#### IMPORTANT SAFETY INSTRUCTION

**WARNING - DO NOT EXPOSE THE ADAPTOR TO RAIN OR MOISTURE TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS.**

**WARNING!: USE THIS PRODUCT ONLY ON A FIRM, LEVEL SURFACE AND PREVENT ANY OBJECTS OR MATERIALS FROM COVERING THE LIGHT SOURCE AND/OR VENTILATION HOLES OF THE PRODUCT. PLEASE READ THE INSTRUCTIONS BEFORE OPERATING THIS PRODUCT.**

- LED module is not replaceable.
- Do not break or pull out LED bulbs.
- Indoor use only.
- Do not look directly at the light.
- LED module lamp head may get hot after several hours of continuous use, AVOID placing your hands directly on LED light panel.
- Keep lamp away from materials that may burn.
- If the power cord or adaptor is damaged, replace the power supply cord and adapter. Call Customer Care for assistance.

## Operation Instructions:

1. Use this product only on a firm and level surface and prevent any objects or materials from covering the light source of the product.
2. Connect the AC adapter input into the connector in the rear of the lamp. Plug the AC adapter into a standard household 120V AC outlet. Note: Use only with the supplied AC adapter to avoid damage or fire.
3. Touch On/Off  to turn on the lamp.
4. Touch control button  to adjust brightness. There are five levels of brightness.
5. Touch  to switch between 3 light temperature modes: Warm, Natural, Bright light.
6. Touch  to activate low level night light.
7. Touch  once to activate Chroma RGB mood light. Touch  once again to hold current color. Touch  to deactivate Chroma RGB mood light.
8. Touch On/Off  to turn off.

## USB Port Specifications:

\*Output: 5 Volt, 2.1A (both ports).

The USB Ports are capable of charging most phones, iPads and small tablets. Requires USB cable to charge (not included).

## Specifications:

**Light Bulbs:** 56 Energy-Efficient LEDs + 7 RGB LEDs

**Brightness Levels:** 5 Levels of Brightness

**Light Temperature Modes:** 3 Modes (Warm/Natural/Bright Light)

**LED Life:** 35,000 hours

**USB Port Type:** 2 Charging ports – 2.1A (5V)

**Light Output (Lumens):** 700LM

**Color Rendering Index (CRI):** 80 Ra

**Correlated Color Temperature (CCT):**

Cold (4500K-5000K), Warm (2700K-3000K),

Neutral (3000K-4500K)

**Watts:** 10W

**Input Voltage:** 100-240V 50/60Hz

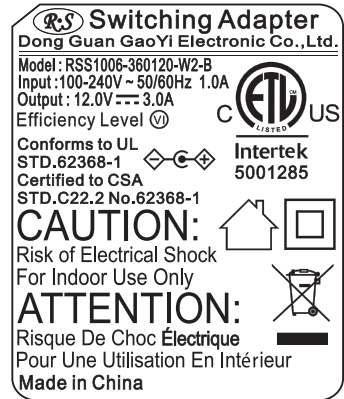

**Power:** DC 12V 3A

**Product Height:** 16.8 in (426mm)

**Base Size:** 7.48" L X 5.74" W (190 x 146mm)

**For adapter only**

# A Brilliant Idea!

### **Lamp FCC Instructions:**

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experience radio/TV technician for help.

### **Lamp transformer FCC instructions:**

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experience radio/TV technician for help.

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."

## **One-Year Limited Product Warranty**

The manufacturer warrants the unit for a limited time to be free from defects in material and workmanship. If any part is found to be defective during the warranty period, your sole and exclusive remedy will be repair or replacement, at the manufacturer's option and expense, of the defective part except for the shipping cost. It is the responsibility of the consumer to pay the shipping costs to return the machine to the manufacturer.

This warranty is valid for the original consumer only with original proof of purchase and is not transferable. This warranty does not apply in cases of abuse, mis-handling or unauthorized repair. ANY IMPLIED WARRANTY, INCLUDING THAT OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS HEREBY LIMITED IN DURATION TO THE APPROPRIATE WARRANTY PERIOD SET FORTH ABOVE. In no event shall the manufacturer be liable for any consequential or incidental damages attributable to this product. This warranty gives you specific legal rights. You may have other legal rights that vary according to the laws of the State in which you reside.

For more details, or to obtain service under this warranty, please contact us at 877-654-1991. Please retain original proof of purchase to ensure that your product is recorded and warranty information received.

### **Return Instructions**

1. Before you return your unit, call 877-654-1991 for a Return Authorization Number (RA#), shipping instructions, and the manufacturer's address.
2. Make a photocopy of the proof of purchase (receipt), showing original purchase date, and include it inside the package (DO NOT send the original receipt).
3. Pack the unit in its original carton, or equivalent, and write the RA# clearly on the outside of the box.
4. Ship the unit to the address provided. Save your shipping receipt.

### **IMPORTANT!**

You must call us to obtain an RA# before returning a defective product. No shipments will be accepted without a valid RA#.
