FORWARD THINKING

ISRA is the only Irish owned and operated independent sports retailers group

Based in Ireland, Irish owned and managed and focused on delivering results for members and suppliers. Designed by Irish sports retail experts to create a better network between individual retailers and major sports and service suppliers.

ISRA is unique in its appreciation of the Irish domestic market and its sports related business and is best positioned to support retailers. What's more, as a group ISRA networks strongly and meets regularly to share information and develop ways to help fellow members. This is a unique strength of the group and very valuable in what is a challenging retail environment.

WHY JOIN ISRA?

New retail members join some of the best and most technical independent sports retailers in Ireland. ISRA members have created a dynamic unit, which has achieved the following benefits:

- Stronger collective buying.
- Better discounts.
- SMU and broader product offerings.
- Access to new suppliers.
- Technical training from leading brands.
- Lower costs.
- Affinity deals.
- Own brand product.
- Improved profit margins.
- Market awareness and opportunities.

COLLECTIVE STRENGTH

While having the commercial confidence of ISRA, each member maintains an independent status, keeping control over their individual operations. Suppliers win also. By being listed as a 'preferred supplier', they have a greater level of information flow and easier access to every member, as well as quick sales access to a strong online community.

With a highly successful national show and a development programme that ensures a high standard of merchandising and other retail skills, a supplier to ISRA is assured of a cost effective and quality product showcase in Ireland.

ISRA's dedicated product selection team adds to its supplier relationships, as well as the retail power and customer satisfaction. The national trade shows take place twice a year - January and July - at key buying times. Using a superb venue, with maximum exhibition potential for the brands and superb networking facilities for members, ISRA has become renowned for providing this excellent highlight on the Irish sporting calendar.

PRODUCT INSPIRATION

ISRA members also have power beyond the domestic market to access business ideas and product inspiration, kept on trend through attending exclusive key supplier shows in the UK and Ireland, as well as being retail partners with global sports exhibition ISPO.

Such forward thinking has resulted in ISRA's own highly successful 'CORE' range of products, which is being extended and further developed this year.

Each year ISRA members and suppliers reach greater potential. Many new retailers have already joined the group this year. ISRA is the group to join if you are serious about protecting and developing your business. It offers members better discounts and credit terms and works with them in developing the group's own brand.

Just make one click (john@isra.ie) or a call (+353 86 8504047) to look at the potential of being a retail or supply member of ISRA. Alternatively, visit www.isra.ie

PEACE OF MIND

The Association of Professional Sales Agents (APSA) has been representing the interests of independent sales agents for 21 years. Agents provide brands with a cost effective sales force, with APSA members having excellent links with independent retailers, an

experienced and professional manner and all conforming to the APSA code of conduct.

APSA operates under the umbrella of the FSPA and is run by agents for the benefit of agents. In these difficult economic times, many brands are turning to agents as a more cost effective sales force compared to an in-house team, as agents are paid commission on results and sales only.

INSURANCE

APSA represents around 25 sports sales agents in the UK and has updated its membership packages to reflect today's changing marketplace and needs. The number of insurance claims due to vehicle break-ins has fortunately dropped in recent years, as sports equipment samples are now less desirable to criminals compared to laptops, cameras and other pieces of electrical equipment.

APSA has therefore introduced a new membership level where agents can benefit from having access to the organisation's invaluable public liability cover without having to take up any options on office and motor insurance.

For any independent sales agent, public liability insurance is vital, but it's often difficult for agents to secure on an individual basis. Fortunately APSA has a bespoke group policy in place for its members to tap into that would cover them in the event of any accidents.

BENEFITS

APSA membership also offers agents a range of other benefits, including promotion via www.apsa.org.uk, a free listing as an APSA member in the Sports Insight Trade Buyers' Guide, regular newsletters and industry information, job opportunities from brands seeking to appoint agents, invitations to the APSA AGM, seminars and golf days with networking opportunities at ISPO and UK sports trade shows, a free business support helpline covering tax, VAT, health and safety, employment and personnel, as well as other benefits provided by the FSPA (see www.sportsandplay.com).

