

ArcGIS Desktop Installation Guide

1- Go to SFU's library website to download the ArcGIS software. Here is the link:

<http://www.lib.sfu.ca/find/other-materials/data-gis/gis/software-arc-gis>

2- Download both the **ArcGIS for Desktop 10.5** and **ArcGIS Single User License File**

3- When downloaded, click the .exe file to install it. Leave the .prvc file for Software Authorization Wizard in page 3.

4- Start by installing the software. At this stage leave the license file untouched. When the installation of the software is completed, the **"ArcGIS Administration Wizard"** window will open. Follow the below instructions step by step to successfully authorize the software with the license file and activate the extensions:

1. Select a product

ArcGIS Desktop

- Advanced (ArcInfo) Concurrent Use
- 1** Advanced (ArcInfo) Single Use
- Standard (ArcEditor) Concurrent Use
- Standard (ArcEditor) Single Use
- Basic (ArcView) Concurrent Use
- Basic (ArcView) Single Use

ArcGIS Engine

- ArcGIS Engine (Concurrent Use)
- ArcGIS Engine (Single Use)
- ArcGIS Engine and ArcGIS Engine Developer Kit (Single Use)

Esri CityEngine

- Advanced Concurrent Use
- Advanced Single Use
- Basic Single Use

2. Define a License Manager for Concurrent Use products

License Manager

- Define a License Manager now:
- Define a License Manager later from the ArcGIS Administrator

2. Launch the Authorization Wizard for Single Use products

Authorization Wizard

- 2**

OK

Cancel

Authorization Options

You must authorize the software prior to use. Select from the options below.

Authorization Options

- I have installed my software and need to authorize it.
- I have already authorized the software and need to authorize additional extensions.
- 3** I have received an authorization file and am now ready to finish the authorization process.

Browse...

4

Navigate to the folder where you downloaded the license file (.prvc) and select the file

License file looks like this →

Authorization Method

Select the method you want to use to authorize the software.

- 5** Authorize with Esri now using the Internet.
(This automatic method is the easiest way to authorize. It requires an Internet connection.)
- Authorize at Esri's website or by email to receive your authorization file.
- Authorize your software from a local license server.
