon authorization to utilize the UAS for any law enforcement activity, a minimum of two UAS operators will be used to operate the UAS. This will consist of a Remote Pilot in Command (Remote PIC) and a Visual Observer (VO). The UAS will be controlled by the Remote PIC or by a trained UAS operator while under their direct supervision. The second UAS operator will act as a VO to help ensure safe operation of the UAS.

Additional visual observers may be utilized if needed for the specific mission. No UAS operator may act as a Remote PIC or VO for more than one UAS at a time. The Remote PIC must hold a valid Remote Pilot Airman Certificate issued by the FAA.

The Remote PIC is directly responsible for and has the final authority on the operation of the small UAS conducted in accordance with 14 CFR part 107. He or she must:

- Be designated before each flight (but can change during the flight)
- Conduct a pre-flight check of the UAS
- Ensure that the operation:
 - Poses no undue hazard to people, aircraft, or property in the event of a loss of control of the aircraft for any reason
 - Complies with all applicable regulations of part 107
- Operate the small unmanned aircraft to ensure compliance with all applicable provisions

14 CFR part 107 permits transfer of control of the small UAS between two or more certificated Remote PICs. The transfer of aircraft control (i.e. the Remote PIC designation) to each other must be accomplished while maintaining visual line of sight of the small UAS and without loss of control.

UAS operations will typically be conducted during daylight or civil twilight (30 minutes before official sunrise to 30 minutes after official sunset, local time). Night time operations are prohibited unless specifically authorized by the FAA and the UAS is equipped with appropriate anti-collision lighting.

All UAS operations will be conducted within line of sight of the Remote PIC and VO. No UAS operations will exceed 400 feet Above Ground Level (AGL). If there are structures within the flight area, the UAS must remain within 400 feet of the top of the structure unless this additional height causes the UAS to enter Class E airspace. All flights within Class D airspace will remain within 400 feet AGL upon authorization by the FAA via an active COA.

Flagstaff Police Department

Flagstaff PD Policy Manual

Drone / Unmanned Aerial Systems Operations

The Remote PIC is responsible for obtaining current weather reports from a standard Meteorological Terminal Aviation Routine report (METAR) and/or a Terminal Aerodrome Forecast (TAF) prior to operations. All UAS operations will be conducted in proper weather conditions:

- UAS operations must be conducted in VFR conditions
 - Flights under Instrument Meteorological Conditions (IMC) are prohibited
- Temperature guidelines for UAS operation are from 32 – 104 degrees Fahrenheit at ground level
- In freezing temperatures, if the moisture level is high, conditions should be noted and the UAS should be monitored for icing on flight surfaces
 - Operations are not authorized in known icing conditions
- The UAS shall not be operated in sustained or gusting winds greater than 10 meters per second (22 mph)
 - Wind velocity information can be obtained from the METAR and/or TAF

All UAS flights shall be conducted in accordance with the UAS manufacturer's recommendations and any applicable COAs. If at any time the Remote PIC and/or VO believe there is a potential for air to air conflict, or risk of harm to individuals or property, the Remote PIC shall immediately land the aircraft.

The Remote PIC has the authority to abort an operation based on personnel safety or to prevent the violation of FAA regulations. No member of the police department, regardless of rank, shall order the Remote PIC to make a flight when, in the opinion of the Remote PIC, it poses a risk to personnel or is in violation of FAA regulations.

Department personnel shall only collect, use, and disseminate videos and/or photographs from the UAS for an authorized purpose. All evidentiary videos and/or photographs obtained while using the UAS will be uploaded to Evidence.com via the Axon Sync software installed on the departmental computers. The videos and/or photographs will be titled and retained in accordance with the existing Body Worn Video Cameras policy. Retrieval and dissemination of these videos and/or photographs will be in accordance with existing policies and procedures governing the use of body worn video cameras and Evidence.com. All official use of the UAS will be documented in a supplemental report filed under the original DR number for the investigation.

Flagstaff Police Department

Flagstaff PD Policy Manual

Drone / Unmanned Aerial Systems Operations

In the event of an accident which causes in excess of \$500 in damage to property (other than the departmental UAS), the Remote PIC will be responsible for submitting an accident report to the FAA within 10 calendar days. Any property damage caused by the UAS, regardless of the amount, will be reported through the City of Flagstaff accident reporting procedures.

354.8 PROHIBITED USE:

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities
- To target a person based solely on individual characteristics, such as but not limited to, race, ethnicity, national origin, religion, disability, gender, or sexual orientation
- To harass, intimidate, or discriminate against any individual or group
- To conduct personal business of any type
- The UAS shall not be weaponized

Registered Offender Information

356.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Flagstaff Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

356.2 POLICY

It is the policy of the Flagstaff Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION

The Detective Section supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Arizona Department of Public Safety (DPS) and the Chief of Police, if any, of the place where the person resides, within three days in accordance with ARS §13-3821.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register (ARS § 13-3824).

356.3.1 CONTENTS OF REGISTRATION

The registration of offenders and duties of the Department shall be performed in compliance with ARS § 13-3821 and in accordance with any department procedures for registrations.

- (a) The steps to process a registrant include:
 - 1. Fingerprinting the registrant.
 - 2. Photographing the registrant.
 - 3. Registrant must sign or affix his/her electronic fingerprint to a statement containing information required by DPS, including (ARS § 13-3821):
 - (a) All names by which the person is known.
 - (b) Any required online identifier and the name of any website or Internet communication service where the identifier is being used.

Flagstaff Police Department

Flagstaff PD Policy Manual

Registered Offender Information

- (d) If the address and physical location are not the same, the registrant shall also provide the name of the owner of the residence if the residence is privately owned and not offered for rent or lease.
 - (e) If the person does not have an address or a permanent residence or has more than one residence, the registrant shall provide a description and physical location of any temporary residence and shall register as a transient not less than every 90 days with the Sheriff in whose jurisdiction he/she is physically present.
- 4. If the registrant has been convicted of an offense in another jurisdiction that would require registration if committed in this state, the registrant is required to provide a sufficient sample of blood or other bodily substance for DNA testing (ARS § 13-3821).
- 5. Within three days of registration, the employee processing the registrant will ensure that copies of the statement, fingerprints and photographs are sent to DPS and the appropriate Chief of Police if the person resides within the jurisdiction of a local police department. If a blood sample has been obtained, the blood sample will also be transferred to DPS.
- (b) Processing a change in registration requires the following steps be taken within three days of a change in registration, excluding weekends and holidays.
 - 1. For a change of name or residence:
 - (a) Forward the change to the Arizona DPS and the appropriate law enforcement agency for the jurisdiction from which the registrant has moved (ARS § 13-3822).
 - (b) Forward a copy of the statement, fingerprints and photograph of the registrant to the local law enforcement agency in whose jurisdiction the registrant now resides.

 - 2. For a change of online identifier, forward the new identifier to the Arizona DPS (ARS § 13-3822).

356.4 RISK ASSESSMENT

The Detective Section supervisor shall categorize each registered sex offender into an appropriate notification level (I, II or III) based on a risk assessment of the registrant (ARS § 13-3825). The supervisor shall submit a report through the chain of command to the Chief of Police or the authorized designee that includes a synopsis of the risk assessment. The Chief of Police or the authorized designee shall make the final determination regarding an offender's risk level and may choose a different level than the one recommended.

- (a) The following steps shall be taken when determining the notification level of a registrant:

Flagstaff Police Department

Flagstaff PD Policy Manual

Registered Offender Information

1. Review items such as the sex offender registration form, parole and corrections materials, the risk assessment completed by the agency that had custody or responsibility for supervising the person, and Arizona Criminal Justice Information System information.
2. Interview the offender.
3. Assemble and review any other relevant resources or reports.

The Detective Section supervisor shall ensure that the registrant is notified, either in person or in writing, of his/her notification level.

356.5 MONITORING OF REGISTERED OFFENDERS

The Detective Section supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the Arizona DPS website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the Arizona DPS. Verification of a registrant's address will be provided to Arizona DPS, upon request.

The Detective Section supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Flagstaff Police Department personnel, including timely updates regarding new or relocated registrants.

356.6 COMMUNITY NOTIFICATIONS

The Department shall disseminate sex offender information in accordance with the following guidelines (ARS § 13-3825):

 1. The offender's photograph and exact address.
 2. A summary of the offender's status and criminal background.
- (b) Campus notification and notification to the administration of an institution of post-secondary education shall be made that an individual required to register as a sex offender is enrolled as a student or is employed or carries on a vocation within the institution.

Flagstaff Police Department

Flagstaff PD Policy Manual

Registered Offender Information

Electronic notification may be used to comply with the requirements above only for persons who have affirmatively chosen to receive notification in that manner. Electronic notification may also be used as an additional method of disseminating information.

A press release with the above information should be sent to the local media for registrants categorized as Level II or Level III offenders.

Employees will not unilaterally make community notification regarding a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police, if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the Arizona DPS website or the Arizona Sex Offender Compliance Team.

The Records Manager shall release local registered offender information to residents in accordance with ARS § 13-3825 and in compliance with Arizona public records law request (ARS § 39-121 et seq.).

356.6.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

356.6.2 DISCRETIONARY DISSEMINATION

Level I offender information shall be maintained by this department. The Chief of Police may authorize dissemination to (ARS § 13-3825):

- (a) Other law enforcement agencies.
- (b) People with whom the offender resides.

The Chief of Police may authorize any updated information obtained from DPS to be disseminated to any other persons or entities that the Chief of Police determines warrant such notification (ARS § 13-3823).

Flagstaff Police Department

Flagstaff PD Policy Manual

The Chief of Police may also authorize community notification of any information regarding circumstances or persons who pose a danger to the community, even if that notification is not specifically listed in the guidelines or in ARS § 13-3825.

- Take an initial report, and turn all information over to the detective, except in traffic accidents where the officer assigned will assist throughout the investigation.

The duty patrol supervisor will ensure that a detective is notified immediately in all department investigated death cases and:

- See that obviously dead persons are not moved until the detective arrives and authorizes the removal.
- Provide any assistance the detectives may require.

360.1.2 DETECTIVE RESPONSIBILITIES

The investigating detective will conduct a thorough investigation of the circumstances surrounding the death. The body shall not be moved without approval of the medical examiners office. The detective must obtain a search warrant for all evidence seized in residences and other areas where such order would be applicable. The detective will notify the medical examiners office if it has not already been done by patrol. The investigating detective is responsible for the following:

- Photographing and documenting the scene as well as the body.
- The collection of all evidence and fingerprinting the deceased person if necessary.
- Completing the identification tag for the body.
- Locating and making arrangements for next of kin notification.

Death Investigation

360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases unless the death is obvious (e.g., decapitated or decomposed). A supervisor shall be notified in all death investigations.

360.2.1 MEDICAL EXAMINER REQUEST

The Medical Examiner or alternate Medical Examiner shall be promptly called in all sudden or unexpected deaths or deaths due to other than natural causes, including but not limited to (ARS § 11-593):

- (a) Death when not under the current care of a health care provider (ARS § 36–301).
- (b) Death resulting from violence.
- (c) Death that is unexpected or unexplained.
- (d) Death of a person in any form of custody (ARS § 13-4401).
- (e) Unexpected or unexplained death of an infant or child.
- (f) Death occurring in a suspicious, unusual or nonnatural manner, including death from an accident believed to be related to the deceased person's occupation or employment.
- (g) Death occurring as a result of anesthetic or surgical procedures.
- (h) Death suspected to be caused by a previously unreported or undiagnosed disease that constitutes a threat to public safety.
- (i) Unidentifiable bodies.

If there is no Medical Examiner or alternate Medical Examiner appointed and serving within the county, the officer shall notify the sheriff, who shall secure a qualified and licensed physician to assume the powers and duties of a Medical Examiner (ARS § 11-593; ARS § 11-594).

360.2.2 SEARCHING DEAD BODIES

The Medical Examiner or his/her assistants and authorized investigators are generally the only persons permitted to move, handle or search a body known to be dead.

An officer may be permitted to make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for the purposes of identification or for information identifying the individual as a donor. If a donor document is located, the Medical Examiner shall be promptly notified.

Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner, the investigating officer shall first obtain verbal consent from the Medical Examiner.

The Medical Examiner, with the permission of the Department, may take property, objects or articles found on the deceased or in the deceased's immediate vicinity that may be necessary for

Death Investigation

conducting an investigation to determine the identity of the deceased or the cause or manner of death (ARS § 11-595(B)).

Whenever personal effects are removed from the body of the deceased by the Medical Examiner, a receipt shall be obtained. This receipt shall be attached to the death report.

Whenever reasonably possible, a witness, preferably a relative of the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer, pending the arrival of the Medical Examiner.

The name and address of this person shall be included in the narrative of the death report.

360.2.3 DEATH NOTIFICATION

Should a human death result from a fire, this department may notify the state or City fire marshal or as allowed by law.

When practicable, and if not handled by the Medical Examiner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. It is recommended that officers utilize victim services workers or a chaplain to assist with next of kin notifications. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner should be advised if notification has already been made.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and the location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

360.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner will issue a "John Doe" or "Jane Doe" number for the report.

360.2.5 UNIDENTIFIED BODIES DATA ENTRY

As soon as reasonably possible, but no later than 30 working days after the date a death is reported to the Department, all available identifying features of the unidentified body including dental records, fingerprints, any unusual physical characteristics and a description of clothing or personal belongings found on or with the body should be forwarded to the appropriate agency for entry into the Arizona state database and the NCIC file.

360.2.6 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

In addition, an officer shall complete an infant death investigation checklist during any unexplained infant death investigation and before any autopsy is conducted (ARS § 36-3506).

Flagstaff Police Department

Flagstaff PD Policy Manual

Death Investigation

The Department shall retain the original infant death investigation checklist and immediately forward a copy to the Medical Examiner and the Department of Health Services (ARS § 36-3506).

360.2.7 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. A supervisor and the Criminal Investigations shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation. Additionally the Duty Commander will be notified.

If the on-scene supervisor, through consultation with Detective Supervisor and/or Duty Commander, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

360.2.8 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment, may ensure that the nearest office of the Arizona Division of Occupational Safety and Health (ADOSH) is notified with all pertinent information.

Identity Theft

362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

- (a) Upon request from a victim, officers presented with the crime of identity theft shall complete a report for crimes occurring in this jurisdiction or for victims who reside or are located within this jurisdiction irrespective of where the crime occurred, pursuant to ARS § 13-2008.
- (b) For any crime not occurring in this jurisdiction with a victim who does not reside within this jurisdiction, the officer may complete a courtesy report to be forwarded to the agency where the crime was committed or, if the location is unknown, to the victim's residence agency.
- (c) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere but the credit card fraud occurred and is reported in this jurisdiction).
- (d) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (e) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and the Arizona Department of Public Safety's Driver and Vehicle Services Division) with all known report numbers.
- (f) Additionally officers should provide or make arrangements for the victim to complete an identity theft packet. Identity theft packets are stored in the report writing room (a copy is also available in appendix A of this policy).
- (g) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

362.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access http://www.azag.gov/cybercrime/ID_Theft.html for additional detailed information.

Identity Theft

362.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/data/idt.shtm> or by telephone at 877-ID Theft (877-438-4338). Additional information may be found at the U.S. Department of Justice (DOJ) website, <http://www.usdoj.gov>.

Private Persons Arrests

364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ARS § 13-3884.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

When requested, officers shall advise citizens of the right to make a private person's arrest as allowed by state law (ARS § 13-3889). The advice shall include how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.
- (c) Private individuals shall be informed of the requirement to take the arrested person before a judge or to a peace officer without unnecessary delay (ARS § 13-3900).

364.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (ARS § 13-3884):

- (a) For a misdemeanor amounting to a breach of the peace, or a felony, committed in his/her presence.
- (b) When a felony has been in fact committed and he/she has reasonable grounds to believe the person to be arrested has committed it.

364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a witness statement. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the witness statement and any other related documents, such as citations and booking forms, officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret and Interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English Proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

LEP Coordinator - The Training Coordinator will serve as the LEP Coordinator.

Qualified bilingual member - A member of the Flagstaff Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY

It is the policy of the Flagstaff Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Uniform Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Flagstaff Police Department

Flagstaff PD Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Flagstaff Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Sergeant and Communications Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Limited English Proficiency Services

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE

Flagstaff Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

368.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Limited English Proficiency Services

368.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Flagstaff Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Flagstaff Police Department

Flagstaff PD Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Limited English Proficiency Services

368.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

Flagstaff Police Department

Flagstaff PD Policy Manual

Limited English Proficiency Services

The Training Officer shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Officer shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

368.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Officer shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters shall have a valid license of competency authorized by the Commission for the Deaf and the Hard of Hearing (ARS § 9-500.41; ARS § 11-269.20; ARS § 12-242; ARS § 36-1971 et seq.).

370.2 POLICY

It is the policy of the Flagstaff Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The Training Coordinator will be the ADA Coordinator, and directly responsible, to the Uniform Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include but not be limited to (ARS § 9-500.41; ARS § 11-269.20):

- (a) Working with the City ADA coordinator regarding the Flagstaff Police Department's efforts to ensure equal access to services, programs, and activities.

Communications with Persons with Disabilities

- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs, and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Sergeant and Communications Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs, and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs, and activities. These factors may include but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate his/her understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Flagstaff Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Flagstaff Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include but are not limited to the assistance methods described in this policy.

Communications with Persons with Disabilities

370.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect, or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking, attorney contacts), members must also provide those who are deaf, hard of hearing or impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Communications with Persons with Disabilities

370.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS

While family or friends of a disabled or impaired individual may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the disabled individual and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

370.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Flagstaff Police Department

Flagstaff PD Policy Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.14.1 QUALIFIED INTERPRETER REQUIRED IN ARRESTS

Upon the arrest of a deaf or hard of hearing person, the arresting officer or supervisor shall make a qualified interpreter available to properly interpret (ARS § 12-242):

- (a) *Miranda* warnings.
- (b) The interrogation of the deaf or hard of hearing person.
- (c) The deaf or hard of hearing person's statements.

370.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS

The Department shall ensure that individuals who are disabled who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used for any interview with a disabled individual during an investigation should not be members of this Department.

370.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue

Communications with Persons with Disabilities

to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Officer shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Officer shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing, or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations, and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing, or have impaired speech. Refresher training should occur every six months.

School Employee Arrest Reporting

372.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a public or private school employee, teacher or non-teacher, has been arrested under certain circumstances.

372.2 SCHOOL EMPLOYEE ARREST REPORTING

In the event a school employee is arrested for any controlled substance offense, a felony involving moral turpitude, child abuse or sexual abuse offense, the Chief of Police or a designee should report the arrest as follows:

372.2.1 ARREST OF A PUBLIC SCHOOL TEACHER

Upon arrest for one of the above crimes, the Chief of Police or a designee may notify by telephone the superintendent of the school district employing the teacher, and give written notice of the arrest to the superintendent of schools in the county where the person is employed.

372.2.2 ARREST OF A PUBLIC SCHOOL NON-TEACHER EMPLOYEE

Upon arrest for one of the above crimes, the Chief of Police or a designee may notify by telephone the superintendent of the school district employing the non-teacher, and may give written notice of the arrest to the governing board of the school district employing the person.

372.2.3 ARREST OF A PRIVATE SCHOOL OR LICENSED DAY-CARE TEACHER

Upon arrest for one of the above crimes, the Chief of Police or a designee may notify by telephone the private school or licensed day-care authority employing the teacher, and may give written notice of the arrest to the private school authority employing the teacher.

372.2.4 ARREST OF A PRIVATE SCHOOL OR LICENSED DAY-CARE EMPLOYEE

Upon arrest for one of the above crimes, the Chief of Police or a designee may notify by telephone the private school or licensed day-care authority employing the non-teacher and may give written notice of the arrest to the private school authority employing the person.

Pupil Arrest Reporting

373.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

373.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested, the arresting officer shall ensure the chief administrative officer of the school or the appropriate designee is ultimately notified of the arrest of a pupil.

373.2.1 PUPIL ARREST AFTER NOTIFICATION

Absent exigent circumstances, officers should make every reasonable effort to notify responsible school officials prior to contacting a student on campus while school is in session.

(a) Reasonable efforts should be taken to coordinate with school officials to minimize disruption of school functions and maintain a low-profile law enforcement presence when contacting a student.

(b) Whenever circumstances warrant the temporary detention or formal interview of a juvenile student on campus, the officers should:

1. When practical and when it would not unreasonably interfere with the investigation, take reasonable steps to notify a parent, guardian or responsible adult, including those phone numbers listed on any contact card on file with the school or provided by the student. All efforts to make contact with parents and/or reasons contact was not attempted should be documented.

2. If efforts to contact a parent, guardian or responsible adult are unsuccessful or not attempted, a formal interview with the juvenile may proceed without them. Upon the request of the juvenile, a school official or lawyer may be present during the interview in lieu of a parent.

3. If contacted, the selected parent, other responsible adult or school official may be permitted to be present during any interview.

- (a) An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult who, in the opinion of the officer, appears to be under the influence of

Pupil Arrest Reporting

alcohol or drugs or is otherwise unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted to be present.

(b) If the officer reasonably believes that exigent circumstances exist which would materially interfere with the officer's ability to immediately interview the juvenile, the interview may proceed without the parent or other responsible adult. In such circumstances, the exigent circumstances should be set forth in a related report.

(c) Any juvenile student who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support; the staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship.

Absent exigent circumstances or authority of a court order, officers should not involuntarily detain a juvenile who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian. In all such cases officers should adhere to guidelines and requirements set forth in the Child Abuse Reporting Policy.

373.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

373.2.3 PARENTAL NOTIFICATION

School administration and the parents of Juveniles shall be notified prior to the questioning of a juvenile on school grounds.

Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

Biological Samples

374.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction, arrest or adjudication for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

374.2 POLICY

374.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

374.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to ARS § 13-610(O) and ARS § 8-238.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the Arizona Department of Public Safety (DPS). There is no need to obtain a biological sample if one has been previously obtained and DPS is maintaining a sample sufficient for DNA testing (ARS § 13-610(G)).
- (c) Use the designated collection kit to perform the collection and take steps to avoid cross contamination.

374.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer, when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.

374.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

Child and Dependent Adult Safety

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or adult abuse investigation. These are covered in the Child Abuse and the Adult Abuse policies.

380.1.1 SEARCH WARRANTS

When at all possible prior to conducting a search warrant at a residence, officers will take all measures possible to identify if there are children present inside the residence. If there is information that children are living at the residence officers will make every effort possible to lessen the impact on the children.

380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Flagstaff Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

It is well known that the children of incarcerated parents are more apt to be incarcerated themselves at a later date. It is our jobs as police officers to take every step possible to promote a positive image to children and although it is impossible to make every arrest out of the view of children we can definitely be more aware of the impact of doing so in front of children. If there are children present during an arrest of a parent, officers need to take the time to talk with the children and explain to them that the situation is not their fault and they are not to blame. Our actions at that time and moment may have long lasting positive effects.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

Child and Dependent Adult Safety

- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. The following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 2. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (c) Notify the Department of Child Safety or the Division of Aging and Adult Services of the Arizona Department of Economic Security if appropriate.
- (d) Notify the field supervisor or Shift Sergeant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known

Child and Dependent Adult Safety

location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. How, where and with whom or which agency the child was placed
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Child and Dependent Adult Safety

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police's facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING

The Training Officer is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Flagstaff Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS

The ADA and Arizona law define a service animal as any dog or miniature horse that is individually trained or in training to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104; ARS § 11-1024).

382.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with

Flagstaff Police Department

Flagstaff PD Policy Manual

Service Animals

service animals with the same courtesy and respect that the Flagstaff Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability (ARS § 11-1024).

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further questions as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteer Program

384.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, certified officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

384.1.1 DEFINITIONS

Definitions related to this policy include:

Volunteer Program Manager -An individual designated by the Chief of Police to oversee the entire Volunteer Program. Until further notice, the Training Coordinator will serve as the Volunteer Program Manager.

Volunteer Coordinator -an individual designated by the Volunteer Program Manager upon approval of the Chief of Police, to assist with the coordination of volunteers.

384.2 VOLUNTEER MANAGEMENT

384.2.1 VOLUNTEER COORDINATOR

The Volunteer Program Manager will be in charge of supervising the volunteer Program. He/she will serve as the central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services.

The Volunteer Program Manager shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions

384.2.2 RECRUITMENT

Volunteers should be recruited in accordance with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist, the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Program Manager. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative

Volunteer Program

and interesting assignments. The Volunteer Program Manager may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

384.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Program Manager or a designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check
- (b) Employment
- (c) References
- (d) Fingerprint check through the Arizona Department of Public Safety (DPS)

A volunteer whose assignment requires the use of, access to or places him/her in the vicinity of criminal histories, investigative files or information portals shall require submission of prints and clearance through DPS and the FBI.

A volunteer who wishes to work in the Records or Evidence will have to complete an extended background and polygraph examination.

384.2.4 SELECTION AND PLACEMENT

Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Program Manager. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening, paperwork, and a public service orientation program (see generally ARS § 38-592(B)(4)).

At the time of final acceptance, each volunteer should complete all necessary enrollment paperwork and will receive a copy of the job description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and with the needs of the Department.

384.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the department, personnel, policies and procedures that have a direct impact on their work assignment.

Flagstaff Police Department

Flagstaff PD Policy Manual

Volunteer Program

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by the Volunteer Program Manager or the Volunteer Coordinator.

Depending on the assignment, training may include:

- (a) Role of the volunteer
- (b) Department policies
- (c) Training specific to the procedure manual for the volunteer position
- (d) Discrimination and harassment training
- (e) CPR/first aid
- (f) Basic traffic direction and control
- (g) Vehicle operations, including specialized vehicles
- (h) Issuance of disabled citations

Training should reinforce to volunteers that they should not intentionally represent themselves as, or by omission infer, that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department. Whenever a rule, regulation or guideline in this manual refers to a sworn officer, it shall also apply to a volunteer, unless by its nature it is inapplicable.

384.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations
- (e) All law enforcement contacts

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

Volunteer Program

384.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by certified officers. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off-duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

384.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers provided the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge

Volunteer Program

any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

384.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn and visible at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

384.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing
- (b) Verification that the volunteer possesses a valid driver license
- (c) Verification that the volunteer carries current vehicle insurance

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and is being operated for maintenance purposes only; that it is being operated during a AZPOST-approved skills course; that it is being used to transport prisoners or equipment; that it is being used to provide supplementary assistance under the direction of an on-duty certified officer. Volunteers are not authorized to operate a Department vehicle under emergency conditions (lights and siren).

384.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the law enforcement radio or MDT and shall comply with all related provisions. The Volunteer Coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

384.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Program Manager. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing. The hearing shall be limited to a single appearance before the Chief of Police or a designee.

Volunteer Program

Volunteers may resign from volunteer service with this department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

384.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

384.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Program Manager. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

384.8 EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL

The Volunteer Program Manager or Volunteer Coordinator shall develop a plan outlining an emergency callout procedure for volunteer personnel.

Internship Policy

385.1 PURPOSE AND SCOPE

It is the policy of The Flagstaff Police Department that being awarded an internship with the department is a privilege. Interns will abide by the policies outlined below. Any questions in reference these policies will be directed to their internship supervisor.

385.1.1 INTERNSHIP ELIGIBILITY

385.1.2 RESPONSIBILITIES AND ACCOUNTABILITY

All interns will be assigned to a fulltime employee by a supervisor. The employee will ensure the Intern follows all Flagstaff Police Department Rules and Regulations, General Orders, Special Orders and current policies. Interns will strictly adhere to the Departmental dress code.

Interns will sign a release of liability waiver and fill out the non-payroll personnel form prior to beginning their internship.

Interns will not work after hours (1700 hours), take calls, or accompany officers on arrests, search warrants or other details where there is a strong potential for violence, unless approved by a Lieutenant or above.

Internships may be cancelled at any time at the discretion of the Deputy Chief.

Native American Graves Protection and Repatriation

386.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

386.1.1 DEFINITIONS

Definitions related to this policy include (43 CFR 10.2):

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional or cultural importance that is central to the Native American group or culture itself and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

386.2 POLICY

It is the policy of the Flagstaff Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

386.3 COMPLIANCE WITH NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Flagstaff Police Department

Flagstaff PD Policy Manual

Native American Graves Protection and Repatriation

Without delay, the appropriate agency or group shall be notified to respond and take control of the scene. These include the following (43 CFR 10.4):

- Federal land - Appropriate agency at the U.S. Department of the Interior or U.S. Department of Agriculture
- State land/Private land - Director of the Arizona State Museum (ARS § 41-844; ARS § 865)
- Tribal land - Responsible Indian tribal official

386.4 EVIDENCE AND PROPERTY

If the location has been investigated as a possible homicide scene prior to identification as a NAGPRA site, investigators shall work with other appropriate agencies and individuals to ensure the proper transfer and repatriation of any material collected. Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.6).

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Flagstaff Police Department with respect to taking law enforcement action while off-duty.

388.2 POLICY

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any certified member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers should remember that their authority as a peace officer may not extend to actions taken outside their jurisdiction unless authorized by law (ARS § 13-3883).

388.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and Department policy. When carrying firearms while off-duty, officers shall also carry their Department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medication or any combination thereof that would tend to adversely affect the officer's senses or judgment.

388.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Flagstaff Police Department officer until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

388.4.3 RESPONSIBILITIES

Civilian members should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING

Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Flagstaff Police Department). If prior contact is not reasonably possible, an officer shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Shift Sergeant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Community Relations

390.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for community relationship-building.

Additional guidance on community relations and outreach is provided in other policies, including the:

- Hate or Prejudice Crimes Policy.
- Limited English Proficiency Services Policy.
- Communications with Persons with Disabilities Policy.
- Chaplains Policy.
- Patrol Function Policy.
- Suspicious Activity Reporting Policy.

390.2 POLICY

It is the policy of the Flagstaff Police Department to promote positive relationships between department members and the community by treating community members with dignity and respect and engaging them in public safety strategy development and relationship-building activities, and by making relevant policy and operations information available to the community in a transparent manner.

390.3 MEMBER RESPONSIBILITIES

Officers should, as time and circumstances reasonably permit:

- (a) Make casual and consensual contacts with community members to promote positive community relationships
- (b) Become reasonably familiar with the schools, businesses and community groups in their assigned jurisdictional areas.
- (c) Work with community members and the department community relations coordinator to identify issues and solve problems related to community relations and public safety.
- (d) Conduct periodic foot patrols of their assigned areas to facilitate interaction with community members. Officers carrying out foot patrols should notify an appropriate supervisor and the Communications Center of their status (i.e., on foot patrol) and location before beginning and upon completion of the foot patrol. They should also periodically inform the Communications Center of their location and status during the foot patrol.

390.4 COMMUNITY RELATIONS COORDINATOR

The Community Relations Sargent will serve as the community relations coordinator. He/she should report directly to the Chief of Police or the authorized designee and is responsible for:

- (k) Assist in the service of civil papers.

400.1.2 TERRORISM

It is the goal of the Flagstaff Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI).

Patrol Function

The supervisor should ensure that all terrorism-related reports and field interviews are forwarded to the Detective Supervisor in a timely fashion. The Detective Supervisor shall review all terrorism-related reports as soon as practicable and contact the Arizona Counter Terrorism Information Center (ACTIC) (877-2-SAVE-AZ) when there is a reasonable suspicion that a terrorism threat exists.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-organization cooperation and information flow between the various divisions of the Flagstaff Police Department.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit will be the central unit for information exchange. All intelligence gathered by officers should be submitted to the Crime Analysis Unit at a minimum. Intelligence specific to special units(METRO, GIITEM, Detectives) should be forwarded to them as well. Criminal information and reports can be submitted to the Records for distribution to all divisions within the Department.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate personnel or sections for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS

Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.4 INFORMATION CLIPBOARDS

Several information clipboards will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. These include, but are not limited to, the local boards, the national information boards, wanted persons, and registered sex offenders.

400.2.5 BULLETIN BOARDS

A bulletin board will be kept in the briefing room and in Criminal Investigations for display of suspect information, investigative reports and photographs. New Special Orders will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the Special Order will be placed on the briefing room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Flagstaff Police Department

Flagstaff PD Policy Manual

Patrol Function

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Officers may consider the current No Trespass Public Notice List established by the Secretary of State when responding to complaints by an employer of unlawful picketing, assembly or mass picketing on an employer's property (ARS § 23-1321; ARS § 23-1326). If the property is identified on the list, officers may not require any additional documentation from the employer to establish the employer's property rights.

