Features

PROJECTOR

Bring movies and games to life with the HD131Xe Full HD 1080p 3D projector.

Enjoy your favourite TV shows, sports and action-packed games, for the ultimate home entertainment experience. Incorporating a built in speaker, you can conveniently listen to your movies without the hassle of connecting external speakers. You can even project up to a 300" image to create an extra-large screen for the true cinema experience, right in your own home.

Utilising the latest DLP® technology, the HD131Xe delivers exceptional Full HD quality and immersive 3D visuals. Producing a stunningly bright image with perfectly balanced vivid colour, crystal clarity and exceptional light & shade detail that is only possible with a high contrast projector.

Full HD

Sharper more detailed projection with 1920 x 1080p pixels, perfect for watching Blu-ray movies without downscaling or compression.

Full 3D

Using the inherent speed of DLP technology, The Optoma HD131Xe Full 3D projector can display true 3D content from almost any 3D display device, including 3D Blu-ray, PS3, Xbox and Sky3D.

Dynamic Black

Dynamic black smoothly adjusts the lamp output automatically, based on the brightness information of each frame; to create a stunning 18,000:1 contrast ratio. Bright scenes are crisp and clear, while dark scenes remain detailed with deep blacks which gives exceptional light and shade detail.

24p

Most movies are shot at 24 frames per second. To preserve the purity of the original image the HD131Xe can accept High Definition sources at 24 frames per second and so to display movies exactly as the director intended.

Amazing Colours

The HD131Xe incorporates BrilliantColor™ multi-colour processing technology to bring stunning, vibrant colour to your screen. You can even fine tune colours for ultimate precision.

Color Guarantee

We are so confident that the HD131Xe image colour quality will remain as good as the day you bought it that Optoma will guarantee it for five years.

Powerful Audio

Complete your home cinema experience with the powerful on-board 10W speaker. Offering exceptional sound quality the HD131Xe is easy to set up without the need for costly external speakers.

Long Lamp Life

The new lamp technology incorporated into the HD131Xe extends lamp life up to an incredible 6,000 hours. If you watch a two hour movie every day then typically the lamp will last for over 8 years.
