Dear Sera

**RE: Acceptance of Wastewater System, E-BIN**

Thank you for your request of acceptance.

The Far North District Council building consent authority has reviewed the technical data and product specifications for this system, and accepts this as an alternative solution that does comply with the New Zealand Building Code. When this system is used within the Far North area the following requirements will need to be complied with;

- E-Bin technical manual
- The Drainlayer must supply a producer statement (PS3) for construction upon completion of the installation
- Compliance with the Northland Regional Council rules

Please be aware this approval may change/be withdrawn or treated as an acceptable solution as if and when Building Codes and Building Acts change. The Far North District Council building consent authority recommends that you work towards having this system certified by the Department of Building and Housing.

Please do not hesitate to contact me if further clarification is required.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Paul Cook', written over a white background.

Paul Cook  
**Building Manager**