Community Oriented Policing Philosophy

401.1 PURPOSE AND SCOPE

Realizing that the people have the ultimate power to control crime, enhance their own safety, and improve the overall quality of life in the community, and the police are the most logical candidates to harness and share this power, the primary focus of the Community Oriented Policing Program is to prevent crime by aggressive proactive tactics including maintaining order, concentrating on "hot spots" of crime, addressing repeat offenders, and collaborating with citizens and other agencies to solve problems.

401.2 COMMAND OFFICERS

Command officers are responsible for providing the support and freedom the line personnel require to move beyond responding to calls as isolated incidents. It is the duty of every employee of the Flagstaff Police Department to promote a partnership of shared responsibility with the law abiding citizens of Flagstaff to deal with community problems affecting the quality of life. Employees are responsible for convincing residents they are not passive recipients of police service, but partners in the policing process, and that all law abiding citizens deserve a say in how they are policed regardless of income or ethnicity. Patrol officers as well as civilian employees must think of themselves as community problem solvers, identifying and altering the underlying dynamics creating the social and physical environment for repetitive problems.

401.3 SUPERVISORS

- (a) Supervisors will assign officers to the same beat as permanently as possible, in order to instill a sense of proprietorship and accountability.
- (b) The supervisor will review, analyze, and evaluate each beat officer's enforcement problems and proposed corrective measures. Management By Objective (MBO) projects will be identified and documented with their progress being reviewed monthly by the supervisor.
- (c) The supervisor will coordinate and direct the beat officers and selective enforcement units to respond to the specific needs of the area.
- (d) The supervisor will provide the motivation, enthusiasm, and autonomy required to allow the line officers to interact with the residents of the beat.
- (e) The supervisor will submit Quarterly Community Policing Reports to the assigned Patrol Lieutenant, listing the various inputs, outputs and outcomes of any beat projects, along with any proposed corrective measures or squad accomplishments.
- (f) The supervisor will maximize the opportunity for face-to-face contact by employing tactics to encourage communication, such as foot patrol, bike patrol, block watches, and neighborhood projects that increase the quality of life for our citizens.

Community Oriented Policing Philosophy

401.4 OFFICERS

The patrol officer will identify the principle crime and order problems confronting his/her assigned beat.

- (a) The patrol officer will obtain information from records, observations, computer data, citizen input, and from other governmental agencies on his/her beat problems.
- (b) The patrol officer will analyze, prioritize, and design corrective strategies to deal with the identified problems utilizing the SARA problem solving model.
- (c) The proposed strategies will be reviewed with the supervisor and incorporated into the Quarterly Community Policing Report.
- (d) The officers, as a problem solver, will use community resources to correct problems on his/her beat such as:
 - 1. Other Flagstaff Police Department personnel or equipment
 - 2. Other Flagstaff City Departments
 - 3. Public and private service agencies
 - 4. Individual citizens or organizations
 - 5. Other police agencies
- (e) Officers are encouraged to identify potential resources and where they are inadequate, help organize and motivate members of the community to address the need.
- (f) Officers will involve the law abiding beat residents in the development of strategies to correct problems and will motivate others to help implement them.
- (g) Officers will disseminate and utilize neighborhood surveys to determine community concerns and form a basis to develop MBO projects or problem solving techniques to address root causes of crime.
- (h) Officers will establish regular and meaningful contact between the police and law abiding citizens, to address the conditions and crimes that affect the quality of life in the local neighborhoods. This contact should be facilitated through:
 - 1. Block Watch Programs
 - 2. Community Support Meetings
 - 3. Social Organizations
 - 4. Face-to-face solicitation of enforcement needs
 - 5. Neighborhood Projects
 - 6. Field Interviews
- (i) The patrol officer will form a functional partnership between the department, the community, and other public and private service organizations.

Flagstaff PD Policy Manual

Community Oriented Policing Philosophy

Bias-Based Policing

402.1 PURPOSE AND SCOPE

The Flagstaff Police Department strives to provide law enforcement to our community with due regard to the racial, cultural or other inherent differences of those we serve. It shall therefore be the policy and practice of this department to provide law enforcement services and to enforce the law equally and fairly without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, gender, sexual orientation, economic status, age, cultural group, disability, or affiliation with any other similar identifiable group shall not be utilized as the basis for providing differing levels of law enforcement service or the enforcement of the law.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationships with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

402.2 POLICY

The Flagstaff Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

402.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

Bias-Based Policing

402.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

402.4.1 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report any information required in the Traffic Function and Responsibility Policy.

402.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

Bias-Based Policing

402.6 ADMINISTRATION

Each year an overview of citizen and administrative complaints will be published in the annual report. The overview shall not contain any identifying information regarding specific citizens or officers.

402.7 TRAINING

Training on racial- or bias-based profiling and review of this policy should be conducted as directed by the Training Section.

Roll Call Briefing Training

404.1 PURPOSE AND SCOPE

Roll Call Briefing training is generally conducted at the beginning of the officer's assigned shift. It is the philosophy of this Department that every day should be a training day. Roll Call Briefing provides an excellent opportunity for the important exchange between employees and supervisors. A supervisor generally will conduct roll call briefing. However, officers may conduct roll call briefing for training purposes with supervisor approval. Roll call training should be held every day if possible but no less than once per week.

Roll Call Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Reviewing new Special Orders or Training Bulletins.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.
- (f) Training shall last at least 10 minutes to qualify as roll call training.

404.2 PREPARATION OF MATERIALS

The supervisor or officer conducting roll call briefing is responsible for collection and preparation of the materials necessary for the training. Materials should be shared with other squads who may benefit from the same roll call training.

404.3 RETENTION OF BRIEFING TRAINING RECORDS

Roll Call Briefing training materials and a curriculum or summary shall be forwarded to the Training Officer for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 POLICY

It is the policy of the Flagstaff Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

406.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.6 EXECUTION OF HEALTH ORDERS

Any certified member of this department is authorized to execute and enforce all orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (AAC § R9-6-303).

406.7 SCENE CLEANUP

Scene cleanup on public property will be requested through the fire department. Private property owners should be advised to contact their insurance carrier or the state's Crime Victim Compensation Program for submitting a claim for reimbursement for a crime scene cleanup (AAC § R10-4-107).

Emergency Services Response Team

408.1 PURPOSE AND SCOPE

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Lieutenant of the Emergency Services Response Teams shall be selected by the Chief of Police upon recommendation of the staff. The SWAT, CNT, and Bomb teams will each be supervised by a team leader. The team leaders shall be selected by the Chief of Police upon specific recommendation by the staff and the ESRT Lieutenant. The following represent the supervisor responsibilities for the Emergency Services Response Team.

The SWAT team leaders' primary responsibility is to supervise the operations of the team, which will include deployment, training, first-line participation and other duties as directed by the ESRT Lieutenant.

The CNT supervisor's primary responsibility is to supervise the operations of the CNT, to include deployment, training, first-line participation and other duties as directed by the ESRT Lieutenant.

The Bomb Team supervisor's primary responsibility is to supervise the operations of the Bomb Team, to include deployment, training, first-line participation and other duties as directed by the ESRT Lieutenant.

408.1.2 SWAT TEAM DEFINED

Special Weapons and Tactics Team - A designated unit of law enforcement officers, including a multi-jurisdictional team, that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit. The Department will maintain a Multi-Agency Tier II SWAT team. Which is an intermediate level team capable of providing containment and intervention. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of their on-duty time should be devoted to training, with supplemental training for tactical capabilities.

408.1 GENERAL SWAT TEAM TIERS DEFINING CAPABILITY AND TRAINING

408.1.1 TIER III TEAM

TIER III SWAT team - Is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level officers. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally 5 percent of the basic team's on-duty time should be devoted to training.

Emergency Services Response Team

408.1.2 TIER II TEAM

TIER II SWAT team - Is an intermediate level team capable of providing containment and intervention. These teams possess tactical capabilities above the Level I teams. 408.1.3 TIER I TEAM

TIER I SWAT team - Is an advanced level team whose personnel function as a full-time unit. Generally 25 percent of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

408.3 POLICY

- (b) It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations that are appropriate. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT commander or a designee.

The following operational procedures will be followed in response to a preplanned event. These types of events include but are not limited to search warrant service, planned drug operations, high risk arrest warrants and fugitive apprehension.

- a. An operational briefing will be conducted by the team leader or designee to inform the team of the situation and provide the operators with their assignments.
- b. The team will conduct a brief back of their assignments to the Team Leader or Designee.

To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Department. Prior to any newly appointed team member becoming eligible for a call-out, he/she must complete a minimum 40 hours of mandatory training. The 40 hours should be completed within six months of his/her appointment.

408.4.2 UPDATED TRAINING

Appropriate team training for the specialized tactical operations functions and other supporting resources should be completed prior to full deployment of the team.

408.4.3 SUPERVISION AND MANAGEMENT TRAINING

Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

- (d) Quarterly each team member shall perform a mandatory qualification course for any specialty weapon issued to or used by the officer during tactical operations. Failure to qualify will require the officer to seek remedial training from a Rangemaster approved by the ESRT Commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

410.1.1 ELIGIBILITY

The Flagstaff Police Department ride-along program is offered to residents, students and those employed within the City. Every reasonable attempt will be made to accommodate interested persons. Any applicant may be disqualified with or without cause from participating in the program.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 15 years of age.
- Prior criminal activity.
- Pending criminal action.
- Pending lawsuit against the Department.
- Denial by any supervisor.

410.1.2 AVAILABILITY

The ride-along program is available on most days of the week. The ride-along times are from 07:30 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Chief of Police, Section Commander or Patrol Lieutenant.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the records personnel. The participant will complete and sign a ride-along waiver form. Information requested will include a valid driver's license, address and telephone number.

Records Personnel will conduct a local background check and a wants and warrants check. The application will then be signed off by a Patrol Lieutenant if approved.

Upon approval, records personnel will schedule a date, based on availability, at least one week after the date of application. If approved, a copy of the ride-along waiver form will be forwarded to the respective Shift Sergeant as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

Ride-Along Policy

410.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every three months. An exception would apply to the following: Chaplains, reserves, non-sworn employees as part of their training program, and police applicants with approval of the Shift Supervisor.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time. When practicable, ride-alongs who request multiple opportunities to participate in the ride-along program should be rotated among officers.

All ride-along applicants are subject to a local background check and a wants and warrants check prior to approval (provided that the ride-along is not an employee of the Flagstaff Police Department). A criminal history will not be run on a ride along applicant, because it is a noncriminal justice purpose.

Ride-Along Policy

410.3 OFFICER'S RESPONSIBILITIES

Officers are encouraged to meet with the ride-along prior to briefing and will make all attempts to include the ride-along in the patrol briefing provided confidential information is not being discussed. Officers and Supervisors will minimize ride-along wait time in the lobby.

- (c) If encountering a potentially dangerous situation, prior to engaging in the incident, the officer should let the ride along participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practicable have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.
- (d) Ride-alongs may not be used for traffic control or in any other official capacity.
- (e) Conduct by a person participating in a ride-along that results in termination of the ride-along or is otherwise inappropriate should be immediately reported to the shift supervisor.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees as a result of their exposure. To comply with Arizona law, the following represents the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - Includes, without limitation, hazardous material, a regulated substance, a pollutant, a contaminant or as outlined in ARS § 26-301(8).

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards. Responders should not perform tasks or use equipment absent proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous material. Identification can be determined by placard, driver's manifest or statements from the person transporting the material.
- (b) Notify the appropriate fire department.
- (c) Provide first aid to injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate and surrounding areas dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
- (e) Responders should remain uphill and upwind of the hazard until a zone of entry and a decontamination area is established.

412.3 REPORTING EXPOSURE

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in a City Injury/Accident Report, which shall be forwarded via chain of command to the Section Commander. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Flagstaff Police Department

Flagstaff PD Policy Manual

Hazardous Material Response

412.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure. Supervisors should ensure the exposed employee is isolated to prevent the spread of exposure to others when appropriate.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the appropriate fire department.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the Flagstaff Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

Should the Incident Commander determine that an emergency situation exists that involves immediate danger of death or serious physical injury to any person and that such may be averted by interception of wire, electronic or oral communications, the Incident Commander should contact the County Attorney and request authorization for an emergency interception (ARS § 13-3012; ARS § 13-3015).

Hostage and Barricade Incidents

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.

Hostage and Barricade Incidents

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the [PIO].

Hostage and Barricade Incidents

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a ESRT response if appropriate and apprising the ESRT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.

It shall be the responsibility of each beat officer to become familiar with all banking institutions in his/her assigned beat, as well as other businesses that are prime armed robbery targets. This will include a working knowledge of all entrances and exits. Each officer is also responsible to position himself/herself at a predetermined location that offers as much concealment as possible with a cover advantage when responding to armed robbery alarm calls.

415.2 DISPATCH RESPONSIBILITIES

When an alarm is received at the Police Department, a dispatcher will immediately activate the emergency tone alert and furnish the following information:

415.4 SUPERVISOR RESPONSIBILITIES

A field supervisor will be responsible for the coordination and control of manpower. It should be noted that a supervisor does not necessarily have to respond to every alarm, but should be aware of the status. In the event that the alarm is founded, he/she will respond and accept notification and deployment responsibilities, i.e. notifying detectives, ambulances, watch commander, roadblocks, negotiators, special teams, etc., start searches and secure the inner perimeter.

415.5 DUTY COMMANDER RESPONSIBILITIES

The Duty Commander will respond to the scene of all founded armed robbery alarms and assume command, working in conjunction with field supervisors and, if necessary, set up a command post.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Flagstaff Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY

It is the policy of the Flagstaff Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Sergeant is immediately advised and informed of the details. This will enable the Shift Sergeant to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

416.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

416.4.1 FLAGSTAFF POLICE DEPARTMENT FACILITY

If the bomb threat is against the Flagstaff Police Department facility, the Shift Sergeant will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

416.4.2 SCHOOL SYSTEMS

The Flagstaff School System has established procedures for handling bomb threats against their institutions. When this Department is called upon for assistance regarding a bomb threat by a school, the Shift Supervisor will respond to the scene and determine how many personnel will be necessary to assist in maintaining order and/or traffic control. It will be the decision of the school administrator in charge to determine the extent of the search (to be conducted by school personnel). The clearing of the school buildings will also be done at the discretion of the school

administrator in charge. If a device or suspect item is found, the ranking officer will then assume command, order evacuation, and request the Bomb Squad to the scene.

416.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Flagstaff, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied, and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Sergeant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.5.1 ASSISTANCE

When a bomb threat/scare is reported in a business, industrial plant, school, theater or other such location, a patrol unit will be dispatched to meet with a responsible person at the scene.

(a) The officer's initial responsibility will be to:

- 1. Obtain pertinent information for the written report.

Flagstaff Police Department

Flagstaff PD Policy Manual

Response to Bomb Calls

2. Summon any other equipment deemed necessary (fire, utility, etc.).

3. Advise the responsible person as to proper procedures to be taken by his/her personnel.

(b) The decision to search the premises, the search itself, and its extent will be the responsibility of the person in charge of the premises. The officer may offer advice and give limited assistance in the search.

(c) The decision to evacuate the premises will also be the responsibility of the civilian in authority at the scene. [REDACTED]

(d) Officers will offer assistance with the evacuation and crowd control. If the officer believes that an extreme emergency exists, he/she will take whatever action is necessary to save lives, including the order to evacuate the building.

(e) There may be an occasion when an officer dispatched to the scene of a bomb scare must make the decision as to whether or not the premises are to be searched (i.e., family resident, small shop owned by a person unfamiliar with explosive devices, etc.). If in the officer's judgment it is necessary that a search be initiated and there is no responsible person present qualified to make it, the officer will conduct the search him/herself. If the officer is in doubt as to whether he/she should assume this responsibility, a supervisor will be contacted.

(f) If an article is found that could be an explosive or incendiary device under a search circumstance, officers at the scene will assume command. The Bomb Squad and a supervisor will be requested at once. All persons will be evacuated to a safe distance and the scene will be secured.

(g) Officers will obtain as much information as possible regarding the incident from all possible witnesses and/or persons in the area. They will remain at the scene for crowd control and any further action necessary. Officers will not handle and will allow no one to handle the device prior to the arrival of the Bomb Team.

416.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:

Response to Bomb Calls

2. Cell phones

- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Sergeant including:
 1. The time of discovery.
 2. The exact location of the device.
 3. A full description of the device (e.g., size, shape, markings, construction).
 4. The anticipated danger zone and perimeter.
 5. The areas to be evacuated or cleared.

416.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

416.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.

- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Sergeant should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a civil commitment should resolve the criminal matter by issuing a notice to appear, as appropriate.

The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. The State of Arizona passed Proposition 203, the "Arizona Medical Marijuana Act", in November 2010. The Department of Health Services, (DHS) is identified as the administrative regulatory agency regarding medical marijuana. The Department of Health Services adopted rules outlining procedural directives governing the administration of the Medical Marijuana Act. General information that all officers should be aware of include:

- (a) The City of Flagstaff has adopted zoning regulations (City Code Title 10, Land Development Code) which regulates medical marijuana dispensaries.
- (b) Arizona's medical marijuana laws do not require any person or establishment in lawful possession of property to allow a guest, client, customer or other visitor to use marijuana on or in that property (ARS § 36-2814).
- (c) Individuals, upon recommendation by a physician, may apply to DHS to be registered as a Qualifying Patient. Qualifying Patients shall be issued a photo identification card, and will be assigned a 20 digit alpha numeric number.
- (d) Caregivers may also apply to DHS. A caregiver may provide marijuana to up to five qualified patients.
- (e) A Qualified Patient may obtain up to 2.5 ounces of "usable" marijuana every two weeks. Additionally, Qualified Patients may cultivate up to 12 marijuana plants IF they reside outside of a 25 mile radius from a Medical Marijuana Dispensary (MMD).
- (f) A Designated Caregiver may possess up to 2.5 ounces of usable marijuana for each Qualified Patient they are caring for. Designated Caregivers may also cultivate up to 12 plants for EACH Qualified Patient they care for IF that Qualified Patient resides 25 miles or more from a MMD.
- (g) The use of medical marijuana by employees of the Flagstaff Police Department will not be permitted.

419.2.1 INVESTIGATIVE PHILOSOPHY

The Arizona Medical Marijuana Act was passed by State voters and authorizes the use of marijuana and marijuana infused consumables (food, oils, etc.) for medicinal purposes. Officers of the Flagstaff Police Department are directed to recognize the use of marijuana under this legislation for medicinal purposes. This legislation, however, is not the passage of a recreational marijuana law, and as such, officers will enforce the law under ARS criminal code when the incident falls outside of the scope of the Arizona Medical Marijuana Act.

When investigating incidents of possession or cultivation of marijuana, officers and investigators will go "above and beyond" to ensure an individual is not a Qualified Patient or Designated Caregiver BEFORE any in-custody arrest or execution of any search warrant. If in doubt, or if further investigation is required in order to assure a suspect of a marijuana investigation is not participating in medical marijuana activities, the officer will generate a complete DC1 report detailing their observations, will conduct follow up investigation and if appropriate, forward that

Medical Marijuana

report to the appropriate resource (i.e.,: Detectives, Metro, City or County Attorney's Office, etc.) prior to effecting an in-custody arrest or seeking a search warrant.

If no crime has occurred, but contact is made with a Qualified Patient, Designated Caregiver, or dispensary or cultivation agent, officers will document their investigation in a DC1 report titled "Medical Marijuana Contact".

419.2.2 INVESTIGATIVE PROCEDURES

In any case involving the possession or cultivation of marijuana, the investigating officer should inquire whether the individual is a cardholder.

- (a) If the individual is not a cardholder, the officer should proceed with normal enforcement action.
- (b) If the individual indicates they are a cardholder, the officer should request the individual present their registry identification card. The officer will determine that the information on the card is valid, and the card is not fraudulent by accessing the DHS website <https://www.azmmvs.azdhs.gov> or by calling 602-364-0798.
- (c) If the individual does not have their card, the officer will inquire whether the individual knows their 20 digit identifying number. If not, the officer will ask for valid identification, complete a DC1 report, seize any applicable evidence (marijuana or paraphernalia), and make arrangements for the individual to present their valid registration card at the police department within 72 hours. After the 72 hour time frame, officers will submit the case to the City Attorney's Office for applicable charging. Evidence may be seized in this case, but may be later released to the suspect if the suspect presents a registration card showing that s/he is a qualifying patient or designated caregiver.
- (d) If an individual has a card, but is in possession of an amount clearly and demonstratively over 2.5 ounces of usable marijuana, the officer may make an in custody felony arrest charging ARS 13-3405A1 regardless of whether the individual is a cardholder.
- (e) Officers shall be aware that the use of marijuana under the Medical Marijuana Act is considered privileged medical information. Therefore, officers shall not disclose to reporting parties or complainants that a subject was using marijuana medicinally, but may advise the complainant an investigation occurred and no crime is being committed.
- (f) Presumptive Defense - Under the Medical Marijuana Act, individuals who are in possession of a registry identification card and who are in possession of an allowable amount of marijuana or are using marijuana have a "presumptive defense" when it comes to contact with law enforcement. This means the officer should initially assume the individual is in legal possession of marijuana until proven otherwise.
- (g) It is the responsibility of the investigating officer to conduct an investigation via the DHS website mentioned above to determine whether the individual is a valid cardholder.

Flagstaff Police Department

Flagstaff PD Policy Manual

Medical Marijuana

Officers are reminded that individuals are not required to carry their registration card. Each cardholder is issued a 20 digit alpha numeric identifier, and it is realistic to believe most will not commit this number to memory. Initially, the DHS website will not be able to search by name or DOB alone (only by the 20 digit identifier).

- (h) If it cannot be determined whether an individual is a cardholder or not, officers are directed once again to document the investigation thoroughly. Officers shall seize marijuana as evidence at that time. Arrangements shall be made to allow the suspect to retrieve their card and present it to the officer (preferably later that shift or the next shift). If verification is made by the officer, the case will be cleared unfounded and the officer will make arrangements to release the seized marijuana back to the individual. If no verification has been made within 72 hours, the officer shall forward the report to the City Attorney's Office for review. If the suspect verifies with the City Attorney's Office that they are a cardholder, the City Attorney's Office will notify the officer charges are declined and officers will arrange for the release of evidence to the individual.
- (i) Officers working the station officer assignment shall be prepared for individuals to come in to the police station and present their card on an investigation conducted by another officer. Station Officers shall verify through the DHS data base that the card is valid, will review the original DR, complete a supplemental report documenting their findings and forward the supplemental report to the original officer, and shall prepare a property release for marijuana or paraphernalia seized by the originating officer. Station Officers will make arrangements for the property seized to be returned to the citizen in these circumstances as soon as possible.
- (j) Originating officers shall forward their reports to the City Attorney's Office for long form complaint after a 72 hour period when a citizen fails to come to the station to verify they are a cardholder. Officers may consider adding the charge of false information to a law enforcement officer in these cases. Officers who receive information back from the City Attorney's Office indicating the defendant verified cardholder status and the case was declined, shall make arrangements as soon as possible to release seized property (marijuana or paraphernalia) back to the defendant.
- (k) In custody arrests for possession of usable marijuana under 2.5 ounces (in the case of a Qualified Patient, or 2.5 ounces for EACH patient if a Designated Caregiver) or marijuana paraphernalia will be made only when the officer is certain the individual is not a cardholder, or if the amount possessed is clearly over 2.5 ounces of usable marijuana. Note that the amount of marijuana unlawfully possessed is only that amount over the "allowable amount". Officers are encouraged to utilize cite and release on misdemeanor cases if applicable.

419.2.3 OTHER VIOLATIONS

- (a) Citizen Contacts - When officers make contacts with individuals who claim they are a cardholder AND the individual is in possession of marijuana, marijuana infused food

Medical Marijuana

or other products or marijuana paraphernalia, the officer will conduct an investigation to determine if that individual is registered with DHS. This investigation will be documented on a DC1 long form report, even if the officer determines the individual is participating in the Arizona Medical Marijuana Act and no enforcement action is taken.

- (b) If the officer determines the individual is legally in possession of marijuana, but using marijuana in public (prohibited by the Arizona Medical Marijuana Act), the officer shall take enforcement action under Flagstaff City Code 6-01-001-0009-General Offense, which reads "It shall be unlawful for any person to commit any act or fail to perform any requirement which is prohibited or required by State law, insofar as such laws are applicable to Municipal government".
- (c) If the officer determines the individual is a cardholder but in possession of marijuana that exceeds the allowable amount as defined in the Medical Marijuana Act, the officer shall weigh only the usable marijuana, after all unusable components are removed (i.e.: seeds and stems).
- (d) **Traffic Stops** - Officers may encounter individuals transporting marijuana under Proposition 203. Medical Marijuana Dispensary agents are allowed to transport marijuana from the dispensary to patients. Agents are also allowed to transport marijuana from a cultivation site to a dispensary. In both cases, agents are required to file a "trip plan" with the dispensary or cultivation site, and should have a copy of this plan in their possession. Officers shall document contacts under this scenario with a DC1 report, and shall exhaust all means to verify these individuals are MMD or cultivation site agents. Officers may also encounter designated caregivers transporting marijuana to a Qualified Patient. Caregivers are not required to have a trip plan. Officers will need to verify the individual is registered as a caregiver through DHS. The encounter should be documented with a DC1 long form report.
- (e) **Application for Search Warrants** - Officers or investigators who develop probable cause to believe individuals are unlawfully cultivating marijuana or unlawfully in possession of marijuana or marijuana paraphernalia shall exhaust all means possible to identify all individuals living or associated with the target address, (to include knock and announce if appropriate). Once identification has been made, officers or investigators shall use all means possible to determine if any of those individuals are cardholders. All search warrants for marijuana possession, marijuana paraphernalia or marijuana cultivation shall be examined closely by a supervisor who will in turn brief the Duty Commander prior to the service of the warrant.
- (f) **DUI Investigations** - With the passage of Proposition 203, officers may encounter an increase of marijuana impaired drivers. Officers should be cognizant that there is no presumptive defense associated with impaired driving. However, individuals legally using marijuana under Proposition 203 will obviously have traces of the drug or its metabolites in their system. Officers should also be aware that currently there is no per se standard in the State of Arizona; in other words, no blood limit for THC. Therefore,

Medical Marijuana

complete careful investigations of DUI marijuana shall be conducted with officers focusing on impairment (FST's, driving behavior, violators conduct and actions, incriminating statements, etc.). Officers arresting Qualified Patients for marijuana DUI shall charge them with 28-1381.A.1 and not charge 28-1381.A.3 for reasons stated above.

419.3 DHS REGULATIONS OF MEDICAL MARIJUANA

Extensive rules have been defined by the Department of Health Services in reference to the administrative requirements governing Medical Marijuana Dispensaries and the actions and prohibitions of Qualified Patients or Designated Caregivers. Officers should educate themselves on these rules. The requirement to notify the DHS of a change of address, for instance is an administrative rule punishable by a \$150.00 civil fine by DHS for those who fail to change their address within ten days. Failure to file a trip plan prior to transporting marijuana by a dispensary agent is another form of administrative rule violation. Officers should be aware that their reports, (and the partnership with DHS) in enforcing these administrative rules is necessary in order to maintain control of this industry. Officers should view this partnership similar to the partnership with the Arizona Liquor Board in relation to sanctions imposed by the Liquor Board for bars violating administrative rules.

- (a) Medical Marijuana Dispensaries and commercial cultivation sites - Because an increase in criminal activity (robbery, burglary, etc.) has been reported in every state that has adopted a medical marijuana law, officers should be aware that Medical Marijuana Dispensaries and Cultivation sites may be a target for criminal activity. Like banking institutions, commercial areas and liquor establishments, it is imperative officers become familiar with the location of MMD's or cultivation sites in their beat area. Officers shall conduct close patrols of these locations with the intent to provide a safe atmosphere for employees and patients accessing these businesses. Officers are encouraged to become familiar with dispensary and cultivation agents, and develop a partnership with them. Officers should conduct walk-throughs of the lobby area and parking lots of MMD's in an effort to provide a high visible presence at these locations.
- (b) Officers should be aware there is no provision in DHS rules allowing inspections by law enforcement of areas not accessible by the public. DHS may conduct an inspection following a five day notice, or an unannounced inspection when in receipt of a complaint of violations by an identified source. Police reports forwarded to DHS documenting rule violations by a dispensary or cultivation site may (at DHS discretion) constitute a complaint from a known source and may result in administrative action taken by DHS.
- (c) Violations - Officers will experience incidents of criminal activity, as outlined above, but will also experience incidents where a violation of the DHS rules have occurred, but no crime has occurred. It is imperative that officers document their observations thoroughly in a DC1 report titled "suspicious activity-medical marijuana", and request

Medical Marijuana

a copy of this report be forwarded to the Department of Health Services for possible administrative action.

- (d) Out of State Patients - A registry identification card, or its equivalent, that is issued under the laws of another state, or territory of the United States that allows a visiting qualifying patient to possess or use marijuana for medicinal purposes in the jurisdiction of issuance has the same force and effect when held by a visiting qualifying patient as a registration identification card issued by DHS in Arizona, EXCEPT that a visiting qualifying patient is not authorized to obtain marijuana from a non-profit medical marijuana dispensary in Arizona.

Citation Releases

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Flagstaff Police Department with guidance on when to release adults who are suspected offenders on a written notice to appear and complaint for a criminal offense, rather than having the person held in custody for a court appearance or released on bail (ARS § 13-3903).

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

420.2 POLICY

The Flagstaff Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a written notice to appear and complaint, when authorized to do so.

420.2.1 DISCRETION TO ARREST

While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department, except in cases of hot or fresh pursuit, while following up on crimes committed within the City, when acting under a joint powers agreement or mutual aid agreement, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances reasonably permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations, the involved officer shall clearly identify him/herself as a police officer.

Officers are authorized to use verbal or written warnings in lieu of arrest or citation to resolve minor traffic and criminal violations when appropriate.

420.3 RELEASE

A suspected offender may be released on issuance of a notice to appear and complaint if the person is arrested for a misdemeanor offense or a petty offense (ARS § 13-3903). Any release pursuant to ARS § 13-3903 does not affect an officer's authority to conduct a lawful search incident to arrest even though the arrested person is released before being taken to a station, booking facility or magistrate (ARS § 13-3903).

420.3.1 FIELD CITATIONS

In most misdemeanor cases an arrestee 18 years or older may be released on citation provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual

Flagstaff Police Department

Flagstaff PD Policy Manual

Citation Releases

and none of the below described disqualifying circumstances are present. Municipal Identification cards and those that do not require proof of identity to obtain, should not be considered official identification for the purposes of citation releases.

420.3.2 JAIL RELEASE

For offenses listed in ARS § 41-1750(C), (title 28 DUI offenses, title 13 domestic violence offenses, shoplifting and misdemeanor drug offense), the person shall not be released until proof of proper identification and a right index fingerprint is obtained. If a 10-print fingerprint card is not completed, the person shall be provided with a mandatory fingerprint compliance form with appropriate information and instructions (ARS § 13-3903(C)).

420.3.3 CITE AND RELEASE PROCEDURE

Under Arizona law the arresting officer of a misdemeanor offense has discretion whether to conduct a full custodial arrest or issue a citation and summons to appear. Even if a citation is issued, the officer may take the cited person to Crisis Stabilization Unit (CSU), or Flagstaff Shelter Services (FSS), if it appears the person meets criteria for admission. When deciding whether to book or cite and release, factors that must not be considered are the person's race, ethnicity, national origin or gender.

- (a) It is the policy of this Department that a cite and release will be issued on misdemeanor offenses when possible, however, in the following circumstances the officer should normally make a full custody arrest:
 - 1. When the offense for which the person is arrested is a violent offense against another (i.e., assault, threats of assault, etc.) or when the incident constitutes disorderly conduct/fighting.
 - 2. The offense for which the person is arrested falls under domestic violence.
 - 3. The person arrested is so intoxicated that he or she could be a danger to himself or herself or to others, or the person refuses or is not qualified for transport to the CSU or FSS.
 - 4. The person arrested requires medical examination or medical care or is otherwise unable to care for his or her own safety and there is no responsible party to release them to.
 - 5. The person has a confirmed arrest warrant.
 - 6. The person refuses or fails to provide satisfactory evidence of personal identification or a verifiable address. Satisfactory evidence of personal identification means documentary evidence bearing a likeness and name of the person, date of birth and physical description matching the individual issued by a governmental agency.
 - 7. Municipal Identification cards and those that do not require proof of identity to obtain, should not be considered official identification for the purposes of citation releases.

