

Babu Sheet Sizing Guide

Due to the deep pockets and gorgeous knit fabric with two way stretch, our sheets can fit a variety of mattress sizes. The lovely thick interlock ensures that they won't lose their shape, even after they've been stretched.

What is a 'sheet pocket?'

A sheet pocket is the depth of the sheet. Deep pockets allow the sheet to stretch over thick mattresses and mattresses with toppers.

Our special fitted top sheets

All our sheet sets include top sheets with an elasticated bottom, this makes bed and cot making a breeze and prevents your little one from being caught up in an untucked sheet

We've got you covered

From standard Moses, bassinet, cot, single & king single to oval mattresses, we have you covered. Feel free to call or email to be guided through to the best choice.

SHEET SIZE	FITS MATTRESS	SIZE (CM)
