## ***PATLITE***<sup>®</sup> Large LED Revolving Warning Light User's Manual GA0001234\_05 RLR TYPE

### Rotating LED Warning Light

#### Notice to Customer

Thank you very much for purchasing our Patlite products.

- This product requires installation, wiring, and other related work. Be sure to ask an expert technician to perform these procedures.
- Read this manual thoroughly before using this product to ensure correct use.
- If there are any questions concerning this product, refer to the contact information at the end of this document and contact your nearest PATLITE Sales Representative.
- This product has been tested and found to comply with the limits for a Class A device.
- These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment.
- This product must not be used in residential areas.

**DANGER**

Indicates an imminently dangerous condition: failure to follow the instructions may lead to death or serious injury.

**WARNING**

Indicates an imminently dangerous condition: failure to follow the instructions may lead to death or serious injury.

- Request the installation and wiring to be accompanied by a professional contractor. If installation is done improperly, it may result in fire, electric shock, falling, or malfunction.
- Be sure to disconnect the power to the product when performing maintenance or repairs. If the power is not disconnected, it may result in electric shock.

**CAUTION**

Indicates a potentially dangerous condition: failure to follow the instructions may lead to slight injury or property damage.

- Use a soft cloth dampened with water to clean the product. (Do not use thinner, benzine, gasoline or oil.)

**Safety Precautions****DANGER**

caution. risk of fire

Do not put the flammable material, such as paper or cloth, on the rotating light while it is in operation. It may cause a fire.

**WARNING**

- Do not use this product to support your weight while climbing onto a machine. Mount the product so that it is clear of any moving parts – such as a machine cover.

**Maintenance and Inspection**

Check the voltage, polarity and status of the fuse before contacting us.

Even if the problem is not corrected after the above points have been checked, contact either the place of purchase or your nearest

PATLITE Sales Representative.

(Include the lot number indicated on the nameplate at the time of inquiry.)

- Despite the cautions and warnings provided in this manual, it is not the responsibility of PATLITE for any failure or damage occurred from mishandling.