Flagstaff Police Department

Flagstaff PD Policy Manual

Citation Releases

8. If the prosecution of the offense for which the person is arrested would be jeopardized by immediate release of the person or unusual circumstances lead the officer to conclude that the suspect should be held for further investigation.
 9. There is a reasonable likelihood that the offense would continue or resume, or that the safety of persons or property would be endangered by defendant's release.
 10. The person arrested refuses to sign the citation or demands to be taken before a magistrate.
 11. There is reason to believe that the person would fail to appear in court. The most important factor in predicting the likelihood of appearance is a prior history of failures to appear. In determining whether a person is likely to appear, the following factors may be considered:
 - (a) The person's ties to the community including valid local address, length of time in the community, employment history, family ties, etc.
 - (b) The person's history of failure to appear in other court cases.
 - (c) Other relevant factors.
- (b) In Misdemeanor DUI investigations, It will be the policy of this department, whenever possible, to cite and release persons who are cooperative and display good ID, following this listed procedure:
- (a) The arresting officer will determine from the suspect if there is a responsible party that can come to the jail after the suspect has been processed. The officer will then facilitate contacting this party and see if they are willing to take responsibility of the subject.
 - (b) The arresting officer may choose to transport the subject to a location where he or she can be released to a responsible party.

420.3.4 FELONY MARIJUANA WAIVER

- (a) Pursuant to the Coconino County Attorney policy titled "Felony Marijuana Waiver", when certain conditions are met Officers may charge suspects with misdemeanor possession of marijuana and or drug paraphernalia. As per the City Attorney's direction, misdemeanor charging will be made via the Arizona Traffic Citation and Complaint Form.
- (b) When the following guidelines are met officers should charge a defendant with misdemeanor possession of marijuana and/or possession of marijuana paraphernalia:
 1. The suspect is not a qualified medical marijuana patient or designated caregiver under the Arizona Medical Marijuana Act.
 2. The marijuana or marijuana paraphernalia was in possession for personal use only (i.e., not for sale). Paraphernalia does not include scales, needles, etc.

Citation Releases

3. The marijuana or marijuana paraphernalia was not possessed in a drug-free school zone.
 4. The amount of marijuana in possession was **less than two and a half** ounces.
- (c) Officers should refer to the Medical Marijuana Policy for further issues involving medical marijuana.

420.4 JUVENILE CITATIONS

Juvenile referrals (and affidavits) should be completed in lieu of the standard Arizona Traffic Citation and Complaint Form for any misdemeanor or felony crime. In any juvenile arrest, the arresting officer will make every reasonable attempt to notify the parents at the earliest possible opportunity. additionally the following will apply:

- (a) All criminal violations involving juveniles shall be documented with a case number.
- (b) Juveniles accused of crimes involving gang activity, violence on school grounds, domestic violence, or felony violations, should normally be booked into Juvenile Detention.
- (c) Juvenile misdemeanor offenders will be released to parents or guardian in lieu of booking into juvenile if parents or guardian are available and display a willingness to cooperate. Officers will then complete the juvenile referral and affidavit, directing the juvenile to appear at juvenile court at a later date.
- (d) Juvenile Status Offenses will be handled by officers completing a referral and/or releasing them to a parent or guardian when possible.
- (e) Officers will transport and book juveniles who have committed status offenses such as incorrigible and runaway into Northland Family Help Center if they can not be released to a parent or guardian. Officers will fill out the Status Offense Booking/Referral sheet prior to leaving the facility.
- (f) Completion of the Arizona Traffic Citation and Complaint Form for juveniles is generally only appropriate for civil traffic offenses, which should be heard in the City Court.

Diplomatic and Consular Contacts

422.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Flagstaff Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

422.2 POLICY

The Flagstaff Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

422.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.
- (f) Record all relevant information from any driver license or identification card, including a driver license or identification card issued by DOS (ARS § 28-1652(2)).

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Diplomatic and Consular Contacts

422.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.
- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
 - 1. Diplomatic-level staff of missions to international organizations and recognized family members
 - 2. Diplomatic agents and recognized family members
 - 3. Members of administrative and technical staff of a diplomatic mission and recognized family members
 - 4. Career consular officers, unless the person is the subject of a felony warrant

 - 1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
 - 2. Support staff of missions to international organizations
 - 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 - 4. Honorary consular officers

422.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

- (a) Within five working days after the date of any traffic stop of persons with diplomatic or consular privileges, forward all of the following to the Arizona Department of Public Safety (DPS) (ARS § 28-1652(3)):
 - 1. If the driver is involved in a vehicle accident, forward the vehicle accident report.

Notes for diplomatic immunity table:

- (a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.
- (b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

- (d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

422.6.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact the Communications Center as soon as practical and request the appropriate embassy/consulate be notified. Officers shall provide the Communications Center with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide the Communications Center with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the U.S. Department of State website.

Rapid Response and Deployment

424.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

424.2 POLICY

The Flagstaff Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In the case of a barricaded or trapped suspect, with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

424.5 PLANNING

The Uniform Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.

Reporting Law Enforcement Activity Outside of Jurisdiction

426.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting law enforcement activity, while on- or off-duty, that is occurring outside the jurisdiction of the Flagstaff Police Department.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Shift Sergeant. If the request is of an emergency nature, the officer shall notify the Communications Center before responding and thereafter notify a supervisor as soon as practicable.

The Duty Commander should be advised of any prolonged deployment or emergency aid provided to another agency when reasonable.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer who engages in law enforcement activities of any type outside the immediate jurisdiction of the Flagstaff shall notify his/her supervisor or the Shift Sergeant at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction shall notify the Shift Sergeant as soon as reasonably practicable.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded to the officer's Division Commander.

Immigration Enforcement

429.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the management of investigations into issues related to immigration enforcement.

429.2 POLICY

This agency shall conduct all immigration enforcement activities in a manner consistent with federal and state laws regulating immigration and protecting the civil rights, privileges and immunities of all persons. This policy will not limit or restrict the enforcement of federal immigration laws to less than the full extent permitted by federal law, nor does it restrict the full enforcement of state laws.

The need for community trust and cooperation is an essential component of effective policing and public safety. In furtherance of this principle, victims and witnesses of crime and individuals who contact this agency to express concerns about our performance or file a complaint **shall not** be the focus of immigration inquiries and should be encouraged to cooperate in the reporting and investigation of crime and complaints.

Whenever a foreign national is arrested or detained in the United States, there are legal requirements an officer must follow to ensure the arrested / detained subject has access to consular assistance from his or her own government. These requirements apply to the arrest or detention of anyone who is not a United States citizen, including permanent resident aliens and illegal immigrants. Officers should refer to the diplomatic and consular contacts policy (#432) for proper protocol.

429.3 DEFINITIONS

ICE/CBP – “Immigration and Customs Enforcement, or Customs and Border Protection.

Reasonable suspicion - when an officer is aware of specific, articulable facts which, when considered with objective and reasonable inferences, form a basis for particularized suspicion. The requirement of particularized suspicion encompasses two elements. First, the assessment must be based upon the totality of the circumstances. Second, that assessment must create a reasonable suspicion that the particular person is unlawfully present in the United States.

ICE Referral Form- Form (attached) that is utilized by officer to document aliens that have civil only detainers, administrative warrants, or any detainee questioned and suspected of unlawful immigrant status but released. This form will be documented with an FPD DR, and turned into Records via the normal report submission process. Records will forward this form to ICE.

429.4 CONSENSUAL CONTACTS

Flagstaff Police Department

Flagstaff PD Policy Manual

Immigration Enforcement

- (a) State laws related to immigration enforcement neither expand nor limit an officer's ability to approach a person and engage that person in a voluntary conversation. During that conversation, the officer may inquire about any subject matter. The person contacted does not have to answer questions or produce any identification, but may choose to do so voluntarily. Officers do not have the authority to demand that a person "show their papers." If during the contact, the officer develops reasonable suspicion that the person has committed, is committing or is about to commit a crime, then the officer should proceed as provided in Section 429.5 below.
- (b) Officers should exercise discretion in making immigration status inquiries during consensual contacts with juveniles, victims and witnesses of crime. Officers shall refrain from making such inquiries of victims, witnesses, or those making citizen's complaints as discouraging cooperation is likely to hinder or obstruct the investigation and can negatively impact overall community trust and confidence. Immigration status inquiries should only be made when necessary to further an investigation. In order to avoid perceptions of bias based policing (including racial profiling) during consensual contacts, officers should be consistent in asking persons for their identification.
- (c) In no event shall race, color or national origin play any role in an officer's decision to inquire about immigration status in consensual encounters.

429.5 PERSONS LAWFULLY STOPPED OR DETAINED

If, during the course of a lawful stop or detention of a person ("detainee"), an officer subsequently develops reasonable suspicion to believe a detainee is an alien and is unlawfully present in the U.S., the officer must make a reasonable attempt to determine the immigration status of the detainee with ICE/CBP. There are two exceptions to this requirement:

- (a) When it is not practicable
 - 1. In determining whether it is practicable, officers should consider things such as work load, criticality of incident and of other present duties, available personnel on scene, location, available back-up, ability to contact ICE/CBP and availability of ICE/CBP.
- (b) When the determination may hinder or obstruct an investigation
 - 1. The officer should consider when or whether to investigate immigration status in light of the need for suspect, victim and witness cooperation in an investigation (this consideration is not necessarily limited to the investigation for which you have detained the person). For example, complex investigations of money laundering, human trafficking and drug smuggling may require significant cooperation of those involved.

In establishing whether there is reasonable suspicion to believe a person is an alien and unlawfully present in the U.S., an officer shall not consider the detainee's race, color or national origin, except to the extent that an officer may ask about a person's citizenship. If the detainee presents one of the following types of identification, it is presumed that the detainee is lawfully present in the U.S.

Flagstaff Police Department

Flagstaff PD Policy Manual

Immigration Enforcement

No further investigation into the person's status is necessary, unless there are additional facts that cast doubt on the person's lawful presence:

- (a) A valid Arizona driver license,
- (b) A valid Arizona non-operating identification license,
- (c) A valid tribal enrollment card or other form of tribal identification, or
- (d) If the entity requires proof of legal presence in the U.S. before issuance, any valid U.S. federal, state or local government issued identification.

If reasonable suspicion exists to believe the person is unlawfully present, and if the detainee does not present presumptive identification or meet one of the exceptions that are listed in section 429.5 (a) and (b) above, the officer shall make a reasonable attempt to determine the person's immigration status. In determining whether reasonable suspicion exists the officer shall take into consideration the totality of the circumstances. Circumstances that may be considered include, but are not limited to::

- (a) lack of or false identification (if otherwise required by law)
- (b) possession of foreign identification
- (c) flight and/or preparation for flight; engaging in evasive maneuvers, in vehicle, on foot, etc.
- (d) voluntary statements by the person regarding their citizenship or lawful presence
 - (a) Note that if the person is in custody for purposes of Miranda, s/he may not be questioned about immigration status until after the reading and waiver of Miranda rights.
- (e) foreign vehicle registration
- (f) counter-surveillance or lookout activity
- (g) in company of other unlawfully present aliens
- (h) location, including for example:
 - (a) place where unlawfully present aliens are known to congregate looking for work
 - (b) a location known for human smuggling or known smuggling routes
- (i) traveling in tandem
- (j) vehicle is overcrowded or rides heavily
- (k) passengers in vehicle attempt to hide or avoid detection
- (l) prior information about the person
- (m) inability to provide their residential address
- (n) claim of not knowing others in same vehicle or at same location
- (o) providing inconsistent or illogical information
- (p) dress

- (q) demeanor " for example, unusual or unexplained nervousness, erratic behavior, refusal to make eye contact
- (r) significant difficulty speaking English

When reasonable suspicion exists to believe a detainee is an alien and present in the U.S. unlawfully but there are no state or local criminal violations, the officer shall contact ICE/CBP, unless presumptive identification is presented or one of the exceptions in 429.5 (a) and (b) of this order applies.

- (a) The officer through dispatch shall contact the ICE Law Enforcement Support Center at 1-802-872-6020 to advise the Center that the officer has a person detained and needs to have the person's name, date of birth and alien number (if available) checked in the ICE database. The officer shall make a notation in the dispatch call notes of "immigration investigation".
- (b) If ICE/CBP advises the officer that there are federal criminal charges against the detainee, then the officer shall determine whether ICE/CBP will respond to take the person into custody or whether the officer should arrest the detainee and transport them to the Coconino County Jail. If the officer makes an arrest under these circumstances then a supervisor must be notified upon completion of the investigation.
- (c) If ICE/CBP advises the officer that the detainee only has federal civil charges, then the officer shall ask whether ICE/CBP will respond. The officer may not extend the initial lawful stop based upon the federal civil charges. Once the investigation related to the initial lawful stop has been completed, the detainee must be released unless the officer has developed reasonable suspicion or probable cause relating to other criminal activity. Without the person's consent, officers shall not transport the person based solely upon a federal civil violation.
- (d) If ICE/CBP is unable to indicate whether the federal charge against the detainee is civil or criminal, then the officer shall treat the charge as civil pursuant to paragraph (3) above.
- (e) If ICE/CBP does not answer or if they are unable to immediately verify that the detainee is unlawfully present, ICE/CBP should be asked to re-contact the officer if and when any information is available. The officer may then proceed to process the detainee as the officer would otherwise under our existing procedures. The officer shall not extend the detention solely to wait for ICE/CBP to respond. If the officer obtained relevant information during the lawful stop, the officer shall fill out an ICE referral form. The referral form will be submitted to records with the accompanying documents (Citation, Warning, etc) The referral report shall be submitted to ICE by records. The officer shall make a notation in the dispatch call notes of "immigration investigation".
- (f) If ICE/CBP verifies the subject has no records or is not wanted for civil or criminal charges, the officer does not need to complete the Ice Referral Form as long as the reasonable suspicion to conduct the inquiry will be covered in the call notes or a connecting report.
- (g) The U.S. Department of State does not consider it necessary to make consular notification in instances where the detention of a foreign national is for a short period

Immigration Enforcement

of time. A routine traffic stop or accident investigation generally will not detain the national for more than a brief time, so notification is not necessary.

- (h) Juveniles who are detained based upon reasonable suspicion to believe they are involved in criminal activity shall not be asked about immigration status without the presence of a parent, guardian or attorney. Officers may ask for presumptive identification if appropriate, and may consider statements offered by the juvenile in determining whether reasonable suspicion exists to believe the juvenile detainee is unlawfully present in the U.S.

429.5.1 DOCUMENTATION OF REASONABLE SUSPICION

- (a) If an officer does an Ice inquiry on a stop or FI, and the suspect comes back clear Officers must list their reasonable suspicion in the call notes of the stop or FI (on the MDC). The officer shall also make a notation in the dispatch call notes of "immigration investigation".
- (b) If an officer does not get a timely return from ICE, the officer will complete the Ice Referral Form, where they will list their reasonable suspicion. The officer shall also make a notation in the dispatch call notes of "immigration investigation".
- (c) If an officer receives a civil hit, the officer will list their reasonable suspicion in the Ice Referral form. The officer shall also make a notation in the dispatch call notes of "immigration investigation".
- (d) If an officer receives a criminal hit they will list their reasonable suspicion in the report. The officer shall also make a notation in the dispatch call notes of "immigration investigation" and inform their supervisor of the arrest upon completion of the investigation.
- (e) Detectives will cover how they established reasonable suspicion in their detective supplemental report.

429.6 ARRESTS

- (a) Officers are required to verify the immigration status of all arrestees unless it can be verified through one of the forms of presumptive identification as outlined above. If a person is arrested and booked into jail the officer does not need to make the required immigration inquiry as that will be done by the jail prior to their release from custody.
- (b) When an officer arrests a person for a misdemeanor and is considering whether to cite and release the person, and has reasonable suspicion to believe the individual is undocumented, the officer through dispatch shall contact the ICE Law Enforcement Support Center at 1-802-872-6020 to advise the Center that an officer has a person under arrest and needs to have the person's name, date of birth and alien number (if available) checked in the ICE database.

Flagstaff Police Department

Immigration Enforcement

1. If ICE/CBP does not answer or if ICE/CBP is unable to verify that the arrestee is unlawfully present, then the officer will proceed to handle the arrestee according to agency policy, which may result in the issuance of a citation/referral and the release of the arrestee.
 2. If ICE/CBP verifies that the person has federal civil or criminal charges, then the officer may ask the federal agency to transport the person, the officer may transport the person to the agency, or the officer may transport the person to jail for booking on the state charges. FPD officers will not transport persons to jail on federal civil charges alone.
 3. If verification is made by the agency, the fact that verification was made and by whom will be documented in the DR. And the officer shall make a notation in the dispatch call notes of "immigration investigation".
- (c) When an officer arrests a person and is going to book the person into a jail facility, they do not need to inquire about their immigration status; however, they may need to ask about their country of citizenship for consular notification. As required by Arizona law, all persons who are to be booked into jail shall be asked about their country of citizenship, with the answer/s documented in the departmental report:
1. What is your country of citizenship?
 2. Where were you born?
 - (a) If the answer is other than the United States, officers will ask the arrested person if they have dual United States citizenship. Additionally, the following questions should be asked, but only after Miranda warnings have been given (if a juvenile, use appropriate Miranda warnings) and a waiver obtained.
 1. Are you in the United States legally?
 2. Do you have any registration documents or other proof of lawful presence?
- (d) In situations where a Foreign National is arrested but cited and released a short time later, it is unnecessary to notify their consulate. If, however, the Foreign National is being detained for a significant length of time (whether or not they are under arrest), it becomes necessary to advise the Foreign National of their right to have their consulate notified of their arrest or detention. Booking a Foreign National into jail or detaining them for several hours while questioning would require the officer to make the admonishment and any requested notification. This applies for the arrest of any Foreign National, whether they are in this country legally or not.

429.7 DETENTION AND REMOVAL ORDER (DRO) HOLDS (USUALLY A NCIC HIT)

- (a) The Detention and Removal Office is a unit of ICE that has the responsibility of detaining and transporting undocumented persons apprehended by ICE, CBP and local law enforcement.

Immigration Enforcement

- (b) Once a person has been identified as being in the United States unlawfully, ICE will issue a DRO hold, which can be for criminal or civil violations.

- (c) If an officer or dispatch receives a DRO notification from ICE, the following will be done:
 - 1. Call the phone number on the DRO notification to determine whether the DRO hold is criminal or civil.
 - 2. Detain and transport for criminal orders, if requested to do so by ICE.
 - 3. Complete a departmental report containing all relevant information.
- (d) Without the person's consent, officers will not transport for civil violations or continue to detain if the only violation is a civil DRO hold.
- (e) Consular notification procedures shall be followed if an arrest and transport is made.

429.8 NCIC ICE IMMIGRATION VIOLATOR FILE

- (a) ICE keeps a record of aliens who have been convicted of a felony crime in the United States and have since been deported to their country of citizenship. This record is known as the Deported Felon File which is located in the NCIC Immigration Violator File.
- (b) The Immigration Violator File contains the following additional categories:
 - 1. The ICE Absconder category, which contains the records for individuals with an outstanding administrative warrant of removal from the United States who have unlawfully remained in the United States.
 - 2. The ICE National Security Entry/Exit Registration System (NSEERS) category, which contains the records for individuals whom the Department of Homeland Security (DHS) and ICE have determined have violated registration requirements for entry into the United States.
 - 3. ICE enters this information into the NCIC Immigration Violator File.
 - 4. Police officers will not take enforcement action on Administrative Warrants or NSEERS hits, as these are civil or other non-criminal federal matters.
 - 5. The NCIC query results will advise whether the information displayed is an Administrative Warrant hit or a Deported Felon File hit.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department and City Utilities Department have personnel available to handle emergency calls 24 hours per day, seven days a week. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. The City of Flagstaff Utilities Department can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel from utilities should be called as soon as practicable by the Communications Center.

The utilities department should also be advised of any damaged or leaky fire hydrants. An officer or the Fire Department may be dispatched to ascertain the nature of the leak or problem prior to calling out the utilities department.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or Public Works should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS AND WELLS

Public Works maintains the underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

City Utilities maintains the reservoirs and public water equipment, and should be advised of any suspicious activity or damage to their facilities.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by the Communications Center.

430.2 TRAFFIC SIGNAL AND STREET LIGHT MAINTENANCE

City Public Works is responsible for all traffic signals that do not belong to the Arizona Department of Transportation. Public Works contracts with a private company to furnish maintenance for all street lights, however in the case of an emergency involving either traffic lights or street lights, they will be the point of contact.

Flagstaff Police Department

Flagstaff PD Policy Manual

Emergency Utility Service

430.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

433.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 RESPONSIBILITIES

The dispatch of emergency equipment will be the responsibility of the airport management and police/fire dispatcher. The amount of equipment and number of personnel responding to the alert will be specified in a predetermined response procedure.

Alert One - An aircraft is experiencing a malfunction, but is not currently in danger. Fire Department should be placed on stand-by in quarters. FPD will be advised, and may begin responding toward the airport, code-1.

Alert Two - An aircraft is having malfunction and a crash may be imminent. The Fire Department will begin its response. FPD is advised, and will begin responding toward airport, code-1.

Alert Three - A crash has occurred. FPD will respond Code -3 unless other first responders are on scene. As soon as feasible a command post will be established at the airport. The Unified Command Structure established by the City of Flagstaff will be utilized. No police cars will enter the taxi area or runways until it is cleared through the control tower.

433.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.

Aircraft Accidents

- (f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

433.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

Aircraft Accidents

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.

At a minimum, the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of FPD members deployed to assist; other City resources that were utilized; and cross-reference information to other investigating agencies. Suspected criminal activity should be documented in the appropriate crime report.

433.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.

Aircraft Accidents

- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.9 MEDIA RELATIONS

The Public Information Officer ([PIO]) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The [PIO] should coordinate with other involved entities before the release of information.

Airport Security and Screening Policy

434.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to employees of the Flagstaff Police Department, who are assigned or are responding to incidents related to the Flagstaff Pulliam Airport.

434.1.1 JURISIDITION

The TSA and the Federal Bureau of Investigation (FBI) have jurisdictional powers over aviation related crimes and violations occurring at the Airport. Departmental assigned Airport Officers serve as a law enforcement presence for the airport security function and as an entity capable of quick police response to the airport in an effort to ensure the safety of persons against acts of criminal violence and aircraft piracy. TSA, not FPD, is responsible for passenger screening and denying boarding to all passengers found to be in violation of any criminal or aviation related crime, or who refuse to submit to passenger screening.

434.1.2 DEFINITIONS

Aviation Security Contingency Plan (AVSEC) - The application of counter-measures to threats by geographic location, air carrier, airport, threat vector, or any combination thereof, and only for the time considered necessary, thereby more efficiently allocating industry and government resources. AVSEC Plans are used to ensure that the TSA, airport operators, and air carriers are able to respond on short notice to all civil aviation threats.

Secured Identification Display Area (SIDA) - A secured area on Airport grounds where all employees are required to have a personal identification badge showing.

Sterile Area - The area beyond the passenger screening checkpoint which includes the remainder of the boarding room and SIDA. All persons and their carry-on luggage in this area have been screened.

Transportation and Security Administration (TSA) - An agency of the U.S. Department of Homeland Security which is responsible for the safety and security of the travelling public. They are responsible for the screening of passengers at the Flagstaff Pulliam Airport.

434.2 AIRPORT TERMINAL SECURITY PROCEDURES

434.2.2 TRAFFIC AND PARKING ENFORCEMENT

Pulliam Dr (the road which leads into / out of the airport) is a private drive. All vehicle collisions are to be done on a Private Property Accident form.

- (a) The drop off and parking areas at the Airport are given special consideration due to their proximity to the Airport. The following checks should be conducted as often as possible depending on screenings and call load. In regards to the front curb/drop off area:
1. Cabs/limos have assigned parking (cannot be left unattended).
 2. Delivery vehicles have assigned parking on the westerly approach to the terminal or in the public parking lot.
 3. Rental car agencies have designated parking to the east end of the terminal.

terminal, they should first check for suspicious items in or on the vehicle. If nothing is obvious the reasonable course of action would be:

1. Run 28/29 for R/O and ATL in terminal for owner or driver.
 2. Make an announcement over Airport PA system for owner.
 3. Issue a citation for the vehicle if warranted.
 4. Tow the vehicle after notifying the Airport Operations Personnel if the R/O cannot be located to remove vehicle.
 5. Document repeated violations on a DC-1 report and forward to the TSA inspector for civil action.
- (c) Parking at the Airport is free for the flying public. Officers will closely patrol the private lot at Wiseman Aviation located off Shamrell. The main terminal parking lot is divided into sections and assignments are made to officers assigned to the airport. Officers will adhere to the following:
1. Officers are responsible for maintaining parking lot logs for their assigned areas once every two weeks. (Logs are located on the Airport "shared" drive).
 2. Officers must compare previous logs making note of vehicles still parked in the same parking spots.
 3. Vehicles found still parked in the same location when compared to a previous log must be checked for wants (10-29).
 4. Vehicles should also be checked against the long term parking log provided by the Airport Administration.
 5. Vehicles parked longer than 2 weeks are required to notify Airport Administration at 928-556-1234.
 6. Check for illegally parked vehicles on curb ends and lines/marks. Warnings are located on Airport "shared" drive. Airport administration does not want vehicles ticketed or towed.
 7. Check for vehicles parked in handicapped parking spots without proper placards or plates. Vehicles shall be ticketed for these violations. Often handicap placards are taken with passengers when they travel and are issued an exclusionary pass issued by the Airport Police which is placed on the dash of the vehicle. This pass is located on the Airport "shared" drive.
 8. No vehicles shall be removed to aid in snow removal unless extenuating circumstances arise i.e. a stuck vehicle blocking an entrance or exit and the R/O cannot be contacted to remove the vehicle. Contact the on duty supervisor prior to towing any vehicle from Airport parking lots.

434.2.3 UNATTENDED BAGGAGE AND FOUND PROPERTY

The following procedures should be followed by officers when dealing with unattended baggage or found property at the Airport:

- (a) ATL for owner (check for owner tag on exterior of bag and sometimes found inside of an exterior pocket).
- (b) If the bag has a current Airlines tag it can be returned to the airline.
- (c) TSA will not security screen the bag for you unless the item has an identified owner and the owner turns the bag into the Airline for screening (TSA policy).
- (d) Untagged luggage is the officer's responsibility (found property report).
- (e) If the bag is found to be abandoned and the owner cannot be located and no other suspicious indicators are present, the bag will be searched for suspicious items/ inventoried. The officer will request a DC-1 report and place a business card inside of the luggage which is turned into the airport administration lost property for a period of no more than 48 hours. If the bag is not claimed the item will be placed into evidence at the Police department as found property in accordance with our policy.
- (f) If the bag is involved in some other suspicious activity and is unattended or abandoned (suspiciously placed, making noise, smoking, suspicious person associated with it etc), officers will handle it on a case by case basis determined by the totality of the circumstances, and contact a supervisor and the Pulliam Airport Fire Crew.

Department personnel shall support the efforts of the outside Agency and escort them to perform their duties while on Airport property. In the event of a K-9 alert it is the responsibility of the outside agency to obtain a search warrant based on their observations. A DC-1 report will be taken by the assisting officer and any potential criminal charges will be the responsibility of the Flagstaff Police Department.

434.2.5 ADDITIONAL DAILY DUTIES OF ASSIGNED OFFICERS

Occasionally there will be passengers who arrive late at the Airport. These passengers will be directed to the U.S. Airways ticket counter and advised of the service button on the counter to attract the attention of the U.S. Airway employees. At no point will an Officer notify U.S. Airways

of late passengers or will an Officer attempt to get the late passenger on the flight. Officer's main concern is to keep the peace inside of the Airport.

Officers will open the door for passengers from the SIDA area into the terminal only when requested by an U.S. Airways employee. Officers will ensure that no one enters the SIDA area without the proper credentials. SIDA badges must be visible at all times. Airport Personnel who "challenge" an individual found in the SIDA to produce a "SIDA" badge are required to contact a LEO if that person becomes uncooperative per the Pulliam Airport Security Program. If escorting anyone not badged to be in the SIDA they are to be continuously monitored while within the secured sterile area or SIDA area in a manner sufficient to identify whether the escorted individual is engaged in activities other than those for which escorted access was granted.

Additional daily duties of assigned officers include:

- (a) Routinely checking the Coplogic system per FPD policy.
- (b) Routinely checking the Graffiti Hotline (556-2311).
- (c) Ensuring that all reports generated at the Airport which occur on Airport Property are routed to "Airport".
- (d) Checking a SIDA badge (photo, expiration etc) of someone in the SIDA area at least once per shift and document on the Security Patrol Log (If not current or incorrect contact the fire crew at 928-699-0750).

434.3 AIRPORT SCREENING CHECK POINT PROCEDURES

TSA personnel will perform all screening of passengers at the Flagstaff Pulliam Airport. Screening is accomplished by TSA personnel through the use of metal detection equipment, x-ray equipment, and/or visual or physical inspection. Police officers are not to perform the regularly scheduled screening process of passengers in absence of being directed to do so by a departmental supervisor. TSA, not FPD, is responsible for passenger screening and denying boarding to all passengers found to be in violation of any criminal or aviation related crime, or who refuse to submit to passenger screening.

Responsibilities of FPD officers assigned to or responding to the airport for a screening are as follows:

- (a) Provide an armed deterrence to criminal activity.
- (b) Respond to situations where an individual is interfering with the activities of the screening checkpoint.
- (c) When requested by an on-duty screener, assist in preventing prohibited items from entering the sterile area.
- (d) Notify the FBI to determine if an incident will be handled in the Federal jurisdiction.
- (e) Take appropriate action if a violation of the law occurs.

Flagstaff Police Department

Flagstaff PD Policy Manual

Airport Security and Screening Policy

- (f) Provide for the overall security of the screening checkpoint, terminal, employees, and passengers.
- (g) Take control of illegal items that are discovered at the checkpoint.
- (h) Determine whether the credential and badge presented by an armed Federal, State, or local LEO, or an armed security company employee appears to be issued by the appropriate organization, including the review of a Federal Flight Deck Officer (FFDO) credential, without badge, when presented at the screening checkpoint.
- (i) Take appropriate action in accordance with local law enforcement policy when it is determined that the credential or badge presented above, does not appear to be official.
- (j) Escort armed security guards while in the sterile area.
- (k) Be at the screening checkpoint 40 minutes prior to flight time (or earlier if requested by TSA) and in the area 70 minutes prior to flight time for passenger check in and checked baggage screening.
- (l) Deal with prohibited items in accordance with our policy.
- (m) Officers will not leave the screening checkpoint until the aircraft is airborne.

434.3.1 PASSENGER SCREENING AREA

All persons and property are subject to screening upon entering the screening area. Screening of personal property begins when they place the items on the x-ray belt or the individual hands the property to TSA security personnel. The screening process must be completed by TSA and the property cannot be recovered until the property has completed screening. (PER TSA POLICY)

The screening process of an individual begins when he or she provides their identification and boarding pass to the TSA screener at the walk-through metal detector or other equipment designed to screen the individual. They will not be allowed to enter the sterile area or board a plane without completing the screening process. (PER TSA POLICY)

According to TSA policy an individual cannot withdraw their consent of the screening process once it has begun and the screening process must be completed by TSA personnel only. If the individual continues to refuse the screening process the FPD Officer shall contact the FPD on duty supervisor and advise them of the situation. See *United States v. Daniel kuualoha Aukai* 2007 (FBI 928-774-0631). Without exigent circumstances or reasonable suspicion to believe a crime is or has been committed, no individual or property will be detained or seized by FPD.

