WELCOME TO THE 2022 AUSA WARFIGHTER SUMMIT & EXPOSITION!

A Professional Development Forum

On behalf of all of us at the Association of the United States Army, welcome to the new Warfighter Summit & Exposition! I cannot tell you how excited we are about seeing you at this important professional development defense forum. AUSA's mission is to provide a quality forum for the worldwide defense community, where guest speakers address critical issues and innovative technology is displayed. This year's theme is "America's Response Force: Ready Today, Ready Tomorrow."

The primary focus of this event is the Soldier and defense industry professionals that support all aspects of the Warfighter to:

- Advance "Warfighting" best practices to sustain foundational readiness and modernization;
- Facilitate current doctrine and technology integration that enable the Warfighter;
- Promote "installation and community resilience" to provide world-class support at home stations for Warfighters and the community.

We have a tremendous program planned and encourage you to take advantage of everything our event has to offer over the two days.

This Show Guide is a great resource for your use. It includes detailed information about this year's event, as well as a full listing of exhibitors and sponsors that we thank for participating with us.

I hope you have a remarkably busy and productive event. We look forward to connecting with you.

July 27, 2022

Dear Friends:

As Governor of North Carolina, I am proud to welcome you to the Association of the United States Army's AUSA Warfighter Summit & Exposition. I know this is a much-anticipated event for everyone.

We, as citizens of the United States, owe a debt of gratitude to the men and women in our armed forces who serve with honor and dignity to protect the freedoms which we hold so dear. I appreciate your efforts to offer educational and professional support to these soldiers.

I hope you will enjoy your stay in Fayetteville and that this event will provide an opportunity to learn, to grow and to form strong bonds with your fellow Army service members.

With warm personal regards, I am

Very truly yours,

Roy Cooper

Battle Challenge Competition

A highly innovative "Competition with a Purpose," the Battle Challenge is a unique fitness and ability-based military action sport comprised of marksmanship skills and job-related tasks that are highly relevant to the U.S. Armed Forces. Performing a series of nine tasks under pressure of time, Battle Challenge competitors race against the clock and their gender group opponents for the bragging rights to be the "Best of the Best" in an adrenaline filled side-by-side battle field simulation that takes place on a mirrored course.

Prizes for the fastest male and fastest female will be awarded in the afternoon on Thursday, 28 July