At no time will a Flagstaff Police Officer conduct a search of an individual during a screening process without prior consent from an on duty supervisor unless in accordance with our General Orders. (SEE TERRY VS OHIO)

No individual may enter a sterile area or board an aircraft without submitting to the screening and inspection of his or her person and accessible property. For the purposes of this section the

Airport Security and Screening Policy

screening area is from the roll up gate and includes the sectioned off area inside the boarding room. The "Sterile Area" are those beyond the passenger screening checkpoint which includes the remainder of the boarding room and SIDA. (Title 49 1540.107)

434.4 AVIATION SECURITY CONTINGENCY PLANS (AVSEC PLAN)

The TSA developed the Aviation Security Contingency Plan (AVSEC Plan) to ensure that the TSA, airport operators, and air carriers are able to respond on short notice to all civil aviation threats.

The AVSEC Plan will allow the TSA to target the application of counter-measures to threats by geographic location, air carrier, airport, threat vector, or any combination thereof, and only for the time considered necessary, thereby more efficiently allocating industry and government resources.

Whenever possible the TSA will direct the implementation of counter-measures only at operations subject to threat. For example, if TSA is able to determine that the threat affects only a specific air carrier or airport, TSA would require that individual air carrier or airport to implement appropriate countermeasures, or, if TSA is able to determine there is a specific threat to hijack an aircraft, TSA would not require measures related to aircraft sabotage or airport assault.

It is the TSA's responsibility to identify the appropriate AVSEC Alert Level and to determine which countermeasure to apply, and where. In any particular situation, the TSA will implement the AVSEC Plan by notifying airport and air carriers of the AVSEC Alert Level declared, and the specific countermeasures to be implemented.

Law Enforcement personnel therefore must have a general understanding of the four (04) AVSEC Alert Levels, and the appropriate law enforcement role in the response.

434.4.1 AVSEC ALERT LEVELS (POLICE PROCEDURES)

AVSEC Alert Levels - The four AVSEC Alert Levels described below correspond to various levels of threat to security. The TSA will determine whether to increase or decrease the AVSEC Alert Level for civil aviation security. The specific AVSEC Level assigned will indicate the TSA's overall assessment of the threat. The TSA has identified below typical responses for each AVSEC Alert Level, but will determine on a case-by-case basis, which countermeasures to require in response to a specific threat condition.

AVSEC Alert Level I - Political tensions may provoke elements hostile to the US to initiate demonstrations and/or low level attacks against symbols of the US; or there is reason to believe that civil unrest could increase the risk to civil aviation.

- Police Procedures shall include the high visibility patrols of airport facilities and FI's of all suspicious persons and vehicles.

AVSEC Alert Level II - Information suggests that groups previously known to attack civil aviation may be preparing actions against symbols of the US, or civil disturbances with the potential to affect civil aviation are likely.

- Police Procedures:

Flagstaff Police Department

Flagstaff PD Policy Manual

Airport Security and Screening Policy

- Law enforcement may be requested to provide surveillance, act as deterrent, and respond as necessary to security related incidents.
- Certain areas may be recommended for additional patrol.
- FPD Emergency Response Teams (SWAT, Bomb Team, Negotiations) may be advised or placed on stand-by.

AVSEC Alert Level III - Information indicates a terrorist group or other hostile entity with a known capability of attacking civil aviation is likely to carry out attacks against US targets, or civil disturbances with a direct impact on civil aviation have begun or are imminent.

- Police procedures:
 - Law enforcement officers will be used for surveillance in terminals and other locations as appropriate consistent with AVSEC Alert Level II.
 - FPD Emergency Response (SWAT, Bomb Team) may be requested to respond.

AVSEC Alert Level IV - Information confirms that terrorist organizations with demonstrated capability are planning an attack against US civil aviation, or in the estimation of the Assistant Administrator for Civil Aviation, ACS-1, the highest level of security possible is required to protect US air travelers.

- Police procedures:
 - Law enforcement presence consistent with AVSEC Alert Levels II and III.
 - Law enforcement will monitor vehicle traffic flow to terminal area.
 - Law Enforcement will monitor individuals gaining access to sterile areas, restricted areas, or Security Identification Display Area (SIDA) of the Airport.
 - Law enforcement will increase random ID checks in the SIDA.

434.5 AVIATION RELATED CRIMES

DC- 1 reports will be taken for incidents, which occur at the Flagstaff Pulliam Airport. In addition, the FBI may be requested to respond depending on the nature of the crime.

- (a) **Restricted Area Violations** - When individuals refuse to submit to the screening process in order to enter a sterile area, they will be informed by the officer of the mandatory security screening process in effect. If the individual continues to refuse the screening process the FPD Officer shall contact the FPD on duty supervisor and advise them of the situation. Without exigent circumstances or reasonable suspicion that a crime is or has been committed, no individual or property will be detained or seized by FPD. See *United States v. Daniel Kuualoha Aukai* 2007. If TSA informs the officer that a federal crime has been committed the officer may detain the suspect and notify the FBI (FBI 928-774-0631). At no time will a Flagstaff Police Officer conduct a search of an individual during a screening process without prior consent from an on

Airport Security and Screening Policy

duty supervisor unless in accordance with our Policy. Unless specifically requested by the FBI, persons violating this security measure are not to be arrested.

- (b) **Gun/Bomb Statements** - When a gun or bomb statement is made at a screening point, aboard an aircraft, or within a sterile area, a report will be taken the TSA notified and the FBI contacted. If requested by the FBI, the person may be photographed and fingerprinted. The person is then free to leave unless the officer is arresting the individual for a different charge which was committed in the officer's presence. Unless specifically requested by the FBI, persons violating this law are not to be arrested.
- (c) **Crimes Aboard an Aircraft** - If officers receive notification that a crime occurred aboard the air carrier's aircraft, the FBI will be notified immediately, a report taken, the TSA advised. The person will be detained for the responding FBI agent on call. If requested by the FBI, the person may be photographed and fingerprinted. In addition, officers will obtain available witness statements, secure and gather evidence, and perform any other preliminary investigation functions as outlined within the Criminal Investigation Responsibility Policy.
- (d) **Interference with a Flight Crew** - Officers will detain the suspect and notify the FBI immediately. A report will be taken and TSA advised. If requested by the FBI the person may be photographed and fingerprinted. In addition, officers will obtain available witness statements, secure and gather evidence, and perform any other preliminary investigation functions as outlined within the Criminal Investigation Responsibility Policy.
- (e) **Damage to an Aircraft /Airport Facility** - Officers will detain the suspect and notify the FBI. A report will be taken, TSA advised, and if requested by the FBI the person may be photographed and fingerprinted. In addition, officers will obtain available witness statements, secure and gather evidence, and perform any other preliminary investigation functions as outlined within the Investigation Responsibility Policy.
- (f) **Weapons Violations** - Incidents involving firearms at the airport generally fall into three (3) broad categories as follows:
 - 1. **Carrying a Weapon into a Screening Area or Onboard an Aircraft** (49 CFR 1540.111)- Weapons found during the pre-boarding screening process contained within carry-on luggage, etc., or carried unconcealed on the person are handled as follows: The weapon is seized and placed into Flagstaff Police Department evidence according to the Evidence Policy unless the FBI requests immediate possession of the weapon and is thus released to them. The person will be detained, the FBI notified, a report will be taken, the TSA advised, and the person photographed and fingerprinted. The person is then free to leave unless the officer is directed otherwise by the FBI agent contacted.
 - 2. **Undeclared Weapon in Checked Luggage** - Undeclared weapons in checked luggage are to be seized and impounded according to the Evidence Policy. The

Airport Security and Screening Policy

owner should be detained, the FBI should be contacted, a report taken and the TSA advised. If requested by the FBI the person should be photographed and finger-printed. List all of the information available on the owner of the luggage if he/she is not present at the time of investigation. When the air carrier does not wish to retain possession of the luggage, the item(s) will be impounded for "safekeeping" and/or turned over to the owner if located.

3. **Off-duty/ Undercover Officers** - Officers responding to an airport screening alert where it is discovered that an off-duty or undercover police officer has accidentally entered the screening area with a firearm should be interviewed in private within the air carrier's office. The TSA should be notified and a report should be completed since a violation occurred. Law Enforcement credentials should be checked for authenticity and the weapon need not be seized. The report will notify the TSA and FBI as to the special circumstances surrounding the violation. Police officers will be instructed to provide the air carrier with a departmental letter from their Chief of Police, and complying with TSA policy regarding carrying on aircraft, before being allowed to carry a firearm aboard the aircraft. Officers accidentally violating this security procedure need not be photographed or finger-printed.

(g) **Explosives** - The following calls will be handled in the manner described:

1. **Bomb Threats** - When a bomb threat is received, the responding officer will meet with the air carrier manager or security supervisor at the scene. The Explosives and Bombs Policy will be followed. Officers will not handle or allow anyone else to handle a suspicious article or other item believed to be an explosive prior to the arrival of a bomb technician.
2. **Found Explosives** - When a bomb or explosive is discovered, officers will attempt to ascertain the identity of and detain the owner of the item. The FBI will be contacted in addition to the bomb technician and a supervisor. Pending the arrival of the FBI, officers will assume command, arrange for the orderly evacuation of persons present, and provide crowd/traffic control. The Explosives and Bombs Policy will be followed and no one will be allowed to handle the explosive prior to the arrival of the bomb technician. A report will be taken, the TSA advised, and the suspect photographed and finger-printed, if possible.

The Mentor Program Coordinator will review and approve the completed Mentor file at the completion of each Mentee's Peer Mentor Program.

The Mentor Coordinator shall review and discuss the Mentee's progress with the Mentee and the Peer Mentor.

The Mentor Program Coordinator will hold periodic meetings with all Mentors to ensure understanding and compliance with the requirements of the Peer Mentor Program. At least annually, the Mentor Program Coordinator will hold a process review meeting with all Mentors to discuss changes needed in the Peer Mentor Program. A summary of this meeting, with any recommendations or changes made, will be documented and forwarded to the Chief of Police for review and approval.

436.10 DOCUMENTATION

All documentation of the Mentor Program will be retained in the officer's training files and will consist of the following:

- (a) Career Map.
- (b) Mentor Tracking Sheet.
- (c) The completed Mentor File showing completion of the Program.

Obtaining Air Support Assistance

437.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

437.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

437.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Shift Supervisor or a designee will call the closest agency having air support available. The Shift Supervisor will apprise that agency of the specific details of the incident prompting the request.

437.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements.
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard.
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community.
- (d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (e) Vehicle pursuits.
- (f) Pre-planned events or actions that require air support.
- (g) When the Shift Supervisor or equivalent authority determines a reasonable need exists.

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Field Contacts, Detentions, Photographs and Eyewitness Identification

439.1 PURPOSE AND SCOPE

The Flagstaff Police Department respects the right of the public to be free from unreasonable searches or seizures. The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person, complete an FI, pat-down search, or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to the officer at the time of the detention, officer safety considerations and constitutional safeguards.

439.2 DEFINITIONS

Definitions related to this policy include:

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. This communication with a citizen may be for the purpose of asking questions or gathering information of an official nature, where there is no reasonable suspicion to believe that the citizen has committed, is committing or is about to commit a crime. This type of contact does not constitute a Fourth Amendment search or seizure. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary. The contact shall be terminated by the officer if the citizen does not wish to speak to the officer. A field interview card should be completed on consensual encounters.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions. It can also refer to an interview in the field based on a consensual encounter, which is documented as such on an FI card.

Field Photographs - Posed photographs taken of a person during a contact, detention or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity

Temporary Detention - When an officer intentionally, through words, actions, or physical forces, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

439.3 FIELD INTERVIEWS

- (a) Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to:
 - 1. The appearance or demeanor of an individual that suggests he/she is part of a criminal enterprise or is engaged in a criminal act.
 - 2. The actions of the suspect that suggest he/she is engaged in a criminal activity.
 - 3. Whether the hour of day or night is inappropriate for the suspect's presence in the area.
 - 4. The suspect's presence in the particular area is suspicious.
 - 5. The suspect is carrying a suspicious object.
 - 6. The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
 - 7. The suspect is located in proximate time and place to an alleged crime.
 - 8. The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.
- (b) If after conducting a field interview there is no probable cause for making an arrest, the officer will record the facts of the interview on the departmental field interview card and write the event number on the FI card.
- (c) Any officer having reason to believe that a crime has been committed, or motor vehicle accident has occurred, will document the incident on the appropriate long form (DC-1) report. Furthermore, any of the following circumstances will be cause to generate a DC-1 report and FI cards will not be used to document such incidents:
 - 1. Any major incident.
 - 2. Any situation where a subject is detained or questioned beyond that of an initial field inquiry.
 - 3. Any situation where a subject is searched.
 - 4. Any occurrence where the officer has expended a considerable amount of time.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

- (d) Reasonable suspicion stops arising from a traffic offense will be documented on a citation, written warning, or written repair order. The following information will be included on the FI card:
 - 1. Reason for the stop. (I.e. hitchhiker, sleeping in vehicle, suspicious subject in residential area or business district at night, etc.).
 - 2. Basic information about the subject such as name, date of birth, social security number, height, weight, hair and eye color.
 - 3. Location on body of unusual physical characteristics such as amputations, scars, marks and tattoos.
 - 4. Clothing description and description of any luggage, knapsacks, or backpacks.
 - 5. How long they have been in the area.
 - 6. If they are transient, where they came from and their final destination.
 - 7. Prior arrests - list types of felony arrest and ask them if they served time in prison. If so, ask where they served, how long, and for what offense(s).
 - 8. Look at and describe sole pattern on shoes.
 - 9. Employment or trade.

439.3.1 INITIATING A FIELD INTERVIEW

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Flagstaff Police Department to strengthen our community involvement, community awareness and problem identification.

439.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Department personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a Department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

439.3.3 DURATION OF DETENTION

A subject may be detained to conduct an FI only for the period reasonably necessary to determine the individual's identity and resolve the officer's suspicions. The interview should not extend beyond the immediate vicinity of the place where the detention was first affected unless the detainee is arrested.

439.3.4 CONSENSUAL ENCOUNTERS

Consensual encounters or voluntary contacts may be utilized for the purpose of asking questions or gathering information of an official nature, where there is no reasonable suspicion to believe that the citizen has committed, is committing or is about to commit a crime. This type of contact does not constitute a Fourth Amendment search or seizure.

Officers are reminded they have the right to approach and talk with anyone, as long as it is voluntary on the part of the citizen. Officers need to sell their reason for the contact with the individual. This up-front approach makes individuals fully aware of your purpose and reduces complaints of police harassment. The information obtained from these contacts is invaluable to police in solving crimes and preventing criminal activity.

When making voluntary contacts with citizens, officers should refrain from using words or making statements that suggest that the contact is coerced or that the individual is not free to leave. After introducing him or herself to the individual, the officer may say: "Can I talk with you?" or "Do you mind if I have a word with you?" Any statement that elicits a "yes" or "no" answer from the individual would be acceptable. Additional rapport with the citizen may be established if the officer communicates his or her reason for the contact. In the absence of any show of force, officers who approach individuals in order to ask them questions, have not "stopped" them. Individuals are free to walk away from the officer or refuse to answer any questions. However, some people feel a psychological pressure or moral obligation as "good citizens" to cooperate with the police. Neither the feeling of pressure nor sense of moral obligation on the part of the individual will create a fourth amendment stop or seizure. Officers shall allow the individual to walk away if they do not wish to speak to the officer.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

An individual contacted on a consensual basis shall not be frisked unless the officer has articulable reasons for believing that the individual is engaged in criminal activity. All officers will be in compliance with the Racial/Bias Based Profiling Policy. Field Interview cards will be completed on consensual encounters with an event number.

439.4 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to, the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications that suggest the suspect is carrying a firearm or other weapon.
- (g) The age and gender of the suspect.

When reasonably possible, pat-down searches should be performed by officers of the same gender as the suspect.

439.5 FIELD PHOTOGRAPHS

Field photographs may be taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken. All field photographs shall be submitted to evidence under the report number. Supervisors will ensure compliance with this policy.

439.6 EYEWITNESS IDENTIFICATION

The following practices should be adhered to whether conducting a confrontation, photographic line up, physical line-up or informal eyewitness identification.

- (a) A suspect, or likeness of the suspect, should not be displayed to more than one witness at a time.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

- (b) A witness who has taken part in an identification procedure must not be permitted to state his/her conclusion within earshot of another person who is about to be, or has been a viewer.
- (c) Investigators must not by word or gesture suggest his opinion to any witness that a suspect committed the crime. Witnesses making inquiries about an officer's opinion shall be informed of this restriction.
- (d) A complete record of each identification procedure must be made. The time, location, and the identity of those present, including persons being viewed who are not the suspect must be recorded, along with any significant remarks made by an officer, lawyer or suspect. Photographic, sound and video recording devices should be used when possible

439.6.1 CONFRONTATIONS

An officer may arrange for a confrontation between a suspect and a witness whenever the suspect is arrested or temporarily detained within 90 minutes of the offense, and the witness is cooperative and states that he/she might recognize the person who committed the offense (and a line-up valid under these rules cannot be promptly arranged).

- (a) If there **is probable cause** to arrest a suspect who is located within 90 minutes of the commission of an offense, he should ordinarily be taken into full custody prior to any confrontation. The confrontation must occur as soon as practical after the arrest.
 - 1. If there is probable cause to arrest a suspect but he/she is cooperative and consents to take part in the confrontation, an officer may arrange a confrontation without first arresting the suspect.
 - 2. Under either of the above circumstances, the suspect may be held at the location of his/her arrest for identification or he/she may be taken to the viewer's location.
 - 3. If the suspect is not identified, he should be released, pursuant to appropriate department procedures, unless probable cause still exists to believe the suspect committed the offense.
- (b) If an officer reasonably suspects and the officer can articulate suspicion that a person located within 90 minutes of an offense has committed the offense, but **probable cause to arrest the person is not present**, the officer may detain him for a reasonable period for confrontation purposes. If the subject refuses, a court order or search warrant should be obtained.
 - 1. The witness should be brought to the scene of the detention as soon as possible.
 - 2. Unless the suspect consents, they should not be taken to the witness' location.
 - 3. The suspect cannot be detained for longer than a reasonable amount of time unless:

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

- (a) Probable cause to believe the suspect committed the offense has developed during the detention or,
 - (b) The suspect after being clearly informed that he need not cooperate, consents to take part in the confrontation.
- (c) Officers must maintain impartiality during the confrontation. When presenting a suspect to a witness for identification purposes, an officer should not say or do anything to lead a witness to believe that the suspect has been formally arrested or detained, that he/she has confessed, was found with incriminating items, or that he/she is believed to be the perpetrator. The suspect should not be handcuffed in the witnesses' presence if possible.
- (d) If there are several witnesses to a crime, and confrontation of a suspect is feasible and proper under this policy, arrangements should be made for each witness to confront the suspect separately.
- (e) Nothing in this policy bans the common practice of transporting witnesses in police cars to cruise the general area in which a crime has occurred in hopes of spotting the perpetrator and arranging a confrontation.
- (f) In emergency circumstances, such as when a witness is in danger of death or blindness, or when a suspect is in danger of death, an immediate confrontation may be arranged if medical authorities permit. In these situations, time and location limitations contained in this policy may be waived. When the suspect will be hospitalized for a lengthy period, and is not in danger of death, then it is proper to follow the informal identification procedure. Document or record the confrontation as thoroughly as possible.
- (g) No person has the right to have an attorney present at any confrontation procedure. The only exception to this is defendants who have been formally charged.

439.6.2 PHOTOGRAPHIC LINE-UPS

The use of photographs to identify criminal suspects is permissible when a "live" identification procedure is impractical, (there is no suspect, there is a suspect, but no probable cause to arrest him/her, the suspect cannot be found, or the suspect refuses to cooperate, or if suspects of the same general appearance are unavailable for a physical lineup).

- (a) Whenever a witness makes a positive identification from a photograph and probable cause to arrest the suspect is thereby established, photographs should not be displayed to other witnesses if they will later view the suspect at a physical line-up.
- (b) The use of a "mug book" is appropriate when there is not particular suspect. To assure an accurate "mug book" identification, a reasonable number of photographs should be shown to a witness even if the suspect is selected almost immediately.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

- (c) When there is no suspect and the use of the "Mug Book" has been or is likely to be unsuccessful, a non-photographic pictorial representation (freehand sketch or Identikit) may be used. The sketch, composite, or photograph should be displayed to any other witness, if a definite I.D. has not been made.
- (d) Photographic displays may be used after the arrest of the suspect when a physical lineup is impractical for one of the reasons specified in this policy.
- (e) Whenever a photograph depicting a definite suspect is displayed to a victim or eyewitness, it should be arranged at random with at least five, (recommended) or more photographs of different person. The person depicted in the photographs along with the photographs themselves (if several are used) must be of substantially similar appearance. However if a photograph of a proper physical line-up that includes the suspect is available, it may be displayed by itself without any other photographs.
- (f) An adequate record of each photograph shown must be made. Photographs must be preserved so that they can be reconstructed at trial, and the "Mug books" should be accurately described in the event they are needed for trial.
- (g) No person has a right to have an attorney present at any pictorial identifications procedure, whether it takes place before or after an arrest.

439.6.3 PHOTOGRAPHIC LINE-UP PROCEDURES

Investigators shall utilize a sequential line-up method when showing photographic lineup's to witnesses. In this method, the investigator will obtain a minimum of five (six is recommended) or more photographs. Each photograph will be of the same size and quality. Investigators will number the back of each photograph, but not place the photographs into a display. Each subject in the photographs shall have the same general characteristics.

- (a) Investigators will audio or video tape the identification process.
- (b) Investigators will begin the process by reading the following to the viewer(s):
 - 1. You will be asked to look at a group of photographs. The fact that the photographs are shown to you should not influence your judgment. You should not conclude or guess that the photographs contain the picture of the person who committed the crime. You are not obligated to identify anyone. It is just as important to free innocent persons from suspicion as to identify guilty parties. Please do not discuss the case with other witnesses nor indicate in any way that you have identified someone.
- (c) Whenever practical, detectives will utilize the "double blind" method in presenting photo lineups. This method dictates that the case detective will ask a colleague who has no knowledge of the investigation and no knowledge of the suspect or placement of the suspects photograph in the lineup, present the lineup to the witness. It is recognized that there will be incidents where another investigator is not available , however detectives shall make every effort to utilize this method when possible.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

- (d) Witnesses will not be told whether the suspect has been arrested or whether the photograph of the suspect appears in the lineup.
- (e) Each Photograph will be shown individually to the witness. If the witness asks to see a photograph again, all of the photographs will be shown again.
- (f) Detectives should have the witness indicate how certain they are with any identification made. The witness should be asked to sign or initial the back of the photograph representing the suspect, and the number of the photograph will be documented in the police report.
- (g) All photographs used in the lineup will be submitted to evidence.

439.6.4 PHYSICAL LINE-UPS

- (a) When physical lineups are held, Officers should adhere to the following:
 - 1. The line-up should take place as soon as possible after the arrest of a suspect. Line-up arrangements (contacting viewers, obtaining innocent participants, arranging for a lawyer when appropriate) should be completed prior to the arrest whenever possible and prior to viewing photographs of the suspect, if conducted after arrest or indictment.
 - 2. A defendant has the right to an attorney for any line-up connected with an offense for which he/she was arrested for or charged with, and to have an attorney appointed for this purpose if he cannot afford one, if the line-up is held following the start of criminal proceedings against him/her. Officers shall advise the suspect(s) of this right and the following:
 - (a) The suspects must be told they have a right to an attorney present to observe the line-up, and if they cannot afford one, one will be provided to them free of charge; and that the line-up will be delayed for a reasonable time after the attorney is notified, in order to allow the attorney to appear.
 - (b) If the suspect already has an attorney retained or appointed and invokes the right to have the attorney present, the suspect must be allowed to notify the attorney about the planned line-up and the offense involved.
 - (c) If the suspect has no attorney but wants one to attend the line-up, and states he/she can afford one, they must be allowed a reasonable time to retain an attorney.
 - (d) If the suspect wants an attorney but states they cannot afford one, the officer conducting the line-up should contact the Justice Court to provide a free attorney for the suspect.
 - (e) A line-up should be delayed for a reasonable time while waiting for an attorney to appear following notification.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

3. A suspect who is entitled to an attorney at a line-up may waive their right, provided they read or have read to them, and signs a waiver for an attorney at a line up statement. The suspect may also make this waiver verbally to more than one person present, so long as it is recorded, and the suspect was advised of the full effect of waiving the right. The precise words of the suspect's statement shall be made part of the investigative file.
 4. Even after criminal proceedings have been commenced against a suspect, he/she does not have a right to an attorney at a line-up relating to other offenses which have not been formally charged against the suspect.
- (b) In some cases holding a physical line-up may not be practical. Some of the reasons that may lead an investigator to not pursue a physical line-up include:
- (a) Lack of suitable persons (appearance, size, race, age, etc) to include in the line-up group.
 - (b) The witness knows the identity of the suspect before the offense occurred or learns their identity without police assistance after the offense, or the prospective viewer has had an opportunity to identify the suspect in an earlier confrontation procedure.
 - (c) The suspect is in custody at a place too far from the witness.
 - (d) There is no witness willing or able to view a line-up.
 - (e) The suspect threatens to disrupt the line-up

439.6.5 ROLE OF ATTORNEYS AT LINE-UPS

The suspect shall be allowed to consult with their attorney prior to the line-up procedure. The attorney may make suggestions but may not control or obstruct the procedure. Any suggestions the attorney makes about the procedure should be considered and recorded. Those suggestions which would render the procedure more consistent with these rules should be implemented. The attorney should be permitted to be present when a witness states their conclusion about the line-up. However the attorney should be instructed to remain silent during both the line-up and the giving of witness conclusion.

The attorney may speak with any witness after the procedure; if the witness agrees to speak with the attorney. A prosecutor should be present if a defendant's attorney is involved in the proceedings. A witness taking part in a line-up procedure may be told they are under no obligation to speak with the suspect's attorney, but that they are free to speak with them if they wish. The Witness' name and address will not be revealed to the attorney without their consent. All information pertaining to an investigation that is legally obtainable by the defense will be given to the defense by the County Attorney's Office.

Where probable cause does not exist, or where otherwise desirable, a court order may be sought to compel the cooperation of a suspect in appearing for a line-up.

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

439.6.6 PHYSICAL LINE-UP PROCEDURES

All line-ups should be video recorded and individual photographs taken of all participants. The line-up will consist of at least four persons in addition to the suspect. Persons placed in the line-up should have approximately similar physical characteristics. Factors such as age, height, weight, hair length and color, and physical build should be considered. Sex and race should be the same for all participants, except in unusual cases where the characteristic is difficult to determine (e.g., female impersonator, Oriental suspect who looks Native American).

- (a) The suspect can be chose their initial position in the line-up and be allowed to change positions after each viewing. The sequential line-up format will be adhered to. In this format, suspects will walk to an area visible to the witness individually. The witness will look at each individual separate and not all of the subjects at one time. If the witness asks to see an individual again, all subjects will be walked in front of the witness individually again.
- (b) Officers should not do or say anything to distinguish the suspect from the other line-up participants. Detectives will make every attempt to use the "double blind" method by asking a colleague not associated with the case or familiar with the suspect to conduct the lineup. This will help alleviate any bias on the part of the investigator. It is recognized that there will be incidents where another investigator is not available; however detectives shall make every effort to utilize this method when possible.
- (c) The non-suspects in the line-up should be instructed to conduct themselves in a manner not to identify the actual suspect.
- (d) The suspect can be instructed to utter specific words, make gestures, or assume a particular pose if the viewer or detective so desires. All participants should do whatever reasonable act is required of the suspect.
- (e) If the witness describes the suspect as wearing a distinctive item of clothing, and the item (or something similar) is in police custody, the suspect can be compelled to wear the item. Each participant must don the clothing in the order of their appearance.
- (f) A suspect who refuses to participate in a line-up or to perform as required, shall be informed they have no right to refuse and that evidence of their refusal may be used against them at trial. A record of the precise words of refusal should be made for subsequent use. A recording or video tape is preferable.
- (g) If the suspect continues their refusal they should not be forced to participate in the line-up, the investigator should contact, the County Attorney's Office for further direction.

439.6.7 "INFORMAL" IDENTIFICATION PROCEDURES

"Informal" Identification procedures may be used when a suspect is not in custody, either because they have not been charged with the offense under investigation or because they have been released on bond or their own recognizance. It may also be used when a suspect is hospitalized for

Flagstaff Police Department

Flagstaff PD Policy Manual

Field Contacts, Detentions, Photographs and Eyewitness Identification

extended treatment under non-emergency circumstances. In most circumstances a photographic lineup is preferable to utilizing the following techniques:

- (a) Single Locale - a witness may be taken to a single locale, where the suspect is likely to appear, provided the locale is a place where a large number of people of physical characteristics roughly similar to the suspect are likely to be or pass by at random. This technique can be used when the suspect is known or unknown, but is believed to frequent the locale chosen for viewing.
- (b) Multiple locales- The witness may be taken to five or more similar locations, at one of which the suspect is believed to be. This technique should be used when no single locale is likely to meet the requirement of having multiple subjects present.
- (c) A detailed record of any informal procedure must be made. Such a record should include:
 - 1. The precise location of any observation,
 - 2. The approximate number of people similar in description to the suspect that were viewed,
 - 3. The time the identification was made,
 - 4. The suspect's reaction, if he/she became aware that he/she was being observed, and
 - 5. The witness' reaction upon seeing the suspect.

439.7 SECTION TITLE

Criminal Intelligence Systems

441.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Flagstaff Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY

The Flagstaff Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES

Any

Criminal Intelligence Systems

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Manager may not purge such documents without the approval of the designated supervisor.

441.3.2 DISPOSITION OF RECORDS

This policy does not establish a criminal gang intelligence database as maintained by the Flagstaff Police Department. Department Officers are authorized to forward information to the Department of Public Safety, which may or may not be included in a criminal gang intelligence databases for use by members of the State Gang Taskforce. Any such database must be compliant with 28 CFR. § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the responsibility of AZDPS to determine whether a report, GMIC Card or FI contains information that would meet the criteria for entry into their Department-approved intelligence database. Validation and purging of gang intelligence databases is the responsibility of the program administrator of the gang intelligence database maintained by the State Gang Task Force.

441.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

441.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, the Communications Center records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

Criminal Intelligence Systems

- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

441.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Officer to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS

The Detective Section supervisor should ensure that there are an appropriate number of department members who can:

Criminal Intelligence Systems

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING

The Training Officer should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Shift Supervisors and Watch Sheets

443.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Department policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant or Sergeant heads each watch.

443.2 DESIGNATION AS ACTING SHIFT SERGEANT

In most instances when a patrol lieutenant is not on duty, the senior qualified sergeant shall be designated as acting Shift Supervisor. This policy does not preclude designating a less senior sergeant or corporal as an acting Shift Supervisor when operational needs require or training permits.

443.3 WATCH SHEETS

Shift Sergeants are responsible for the collection of pertinent information from officers to be listed on the watch sheet. They will ensure the information is correct and appropriate, and is disseminated electronically at the end of their shift. Watch sheets allow the oncoming shifts to be informed in a timely manner of what occurred on the previous shifts. The timely completion and dissemination of watch sheets will enable faster, directed patrol efforts towards problem areas.

The following incidents will be documented on the watch sheet:

- Major Incidents
- Major Arrests
- Burglaries (location, MO, time frame and suspect information)
- DUI arrests (Locations and BAC %)
- 30 day impounds
- Operation 40 or ROPE arrests
- Any intelligence related information
- Administration spot fires(current events, city damage reports, complaints, etc..)

All watch sheets will be saved to the "W" drive in the current folder [\\fpdds1\watchsheet\\$](#).

Watch sheets will be saved in the following format (date squad shift): 01012014 F-SQUAD GRAVE

Mobile Audio Video

446.1 PURPOSE AND SCOPE

The Flagstaff Police Department has equipped marked patrol cars with Mobile Video Recording (MAV) systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

446.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

446.2 POLICY

It is the policy of the Flagstaff Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

446.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Flagstaff Police Department identified and labeled media with tracking numbers is to be used.

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

Mobile Audio Video

446.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

446.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DWI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify the Communications Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Family violence calls
 - 2. Disturbance of peace calls

Mobile Audio Video

3. Offenses involving violence or weapons

- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

446.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

446.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

446.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Communications Center.

At reasonable intervals, supervisors should validate that:

- (a) Beginning and end-of-shift recording procedures are followed.
- (b) Logs reflect the proper chain of custody, including:
 - 1. The tracking number of the MAV system media.
 - 2. The date it was issued.
 - 3. The law enforcement operator or the vehicle to which it was issued.
 - 4. The date it was submitted.
 - 5. Law enforcement operators submitting the media.
 - 6. Holds for evidence indication and tagging as required.
- (c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

Mobile Audio Video

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

446.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection.

Mobile Audio Video

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Sergeant. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

446.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

446.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

446.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Flagstaff Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

446.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

Flagstaff Police Department

Flagstaff PD Policy Manual

Mobile Audio Video

- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

446.8.1 ADDITIONAL DAILY USE CONSIDERATIONS

Sixty percent of the effectiveness of a good video is the audio. If an officer leaves his VLP (system microphone) in the car or does not turn it on, the MAV is only 40% effective. When one cannot hear what an officer is saying to the public, it opens that officer up to all sorts of accusations that cannot be effectively argued.

- (a) If an officer leaves the AM/FM radio playing in the car, the in-car microphone picks up the music and it is heard on the video. This is distracting to the viewer and can hurt your courtroom testimony. Jurors will hear the music, and they may form a perception of the action on the video based on that music or pay less attention to what is on the video altogether. This may also give the impression that the officer is less than professional in his/her duties.
- (b) Many times, there are suspects in the back seat of a patrol car and if the AM/FM radio is playing, it makes it difficult to hear what they are saying to each other or themselves. This is valuable evidence that is therefore not collected. VLP microphones are designed to sync with the DVR in each car and in order to do that, the officer must place the microphone in the docking station between the front seats. This is not simply a battery charging port. It is the only way the microphone can communicate to the DVR and know in what car it is located. This microphone should be placed into the docking station at the end of each shift. If you find that the microphone is not working, first ensure that the on/off switch is in the "on" position and re-sync the microphone by placing it into the docking station and wait for it to stop blinking. This should take only a few seconds. The VLP must be turned on with the switch on the back in order to work. These microphones are most effective when they are carried in the officer's shirt pocket or on the front of the utility belt in the clip holder provided with each unit and the effectiveness is greatly reduced if carried in a pant pocket or the rear of the utility belt.

Flagstaff Police Department

Flagstaff PD Policy Manual

Mobile Audio Video

- (c) MAV cameras provided with these units are quite sensitive. There is a feature called "Night Watch" (NW on the camera back) and this feature is designed for situations where there is little to no light only and at night only. If this feature is used in normal night conditions, you will experience a choppy and almost frame-by-frame picture as opposed to a smooth video. Please be certain to turn off the Night Watch feature when your shift is over or when daylight occurs. If the Night Watch Feature is left on during the day, it will damage the camera. This causes an effect similar to looking straight into the sun and no video will be captured.
- (d) When setting up the camera, there should be only the extreme front edge of the hood and push bar visible so as to reduce reflection of lights from the hood into the camera.
- (e) If an officer is not comfortable with making a traffic stop with the left hand offset, he/she should align the camera to the right enough to capture the stop vehicle in the picture and as much view to the right of it as possible. This allows for FSTs and other out of vehicle activity.
- (f) When a video is complete, officers should designate what category it is. Arrest, DUI, Domestic, Citation, No Citation etc. (See manual quick reference guide provided in each unit) this will allow for easier location of the video for a DVD burn or for prosecutors to locate it for review of the case. This also tells the server when it is to be purged per retention schedules.
- (g) If for any reason the video is not required and the overhead emergency lights have activated it, (beginning of shift check out, funeral escort, etc) simply reach up and push the stop button to turn off the record function. If this is not done, there will be worthless video uploaded to the server. This type of so-called junk video is clogging up the server and not allowing the important videos to be saved.
- (h) There have been many incidents where a MAV has not had time to transfer the video, due to officers trading cars immediately upon the end of shift. Officers should be certain that the file transfer is complete prior to beginning of the shift. Sometimes a unit is parked with a full card and has not had enough time to transfer completely. If the car is driven away prior to file transfer, the card will become full and no video can be captured. It takes approximately 20 minutes to upload a full card from a MAV in the parking lot. The MAV system is a valuable tool for law enforcement and can greatly reduce our court time and complaints on officers. Please try to adhere to the procedures outlined when operating the systems.

446.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, degaussing and duplicating of all recorded media.

Flagstaff Police Department

Flagstaff PD Policy Manual

Mobile Audio Video

- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected the MAV technician:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field.
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

446.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Digital Computer Use

446.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

446.2 MDC CARE

Officers will minimize exposure of the MDC and electronic components to excessive heat during the summer months and direct sunlight at all times. Placement of items on the screen or touching the screen with sharp objects is prohibited. Officers shall take extreme care concerning liquids in and about the components located in the passenger compartment.

Officers shall not attempt to alter the MDC's configuration or performance, or experiment with the system's peripheral components. Officers will not attempt to disable the Automatic Vehicle Location function in any way, including covering the AVL antenna with metal objects. Incidents of unauthorized tampering will be cause for disciplinary action.

Officers will ensure the MDC is completely powered down and close the MDC lid prior to the end of shift.

446.2.1 MDC SECURITY

Use of the MDC terminals will be in compliance with the FPD/DPS Security agreement. Access to and dissemination of ACIC/NCIC information shall follow all applicable ACJIS/FPD guidelines.

- (a) ACIC/NCIC information on the MDC screen shall always be protected so that no one other than the officer can view it.
- (b) Officers will not allow unauthorized persons to view the MDC screen, including non-law enforcement personnel participating in a ride-along.
- (c) If the MDC is out of the vehicle, it will not be left unattended, nor will officer access ACIC/NCIC information via the MDC when out of the vehicle in an unsecured location.
- (d) Prior to using the MDC the vehicle should be parked in a position that minimizes public view.
- (e) When the police vehicle is unoccupied, the MDC screen will be closed.

446.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

Flagstaff Police Department

Flagstaff PD Policy Manual

Mobile Digital Computer Use

446.4 POLICY

Flagstaff Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

446.5 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Shift Sergeants.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

446.5.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

446.6 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Sergeant or other department-established protocol, all calls for service assigned by a [dispatcher] should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.

Mobile Digital Computer Use

- (b) Whenever the activity or contact is initiated by voice, it should be documented by a [dispatcher].
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

446.6.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

446.6.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Sergeant are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

446.7 EQUIPMENT CONSIDERATIONS

446.7.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify the Communications Center. It shall be the responsibility of the [dispatcher] to document all information that will then be transmitted verbally over the police radio.

446.7.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

448.1 PURPOSE AND SCOPE

The Flagstaff Police Department has authorized its sworn members to use portable recorders while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an unbiased record of a contact. It is not mandatory that officers record every contact even if they have access to a recorder. This policy does not apply to body worn video cameras, which can be found in policy 449.

448.1.1 DEFINITIONS

Definitions related to this policy include:

Documentation - Audio recordings of non-criminal matters to include routine traffic stops, consensual contacts, field interviews, etc...

Evidentiary - Audio in which an interview related to a criminal offense has been recorded. This includes DUI arrests, use of force by officers, resisting arrest, vehicle searches, domestic violence calls, pursuits, etc.. These recordings contain information that may be of value for case investigation, prosecution or any other criminal proceeding and shall be safeguarded and handled as any other form of evidence.

Portable recorder - Any compact device used for the recording of audio or audio and video data.

448.2 OFFICER RESPONSIBILITIES

Any officer assigned to uniformed or plain clothes duty may use a portable recorder any time the officer believes that such a device may be beneficial to the situation. The mere possession of a recording device by an officer does not mandate that he or she use it on all contacts. The officer has discretion as to when they feel the recorder may be beneficial.

It is recommended at the beginning of each shift or contact, the officer should record his/her name, badge number and the current date and time. At the conclusion of each shift/contact, the officer shall record the ending date and time regardless of whether any activity was recorded during the shift/contact.

Each officer shall be responsible for maintaining his/her own or department issued recorder. All recordings made by personnel acting in their official capacity as members of this department shall remain the property of the Department and should not be considered private, regardless of whether those recordings were made with department-issued or personally owned recorders. Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Portable Audio/Video Recorders

448.3 MEMBER RESPONSIBILITIES

Members of the Department are encouraged to activate their recorders any time the member reasonably believes a recording of an on-duty contact with a member of the public may be of future benefit.

- (a) At no time should an member jeopardize his/her safety in order to activate a recorder or change the recording media.
- (b) Members of the Department are prohibited from utilizing Department owned recorders and recording media for personal use.
- (c) No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or during a criminal investigation when authorized by the Chief of Police or designee.
- (d) Custodial interrogations should be recorded, see the Investigation and Prosecution Policy for further details .

448.3.1 RECORDING OF COMMUNICATIONS

Officers may use a recorder to record wire or oral communications in compliance with a court order (ARS § 13-3012). Upon expiration of the order, the officer designated in the court order shall provide the issuing judge all documents and other information pertaining to the communications pursuant to state law. Intercepted communications shall be maintained in their entirety, without editing or alterations, and shall not be destroyed without a judge's order.

448.4 EMERGENCY INTERCEPTION OF COMMUNICATIONS

An officer may conduct an emergency interception of wire or oral communications if (ARS § 13-3015):

- (a) The officer reasonably determines that an emergency situation exists that involves immediate danger of death or serious physical injury to any person and requires a communication be intercepted,
- (b) Grounds to ultimately obtain a valid warrant exists and the officer has been specially authorized in writing by the attorney general or county attorney to intercept the communication (ARS § 13-3010).

448.5 ACTIVATION OF THE AUDIO RECORDER

Recordings of any portion of a contact in a criminal matter, or that contain information that may be of value for case investigation, prosecution or any other criminal or civil proceeding, shall be safeguarded and handled as any other form of evidence. Recorded digital media shall be recorded to a CD-R disk. The CD-R disk will be marked with the case number and entered into evidence. The entire contact will be transferred to the CD-R disk. Officers shall not edit any portion of the recorded content. The CD-R will be secured in evidence as soon as reasonably possible.

Portable Audio/Video Recorders

The officer may also store a working copy in a drive on a Departmental computer. It is recommended they organize the file/folder by month and date.

- (a) The officer shall note in any related report that the recording has been placed into evidence.
- (b) Recording media placed into evidence shall be retained through the final disposition of the related criminal case.

448.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Arizona law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (ARS § 13-3012).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Body Worn Video Cameras

449.1 PURPOSE AND SCOPE

The Flagstaff Police Department is committed to the belief that on-officer video is an important and valuable tool for law enforcement. On-officer video is essentially audio-video documentation of a police officer's investigative and enforcement activities from the perspective of the officer. The use of on-officer video is expected to result in greater transparency, more effective prosecution, more efficient citizen complaint investigations, and improved protection against false allegations of excessive use of force, misconduct, property damage, City liability, or racial profiling. Supervisory and Command Staff will conduct random reviews of camera footage to ensure policy compliance and assess training needs.

Some officers who have recognized the protective function of audio or video recording have voluntarily purchased devices of varying types and made use of them in the field. Audio or video recordings of investigative or enforcement actions are evidence, and subject to rules of disclosure.

It is in the best interest of justice that the Department regulates and controls all forms of evidence collection and storage.

449.1.1 DEFINITIONS

Agency Administrator - EVIDENCE.COM system administrator(s) with full access to user rights.

Axon Flex 2 – An on-officer audio video system currently authorized as the sole means of overt on-officer audio-video recording.

Axon Capture - Application that allows officers to record audio, video, and take evidentiary photographs with their cellular phone.

Axon Citizen - Enables community members to submit evidence directly to the Flagstaff Police Department

End User – AXON user with individual account access rights to EVIDENCE.COM

EVIDENCE.COM – Online Web-based digital media storage facility accessed at <https://flagstaffpd.evidence.com>. The virtual warehouse stores digitally encrypted data in a highly secure environment accessible to personnel based on security clearance.

Media or Data – includes photographs, audio recordings, and video footage. The media is stored digitally.

TASER Axon Dock - A server with built-in docking stations physically installed at the police department. The TASER Axon Dock simultaneously recharges the device while uploading all digitally encrypted data to EVIDENCE.COM.

449.2 ACTIVATION AND USE

Officers will use on-officer audio video (Axon) equipment provided by the Flagstaff Police Department. In the event this equipment is not available, officers have the discretion to use other audio recording equipment until a replacement camera is issued. Officers are required to notify

Flagstaff Police Department

Flagstaff PD Policy Manual

their supervisor of the equipment failure and make arrangements to have the camera replaced as soon as possible. All recorded media (Audio, video, and images from Axon or other devices) are the property of the Flagstaff Police Department and shall not be copied, released, or disseminated in any form or manner outside the parameters of this policy without the express written consent of the Chief of Police. The unauthorized use, duplication, and/or distribution of media files is prohibited. Personnel shall not make copies of files for their own personal use. The Axon shall not be used to record non-work related activity.

The Axon Flex 2 shall be worn at all times the officer may become involved in an enforcement situation, including all investigative or enforcement contacts. (e.g., pedestrian and vehicle stops, consensual encounters, calls for service, on-view events, etc.).

All FPD Officers using Axon body cameras are required to use a head-mount option. Currently there are four head-mount options available: glasses-mount using FPD issued Oakley glasses and an AXON Oakley Mount; AXON low rider head mount; ball cap mount; and, helmet mount. Officers have discretion to employ whichever head-mount option they choose. Officers will be authorized to wear issued FPD ball caps whether or not the Officer chooses to use a ball cap mount.

Officers shall activate the Axon camera while enroute to ALL CALLS for service or anytime they are utilizing an emergency response (code 3 driving) to a call, or as soon as practicable at the onset of **all calls for service**, to include the following incidents:

- (a) Impaired driver investigations.
- (b) Vehicle pursuits.
- (c) Collision investigations.
- (d) Transportation of prisoners.
- (e) All searches (persons, vehicles, structures, etc.)
- (f) During interviews or interrogations.
- (g) Consensual encounters which are investigative in nature.
- (h) When serving an arrest warrant.
- (i) When completing a vehicle inventory for a tow to protect the officer from allegations of theft.
- (j) Any time an officer feels it is appropriate.

Additional arriving units to a scene shall activate their Axon camera as soon as practicable, and continue to record until the completion of the event, or they have left the scene (this includes recording of statements). Additional arriving units have the discretion to stop recording under the same criteria listed in section 449.2.1.

Officers are not required to obtain consent from a private person when:

- (a) They are in a public place.

Flagstaff Police Department

Flagstaff PD Policy Manual

Body Worn Video Cameras

- (b) They are in a location where there is no reasonable expectation of privacy (e.g., inside a building or dwelling where the officer is lawfully present and engaged in the performance of official duties).

449.2.1 STOPPING OR INTERRUPTING RECORDINGS

Officers shall not activate the Axon, or may stop or interrupt recording under the following circumstances:

- (a) Areas where there could be a reasonable expectation of privacy, such as a hospital, locker room, restroom, etc.
 - 1. Hospitals: If interviewing in a private consultation room, or an area where no medical care is taking place, recording is encouraged.
- (b) While conversing with fellow employees, during routine and non-enforcement activities.
- (c) While speaking with undercover officers or confidential informants

Victims of crime should NOT be forced to have their interviews recorded. Victim interviews, especially in domestic violence cases, are valuable to prosecutors. When a victim does refuse an on camera interview the officer will pursue a written statement.

Officers are encouraged to advise private persons they are being recorded, if the advisement may gain compliance or assist in the investigation, and does not interfere with the investigation or officer safety.

There are many situations where the use of the Axon camera is appropriate. This policy is not intended to describe every possible circumstance. Officers should activate the system any time they feel its use would be appropriate and/or valuable to document an incident.

The use of the Axon camera will be documented in all incident reports and in the notes field for all citations, warnings, and field interviews.

449.2.2 AXON CAPTURE

Officers are authorized to install the TASER Axon Capture application on their smartphone. This will enable the officer to use the internal camera in their smartphone to take evidentiary photographs. The application can also be utilized to record audio and video. A digital camera will be required in all major crime scenes, involved scenes that require several photographs, felony investigations, and injury collisions.

Officers are required to properly input the identifying information for any audio, video, and photographs obtained using the Axon Capture App in the same manner they currently label Axon videos:

ID: Department Report number or event number (e.g. P17-01234, E17012345)

Title: Criminal Damage -Smith

449.3 REVIEW OF AXON MEDIA FILES

Officers may review their own Axon video files under the following circumstances:

- (a) To complete reports.
- (b) Prior to courtroom testimony.
- (c) Prior to an administrative inquiry, including officer involved shooting investigations.
- (d) Officers may use media captured via the Axon camera for training purposes, with prior authorization from their Lieutenant.

This is encouraged in situations where viewing the event could assist with locating outstanding suspects, suspect vehicles, and direction of travel.
- (b) The supervisor will be responsible for assuring the camera is docked and uploaded into Evidence.com.

Officers will not allow citizens to review Axon recordings unless it is for an official investigative reason.

In the event of an unintentional activation of the Axon system during non-enforcement or non-investigative activities. (e.g., restroom or meal breaks, other areas where reasonable expectation of privacy exists) Officers may request deletion of the subsequent recording. A memorandum detailing the circumstances of the unintentional recording will be forwarded via the chain of command to the Chief of Police. If approved, the actual deletion requires two-party authorization.

One of those parties will be the Chief or their designee; the other will be an agency Axon/EVIDENCE.COM Administrator.

Officers are authorized to view their videos in the field through a Bluetooth enabled device. Officers may purchase a Bluetooth enabled I-Pod touch via uniform reimbursement to use in this capacity.

Those who have a Bluetooth enabled smart phone are authorized to use it as well. The specific application and discoverability concerns will be addressed in training.

Officers utilizing a Bluetooth device may use the device to input information about the video while in the field. (i.e. ID, Title, & Category) Officers should be aware there are no actions they can perform which will change the original video itself. All information added to the original recording

Body Worn Video Cameras

is added as metadata for the video. The original video recording is never altered by the officer using a Bluetooth device to input information.

449.4 CATEGORY AND RETENTION OF FILES

Each event must be categorized according to event type so proper retention periods will be applied. Video can be saved in multiple categories. In the event a video is taken that does not fall into a listed category and has no apparent evidentiary or administrative value, the officer may leave the video as uncategorized as long as there is a sufficient description of the video content in the title field (e.g., Just driving, accidental, ATL -no contact, etc.). 449.5 AXON FILE REQUESTS

Department Requests shall be completed by the System Administrator with the approval of the Chief of Police. A copy of the file may be made by the involved officer in accordance with this policy (for disclosure, review or testimony).

If the request is for video that is evidence in a case the officer shall make a copy of the video for use. This copy should be placed into evidence once the court has completed their process. If the copy is retained by the court, the officer will complete a supplemental report indicating this.

Public Records Requests: Pursuant to Arizona Public Records statutes and the Privacy and Security Act, it is the goal of this policy to support and promote openness in government by releasing non-confidential video recordings to the public upon request. 449.6 SUPERVISOR RESPONSIBILITIES

All supervisors should audit the files uploaded by their officers on a regular basis to ensure they are properly titling and categorizing their videos. It is recommended all patrol supervisors review one video on each of their assigned officers at least twice annually. Feedback should be given to the Officer on their performance and training recommendations made if appropriate. The body camera review should be documented in the Officers yearly evaluation.

Bicycle Patrol Tactic

452.1 PURPOSE AND SCOPE

The Flagstaff Police Department has established the Bicycle Patrol tactic for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

452.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. Its mobility and visibility in the community are hallmarks of its usefulness and are intended to support or supplement existing patrol operations.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow. If an officer intends to patrol remote portions of the Flagstaff Unified Trial System (FUTS) or any other area that is further than one mile from the nearest vehicle access point, it is recommended that they have a second officer accompany them.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the chain of command.

452.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are proficient with the handling and use of bicycles will be approved to utilize them as necessary. Factors to be considered in these assignments are as follows:

- (a) Recognized competence and ability as evidenced by performance.
- (b) Special skills or training as they pertain to the assignment.
- (c) Good physical condition.
- (d) Willingness to perform duties using the bicycle as a mode of transportation.

452.4 TRAINING

- (f) At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.
- (g) Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective chargers to increase battery life.
- (h) Officers shall not modify the patrol bicycle, remove, modify or add components except with the express approval of a supervisor or in the event of an emergency.
- (i) Vehicle bicycle racks are available should the officer need to transport the patrol bicycle or patrol a remote location. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is prohibited except in extraordinary circumstances..

Bicycles shall be properly secured when not in the officer's immediate presence.

452.7 OFFICER RESPONSIBILITIES

Officers must use caution and care when operating the bicycle without lighting equipment (ARS § 28-817).

Riding a patrol bicycle is a physically strenuous activity. Officers are responsible for monitoring their own physical limitations and remain properly hydrated while on bicycle patrol.

Foot Pursuits

456.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

456.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

456.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

Foot Pursuits

- (e) Air support.

Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

456.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the [dispatcher] or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

Foot Pursuits

- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

456.5 RESPONSIBILITIES IN FOOT PURSUITS

456.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the [dispatcher] of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

456.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

456.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;

Foot Pursuits

the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

456.5.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the [dispatcher] is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Sergeant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

456.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

Flagstaff Police Department

Flagstaff PD Policy Manual

Foot Pursuits

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Homeless Persons

462.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Flagstaff Police Department recognizes that members of the homeless community are often in need of special protection and services. The Flagstaff Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

462.1.1 POLICY

It is the policy of the Flagstaff Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

462.2 HOMELESS COMMUNITY LIAISON

The Chief of Police has designated the Selective Enforcement Squad Supervisor to act as the homeless liaison Officer. The responsibilities of the homeless liaison Officer include the following:

- (a) Maintain and make available to all Department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 - 1. Proper posting of notices of trespass and clean-up operations.
 - 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property Procedures Policy and other established procedures.
- (e) Oversee or arrange for clean-up operations conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

Homeless Persons

462.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter, Intake Triage Unit, and counseling referrals in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

462.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

462.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the

Homeless Persons

arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the Department homeless liaison Officer. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the homeless liaison Officer.

Officers may dispose of abandoned property of no value through environmental services.

462.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

462.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Service of Court Orders

463.1 PURPOSE AND SCOPE

Officers are frequently called to serve court paperwork in our jurisdiction. These include summons and subpoenas, orders of protection, injunctions prohibiting harassment and other similar documents. Officers should avoid becoming unnecessarily involved in the corresponding civil dispute and should advise all parties to seek legal advice if they have any questions about the documents.

463.1.1 RECORDS RESPONSIBILITIES

(a) Upon receiving documents from City Court, Records Clerks will log all orders of protection and injunctions against harassment on the "Order of Protection Service and Tracking Log" located in Records. Clerks will include their name and date on the log.

(b) Clerks will enter information on the document into the Records computer civil file as Pending Order of Protection or Pending Injunction in the box titled "Packet." A copy of the unserved paperwork should be scanned and attached in the civil module in case the original paperwork is misplaced.

(c) Records Clerks will then enter a call for service into the computer as a priority 5. The address of service should be included in the location field in order for dispatch to assign the call to the proper beat officer. Records personnel will list the plaintiff's name and the court number for the order of protection in the complainant field for tracking purposes.

(d) When the service address is out of our City or State, Records Clerks will contact the law enforcement agency in that jurisdiction to confirm assistance and obtain their fax number for service via fax. They will record the fax date and time on the "Order of Protection Service and Tracking Log" and on tab 2 in the notes field of the civil module.

(e) When an order of protection has been served, the Records Clerk will record it as served on the "Order of Protection Service and Tracking Log," change the packet type by removing the "pending", enter expiration date (one year from date of service) and make a copy of the affidavit or certificate of service. They will then attach this copy to the Flagstaff PD copy and forward this to the Warrants Division. The original will be forwarded to the Court of record. An additional copy of the Declaration of Service and civil packet should be scanned and attached in I/Leads, either to the corresponding report or to the entry in the civil module.

(f) Records personnel will check the "Un-served Orders" folder located at the Records counter daily. They will enter these orders into the computer for another officer to be dispatched for the attempt to serve.

463.1.2 RECORDS SUPERVISOR RESPONSIBILITIES

(a) The Records Supervisor or authorized designee will be responsible for monitoring the "Orders of Protection Service and Tracking Log" to ensure Records Clerks are appropriately recording receipt and disposition of court orders.

Service of Court Orders

(b) The Supervisor or designee will conduct an audit once a week on all orders of protection and injunctions against harassment to assure all documents are accounted for. They will work with the assigned detectives in auditing the paperwork and will create a watch subscription on the name of any defendant who is unable to be located for service. This will alert officers who may have contact with the subject that a court order needs to be served to them.

(c) The Supervisor or designee will assist in locating a good address for service when court orders are returned by patrol. If a correct address is located, the court order will be re-entered as a call for service and an officer will be dispatched.

(d) Un-served court orders will be retained for one year in the Records Section. After the one year period is over, if un-served, the paperwork will be returned to the court of record.

463.1.3 SHIFT SUPERVISORS RESPONSIBILITIES

The early Day Shift Supervisor will check Court Service paperwork (subpoenas) at the beginning of each shift and assign paperwork to personnel during briefing. He or she will log all court paperwork assigned (summons and subpoenas) on the Summons and Subpoena Service Log kept in the briefing room (see attached example).

Subsequent Shift Supervisors (swing, overlap, etc.) will receive un-served summons and subpoenas from officers and assure attempts to serve paperwork continue.

Shift Supervisors will review court service when reviewing reports and hand log all court documents served (including subpoenas, orders of protection and orders of injunction) at the bottom of the case-listing log. The served paperwork will be turned into records with checked off reports.

463.1.4 OFFICER RESPONSIBILITIES

Officers will receive summons and subpoenas for service from the Shift Supervisor in briefing. They will be dispatched to serve orders of protection or injunctions against harassment.

Officers will attempt to serve the paperwork at the given address. If service is made, officers will notify dispatch that service was successful and provide dispatch with the plaintiff's name. Officers will complete the necessary service notification and turn the paperwork in to the Shift Supervisor with the remainder of their reports.

If service is not made, but the address is valid, officers will return the un-served order to records.

If service is not made and the officer determines the address is not valid, he/she will document their attempts and findings in a report. A copy of the report should be attached to the order of protection or injunction and given to the Records Supervisor.

If the Records Supervisor locates a new address for service, the order will be re-entered as a call for service. If the new address is found to be invalid, the officer will file a supplemental report to the original DR (a copy will still be attached to the order) and again forward to Records.

Officers will be held strictly accountable for all court paperwork they are assigned.

Flagstaff Police Department

Flagstaff PD Policy Manual

Service of Court Orders

463.1.5 DISPATCH RESPONSIBILITIES

Dispatchers will record the plaintiff's name in the complainant location when an officer notifies them an Order has been served.

Dispatchers will assist in providing orders of protection from the file located in Dispatch when an officer contacts a defendant after hours.

Public Recording of Law Enforcement Activity

464.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

464.2 POLICY

The Flagstaff Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings deemed to be evidence of a crime will only be obtained or seized lawfully.

Officers should exercise restraint and shall not threaten intimidate or otherwise discourage someone from exercising the right to record members performing their official duties.

464.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) The individual may not present an undue safety risk to the officers, him/herself or others.
- (c) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect, by repeatedly telling a person being questioned by law enforcement not to respond.
 - 2. Inciting others to violate the law, or hinder or obstruct law enforcement in the performance of their official duties.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (d) An individual's recording of police activity from a safe distance without any other action intended to obstruct or threaten the safety of the officer or others does not amount to interference.
- (e) A person's expression of criticism of the police or the police activity being observed does not amount to interference. The First amendment protects a significant amount of verbal criticism and challenge directed at police officers. Even foul expressions of disapproval towards police officers are protected under the First Amendment.

Public Recording of Law Enforcement Activity

- (f) Officers shall not do any of the following:
 - 1. Order a person to cease recording.
 - 2. Demand a person provide a reason for taking photographs or recording.
 - 3. Intentionally block or obstruct cameras or recording devices in any manner.

464.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

464.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when a member of the public is recording an officer and the officer believes it is necessary to obtain a copy of the recording or the member of the public is interfering in any way.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

464.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

Flagstaff Police Department

Flagstaff PD Policy Manual

Public Recording of Law Enforcement Activity

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Section Policy.

First Amendment Assemblies

465.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

465.2 POLICY

The Flagstaff Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

465.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

465.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

465.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

465.5 PLANNED EVENT PREPARATION

For planned events, if appropriate, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

465.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

465.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

465.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

465.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

465.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

465.8 ARRESTS

The Flagstaff Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

465.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

465.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

First Amendment Assemblies

465.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

465.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

465.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

466.1 PURPOSE AND SCOPE

This policy provides members of the Flagstaff Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Arizona law.

466.2 POLICY

The Flagstaff Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

466.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

466.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

466.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

466.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

466.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Flagstaff Police Department

Flagstaff PD Policy Manual

Civil Disputes

466.6.1 LANDLORD/TENANT ISSUES

For disputes regarding access to a dwelling by a tenant who is accused of domestic violence, officers should be aware that a landlord may refuse to provide a tenant with access to a dwelling to reclaim property if the tenant is the person named in an order of protection unless a law enforcement officer escorts the tenant into and out of the dwelling (ARS § 33-1318).

Medical Aid and Response

467.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

467.2 POLICY

It is the policy of the Flagstaff Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

467.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 - 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Medical Aid and Response

467.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

467.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

467.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

467.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Flagstaff Police Department

Flagstaff PD Policy Manual

Medical Aid and Response

The Uniform Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

467.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

An AED should only be used by members who have completed a state-approved course in CPR and the use of an AED (ARS § 36-2261(5)).

467.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Officer who is responsible for ensuring appropriate maintenance.

Any member who uses an AED shall contact the Communications Center as soon as possible and request response by EMS (ARS § 36-2262).

Medical Aid and Response

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

467.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

The Records Section shall ensure that a written report is provided to the Bureau of Emergency Medical Services and Trauma System within five days after use (ARS § 36-2262).

467.8.3 AED TRAINING AND MAINTENANCE

The Training Officer should ensure appropriate training is provided to members authorized to use an AED.

The Training Officer is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's guidelines, and will retain records of all maintenance in accordance with the established records retention schedule (ARS § 36-2262).

467.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Trained members may administer opioid overdose medication in accordance with protocol specified by the physician or nurse practitioner who prescribed the overdose medication for use by the member (ARS § 36-2228).

467.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Officer.

Any member who provides an opioid antagonist shall contact the Communications Center as soon as possible and request response by EMS.

467.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Professional Standards Sergeant will ensure that information is provided to meet applicable state reporting requirements.

467.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Professional Standards Sergeant should ensure Arizona Peace Officer Standards and Training Board (AZPOST)-approved training is provided to members authorized to administer opioid overdose medication (ARS § 36-2228).

Medical Aid and Response

467.9.4 OPIOID OVERDOSE REPORTING

When a member makes contact with a person where opioid overdose is suspected, and an opioid overdose medication is administered, the member shall obtain information for reporting to the Arizona Department of Health Services (DHS). The Professional Standards Sergeant will ensure information is provided for the state reporting requirements (AAC § R9-4-602).

467.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

467.11 FIRST AID TRAINING

Subject to available resources, the Training Officer should ensure officers receive periodic first aid training appropriate for their position.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on collision data, enforcement activity records, traffic volume and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in collision situations but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Flagstaff Police Department. Information provided by the Arizona Department of Transportation (ADOT) is a valuable resource for traffic collision occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of collision-causing violations during periods of increased incidence and at the locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators. All officers shall maintain high visibility while working general enforcement, especially at locations where there is a high incidence of collisions.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions.

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant.

Flagstaff Police Department

Flagstaff PD Policy Manual

Traffic Function and Responsibility

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the citation is properly directed to the court with jurisdiction in which the violation occurred (ARS § 28-1552 and ARS § 28-1558).

500.3.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. Issuing a citation and releasing a violator when they have valid identification and a known address is appropriate. When it becomes apparent after explanation that a violator refuses to sign a criminal citation, the shift supervisor will be called and will give the violator a final opportunity to sign before he/she is booked. When citing/ arresting someone for criminal traffic of a serious nature, a full physical arrest may be more appropriate. In these cases direction should be sought from the shift supervisor. These cases usually deal with, but are not limited to (ARS § 28-121):

- (a) Negligent homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit and run resulting in serious injury or death.
- (d) Hit and run resulting in damage to any vehicle or property.

500.4 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will

Traffic Function and Responsibility

be exposed to the hazards of approaching traffic or construction and recovery equipment (23 CFR 634.3). Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or any time high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as an officer.

500.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Officer should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.5 MOTORCYCLE TRAFFIC UNIT

The primary objective of the motorcycle officers is to reduce the number of accidents occurring in the City of Flagstaff by preventing or reducing the commission of violations that have been identified as primary accident causes.

The specific duties consist of providing enthusiastic and consistent directed traffic enforcement and the primary investigation of traffic accidents when available.

500.5.1 MOTORCYCLE PROCEDURE

 4. Upon leaving his or her residence for duty, the officer shall notify dispatch of his or her availability and will be responsible for taking appropriate enforcement action as required.
- (g) Repair and Maintenance - Assigned officers are responsible for the appearance of both uniform and equipment.
1. Officers will be allowed two hours of on duty time per month for the purpose of cleaning the motorcycle.
 2. Officers are responsible for ensuring their motorcycles are in good running condition and are taken to the proper location for repairs and maintenance. Repairs and maintenance will be scheduled in such a way as to maximize patrol availability.
 3. Officers will make daily inspections of oil, gas, tires and mechanical condition.
- (h) Inclement Weather - Inclement weather or other environmental factors that prevent the safe operation of the motorcycle will be assessed by the shift supervisor and motorcycle officers. The supervisor will assign the officers to other duties if conditions are determined to be unsafe by either the officers or supervisor. The primary consideration will be officer safety in regard to conditions.

500.5.2 MOTORCYCLE DEPLOYMENT

Deployment of motorcycle traffic units will be based on information regarding the frequency of accidents, traffic violations and DUI offenses. The assigned officers and their supervisors will be responsible for analyzing this information and developing enforcement plans on a weekly basis. A Patrol Lieutenant will review and approve all selective enforcement traffic programs.

Flagstaff Police Department

Flagstaff PD Policy Manual

Traffic Function and Responsibility

- (a) Input will be obtained from citizen complaints, Block Watches, computer data bases and beat managers.
- (b) Motorcycle traffic enforcement officers will focus efforts toward reducing those violations that are the primary accident causes as identified from their research.
- (c) Motorcycle traffic enforcement officers may be assigned to participate in other selective duties such as parades or DUI enforcement road blocks, at the discretion of a Patrol Lieutenant.
- (d) Motorcycle officers will concentrate their activities on main arterial streets unless authorized by a Patrol Lieutenant to perform a special operation on a secondary street system.
- (e) Motorcycle traffic enforcement units may respond to a priority call as a back-up unit when other units are unavailable.
- (f) The motorcycle traffic enforcement unit will respond to calls for service when calls are holding and the response is approved by the shift supervisor.

- (d) Motor officers are exempt from wearing the campaign hat due to not having a place to secure them while on the motorcycle.

501.1.2 SUPERVISOR RESPONSIBILITIES

All supervisors will ensure that their officers who are assigned to traffic points during funeral escorts are wearing their campaign hat.

Supervisors will monitor escorts and assist when possible.

Traffic Collision Response and Reporting

502.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic collisions, providing aid and assistance, documentation of the incident and identification of criminal activity. The Flagstaff Police Department prepares traffic collision reports in compliance with Arizona law. As a public service the Flagstaff Police Department makes traffic collision information available to the public.

502.2 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic collision. A traffic collision with injuries reported may include an emergency response if the officer reasonably believes such a response is appropriate.

502.2.1 RESPONSE CONSIDERATIONS

An officer responding to and upon arrival at a collision, should consider the following:

- (a) The most appropriate route to the incident.
- (b) Proper placement of the emergency vehicle to provide protection for officers and the scene.
- (c) Potential for involvement of hazardous materials.
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HazMat, ambulance, tow vehicles and airship landing).
- (e) Provide first aid to any injured parties if it can be done safely, and obtain medical assistance as necessary.
- (f) Provision of traffic control and protection of the scene.
- (g) Preservation of roadway evidence.

The Duty Commander has discretion to call out the team when appropriate for:

- (a) Serious injury collisions.
- (b) Collisions that are complicated in nature.
- (c) In any other situations deemed necessary.

Regardless of whether the Collision Reconstruction Team is called out the original responding officer still is responsible for completing the preliminary investigation.

502.4 TAKING ENFORCEMENT ACTION

When investigating a traffic collision, officers will usually issue a traffic citation to the at-fault driver, after a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Arizona law led to the collision. Officers will issue traffic citations at collisions in the following circumstances:

- (a) For "no insurance" if the driver cannot produce proof of insurance. If an at-fault driver does not have insurance, the driver will also receive a citation for violations contributing to the collision.
- (b) Any case involving intoxication or impairment by a driver.
- (c) Any injury collision.
- (d) Any fatality collision (following review by the County Attorney's Office).
- (e) Any at scene collision involving significant property damage.

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

Officers should use discretion when determining whether to issue a traffic citation on certain collisions. Officers may elect not to issue a citation in the following circumstances:

- (a) Slow speed collisions (i.e., snow related incidents), where a collision occurred even in the event of extreme care and slow speed on the part of the driver and where minor damage has occurred.
- (b) Single vehicle collisions where damage occurs only to the at-fault vehicle and no egregious driving behavior is noted.

Traffic Collision Response and Reporting

- (c) Late reported vehicle collisions where there is no longer evidence at the scene and/or the vehicles have been moved.
- (d) Those situations where the investigator cannot determine fault because of a lack of evidence.

502.5 TRAFFIC COLLISION REPORTING

The investigating officer shall forward the sample to the Arizona DPS crime laboratory for analysis.

502.6.2 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Flagstaff Police Department

Flagstaff PD Policy Manual

Traffic Collision Response and Reporting

when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

502.6.3 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on- or off-duty, is involved in a traffic collision within the jurisdiction of the Flagstaff Police Department and it results in a serious injury or fatality, the Shift Sergeant with Duty Commander approval may request the Arizona Department of Public Safety or other outside agency complete an investigation and report. 510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, the contract tow company shall be requested by the Communications Center.

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision. The officer shall request the dispatcher to call the contract tow company. The officer will then conduct an inventory and store the vehicle using a Vehicle Impound and Inventory Report.

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

- (b) Notice of the impound and storage must be mailed (or, in the case of the owner it may be personally delivered), within three working days after impoundment to the owner, lien holder, or other person(s) with an interest in the vehicle. These other persons are typically described as "lien holders" on the MVD computerized registration. Officers will be responsible for mailing, or in the case of the owner, delivering, the Notification of Impound and Storage. Officers will use the form letters provided in the patrol report writing room. The letters will be sent via regular U.S. mail, although a copy to an owner may be personally delivered.
- (c) A copy of the Notification of Impound and Storage should be forwarded to the patrol lieutenant before the end of the officer's shift.

Flagstaff Police Department

Flagstaff PD Policy Manual

Vehicle Towing and Release Policy

510.3 TOWING SERVICES

The City of Flagstaff periodically selects one or more firms to act as official tow services and awards contracts to those firms. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

 - 3. All vehicles towed as evidence or as forfeiture will have the exact location of the storage facility on the evidence sheet and the DR number noted on the billing sheet. Any vehicle to be held for an extended period of time should be stored in the City yard.
- (b) In arrests such as DUI's, other traffic offenses and non-traffic related offenses, officers will move the vehicle from the roadway to a safe parking spot and temporarily secure it. The owner/driver will be given the following options:
 - 1. Releasing the vehicle to a responsible party of their choice at the scene. A responsible party shall be construed as someone with a valid driver's license and someone who is not under the influence of alcohol or drugs. Careful attention should be given to the ability of a person to make a rational decision as to who the vehicle should be released to. A severely intoxicated person may not be able to make this rational decision.
 - 2. Calling a responsible person of their choice to take custody of the vehicle and to have it removed within two hours of the call. The call will be made prior to

Flagstaff Police Department

Flagstaff PD Policy Manual

Vehicle Towing and Release Policy

the completion of the booking process and a responsible party confirmed by the arresting/booking officer. The R/P shall be told the keys to the vehicle can be picked up from the officer.

3. The officer will make it clear to the owner/driver that the department's responsibility ends when the vehicle is released to a third party. The name and the address of the person taking custody of the vehicle shall be noted on the officer's report, both in the body and in the appropriate space on the arrest sheet.
4. If the owner/driver refuses or is incapable of selecting one of the above stated options or cannot find an R/P to take custody of the vehicle within departmental guidelines, it shall be towed as soon as possible upon completion of the booking process.

510.4.1 RECOVERED STOLEN VEHICLES

Officers recovering stolen vehicles will do as follows:

- (a) Advise Criminal Investigations so they may process the vehicle if necessary.
- (b) The assigned officer or detective will work with dispatch personnel to remove the vehicle from the stolen vehicle system.
- (c) Within 48 hours of recovering a stolen vehicle or receiving notification that a vehicle reported stolen through this department has been recovered, the officer or assigned investigator shall make a reasonable and good faith effort to notify the victim of the recovery. The notice must specify when the recovering law enforcement agency expects to release the vehicle to the owner and where the owner may pick up the vehicle.
- (d) Upon recovery of a vehicle reported stolen to another agency, the assigned investigator or dispatch should promptly inform the agency that the vehicle is recovered, where it is located and when it can be released to the owner.
- (e) On local stolen vehicles, the assigned investigator should contact the owner to come to the scene and claim the vehicle. If the vehicle is disabled, the officers should give the local owner their choice of towing services. Local stolen vehicles WILL NOT be towed if at all possible.
- (f) Officers shall inventory, tow, and impound ALL NON-LOCAL stolen vehicles, that cannot be released to their owner within a reasonable time. .

510.4.2 ABANDONED VEHICLES

When an officer receives a report of, or discovers a NON-TRAFFIC HAZARD abandoned or inoperable vehicle on any city street or city or commercial property, the officer will:

- (a) Take a report. The report will contain the location of the vehicle, license number, VIN, and other pertinent facts.

Before towing a vehicle under the snow removal ordinance, officers will:

- (a) Ensure the vehicle is on a dedicated city street and actually an obstruction to the snowplow. Officers should give owner/driver all benefit of doubt, i.e. if the vehicle is half on and half off the street, or if all effort has been taken to park the vehicle off the street - DO NOT TOW.

The officer having the City vehicle towed will submit an interdepartmental incident report to his supervisor.

510.4.5 TRAFFIC HAZARDS

If a vehicle is an immediate threat to safety, i.e. abandoned in roadway, blocking traffic, etc., and the owner is not readily available, officers will:

510.4.6 PRIVATE PROPERTY TOWS

Citizens requesting officers to tow vehicles from private property will be referred to the City Vehicle Abatement Office. Officers will not order or dispatch tow trucks for the above stated purpose.

510.5 VEHICLE INVENTORY

A detailed written inventory shall be completed on all vehicles towed by any officer of this department. This inventory shall be conducted to protect the Flagstaff Police Department and the City from claims of stolen, lost, or vandalized property, as well as protecting Flagstaff Police Department personnel from possible injuries from dangerous items.

- (a) Once it has been determined according to this policy or at the direction of a supervisor that a vehicle is to be towed, the officer will first request that a tow truck be dispatched to their location. Once a tow truck has been requested, the officer will then begin an inventory of the vehicle and its contents.
- (b) A complete inventory shall be made of all vehicle contents, including the contents of all containers and compartments found within the vehicle. The inventory will include documentation of serial numbers, make and model numbers, color and other identifying marks.
- (c) When inventorying vehicles, officers shall use keys to open a locked trunk or glove compartment. If keys are unavailable, instructions shall be obtained from a supervisor as to the method to be used in opening the locked trunk or glove compartment. Officers shall take special care not to damage any property in the course of attempting to gain access to locked containers or compartments.
- (d) Officers shall complete the vehicle inventory section designated "remarks" on the vehicle inspection/disposition form (tow sheet). All personal property, including that found in containers within the vehicle, shall be documented in this section.
- (e) Officers shall also list the registered owner's name and address in the remarks section of the vehicle inspection/disposition form.

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to ARS § 28-3514.

512.2 NOTICE

Within three business days after immobilization or impoundment, excluding weekends and holidays, the Investigating officer shall mail or personally deliver notice of immobilization or storage to the owner of the vehicle.

The notice of immobilization or storage shall include all of the following information:

- (a) A statement that the vehicle was immobilized or impounded.
- (b) The address and telephone number to contact at this department regarding the immobilization or storage.
- (c) The name, address and telephone number of the entity that will provide an immobilization or post storage hearing.
- (d) The location of the place of storage and a description of the vehicle including the manufacturer, model, license plate number and mileage of the vehicle if available.
- (e) A statement that in order to receive an immobilization or post storage hearing the owner, the spouse of the owner, the owner's agent or the person identified in the department's records as having an interest in the vehicle shall within ten days after the date on the notice either:
 1. Request an immobilization or post storage hearing by contacting this department in person or in writing or by filing a request with the justice court.
 2. Paying the prescribed fee pursuant to ARS § 22-281.

512.3 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Flagstaff Police Department, a hearing will be conducted upon the request of the owner or operator of the vehicle to determine if probable cause existed for the removal and placement of the vehicle.

The vehicle owner, spouse of the owner or other person having an interest in the vehicle shall have an opportunity for a single post storage hearing for the release of the vehicle by either this department or a justice court but not both (ARS § 28-3514(I)).

The hearing shall be conducted within five business days, excluding weekends and holidays, after the Department receives the request (ARS § 28-3514(F)). The hearing officer must be a person other than the person who directed the storage or impound of the vehicle.

Flagstaff Police Department

Vehicle Impound Hearings

- (a) Conducted within this department's jurisdiction.
- (b) Conducted telephonically.
- (c) Transferred to a law enforcement agency in the jurisdiction in which the owner, spouse of the owner, the owner's agent or any person identified as having an interest in the vehicle resides.

512.3.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone, within 10 days of the date appearing on the notice (ARS § 28-3514(G)). The Patrol Lieutenant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing.

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a mediation or reduction of the period the vehicle is impounded.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer may make reasonable adjustments to the impound period, storage or assessment fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be at the Department's expense.
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Section Commander. The hearing officer will recommend to the appropriate Section

Commander that the fees paid by the registered or legal owner of the vehicle in question or the owner's agent be reimbursed by the Department.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Flagstaff Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Arizona's impaired driving laws.

514.2.1 DUI INVESTIGATIONS INVOLVING JUVENILES

During an investigation of a DUI where the driver is a juvenile, if it is determined that blood or urine will need to be pulled for the investigation, the Officer will obtain a search warrant for the sample regardless of whether the juvenile consents to the collection of the sample or not.

514.3 CHEMICAL TESTS

A person implies consent under Arizona law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ARS § 28-1321):

- (a) The arresting officer has reasonable grounds to believe the person was driving or in actual physical control of a motor vehicle while under the influence of alcohol or drugs.
- (b) The arresting officer has reasonable grounds to believe the person is under 21 years of age and has any amount of alcohol in his/her body.
- (c) An officer has reasonable grounds to believe that the person was involved in a traffic accident that resulted in death or serious physical injury and has probable cause to believe that the person caused the accident (ARS § 28-673).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.3.1 BREATH SAMPLES

The Patrol Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Lieutenant.

Impaired Driving

514.3.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ARS § 28-1388). The blood draw should be witnessed by the assigned officer. An officer who is a certified phlebotomist should be used to collect the blood sample.

Officers should inform the person that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

If a person cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be treated as a refusal. However, that arrestee may be required to complete another available and viable test.

514.3.3 URINE SAMPLES

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen.

The collection kit shall be marked with the person's name, offense, Flagstaff Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

514.3.4 PRELIMINARY TESTS

An officer who has reasonable suspicion to believe that a person is in violation of ARS § 28-1381 (DUI) or ARS § 28-1382 (extreme DUI) may request that the person submit to a preliminary breath test before arrest (ARS § 28-1322).

514.3.5 STATUTORY NOTIFICATIONS

An officer arresting a person for DUI shall provide the person with the mandatory statutory warnings for submitting to testing provided by ARS § 28-1321(B).

514.4 REFUSALS

When a person refuses to provide a chemical sample, officers should:

- (a) Advise the person of the consequences of refusing a test requested pursuant to ARS § 28-1321.
- (b) Audio- and/or video-record the advisement and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

Impaired Driving

514.4.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test, officers shall personally serve the notice of suspension, on behalf of the Arizona Department of Transportation (ADOT), upon the person and take possession of any state-issued license or permit to operate a motor vehicle that is held by that person. If the person's license is surrendered, the officer shall issue the person a 15-day temporary driving permit. If the person's license or permit is not surrendered, the officer should include the reason why in his/her report (ARS § 28-1321).

The order of suspension is effective 15 days after the date it is served and shall be accompanied by printed forms that the person can use to request a hearing regarding the suspension. The order shall notify the person that (ARS § 28-1321; ARS § 28-1385):

- (a) He/she may submit a written or online request for a hearing.
- (b) The request for a hearing must be received by ADOT within 15 days after the date of the notice, or the order of suspension will become final.
- (c) The person's license or permit to drive or right to apply for a license or permit will be suspended.
- (d) The person's driving privilege may be reinstated following the period of suspension only if the person completes alcohol or other drug screening.
- (e) Unless the person has surrendered his/her license or permit, the person's request for a hearing will not be accepted without a certifying statement that the license or permit is lost or destroyed.

514.4.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses to submit to a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ARS § 28-1321).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay resulting from an accident investigation or medical treatment of the person.
- (c) If the officer has probable cause to believe that the person has violated the state's impaired driving laws and a sample of blood, urine, or other bodily substance has been taken from that person for any reason, the officer may request a portion of that sample for analysis (ARS § 28-1388).

514.4.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

Impaired Driving

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.5 ARREST AND INVESTIGATION

514.5.1 ADDITIONAL TESTING

The person tested shall be given a reasonable opportunity to arrange for any physician, registered nurse or other qualified person of the person's own choosing to administer a test or tests, in addition to any administered at the direction of an officer (ARS § 28-1388). If the officer is going to book the suspect into Jail and the suspect requests an independent sample, the officer shall transport the suspect to the Flagstaff Medical Center or other location where they may be able to get a second sample, prior to booking the suspect into Jail.

514.5.2 RESULTS FROM HEALTH CARE INSTITUTION

An officer who has reasonable grounds to believe that a person is DUI may request a copy of any written or electronic report of the person's blood alcohol concentration that is in the possession of a health care institution (ARS § 28-1390).

Impaired Driving

514.5.3 IGNITION INTERLOCK DEVICE

A person arrested for DUI, who is also under a previous court order to have a certified ignition interlock device (IID) on his/her motor vehicle, shall submit to any test chosen by an officer (ARS § 28-1464).

514.5.4 OFFICER RESPONSIBILITIES

The arresting officer shall file a certified report of a person's refusal, the surrendered license and copies of the notice of suspension and temporary permit with ADOT within five days. The certified report shall contain (ARS § 28-1321):

- (a) The officer's reasonable grounds to believe that the arrested person was driving or in actual physical control of a motor vehicle:
 - 1. While under the influence of intoxicating liquor or drugs, or
 - 2. While under 21 years of age with alcohol in his/her body.
- (b) The manner in which the person refused to submit to the test or tests.
- (c) That the person was advised of the consequences of refusal.

514.5.5 QUALITY ASSURANCE

This department shall utilize a quality assurance program, conducted by quality assurance specialists or operators, regarding devices used to determine alcohol concentration and shall generate records of periodic maintenance of those devices, pursuant to AAC § R13-10-104.

514.6 RECORDS SECTION RESPONSIBILITIES

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office. The records manager will ensure that any driver's license or permit seized is forwarded to ADOT within five (5) days after the issuance of the notice of suspension to the driver. (ARS 28-1321 and ARS 28-1385)

514.7 ADMINISTRATIVE HEARINGS

The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to ADOT.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the ADOT file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Section should forward this to the prosecuting attorney as part of the case file.

514.8 TRAINING

The Training Officer should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving,

Flagstaff Police Department

Flagstaff PD Policy Manual

Impaired Driving

investigative techniques and rules of evidence pertaining to DUI investigations. The Training Officer should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

516.2 RESPONSIBILITIES

Employees of this department shall use the state of Arizona uniform traffic ticket and complaint form for traffic complaints (ARS § 28-1557(A)).

The Records Section shall be responsible for the issuance and accounting of all traffic citations provided to employees of this department pursuant to ARS § 28-1557(C).

Citations will be kept in a secure location and issued to officers by Records Section staff. Officers will sign for the citation books when issued and the Records Section will maintain a receipt for each book issued.

Officers shall return to the Records Section (ARS § 28-1558(D)):

- (a) Each traffic citation issued to an alleged violator of a traffic law or ordinance.
- (b) Copies of each traffic citation that is spoiled or on which any entry has been made and not issued to an alleged violator.

516.2.1 DATA COLLECTION

Records should maintain information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops, including information relating to:

- (a) The race or ethnicity of the individual detained.
- (b) Whether a search was conducted and, if so, whether the person detained consented to the search.

Records should submit an annual report to the City of all traffic citations for conducting monthly audits as required pursuant to ARS § 28-1560(B).

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Patrol Lieutenant. Upon a review of the circumstances involving the issuance of the traffic citation, the Patrol Lieutenant may request the Uniform Patrol Section Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Traffic Citations

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request the prosecutor to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Uniform Patrol Section Commander for review.

Only the court has the authority to dismiss a citation that has been deposited with a court (ARS § 28-1558(B)).

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been fully completed or where it is completed but not issued. Officers may also void citations that have been soiled or otherwise damaged. All copies of the citation shall be presented to a Patrol Lieutenant with a memorandum outlining the reason for the dismissal. The lieutenant will be able to approve the voiding of the citation. The memorandum, citation and copies shall then be forwarded to Records for retention.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation should either request it be dismissed or voided and issue a new one. Disposition of notice of parking violation appeals is conducted pursuant to Arizona law.

516.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Law enforcement and other public agencies may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

520.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by Department personnel will be contingent on the time of day, the location, the availability of Department resources and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.3 TOWING OF DISABLED VEHICLES

If a vehicle is an immediate threat to safety, i.e. abandoned in roadway, blocking traffic, etc., and the owner is not readily available to move the vehicle, officers will:

- Provide traffic control as required.
- Attempt to contact the owner
- If the owner cannot be contacted inventory and tow by the contract tow service.
- Make arrangements to advise the owner of the reason for towing and the location where the vehicle was towed to.
- Complete proper departmental reports.

520.3.4 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate

Flagstaff Police Department

Disabled Vehicles

a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

Abandoned Vehicle Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the removal, recording and storage of vehicles abandoned in violation of abandoned vehicle laws, under the authority of ARS § 28-4834.

524.1.1 DEFINITIONS

Definitions related to this policy include:

Abandoned Vehicle - A vehicle, trailer or semitrailer that is subject to registration, whether lost, stolen, abandoned or otherwise unclaimed and that has been abandoned on a public highway, public property or elsewhere, including private property. Evidence that a vehicle was left unattended for a period of 48 hours within the right-of-way of any highway, road, street or other public thoroughfare or for a period of 72 hours on public or private property or elsewhere is prima facie evidence of abandonment (ARS § 28-4801).

524.2 TAGGING AND TOWING ABANDONED VEHICLES

When an officer receives a report of, or discovers a NON-TRAFFIC HAZARD abandoned or inoperable vehicle on any city street or city or commercial property, the officer will:

- (a) Take a report. The report will contain the location of the vehicle, license number, VIN, and other pertinent facts.
- (b) Tag the offending vehicle with the orange abandoned vehicle sticker on the driver's window.
- (c) Run a registration check to determine the owner's name and address.
- (d) Verify that the vehicle is not stolen and note this in the report.
- (e) Make a reasonable attempt to contact the owner (especially if local) to remove the vehicle in lieu of towing. Time and date of contact will be noted in the report.

Records will forward all abandoned vehicle reports to the Parking Control Officer. This person will be responsible for having the vehicle removed. The reporting officer has the responsibility to follow up and ensure the vehicle is removed in a timely manner using whatever resources are appropriate.

524.2.1 VEHICLE STORAGE

Any vehicle in violation shall be towed and stored by the authorized towing service and a vehicle inventory and tow sheet shall be completed by the officer authorizing the storage of the vehicle as specified in the Vehicle Towing and Release Policy. Stored vehicles shall be entered into the National Insurance Crime Bureau (NICB) Impound/Stored Vehicle File (ARS § 28-872(F)).

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

When assigned to a case for initial or follow-up investigation, officers shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing criminal charges. Criminal investigation consists of two distinct and yet closely interrelated phases: the initial investigation and the follow-up investigation.

600.2 INITIAL INVESTIGATIONS

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Care for the injured and make a preliminary determination if a crime has been committed by completing, at a minimum, the following:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for possible evidence.
- (b) If information indicates a crime has occurred, the officer shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) assistance is necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or Shift Sergeant.
 - 4. Interview all available victims, informants, complainants, witnesses and suspects.
 - 5. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 6. Collect any evidence.
 - 7. Take any appropriate law enforcement action.
 - 8. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available and advise the informant or complainant of this information.

600.3 RECORDING OF CUSTODIAL INTERROGATIONS

Any custodial interrogation of a person who is suspected of having committed any violent felony offense should be electronically recorded (audio/video or both as available) in its entirety, as

Investigation and Prosecution

otherwise allowed by law. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the County Attorney and the Criminal Investigations supervisor. Copies of recorded interrogations or interviews may be made in the same or different format, provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

 - 1. Found Bodies
 - 2. Suicides
 - 3. Missing Persons
- (b) Follow-up by patrol officers will be required on all cases that are not closed by arrest or an early case closure (ECC) at the time of the initial report. An ECC may only be used when at the time of the initial report there are no leads available for the patrol officer to follow-up.

If a detective refers a case back to patrol, he/she will contact the complainant and advise him/her why it is not being handled as a felony and which patrol officer will be assigned. The detective will inform the officer of the status and furnish him/her with a copy of the report. It will then be the patrol officer's responsibility for follow-up.
- (f) In each case where follow-up is required, the officer taking the report will give the complainant a his/her business card or the victim's rights form if applicable with the DR number on it. Cases where follow-up calls are required include, but are not limited to, the following:

The Department shall maintain a confidential cold case register for offenses including homicides and felony sexual offenses that have remained unsolved for more than one year. As reasonably practicable, cold cases shall be revisited periodically for new information.

Maintenance of the cold case register and proper notification of the victim, victim's family or appropriate representative shall be in accordance with Arizona law (ARS § 13-4271).

600.5.3 THEFT NOTIFICATION WEBSITE REGISTRATION

The Detective Section supervisor shall ensure that this department is registered with the free theft notification website and reports stolen items via the website to recycling operations and other law enforcement agencies within a one hundred mile radius of a theft (ARS § 44-1641.02; ARS § 44-1641.05).

Investigation and Prosecution

information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Intelligence Systems policies).

600.8 PHOTOGRAPHIC IDENTIFICATION OF SUSPECTS

When practicable, the employee composing and the employee presenting the photo lineup should not be directly involved in the investigation of the case. When this is not possible, the employee presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

The following precautions should be taken by any employee presenting a photographic lineup:

- (a) The person of interest or suspect in the photo lineup should not stand out from the other persons depicted in the photos.
- (b) At no time prior to, during or after the presentation of a photographic lineup should it be suggested to a witness that any person depicted in the lineup is a suspect or was in any way connected to the offense.
- (c) The employee presenting the photographs to a witness should not know which photograph depicts the suspect.
- (d) The employee presenting the photographs to a witness should do so sequentially (i.e., showing the witness one photograph at a time) and not simultaneously. The witness should view all photographs in the lineup.
- (e) The position of the suspect's photo and filler photos should be placed in a different random order for each witness.
- (f) In order to avoid undue influence, witnesses viewing a photographic lineup should do so individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the photographic lineup with other witnesses.
- (g) An admonishment should be given to each witness that the suspect's photograph may or may not be among those in the lineup and that the witness need not make an identification.

The procedure employed and the results of any photographic lineup should be documented in the case report. 600.9 TRACKING DEVICES AND CELL SITE SIMULATORS

The Criminal Investigations Division Commander is responsible for ensuring that search warrants for use of tracking devices and cell site simulators meet the requirements of the provisions contained in ARS § 13-4293 and ARS § 13-4294.

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in ARS § 13-1401 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY

It is the policy of the Flagstaff Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.2.1 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall assist in keeping the location of the victim confidential.

The Department shall withhold public access to address and employment information that would reveal the location of a victim or alleged victim of criminal sexual conduct.

602.2.2 OFFICER RESPONSIBILITIES

Officers investigating or receiving a report of an alleged sex offense shall inform the victim of the following rights:

- (a) Provide to the victim, or designated representative, a Victims' Rights Form (ARS § 13-4405, ARS § 13-4403).
- (b) If the sexual crime involves domestic violence, provide the victim in writing with rights, procedures and resources for the protection of the victim (ARS 13-3601(J)).
- (c) To request that the Department withhold public access to information that would reveal the location and personal information of the victim.

Sexual Assault Investigations

- (d) Provide information regarding the nearest crisis intervention service, crime victim assistance program or other resource.
- (e) To be informed of and participate in the prosecution process if an offender is charged, including the right to request restitution.

602.3 MEDICAL EXAMINATION FOR SEXUAL ASSAULT VICTIMS

Officers investigating or receiving a report of an alleged sex offense that occurred within 120 hours of the offense shall, with the consent of the victim or a person authorized to act on behalf of the victim, request a medical examination of the victim.

If a sexual assault is not reported within 120 hours of the offense, the Department may still request a medical examination of the victim provided consent is given by the victim or a person authorized to act on behalf of the victim.

602.4 TITLE OF REPORTS FOR SEXUAL ASSAULTS WHEN NO CRIMINAL CHARGES ARE REQUESTED

According to federal guidelines, victims of sexual assault should be afforded an opportunity to seek services and not participate in a police investigation. In order to accommodate this NACASA may, on occasion, offer services to include a medical exam and securing evidence in a rape kit from victims of a sexual assault who wish to remain anonymous to law enforcement. In these cases, NACASA personnel will know the victim's name and will determine the proper jurisdiction of the event. If the incident occurred in Flagstaff, NACASA personnel will be contacting the Flagstaff Police Department to respond and secure the rape kit as evidence.

602.4.1 REPORT TITLE

- (a) Since the victim is not interviewed and the elements of the crime of sexual assault cannot be determined by law enforcement, the reports written must have a special title to prevent them from being reported in the department's and city's crime report.
- (b) When officers complete their report and the victim is unwilling to speak to or be identified by law enforcement, officers should title their reports as "VAWA" (Violence Against Women Act). No criminal code should be listed in the report. This will allow Records to track these reports if the victim later wishes to pursue charges or the location of the incident can be determined.
- (c) According to NACASA there is no "anonymous" reporting system due to language in the statute dealing with "material injury". NACASA is mandated to report all incidents to law enforcement. When a victim goes to NACASA for an exam and does not want law enforcement involvement, they call this a "non-report" sexual assault. The victim's name will be written on the rape kit. When picking up a "non-reporting" sexual assault kit from NACASA officers need to make sure they do not list the victim's name in their report.

Sexual Assault Investigations

- (d) Officers should also be aware if a victim is intoxicated they cannot be taken to NACASA because they cannot conduct an exam or get consent from an intoxicated victim. NACASA should not be contacted under these circumstances.
- (e) Officers are encouraged to contact Victim Witness Services on all reported sexual assault investigations, even if the victim declines police involvement.

602.5 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SANE, SAFE or Detective should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.5.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (ARS § 13-1426):

- (a) Facilitate the collection of a sexual assault kit when notified by a health care facility that a sexual assault kit is ready for release within five business days of notification.
- (b) Ensure the sexual assault kit evidence is submitted to the appropriate laboratory within 15 business days after its receipt in cases where the victim has made a report and there is a reasonable belief that a crime has occurred.

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Section Policy.

602.5.2 MINOR CONSENT TO MEDICAL EXAMINATION

Where a minor, age 12 years or older, is a victim of a sexual assault and it is not possible to contact the parents or legal guardian within the allotted timeframe a medical examination should be conducted. The minor may give consent to a hospital, medical and surgical examination, as well as to diagnosis and care in connection with such violation (ARS § 13-1413).

602.5.3 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

Sexual Assault Investigations

A Victim Advocate member may be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

602.6 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

Victims should not be asked or required to take a polygraph examination (34 USC § 10449).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Section supervisor.

602.8 CASE REVIEW

The Detective Section supervisor should ensure cases are reviewed on a periodic basis, at least annually. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

Sexual Assault Investigations

Summary reports on these reviews may be forwarded through the chain of command to the Chief of Police upon request.

602.8.1 REPORTING TO DEPARTMENT OF PUBLIC SAFETY

The Detective Section supervisor or authorized designee should ensure that the data required by the Department of Public Safety (DPS) regarding sexual assault kits is collected and provided to the Records Section for required annual reporting to DPS (ARS § 13-1427) (See Records Bureau Policy).

602.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Section supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

The Flagstaff Police Department case number shall be recorded on the cash transfer form. A copy of the form will be kept in the confidential informant's file.

If the payment amount exceeds \$500, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. This statement shall be signed by the confidential informant verifying the statement as a true summary of his/her actions in the case.

608.5.4 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

If funds distributed exceed \$600 in any reporting year the confidential informant should be provided an IRS 1099 Form (26 CFR § 1.6041-1), unless such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR § 1.6041-3).

Confidential Informants

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on tax returns as "other income," and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

608.5.5 AUDIT OF PAYMENTS

At least once every six months the Chief of Police or a designee shall conduct a thorough audit of all informant funds for accountability and security of the funds. The funds petty cash records, transfer forms, invoices, receipts and logs will assist with the audit process.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

The Flagstaff Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Section supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate related forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Eyewitness Identification

610.7 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being reviewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the Flagstaff Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The Flagstaff Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Flagstaff Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

Brady Material Disclosure

612.4 DISCLOSURE OF PERSONNEL INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
 - 1. The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.
 - 2. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (b) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.
- (c) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (d) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Chief of Police should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Upon review by the staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the Finance Department.

The Department will not replace or repair costly items (e.g., jewelry, exotic equipment) that are not reasonably required as a part of work.

700.3.3 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Flagstaff Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

702.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

702.4 OTHER PERSONAL VEHICULAR RELATED ELECTRONICS

The use of personal or portable electronic devices such as compact disc players, satellite radio receivers, televisions or similar entertainment devices is prohibited in department vehicles. Employees are only authorized to utilize those entertainment devices which come as standard equipment on the department vehicle (i.e. AM. / FM radio).

Flagstaff Police Department

Flagstaff PD Policy Manual

Personal Communication Devices

Officers are reminded that their vehicles are, for all intents and purposes, an office in which they meet and deal with the public. It is recognized the working environment should be one which supports the employee and his/her preferences when possible, but should also be professional.

Officers are reminded that the Department is responsible for what is aired over the public safety radio frequencies and these channels can be monitored by the FCC as well as the general public by scanners.

The ability to choose specific types of music, which may be offensive to civilians or arrestees, opens the officer to potential allegations of racial or other discrimination and abuse of authority. It is deemed in the best interest of the employee not to present this opportunity for these forms of allegations by listening to public radio stations only, with no control over the musical selections broadcast. If employees are in a department vehicle which is equipped with a cassette tape player or compact disc player, they are reminded of the need to be discrete and considerate in the music or other forms of entertainment they choose.

702.5 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

702.6 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except for on-duty for routine administrative work, or in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department,

Personal Communication Devices

except under emergency situations when no other devices are available to preserve evidence.

- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Flagstaff Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty, unless they are authorized to do so because of position or assignment.

702.7 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) Members are encouraged to place PCDs on silent or vibrate mode while in the workplace.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official department business.

Personal Communication Devices

- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.8 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee and legal advisor.

702.9 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions, and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ARS § 28-914). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.10 OFFICIAL USE

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

- (a) Barricaded suspects
- (b) Hostage situations
- (c) Mobile Command Post
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political or community events

the evidence technician shall forward a disposition request to the assigned investigator. The evidence will not be disposed of until a response is received.

(b) All Found Property will be handled in the following manner:

1. Found property should be held for a minimum of 30 days. During such period, property personnel shall attempt to contact the rightful owner by telephone and/or mail when sufficient identifying information is available. Property not held for any other purpose and not claimed within 30 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction, or as an Internet-based auction. If an owner submits a written request, the property may be held for a longer period of time within reason (ie: owner is incarcerated). Following the direction of ARS 12-944 (B), if the owner of found property that has a value of more than one hundred fifty dollars is not known, the agency holding the property shall post a notice containing a description of the property before the final disposal of the property. This will be accomplished by an Evidence Technician (or their designee) posting a description of the found item(s) on the City of Flagstaff's website (in the Evidence section). There will also be a paper copy available in the main lobby of the police department.

Items will remain on the website for no less than 30 days or until the rightful owner claims the property, whichever comes first. After 30 days has elapsed, items not claimed by the rightful owner and those items that meet the criteria established by Flagstaff Police Department policy and/ or ARS 12-941 may be claimed by the finder.

If found property is not claimed by the owner, or finder, the property may be sold at auction or destroyed. The final disposition of all such property shall be fully documented in related reports.

2. Found money that is unclaimed by its true owner at the end of 30 days, may be returned to the finder. Money unclaimed by the finder within 30 business days of certified mail notification will go to the City of Flagstaff General Fund.
3. When addresses of owners are known, a letter will be mailed by the Evidence Technician on the day the property is received to notify the owner that the Police Department is in possession of their property. Additional efforts will be made to determine owners of property if the owner's name is not indicated on the evidence voucher or evidence sheet.
4. If the officer has already notified the owner that their property has been found and is at the Police Department, the officer will indicate that on the evidence voucher or evidence sheet. Officers must direct the property owner to contact the Evidence Section prior to coming to the Police Department to claim it. Secured evidence cannot be released after normal business hours, holidays or Sundays.
5. Notification by mail to the owner (if known) that the property is in possession of the Police Department must still be made prior to destroying, converting or auctioning the item(s). Property that is unclaimed and has a useful purpose to

Flagstaff Police Department

our agency will be inventoried by Property Control after written permission to convert the evidence is obtained by the Deputy Chief of Police or Chief of Police.

6. Only items with reasonable value, such as radios, TV's, camping equipment, jewelry, tools, tool boxes, etc., will be considered for auction. All other items will be destroyed.

- (e) Items to be destroyed by the Bomb Technicians:
1. Ammunition
 2. Fireworks
 3. Any other explosive or flammable material
- (f) Firearms shall be disposed of pursuant to ARS 12-945.

Destruction of property will be performed by the Evidence Technician and a representative designated by the Special Services Supervisor. No evidence or property will be destroyed unless two employees are present and both sign the evidence voucher or evidence sheet. They will inspect the evidence packages for content, quality and evidentiary integrity. Except in instances where the evidence may present a hazard, all packages to be destroyed will be opened and examined by both employees, matching each item to the evidence voucher or evidence sheet.

The Evidence Technician will submit a list of the property destroyed through the chain of command to the Chief of Police. The Evidence Technician will semi-annually forward a list of all property to be auctioned to Special Services Supervisor. Upon authorization from the Chief of Police, the items will be auctioned in conjunction with the City of Flagstaff's Purchasing Division. When a new Evidence Technician is designated, an inventory audit will be conducted for the purpose of continuity of custody and to negate the need to account for every item of evidence.

When an officer or investigator will not authorize release, an owner demanding evidence will be referred to the Deputy Chief of Police. If the decision to not release the evidence to the individual is upheld, the owner will have to present a court order to obtain the item(s). A copy of the court order will be filed with the evidence voucher, and a copy to records to be field with the original report.

810.3 PUBLIC RECORDS RELEASE

Records shall be released upon request subject to redactions allowed under Arizona Statutes and case law to protect privacy interests, confidentiality and the best interest of the state.

810.3.1 REDACTION CONSIDERATIONS

1. General Redaction. Redaction is the removal of information found in the report that is prohibited from being released due to Arizona statutes and case law.

A. Copies requested by Criminal Justice Agencies and Authorized Non-Criminal Justice Agencies may be provided without any redaction.

B. Copies provided to Unauthorized Non-Criminal Justice requestors will be redacted. This includes citizen requests, attorneys, insurance companies, report copy services, and private investigators (with the exception of accidents in some cases – see Accident Report Redaction below).

2. Redaction Process.

Information is redacted by blacking out the information, either through the drawing tool bar on PDF documents, or by blacking out the information on hard copies with a black grease marker. If a marker is used, the form will be recopied; otherwise the information will still be visible through the marker. DO NOT white out or erase information to be redacted. It must be clear that the redaction has occurred. This type of blacking out is the only acceptable form of redaction. All redaction should have a professional clean appearance.

Standard information to be redacted:

G. Names of Victim Advocate employees, if listed.

H. Names of victim businesses do not need to be redacted.

3. Redaction of Juvenile Information.

All juvenile reports will be redacted to include the standard redaction guidelines, all identification including the name(s), address, entire DOB and phone numbers of the juvenile. To include the juvenile's personal identifying information, we also redact any information that would assist with identifying a juvenile such as parent's name, juvenile's school, associates, any identifying activities, and/or any family members.

4. Redaction of Sexual Assault/Abuse Reports.

In addition to the standard redaction, all identification including the name, address and phone numbers of sexual assault/abuse victims, both adult and juvenile will be redacted. This includes address, telephone number, and last name information of family members that is the same as the victims. This information can be left un-redacted if the requestor is the victim, or parent/guardian of the victim listed in the report.

5. Redaction of Medical Information.

Any notation of medical history to include physical and mental illnesses, injuries, treatment and medications are redacted. This would not include injury observation by police personnel in accidents and assaults.

6. Redaction of Criminal History Record Information.

References to criminal dispositions and convictions will be redacted. This does not include reference to prior FPD investigations and arrests; however, references to other agency investigations will be redacted.

7. Redaction of Arrest / Booking Records. Standard redaction applies to Arrest/Booking records with the addition of all next of kin information.

 - 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 - 2. If the computer is turned on, contact a department Certified Forensic Computer Examiner for directions. Do not unplug.
 - 3. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
 - 1. Employees should avoid placing computer components in vehicle trunks for transport due to radio frequency interference which could damage components.
- (f) Log all computer items into the Property and Evidence Section. Do not store computers where normal room temperature and humidity is not maintained.

Computers and Digital Evidence

- (g) At a minimum, officers should document the following in related reports:
 - 1. Where the computer was located and whether it was in operation.
 - 2. Who was using it at the time.
 - 3. Who claimed ownership.
 - 4. If it can be determined, how it was being used.
- (h) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives and disk drives) should be seized along with all media.
- (i) Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and necessary for examination of the associated media. Examples are as follows:
 - 1. Printers should be seized if they are an instrument of the crime (i.e. check fraud by printing checks).
 - 2. Software and manuals should be seized as it is impossible to determine that the diskette purporting to contain a standard commercially available software program has not been used to store records/ contraband without examination.
 - 3. Manuals may be necessary to properly operate the computer system in order to accurately obtain and copy the records/contraband authorized to be seized.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, disks, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) The Forensic Examination Request Form
- (b) Copy of reports involving the computer, including the Evidence/Property sheet.
- (c) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation or other legal authority for examination.

Computers and Digital Evidence

- (d) A listing of the items to search for (e.g., photographs, financial records, E-mail, documents).
- (e) A forensic copy of the media will be made, and subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CDs, DVDs, tapes, memory cards or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage if available.

814.4 SEIZING PCDS

Personal communication devices such as cellular phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure its integrity and admissibility.

Computers and Digital Evidence

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (e.g., smart card, compact flash card or any other media) will stay with the device it was used in. A copy of the media usually in the form of a compact disk (CD) or Digital Video Disk (DVD) shall be brought to the Evidence Section as soon as reasonably possible for submission into evidence.
- (b) Officers are authorized to review the data stored on the device that was used to record the data, or they may make a copy in order to complete their reports or conduct follow up. Any copies requested by attorneys, outside agencies, or the public will be generated from the original in evidence by the evidence technicians.
- (c) As soon as reasonably possible following the collection of evidence, the camera operator is to burn a copy of the images to a CD, which will be placed into evidence.
- (d) Copies of pornographic materials, nudity, deceased persons or other photographs of an inappropriate nature will not be "hard copied" to attach to the report. They will be documented verbally in the report and submitted to evidence.

814.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- (a) Files should not be opened or reviewed prior to downloading and storage.
- (b) Where reasonably possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

- (a) The copy of the original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Police Aide

815.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the Flagstaff Police Department's (FPD) Police Aides.

815.2 FUNCTION

Police Aides will act as uniformed support for FPD's patrol division. Police Aides will patrol in fully-marked Police Aide vehicles, responding to calls-for-service and self-initiating proactive patrol activity commensurate to their training and authority as non-sworn employees.

815.3 TRAINING

Police Aides shall successfully complete the required two-week FPD Police Aide Academy and 4-week Field Training programs.

815.4 POLICE AIDE RESPONSIBILITIES

During any course of a call for service, if it is discovered that a crime has been committed or it is alleged that crime has been committed, the Police Aid shall immediately contact his/her supervisor, so the call may handled by a commissioned officer. Police Aids will also perform duties and responsibilities commensurate with assigned functional area within a department(s) which may include, but are not limited to, any combination of the following tasks:

815.4.1 PARKING ENFORCEMENT

Police Aides will respond to calls-for-service related to civil parking complaints. Police Aides shall conduct investigations into reports of parking offenses and may issue citations according to policy.

815.4.2 TRAFFIC/PRIVATE PROPERTY COLLISIONS

Police Aides may assist officers of both injury and non-injury motor vehicle collisions. As a function of this role, Police Aides may be expected to coordinate accident scenes for traffic control purposes. Police Aides can investigate private property collisions.

815.4.3 TRAFFIC CONTROL/TRAFFIC HAZARD MANAGEMENT

Police Aides will visually identify roadway hazards and determine a safe action to remove them, including disabled and/or abandoned vehicles. Police Aides will assist officers in directing traffic as needed, to include assisting with traffic control in the course of escorting funeral processions.

815.4.4 ANIMAL CONTROL

Police Aides will respond to ACO calls-for-service and determine whether a uniformed officer or ACO should respond for enforcement. Police Aides may be required to transport animals to the Humane Shelter.

Flagstaff Police Department

Flagstaff PD Policy Manual

Police Aide

815.4.5 PUBLIC ASSISTS/CIVIL ISSUES

Police Aides will answer questions to a variety of inquiries over the phone and in person, provide information on policies, procedures, ordinances, and laws, and resolve questions or problems related to the Aide's area of assignment. In addition, Aides will conduct proactive public services such as residence and business checks, missing person searches, and deploying the radar trainer, decoy car, and sign boards to trending hot spots. Police Aides will assist citizens by conducting civil standbys and by assisting with the service of civil processes.

815.4.6 ADMINISTRATIVE ASSISTANCE

Police Aides may be required to assist officers with peripheral investigative duties as approved by the shift supervisor (i.e. conducting area searches on foot or in a vehicle, maintaining scene security log, conducting canvass interviews).

815.4.7 OTHER DUTIES AS ASSIGNED

Police Aides may be expected to perform the duties that include but are not limited to:

- Effectively, professionally, and courteously communicating with diverse groups of people, both verbally and in writing, often under stressful circumstances.
- Referring citizens to the appropriate agency or a commissioned officers officer for matters that exceed the scope of responsibility for Police Aides.
- Completing routine daily reports in a thorough and complete manner according to established reporting standards of the Flagstaff Police Department.
- Participating in community service and education activities in connection with promotion of police programs.
- Reporting suspicious activities to commissioned officers.
- Performing a variety of administrative duties as part of regular work responsibilities, or for special requests as assigned by supervisor.

815.5 SUPERVISOR RESPONSIBILITIES

Although Police Aides should be able to recognize calls for service that require intervention of commissioned officers, it is ultimately the shift supervisor's responsibility to monitor his or her subordinates to ensure Aides involve officers in a timely manner to resolve issues of great complexity or that involve a high level of risk. For example, supervisors should avoid sending Police Aides to investigate late reported crimes on-scene.

Those individuals who directly supervise Police Aides shall be responsible for logging the Aide's activity and payroll time. The Aide's direct supervisor shall maintain the Police Aide's PPR and provide a supervisory review of the Aide's performance on a regular basis.

Animal Control

820.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for Animal Control Officers (ACO) and other Flagstaff Police Department personnel in dealing with calls related to animal control and to set forth procedures regarding animal control services, the handling of injured animals and the abatement of animal nuisances (ARS § 9-499.04).

820.1.1 TRAINING

ACOs shall successfully complete the required basic and continuing education animal control courses as approved by the Department.

820.2 ANIMAL CONTROL OFFICER RESPONSIBILITIES

The ACO shall be responsible for enforcing local, state and federal laws relating to animals and for appropriately resolving or referring animal problems as outlined in this policy.

Specifically, the ACO is assigned the tasks necessary for the day-to-day responsibilities and rabies control as regulated by the Department of Health Services (ARS § 11-1003).

The ACO shall be under the operational control of the Uniform Patrol. The Animal Control Officer's assigned working hours will be scheduled by the Uniform Patrol Division Division Commander. During hours when the ACO is on-duty, requests for animal control services shall be assigned by the Communications Center or the Shift Sergeant.

Requests for assistance by the ACO shall be acknowledged and responded to promptly.

820.3 OFFICER RESPONSIBILITIES

During hours when the ACO is off-duty, or if the ACO is otherwise unavailable, the following animal-related calls for service will be handled by the appropriate on-duty officer.

Officers may be dispatched to animal-related calls and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazards of handling animals without proper equipment, responding officers generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of the ACO. The following are examples of when an officer may consider acting before the arrival of the ACO:

- (a) When there is a threat to the public safety.
- (b) When an animal has bitten someone, officers should take measures to confine the animal and prevent further injury.
- (c) When an animal is creating a traffic hazard.
- (d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
- (e) When an animal is gravely injured.

Animal Control

820.3.1 ANIMAL CRUELTY COMPLAINTS

Officers shall conduct a preliminary investigation on all reports of animal cruelty and forward the information to the ACO for follow-up. Officers shall not hesitate to take any immediate actions deemed necessary. If immediate action is necessary, officers seizing an animal shall comply with the notice requirements of ARS § 13-4281.

The assistance of an animal control officer may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animal associated with the case.

820.3.2 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted if reasonably possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued if appropriate. If a dog is taken into custody, it shall be transported to the animal shelter and placed into a holding pen. Officers will ensure the animal has food and water and will fill out the city intake log. All releases from the shelter will be handled by shelter personnel.

820.3.3 ANIMAL BITES TO HUMANS

Officers shall obtain as much information as possible for the case. They will advise the owner that the animal will need to be quarantined. Officers shall instruct the owner of a biting animal that is a pet, farm animal or domesticated wild animal, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, every reasonable effort shall be made to capture and impound the animal immediately.

820.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Officers shall obtain as much information as possible regarding the nature of the complaint, the complaining person, owner information (if possible) and location of problem. Officers will also document any actions taken, citations issued, related report numbers, and if a warning notice was left at a residence.

In the event the responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the ACO may be called. If the ACO is unavailable, the patrol supervisor may request the assistance of an animal control officer from an outside agency.

All requests to call in the ACO must be approved by a Shift Supervisor.

820.4 DECEASED ANIMALS

Deceased animals that are a traffic or public hazard are to be removed to alleviate the immediate hazard. If not an immediate hazard, the communications center will notify the appropriate department for removal.

For health and sanitary reasons, deceased animals should be placed in a sealed plastic bag prior to placing them in a patrol vehicle. Neither the ACO nor any officer will be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal.

Animal Control

820.5 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, the communications center will notify the animal control officer or the appropriate agency.

In those occasions where the officer is faced with euthanizing a domesticated animal and all reasonable efforts have failed to locate the owner or handler the officer should first consider the following:

1. During business hours contact shall be made with Animal Control Officer, John Marciniak at 853-1232.
2. For after hours officers may contact the Coconino County Humane Society at 526-1076. The Coconino County Humane Society has established a 24 hour, 7 day a week call out policy utilizing their animal ambulance to assist with injured animals. In the event that staff from the Humane Society is not available, ACO John Marciniak may be called after hours at 699-5050.
3. In the event that an officer must euthanize a domesticated animal to end its suffering the above mentioned recommendation will also be followed as well as department policies and procedures.
4. If an animal (domestic or wild) is able to walk and not a danger to the community, it should not be euthanized.

The exceptions to the above are as follows:

- (a) When the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
- (b) When it is necessary to dispatch a seriously injured or dangerous animal the Shooting Policy shall be followed. The decision to dispose of a seriously injured animal will rest with the on-duty Shift Sergeant or supervisor if notice is possible (ARS § 9-499.04(B) (1), ARS § 13-3107(C)(6)). As always, officers should give careful consideration to their backdrop and the ground surface prior to discharging their weapons. The safety of fellow officers, bystanders and the public is always paramount.
- (c) Injured or deceased ranch animals or wildlife should be referred to the appropriate agency as listed by the Arizona Department of Game and Fish, the Bureau of Land Management or the Animal Services Division of the Arizona Department of Agriculture.
- (d) When handling dead or injured animals, Department employees shall attempt to identify and notify the owner of the final disposition of the animal.
- (e) Each incident shall be documented, at minimum, to include the name of the reporting party and the veterinary hospital and/or person to whom the animal is released. If the ACO is off-duty, the information will be forwarded for follow-up.

Flagstaff Police Department

Flagstaff PD Policy Manual

Animal Control

820.5.1 RESCUE OF ANIMALS IN VEHICLES

Members may use reasonable force to open a vehicle to rescue an animal if the animal is left confined and unattended in a vehicle and physical injury or death of the animal is likely to result (ARS § 13-2910). Members should:

- (a) Make a reasonable effort to locate the owner before entering the vehicle.
- (b) Take steps to minimize damage to the vehicle.
- (c) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
- (d) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
- (e) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.

820.5.2 RABID ANIMALS

Animal Control Officers and Police Officers may use reasonable force to trap, contain, or dispatch a suspected rabid animal. All efforts should be directed toward safeguarding the public from potential dangers and exposure to a suspected rabid animal, successful containment and/or destruction of rabid animal, safe handling/collection of the rabid animal, and processing/testing of animal parts to confirm potential disease presence.

ACO's and Police Officers are encouraged to exhaust other options prior to destroying any animals, however nothing in this policy will prohibit members from taking necessary action that is objectively reasonable under the totality of circumstances known at the time of the incident.

Considerations related to the destruction of potentially rabid animals:

820.6 ACO SHOTGUNS

Animal Control Officers are authorized to utilize the department issued .410 Gauge single-shot shotgun in accordance with their duties, only after successfully completing the Flagstaff Police Department ACO Shotgun training course and qualification annually. ACO's should check out the shotgun from the armory at the beginning of their shift, secure the shotgun in their ACO vehicles, locked and secured, away from public view, and will return shotguns to the armory at the completion of their shift, in order for the tool to be available for use by night shift police officers if needed.

ACO's are only authorized to utilize the shotguns while on duty when dispatching severely injured or rabid animals for safe removal and/or collection, or during department approved training. Severely injured animals should only be dispatched if chances of the wild animal surviving are minimal and clear and obvious injuries are preventing the animal from moving or reacting under its own power. Dispatching of injured animals is done under the pretext of compassion, thus preventing further injury or harm to the animal or community members, and quickly ending any prolonged pain and suffering of the animal.

ACO's and Police Officers should use due regard for the public, to include but not limited to reducing the potential for damage to surrounding privately owned property when discharging firearms towards potentially rabid animals. ACO's and Police Officers should only fire in a safe direction, avoiding areas where citizens may be congregated, or areas that might cause damage to other property / persons.

After discharging a shotgun at an injured or rabid animal, ACO's shall complete a departmental report titled "Animal Involved Incident" to document the event. ACO's shall also complete an FPD Use of Force Form indicating the reason force was used against the animal and will attach it to the departmental report for supervisor review and approval.

Flagstaff Police Department

Flagstaff PD Policy Manual

Animal Control

If ACO's are unable to successfully complete and pass the FPD ACO Shotgun Course and Qualification, then they are prohibited from carrying, utilizing, and/or firing the shotgun during normal daily duties. Successful completion of the FPD ACO Shotgun Course and Qualification is required for shotgun use by Animal Control Officers.

820.7 CITATIONS

It should be at the discretion of the handling officer or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation. The issuance of any citations will be documented in the related police report.

820.8 POST-ARREST PROCEDURES

The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

820.9 AFTER HOURS ASSISTANCE

When an officer needs assistance after hours, the dispatch Center will attempt to call in a City Animal Control Officer (ACO).

Coconino County Health and Human Services (CCHHS) Animal Management will assist City of Flagstaff after hours in situations where Police Officers may need assistance to ensure Officer safety based on the below listed criteria. During normal business hours, CCHHS Animal Management Officers (AMOs) may be requested to assist the Police Officers when the City Animal Control Officers (ACOs) are not working, and Police Officers are not equipped to handle a situation. City Police Officers will remain on scene in the event that CCHHS AMOs respond since AMOs do not have jurisdiction within the city limits.

County AMOs respond to incidents where law enforcement may need assistance to ensure officer's safety specific to:

- (a) Arrest case where animals are on scene (owner is transported to jail),
- (b) Accident scene (owner is transported to hospital or deceased, and animals are ok),
- (c) Bite case where dog is running at large and poses an imminent threat to public safety,
- (d) Rabid animal,
- (e) Animal cruelty where a delayed response may result in animal's death.

After hours County AMOs NOT Respond To:

- (a) Dogs at large,

Flagstaff Police Department

- (b) Barking dogs,
- (c) Injured animal (the City has a contract with High County Humane to respond to injured animals),
- (d) Animal cruelty where animal is not in imminent danger,
- (e) Stray for pickup,
- (f) Bite case where dog is contained and there is no imminent danger to public or owner,
- (g) Loose livestock and poultry.

Chapter 9 - Custody

Custodial Searches

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Flagstaff Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

900.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

Custodial Searches

900.4 SEARCHES AT POLICE FACILITIES

Custody searches shall be conducted on all individuals in custody, upon entry to the Flagstaff Police Department facilities. Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search.

Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility.

900.4.1 PROPERTY

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Section Policy.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. The inventory should include the case number, date, time, member's Flagstaff Police Department identification number and information regarding how and when the property may be released.

900.4.2 VERIFICATION OF MONEY

All money shall be counted and verified and the evidence form initialed by another officer prior to submission to evidence. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

900.5 STRIP SEARCHES

No individual in temporary custody at any Flagstaff Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include, but are not limited to:

- (a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

Flagstaff Police Department

Flagstaff PD Policy Manual

Custodial Searches

- (b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.
 - 1. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.
- (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.
- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

900.5.1 STRIP SEARCH PROCEDURES

Strip searches at Flagstaff Police Department facilities shall be conducted as follows (28 CFR 115.115):

- (a) Written authorization from the Shift Sergeant shall be obtained prior to the strip search.
- (b) All members involved with the strip search shall be of the same sex as the person being searched, unless the search is conducted by a medical practitioner.
- (c) All strip searches shall be conducted in a professional manner under sanitary conditions and in a secure area of privacy so that the search cannot be observed by those not participating in the search. The search shall not be reproduced through a visual or sound recording.
- (d) Whenever possible, a second member of the same sex should be present during the search, for security and as a witness to the finding of evidence.
- (e) Members conducting a strip search shall not touch the breasts, buttocks or genitalia of the individual being searched.
- (f) The primary member conducting the search shall prepare a written report to include:
 - 1. The facts that led to the decision to perform a strip search.
 - 2. The reasons less intrusive methods of searching were not used or were insufficient.
 - 3. The written authorization for the search, obtained from the Shift Sergeant.
 - 4. The name of the individual who was searched.
 - 5. The name and sex of the members who conducted the search.
 - 6. The name, sex and role of any person present during the search.

Custodial Searches

7. The time and date of the search.
 8. The place at which the search was conducted.
 9. A list of the items, if any, recovered during the search.
 10. The facts upon which the member based his/her belief that the person searched was concealing a weapon or contraband.
- (g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.
- (h) A copy of the written authorization should be retained and made available upon request to the individual or the individual's authorized representative.

900.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

A strip search may be conducted in the field only with Shift Sergeant authorization and only in exceptional circumstances, such as when:

- (a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.
- (b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Shift Sergeant authorization does not need to be in writing.

900.6 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be subject to the following:

- (a) No individual shall be subjected to a physical body cavity search without written approval of the Shift Sergeant and only upon a search warrant or approval of legal counsel. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request, to the individual or authorized representative (except for those portions of the warrant ordered sealed by a court).

Recruitment and Selection

1000.4.1 EMPLOYEE REFERRAL AND RECRUITMENT INCENTIVE PROGRAMS

Employee Referral Program:

Beginning April 15, 2017, The Flagstaff Police Department (FPD) will be offering a \$600 recruitment incentive to any City employee who sponsors a new officer or dispatcher who gets hired, completes training and completes probation. This will be in effect until the Police Department is fully staffed or further notice.

The way this will work is the sponsoring employee will need to notify the FPD hiring sergeant at 779-3646 that the employee is sponsoring a new recruit and give the sergeant the name of the recruit. The sponsoring employee will be asked to describe what efforts he or she made to encourage the recruit to apply with the City. This communication with the hiring sergeant should occur before the recruit applicant takes the written test or the closing date of the position.

If the recruit is offered employment with the City, the sponsoring employee will receive \$200 upon hire of the new recruit as a new police officer; will receive another \$200 when the recruit completes training, and a final \$200 upon completion of probation.

For dispatch, the sponsoring employee will be paid \$200 upon hire of the recruit as a new police dispatcher; will receive another \$200 upon completion of phones and primary radio channel training, and then the final \$200 upon end of probation.

If there is more than one sponsoring employee for the same recruit, the financial incentive will be divided equally among the sponsoring employees. If the sponsoring employee leaves City employment, the sponsoring employee will forfeit any rights to be paid a financial incentive that has not yet been paid.

Certified Officer Recruitment Program:

If the department hires an officer who is already certified by the state Of Arizona, it saves the City the expense of putting them through the Police Academy. For this reason, we will offer a \$10,000 recruitment incentive to the already certified officer who applies and gets hired with the City. The new employee/lateral officer would receive \$3,333.00 upon completion of their first six months of service, \$3,333.00 upon the completion of 12 months of service, and the final \$3,334.00 upon their 18-month anniversary. This will be in effect until the Police Department is fully staffed or further notice.

To protect our investment in the new employee, we require they sign a contract to repay the incentive should they leave the city within a year of completion of probation. The payback would be pro-rated as listed in the contract if they leave between years one and three. An officer hired under this program can also choose not to enter into the contract and forego receiving the incentive.

Officers who have been previously employed by the Flagstaff Police Department will not be eligible for this incentive. The FPD and the Certified Officer agree that the Certified Officer will be provided \$10,000 as follows:

Flagstaff Police Department

Flagstaff PD Policy Manual

Recruitment and Selection

- (a) \$3,333.00 will be paid upon completion of six (6) months of service AND successfully completion of the field training program. If field training is not completed by such six month service date then payment will be paid upon successful completion of the field training program.
- (b) \$3,333.00 will be paid to the Certified Officer upon completion of 12 months of service.
- (c) \$3,334.00 will be paid to the Certified Officer upon completion of 18 months of service.

The Certified Officer agrees that should the Certified Officer voluntarily terminate his/her employment with FPD within a period of thirty-six (36) months of their date of hire, and the above payments have been made to the Certified Officer, the Certified Officer will, on demand, reimburse the City of Flagstaff a share of the monies paid.

The repayment amount will be based on the following schedule:

- (a) If the Certified Officer voluntarily terminates his/her employment with the Flagstaff Police Department, during Year 1 (date of hire through the first anniversary of the date of hire) the Certified Officer agrees to, on demand, reimburse FPD one hundred percent (100%) of the monies paid under this agreement.
- (b) If the Certified Officer voluntarily terminates his/her employment with the Flagstaff Police Department, during Year 2 (date of hire through the second anniversary of the date of hire) the Certified Officer agrees to, on demand, reimburse FPD fifty percent (50%) of monies paid.
- (c) If the Certified Officer voluntarily terminates his/her employment with the Flagstaff Police Department during Year 3 (date of hire through the third anniversary of the date of hire) the Certified Officer agrees to, on demand, reimburse FPD thirty percent (30%) of monies paid.
- (d) If the Certified Officer voluntarily terminates his/her employment with Flagstaff Police Department, after Year 3 (after the third anniversary of the date of hire) there will be no demand for repayment of monies paid.

Evaluation of Employees

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1002.1.1 DEFINITIONS

Date of Hire - A calendar date assigned to an applicant, hired by the Flagstaff Police Department, which signifies the beginning of the career and represents the date of "Annual Merit increase".

Annual Merit Increase - An annual pay raise based on the Annual Merit performance evaluation, so long as standard performance is maintained by the employee and the immediate supervisor, through the chain of command, recommends such pay raise.

Annual Merit Performance Evaluation - A performance evaluation which covers the subordinates work product for a twelve month period, from their "date of hire".

Monthly PPR - Monthly Personnel Performance Record typically filed in a one page report listing the employee's strengths, weaknesses and goals for the following month.

Six Month Probationary Performance Evaluation - A performance evaluation which covers the subordinates work product for a three month period (90 days), due six months after completion of the Field Training Program.

End of Probation / Tenure Status Granted Memorandum - A departmental memorandum, which is completed by the probationary subordinate's immediate supervisor, authorizing the end of probationary status and granting tenure to the employee. This memorandum is due one year from the date of completion of the department's Field Training Program

1002.2 POLICY

The Flagstaff Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability,

Evaluation of Employees

pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period. Upon receipt of the rebuttal, the supervisor shall review the employee's response, sign the evaluation as acknowledgement of receiving the rebuttal, then print a copy of the evaluation. The supervisor will then forward the evaluation to their Deputy Chief. The two Deputy Chiefs and Chief of Police will review the rebuttal along with the evaluation to determine if the evaluation should be accepted as written or amended.

1002.4 FULL-TIME PROBATIONARY PERSONNEL

Personnel must successfully complete the probationary period before being eligible for certification as regular employees. An evaluation will be completed six months from the date of hire and twelve months from the date of hire for all full-time civilian personnel during the probationary period in the Communications Center. An evaluation will be completed at three months and six months from date of hire during the probationary period for all other full-time civilian personnel

Probationary sworn personnel while assigned to field training program will be evaluated daily, weekly and monthly. During the probationary period they will be evaluated quarterly at a minimum.

Evaluation of Employees

1002.5 FULL-TIME REGULAR STATUS PERSONNEL

Regular employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on or near the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater or the rater's supervisor determine one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (e.g., action plan, remedial training, retraining). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1 RATINGS

The definition of each rating category is as follows:

Outstanding - Actual performance that is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary. The rating of "outstanding" is only available as an overall rating category.

Above Standard - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected but is not of such rare nature to warrant outstanding.

Standard - Performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Below Standard - A level of performance less than that expected of a fully competent employee and less than the standards required of the position. A needs-improvement rating must be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Written comments should be provided through out the evaluation in the appropriate sections. This allows the rater to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked above or below standard shall be substantiated in the rater comments section.

1002.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the recently completed rating period and clarify any questions the employee may

Evaluation of Employees

have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Employees may also write comments in the Employee Comments section of the performance evaluation report.

1002.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the Division Commander. The Division Commander shall review the evaluation for fairness, impartiality, uniformity and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

1002.8 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file for the employee's tenure. A copy will be forwarded to the City Department of Human Resources. An additional copy shall be given to the employee if requested.

Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1008.2 POLICY

The Flagstaff Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1008.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Director of Human Services.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1008.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING

Arizona law protects employees from retaliation for disclosing information to the appropriate person or entity when the employee has a reasonable belief that this department is violating or will violate the state Constitution or state law, or is engaging in abuse of authority or gross waste of monies (ARS § 23-1501; ARS § 38-532).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1008.8 RECORDS RETENTION AND RELEASE

The Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Arizona and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 CRIMINAL ARRESTS

Any certified member shall promptly notify his/her immediate supervisor in writing if a firearm used by the member as part of his/her assigned duties has been confiscated as a result of involvement in a domestic violence incident pursuant to ARS § 13-3601(C) (see the Standards of Conduct Policy).

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Sergeant or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS

The supervisor may request an employee or prospective employee to submit to a screening test under any of the following circumstances (ARS § 23-493.04):

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves should be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other bodily fluids. Should one's disposable gloves become contaminated with blood or other bodily fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed member's supervisor to ensure testing is sought (Policy § 1016.5).

1016.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Any employee who received exposure or suspected exposure shall be seen by a physician (or qualified health care provider) as soon as reasonably possible pursuant to 29 CFR § 1910.1030(f) (3). This information is confidential and shall not be disclosed to anyone without the employee's written consent, except as required by law.

1016.5 SOURCE TESTING

Testing for communicable diseases of a person who was the source of an exposure to an employee of this department should be sought when it is desired by the department member or is otherwise appropriate. It is the responsibility of the ECO to ensure the proper testing and reporting occur. These methods are:

- (a) Obtaining voluntary consent that covers testing for any communicable disease from any person who may be the source of an exposure.
- (b) Seeking a court order when the person who may be the source of an exposure will not consent to testing if:

 - 2. There is probable cause to believe that a person interfered with the official duties of an employee of this department by biting, scratching, spitting or transferring blood or other bodily fluids to the skin or membranes of the member and that person is deceased (ARS § 13-1210(A)(2); ARS § 13-1210(D)).

If the person for whom testing is sought neither volunteers nor can be compelled to submit to testing, the ECO should seek a court order for the disclosure of communicable disease-related information from the person's health care provider based upon a showing of a clear and imminent danger that the life or health of an employee of this department is at risk, pursuant to ARS § 36-665(B).

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1020.10.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall, within 180 days, provide the member with a written notice and the following (ARS § 38-1110):

Flagstaff Police Department

Flagstaff PD Policy Manual

Personnel Complaints

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
 - 1. If requested by the law enforcement officer, a basic summary or file copies of similar disciplinary cases within the last two years shall be provided, unless prohibited by court rule (ARS § 38-1104).
 - 2. No final action should be taken or hearing scheduled until the basic summary or file copies have been provided to the law enforcement officer.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1020.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1020.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

Personnel Complaints

- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1020.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1020.13 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any personnel rules.

In the event of punitive action against a member covered by the Officers' Bill of Rights, the appeal process shall be in compliance with ARS § 38-1106.

1020.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate (see the Temporary Modified-Duty Assignments Policy).

1020.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1020.16 NOTIFICATION TO THE ARIZONA PEACE OFFICER STANDARDS AND TRAINING BOARD

1020.16.1 MISCONDUCT REPORTING

The Department may report to the Arizona Peace Officer Standards and Training Board (AZPOST) any misconduct involving a certified officer that could result in the suspension or revocation of his/her certified status (ARS § 41-1828.01(A)). Conduct that results in discipline may be reported for (AAC § R13-4-109):

- (a) Failure to meet the minimum qualifications for certification.
- (b) Providing false information related to certification as a peace officer.

Flagstaff Police Department

Flagstaff PD Policy Manual

Personnel Complaints

- (c) A medical, physical, or mental disability that substantially limits the person's ability to effectively perform the duties of a peace officer.
- (d) Violation of a restriction or requirement for certified status.
- (e) Engaging in behavior related to controlled substances that would be disqualifying under AAC § R13-4-105.
- (f) Unauthorized use of, or being under the influence of, alcohol on-duty.
- (g) The commission of any offense that would be a felony if committed in Arizona or any offense involving dishonesty, unlawful sexual conduct, or physical violence.

- (i) A conduct or pattern of conduct that tends to disrupt, diminish, or otherwise jeopardize public trust.

1020.16.2 TERMINATION REPORTING

- (a) The effective date and nature of the termination.

Seat Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 and AAC § R17-4-512.

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING CHILDREN

Child restraint systems shall be used for all children who are under 5 years of age or who are under 8 years old and are not more than 4 feet 9 inches tall (ARS § 28-907).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1022.4 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

Seat Belts

1022.5 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.6 POLICY

It is the policy of the Flagstaff Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Flagstaff Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

The Administration supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Flagstaff Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

Body Armor

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

1024.5 PURCHASE AND REIMBURSEMENT OF BODY ARMOR

The Department may be able to provide partial reimbursement for the purchase of soft body armor for personnel in an effort to improve safety. The training coordinator is the point of contact for possible reimbursement. If any employee leaves employment within less than a year, the body armor purchased in partnership with the city may be retained by the Department.

Transgender Policy

1028.1 PURPOSE AND SCOPE

This policy establishes guidelines for the appropriate treatment of transgender individuals who come into contact with Flagstaff Police Department personnel.

1028.1.1 DEFINITIONS

Gender - The term "gender" shall include actual or perceived sex and shall also include a person's gender identity, self-image, appearance, behavior, or expression, whether or not that gender identity, self-image, appearance, behavior, or expression is different from that traditionally associated with the legal sex assigned to that person at birth.

Transgender - Transgender is an umbrella term, which refers to a variety of individuals whose gender identity or expression diverges from societal expectations regarding how a person of that individual's birth-assigned sex should identify or express their gender. The term may include, but is not limited to:

Non-Binary - People whose gender is not male or female, may use many different terms to describe themselves, with non-binary being one of the most common. Most people – including most transgender people – either identify male or female. But some people don't neatly fit into the categories of "man" or "woman," or "male" or "female." For example, some people have a gender that blends elements of being a man or a woman, or a gender that is different than either male or female. Some people don't identify with any gender. Some people's gender changes over time.

Intersex individuals - Individuals who, because of their chromosomal make-up or other biological reasons are born with physical characteristics that make their biological sex ambiguous.

Cross-dressers - Individuals whose gender identity matches their birth-assigned sex, but who sometimes prefer to wear clothes not traditionally associated with their sex. Most individuals who consider themselves cross-dressers do not wear cross-gendered attire all of the time. The term "cross-dressers" should not be used to refer to individuals who are living as members of the opposite sex, in accordance with their gender identity. Not all transgender people dress in accordance with what society would deem appropriate for their gender identity. There could be masculine transwomen and feminine transmen, some of this community can be fairly ambiguous with their dress and choose to not embrace stereotypical male or female dress.

Transsexual - An older term, that originated in the medical and psychological communities, and which is used to refer to individuals who wish to change, or have changed their birth-assigned sex, through hormones, surgery or other physical procedures. Just as many gay people prefer the term "gay" to the term "homosexual," many transgender people prefer "transgender" to "transsexual." Some transgender people, however, still prefer to use the medical term to describe themselves. When in doubt, the most appropriate term is "transgender".

Gender Identity - Self-perception, as male or female, a combination of both, or neither, and shall include a person's appearance, behavior, or physical characteristics that may be in accord with, or

Transgender Policy

opposed to, one's physical anatomy, chromosomal sex, or sex assigned at birth; and shall include, but is not limited to, persons who are undergoing or have completed sex reassignment. Gender identity is strictly how the individual identifies themselves and is not linked with how that individual is perceived by others.

Gender Expression - The actual or perceived identity or behavior of a person as being male, female, a combination of both, or neither. The terms refer both to an individual's self-identification as male, female, a combination of both, or neither, or transgender; and other people's perceptions or interpretations of an individual's gender as male, female, a combination of both or neither, or transgender. Expression includes the outward manifestations of an individual's gender, including the individual's behavior, dress, and appearance.

Sexual Orientation - An individual's enduring romantic, emotional, and/ or sexual attraction to individuals of a particular gender or sex. Male or female homosexuality, heterosexuality, and bisexuality; by preference, practice or as perceived by others. It is not related to gender identity. Transgender people can be any sexual orientation [gay, lesbian, bisexual, heterosexual/straight, no label at all, or some other self-described label].

1028.2 PROCEDURE

The policy of the Flagstaff Police Department is to treat all individuals with dignity, respect, and professionalism.

- (a) Officers will use pronouns as requested by the individual (e.g. "she, her, hers" for an individual who self-identifies as female; "he, him, his" for an individual who self-identifies as male), or they, them theirs for someone who is non-binary.
 - (a) If officers are uncertain by which gender the individual wishes to be addressed, they will respectfully ask the individual for clarification [e.g. "Do you prefer to be referred to as 'she' or 'he'?"].
 - (b) When Requested, refer to the individual by name based on their gender identity, rather than that which is on their government issued identification.
- (b) As outlined in Flagstaff Police Department Policy 900.5, "No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status".
- (c) When practicable, elicit and record a "statement of search preference" from the transgender individual; allowing them to choose whether to have a female or male officer to conduct their search.
 - (a) Should the individual refuse to name a preferred gender to conduct the search, the officer(s) will classify the detainee or arrestee's gender as it appears on the individual's most recent government issued identification card.
 - (b) For the purposes of listing sex on citations, police reports and other official documentation, personnel shall use the sex designation listed in the most recent records in official governmental databases, starting with Department of

Flagstaff Police Department

Flagstaff PD Policy Manual

Transgender Policy

Transportation. The officer(s) should inform the transgender individual of how their sex will be listed on the citation. For example the officers should say, "I am required by law to list your sex as ____ according to your government documents and your name as ____."

- (c) Male officers will then search those individuals most recently identified as males (per the government databases) and female officers will search those individuals most recently identified as females (per the government databases).
- (d) If an officer of the same gender is not immediately available, and it is imperative that an immediate search be conducted, officers will not unreasonably endanger themselves or the public to comply with the aforementioned requirements set forth in "2" or "3".
- (e) For the purposes of listing sex on citations, police reports and other official documentation, personnel shall use the sex designation listed in the most recent records in official or governmental databases, starting with a government issued identification card.

Commendations and Awards

1030.1 PURPOSE AND SCOPE

Special recognition may be in order whenever an employee performs his/her duties in an exemplary manner. Citizens may at times perform a meritorious act that deserves recognition. This procedure provides general guidelines for the commending of exceptional employee performance or meritorious acts by citizens.

1030.2 WHO MAY MAKE COMMENDATIONS

Any officer or employee may nominate another officer or employee for an award. Nominations may be initiated by officers or employees who witness the acts or receive information of the acts from a private citizen. A memorandum briefly describing the acts, to include the time, date, location and the type of award recommended, shall be forwarded through the chain of command to the appropriate Section Commander. Upon review by the Section Commander, the memorandum shall be forwarded to the Department Awards Committee, who will make a recommendation to the Chief of Police.

A written commendation may also be made by a member of the public regarding any Department employee.

Written recommendations for a citizen's meritorious acts may be made by any member of this department or any member of the public.

1030.3 MEMORIAL WALL

The late Chief Cooper always felt that we had not done enough to honor those who made the ultimate sacrifice for their community or country. Under his direction as chief, we created a memorial wall around the theme of, "Ad Honorem" which translates to honorable service for others without expectation of personal gain. The Department placed photographs of those who have made the ultimate sacrifice around a memorial badge in the main hallway. A brief ceremony was held on June 21st, 2011 and invited family members to join us when we unveiled the wall.

The Department chose not to go back historically further than 2010, so we do not run out of space.

Only those who have honorably served and are employed with the Department at the time of their passing are eligible to be placed on the wall. Certain additional exceptions can be granted at the Chiefs discretion. Some examples include prior members of the Department who were killed in the line of duty serving their country in the armed forces or with another agency, etc.

1030.4 MERITORIOUS OR COMMENDABLE ACTIONS

1030.4.1 COMMENDABLE ACTS BY EMPLOYEES

Factors that cause stress for one individual may be non-stressful for another, but research has shown that a very small percentage of emergency services personnel are actually not affected by stress. Approximately one-half of the large percentage of those who demonstrate symptoms related to stress can resolve these alone the other one-half continue to be affected.
- (b) These stressors may be manifested as physical and/or psychological symptoms which might not be recognizable or treatable by the emergency service provider himself. Failure to correct or resolve these stressors can have a variety of detrimental effects ranging from poor job performance to personal life dissatisfactions which can lead to destructive life choices and even suicide

This policy regarding meals and breaks, insofar as reasonably possible shall conform to the policy governing all City employees.

Sworn employees and dispatchers shall remain on-duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed officers shall request clearance from the Communications Center prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This does not prohibit them from taking a break if they are outside the facility on official business.

Field officers will take their breaks in their assigned areas, subject to call, and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center.

Lactation Breaks

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1035.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to one year after the child's birth (29 USC § 207).

1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt Department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

The area assigned for this purpose should not be used for storage of any devices, supplies or expressed milk and should be returned to its' original state after each use.

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate nonexempt employees who work authorized overtime either by payment of wages as agreed, or by the allowance of accrual of compensatory time off. In order to qualify for either the employee must complete and submit a Request for Overtime Payment as soon as practicable after overtime is worked.

1038.1.1 DEPARTMENT POLICY

Because of the nature of law enforcement work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment. The employee may not exceed 60 hours compensatory or 24 hours of holiday compensatory time.

- Hold-over for cases that need immediate follow-up at the end of the work day or shift.

Flagstaff Police Department

Flagstaff PD Policy Manual

Overtime Compensation Requests

- Mandatory in-service training/schools.

The overtime will then be approved or disapproved by the Chief of Police and the requesting party advised. The Chief of Police may also determine if paid overtime or compensatory time will be granted for each request.

All discretionary overtime must be approved in advance before it can be worked or the employee paid. It is the responsibility of each supervisor to see that no discretionary overtime is worked unless the above criteria are met.

There shall be NO overtime/comp time paid for off-duty time spent in attending schools or meetings, including travel time of any kind, which are for the purpose of education or training, except where attendance is made mandatory by the employee's Deputy Chief or the Chief of Police. Any questions regarding mandatory schools/training will be resolved by the Deputy Chief.

1038.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1038.2.1 EMPLOYEES' RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Shift Sergeant. Employees submitting overtime forms for on-call pay when off-duty shall submit forms to the Shift Sergeant the first day after returning to work.

The supervisor who verifies the overtime earned shall verify that the overtime was worked before listing the hours on the time sheet.

Based on FLSA regulations, "the requirement that an employee not report to work while under the influence of alcohol is a common requirement that does not trigger FLSA overtime."

A new standby duty period will begin once the employee working overtime returns to an off-duty status.
- (e) Employees are responsible to accurately track their standby duty pay and make the proper notations of date and times of this duty on their overtime request forms. Standby duty pay totals will be calculated by supervisors before their payroll sheets are turned in to the payroll secretary.

Modified-duty assignments are intended to provide an employee with the ability to continue working within the limits of his/her restrictions and limitations on a temporary basis while providing the Department with a productive employee during the interim period.

The Department will engage in a good faith interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability.

1054.2 POLICY

A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1054.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) shall be treated equally, without regard to any preference for a work-related injury.

Performance History and Early Warning Reports

1056.1 PURPOSE AND SCOPE

Performance History and Early Warning Reports are collections of data designed to assist supervisors in evaluating the performance of their employees. Performance History and Early Warning Reports can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of field activity may be helpful to supervisors for employee evaluations, it cannot account for and must be carefully balanced with the many variables in law enforcement, such as:

- An officer's ability to detect crime
- An officer's or employee's work ethic
- An officer's or employee's work assignment and shift
- An officer's physical abilities, stature, etc.

1056.1.1 PHILOSOPHY

This Department recognizes the need for Performance History and Early Warning Reports in an effort to help Officers avoid high risk incidents and offer appropriate intervention, training, or professional counseling. The Performance History and Early Warning Report may result in an action plan calling for remedial training, discipline and/ or an Employee Assistance Program Referral.

1056.2 RESPONSIBILITIES

Under the authority of the Section Commander, the Professional Standards Unit is responsible for collecting performance indicators and other relevant risk factors. The Professional Standards Unit at the request of a Deputy Chief may generate a Performance History and Early Warning Report for review and staffing.

1056.3 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance History and Early Warning Reports will include the following components:

- Performance indicators
- Data analysis
- Pending cases
- Employee review
- Follow-up monitoring

1056.4 PERFORMANCE INDICATORS

Performance indicators and risk factors represent the categories of employee performance activity that the Chief of Police or a designee of Flagstaff Police Department has determined may be

1056.6 EMPLOYEE NOTIFICATION AND RESPONSE

The Professional Standards Unit will notify each employee and their respective supervisor once it is determined that a Performance History and Early Warning Report is being generated. The affected officer may submit a written comment regarding each performance indicator. Any such written comment will be attached to the related performance indicator in such a way as to be readily noticed by supervisors reviewing a Performance History and Early Warning Report.

1056.7 DATA ANALYSIS AND ACTION

Upon receipt the Division Commander will review each Performance History Audit Report and determine whether it should be provided to an officer's immediate supervisor for further consideration. The officer's immediate supervisor will carefully review the Performance History Audit Report with the officer to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline.

Flagstaff Police Department

Performance History and Early Warning Reports

The officer shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Division Commander of such recommendation. If the Division Commander concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against an officer as a result of a Performance History Audit, the officer shall be entitled to all rights and process set forth in the Conduct Policy and the Personnel Complaints Policy.

1056.8 CONFIDENTIALITY OF DATA

Information, data and copies of material compiled to develop Performance History and Early Warning Reports shall be considered private as part of the employee's personnel file and will not be subject to discovery or release except as provided by law. Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

1058.2 POLICY

Because public employees occupy a trusted position in the community their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public the Flagstaff Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1058.3 SAFETY

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Flagstaff Police Department or identify themselves in any way that could be reasonably perceived as representing the Flagstaff Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support, or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website.

Additionally, when it can reasonably be construed that an employee acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group, etc.), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Flagstaff Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect

Employee Speech, Expression and Social Networking

the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1058.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace, etc.) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the Department e-mail system, computer network, radio or other communication system or medium or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any Department network. The fact that access to a database, service or website requires a user name or password does not create an expectation of privacy if accessed through department computers or networks.

1058.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1058.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Arizona Peace Officer Standards and Training Board (AZPOST) Certification

1060.1 PURPOSE AND SCOPE

Maintaining valid AZPOST certification is a critical element of an officer's ability to continue employment and is his/her sole professional responsibility. Officers of this department are required to possess and maintain a valid certification (AAC § R13-4-103).

1060.1.1 DEPARTMENT RESPONSIBILITIES

All officers of the Flagstaff Police Department will be POST certified before being allowed to perform enforcement duties. Certification may be obtained by attending a POST certified academy approved by the Chief of Police and completing same with a passing score. Upon academy completion officers will be assigned to the Field Training and Evaluation Program. The Field Training period will follow guidelines as set forth in the Field Training and Evaluation Program policy. Upon successful completion of field training, and approval by the Chief of Police, the officer will be assigned to solo status as a Probationary Patrol Officer. The probationary period will run one year from the date the Field Training Program is completed.

1060.1.2 POLICE RECRUIT RESPONSIBILITIES

Officers attending the academy are expected to devote full attention to their studies and put forth maximum effort towards successful completion. Anything less than the above will be grounds for dismissal upon recommendation of the Operations Deputy Chief with approval of the Chief of Police. Officers attending the academy will:

- (a) Obtain a score sufficiently high to ensure recycling will not be required. Officers failing any academic part of the academy may not be recycled through a given block; they may be terminated from Flagstaff Police Department employment.
- (b) Passing or failing standards will be set by POST. Should illness or injury prevent completion, recycling will be at the discretion of the Chief of Police.
- (c) Officers who fail any part of the Field Training Program will be terminated upon approval of the Chief of Police.

1060.2 CERTIFICATION RETENTION

The certified status of a peace officer may be cancelled, suspended or revoked by AZPOST pursuant to AAC § R13-4-109. Officers shall meet the continuing training, proficiency training and firearms qualification requirements determined by AZPOST to retain certification (AAC § R13-4-111). The Department shall maintain records for each member's AZPOST requirements pursuant to AAC § R13-4-108.

1060.2.1 RESTRICTION OF CERTIFICATION

Officers who fail to complete the retention requirements will have their certification restricted by AZPOST (AAC § R13-4-109.01). The officer may, at the discretion of and based on the

Flagstaff Police Department

Flagstaff PD Policy Manual

Arizona Peace Officer Standards and Training Board (AZPOST) Certification

needs of the Department, be placed in a temporary administrative assignment until any training or qualification restriction has been removed. It is the officer's responsibility for removing the AZPOST restriction.

An officer who fails the firearms qualification shall not carry or use a firearm on-duty (AAC § R13-4-109.01(B)). Any officer who fails to satisfy AZPOST continuing training or proficiency training requirements shall not engage in enforcement duties, carry or use a firearm on duty, wear or display a badge, wear a uniform, make arrests, perform patrol functions, or operate a marked police vehicle (AAC § R13-4-109.01(C)).

Officers who fail to meet certification requirements may also face administrative discipline up to and including termination.

Appendix A

Identity Theft Victim's Packet

Information and Instructions

This packet is to be completed once you have contacted the Flagstaff Police Department and obtained a police report number related to your identity theft case. To obtain a police report number, come to the Flagstaff Police Department at 911 E. Saw Mill Rd. or calls (928) 774-1414. Please keep track of your report number as creditors, financial institutions and credit reporting agencies will ask for it.

Flagstaff Police Department Report is:

Reporting Officer is: _____

Detective assigned: _____

This packet contains information to assist you in the correction of your credit and to help ensure that you are not responsible for the debts incurred by the identity thief. In addition, this packet includes information that will allow you to obtain financial records related to the fraudulent accounts and provide those records to law enforcement, without which we cannot conduct an investigation for prosecution. We recognize that some victims are only interested in the correction of their credit and do not necessarily wish for prosecution; therefore, we request that you only submit this packet to the Flagstaff Police Department if you desire prosecution. *It is important to understand that in the event that a suspect is identified and arrested and the case proceeds to court, you as the victim would mostly likely be required to appear and testify.*

Completion of dispute letters that provide us with necessary documentation is required before we can begin investigating your case for prosecution. In identity theft cases it is difficult to identify the suspect(s) as they often use inaccurate information such as addresses and phone numbers. Often, the cell phones that identity thieves use are non- traceable prepaid phones or opened with fraudulent information. Frequently the investigator cannot find evidence to prove who actually used the victim's name and/or personal information over the phone or internet. *** It is important to note that even if the suspect cannot be identified for prosecution, it will not affect your ability to correct the fraudulent accounts and remove them from your credit.***

NOTE: If you suspect someone is using your personal information for employment and there is no evidence of other identity fraud, please see the section for contacting the Social Security Administration under Additional Useful Information. Do not contact the employer directly as they may warn the suspect employee.

It may not be necessary to complete this packet. If your name and/or information is used by someone else to avoid a traffic ticket or any criminal prosecution, please contact the agency investigating the original crime. It may not be necessary to complete this packet.

Remember that time is of the essence

Helpful Hints:

- *Remember that each creditor has different policies and procedures for correcting fraudulent accounts.*
 - *Do not provide originals and be sure to keep copies of everything you provide to the creditors or companies involved in the identity theft.*
 - *Write down all dates, times and the names of individuals you speak to regarding the identity theft and correction of your credit.*
-

Step 1: Contact your bank and other credit card issuers.

- **Close out all accounts**
- Open up new accounts protected with a secret password or personal identification number (PIN)

If the identity theft involved the creation of **new bank accounts**, you should do the following:

- Call the involved financial institution and notify them of the identity theft.
 - They will likely require additional notification in writing. (see step 4)
-

Step 2: Contact all three (3) major credit reporting bureaus.

First request your free credit report from each of the credit bureaus. Once you receive confirmation that your reports are on the way, place a **“Fraud Alert”** on your file. A fraud alert will put a notice on your credit report that you have been the victim of identity theft. Merchants and financial institutions **may** opt to contact you directly before any new credit is taken out in your name. *Some states allow for a Security Freeze in which a PIN can be designated on your credit file and subsequently the PIN must then be given in order for credit to be extended. Ask the credit reporting bureaus if your state is participating in the Security Freeze Program.*

www.scamsafe.com – provides useful information related to identity theft and indicates which states participate in the Security Freeze program.

www.annualcreditreport.com – provides one free credit report, per credit bureau agency, per year, with subsequent credit reports available at a nominal fee.

The following is a list of the three (3) major credit reporting bureaus for victims to report fraud:

Equifax	TransUnion	Experian
Consumer Fraud Division	Fraud Victim Assistance Dept	Nat. Consumer Assist
800-525-6285	800-680-7289	888-397-3742
P.O. Box 740256	P.O. Box 6790	P.O. Box 9530
Atlanta, GA 30374	Fullerton, CA 92834	Allen, TX 75013

Step 3: File a report with the Federal Trade Commission.

You can go on-line to file an identity theft complaint with the FTC www.consumer.gov/idtheft.com or www.ftc.gov/bcp/online/pubs/credit/freereports.htm or by calling **1-877-IDTHEFT**. 600 Pennsylvania Ave. N.W. Washington DC 20580

Step 4: Contact creditors involved in the Identity Theft by phone and in writing. This step involves contacting all the companies or institutions that provided credit or opened new accounts for the suspect or suspects. Some examples include banks, mortgage companies, utility companies, telephone companies, cell phone companies, etc. Provide the creditors with the completed Identity Theft Affidavit (some may require that you use their own affidavit), Letter of Dispute, and a copy of the FACTA Law.

FTC Identity Theft Affidavit

A copy of the FTC Identity Theft Affidavit can be found at the end of this packet. This is the same affidavit that the FTC makes available to victims of identity theft. The affidavit requests information regarding you as the victim, how the fraud occurred, law enforcement's actions, documentation checklist and Fraudulent Account Statement. NOTE. Some creditors, financial institutions, or collection agencies have their own affidavit that you may have to complete.

Letters of Dispute

Sample copies of the Letters of Dispute can also be found at the end of this packet. This letter needs to be completed for every creditor involved in the identity theft. The letter of dispute should contain information related to the fraudulent account(s), your dispute of the account(s), and your request for the information to be corrected. In addition, the letter should reference FACTA and make a request for copies of any and all records related to the fraudulent accounts be provided to you and made available to the Flagstaff Police Department.

FACTA Law

A portion of the FACTA Law can also be found at the end of this packet. As previously discussed in this packet, FACTA allows for you to obtain copies of any and all records related to the fraudulent accounts. You are then permitted to provide law enforcement with copies of the records you received related to the fraudulent accounts; thereby allowing us to bypass the sometimes difficult process of obtaining subpoenas for the very same information. It also allows you to request the information be made available to the Flagstaff Police Department. We have found it useful to provide a copy of the FACTA

Law with the submission of the Identity Theft Affidavit and Letter of Dispute to the individual creditors.

Step 5: Submit the Identity Theft Affidavit and copies of all information and records obtained from the creditors with regard to the fraudulent accounts to: Flagstaff Police Department – Criminal Investigations

**911 E Saw Mill Rd
Flagstaff, AZ 86001**

To avoid confusion and to ensure that all items are forwarded to the assigned detective, we request that you submit everything at once. Be sure to reference your police report number on all items submitted.

The information should be **hand delivered and not mailed**. Please remember that some victims are only interested in the correction of their credit and do not necessarily wish for prosecution. Therefore, we request that you only submit this packet to Flagstaff Police Department if you desire prosecution and would be willing and available to appear and testify should a suspect be identified and arrested.

Additional Useful Information -

Other entities you may want to report your identity theft to:

- ☐ **Post Office** – If you suspect that your mail has been stolen or diverted with a false change-of-address request, contact your local postal inspector. You can obtain the address and telephone number of the postal inspector for your area at United States Postal Service website: <http://www.usps.com/ncsc/locators/findis.html> or by calling 800-275-8777.
- ☐ **Social Security Administration** – If you suspect that someone is using your social security number to obtain employment, contact the Social Security Administration's fraud hotline at 1-800-269-0271. Order a copy of your Personal Earnings and Benefit Estimate Statement (PEBES) to check the accuracy of your work history on file with the Social Security Administration. You can obtain a PEBES application at your local Social Security office or at <http://www.ssa.gov/online/ssa-7004.pdf>.
- ☐ **State Department** – If your passport has been stolen, notify the passport office in writing. You can obtain additional information from the State Department's website: <http://travel.state.gov/reportppt.html>.
- ☐ **If you are contacted by a collection agency** - about a debt for which you are not responsible, immediately notify them that you did not create the debt and that you are a victim of identity theft. Follow up with the collection agency and creditor in writing and include a copy of your police report, ID Theft Affidavit, Letter of Dispute and a copy of the FACTA Law.