The Association of Professional Sales Agents offers new membership packages for changing times

**Association of Professional
Sales Agents
(Sports & Leisure Industries)**

APSA membership packages are now as follows

Package	Benefits	Cost
Bronze	APSA membership with legal adviser service only.	£13.50 (plus VAT) per month.
Silver - NEW	APSA membership with public liability and legal adviser service.	£18.00 (plus VAT) per month.
Gold	APSA membership with goods in transit, public liability and legal adviser service.	£29.75 (plus VAT) per month.
Platinum	APSA membership with goods in transit, stock in house/garage, office equipment, public liability and legal adviser service.	£41.00 (plus VAT) per month.

Agents considering joining APSA can obtain a new information brochure by contacting Carol Scoggins on 02476 414999 (205) or emailing carol@sportsandplay.com. APSA offers a pro rata membership too and payment can be made by direct debit for further convenience.

If you are a brand looking to recruit an agent, APSA offers a free service where it circulates details about your vacancy to its membership. Contact Carol Scoggins on 02476 414999 (205) for more information about this service.

ON A MISSION

The Federation of Sports and Play Associations works in partnership to represent and promote expertise on behalf of UK sports and play businesses

The Federation of Sports and Play Associations (FSPA) is the national trade body responsible for representing 14 associations in the sports and play industries.

As Europe's largest trade body, the federation is known as the voice of the UK sports and play industry. Its mission is: 'To work in partnership to represent and promote expertise on behalf of UK sports and play businesses.'

MEMBERSHIP

The FSPA membership base consists of approximately 500 UK manufacturers, wholesalers, and distributors of sports and play equipment and apparel and includes some of the countries leading brands. This membership base contributes a collective £31 billion turnover to the UK economy and employs 15,000-plus people.

The FSPA has official status as a lobbying organisation in the EU parliament in Brussels, as an active member of both the Federation of the European Play Industry (FEPI) and the Federation of the European Sporting Goods Industry (FESI). This enables it to have greater power than any private business, and as a not for profit trade body it works for the good of the industry as a whole rather than any single private interest.

The FSPA has Accredited Trade Organisation (ATO) status, which enables it to support and promote export opportunities for members and UK small and medium-sized enterprises at

overseas trade events. In 2014/2015 the FSPA will support companies with British Exhibitor Pavilions and UKTI grants at The PGA Merchandise Show in Orlando, ISPO MUNICH, ISPO BEIJING, the China Golf Show in Beijing and EFTTEX in Vienna.

BENEFITS

Companies gain a great deal from being members of their sector specific trade association, while also benefiting from being an automatic member of the wider FSPA umbrella body, with its expertise, broad representation and partnerships with various government partners and national associations, all on behalf of members.

Adding value to the membership is always on the federation's agenda, so for 2014/15 the trade body will continue to produce research dashboards for its golf

manufacturers. This provision (provided free of charge) incorporates quarterly market audits and participation and sales information, which provides members with regular updates and enables the formulation of useful trending and market intelligence.

THE FSPA'S AIMS ARE:

- To represent 14 associations across the sports and play sectors.
- To act as the voice of the UK sports and play industries.
- To liaise with UK government and the EU Commission on all legislative issues directly affecting association members.
- To promote expertise on behalf of UK sports and play businesses.
- To work in partnership with UK government partners, governing bodies, the British Standards Institute and national associations on behalf of member companies.
- To actively lobby government on matters affecting its associations and member companies as and before they arise in the UK.
- To ensure it remains at the forefront of strategic thinking in Whitehall and Brussels as members of both FESI and FEPI.

For more information about the FSPA or how your company could benefit from joining one of the FSPA's trade associations, visit www.sportsandplay.com

buying decisions aside, ISPO now provides the most powerful platform in sports business. By being part of and engaging with this brand, your potential is taken to new commercial levels.

Miss ISPO or any of its dynamic services and the result is simply to miss out. So share evolved thinking and make a note to connect with ispo.com

**Thursday, February 5 to
Sunday, February 8, 2015**

With 2,565 exhibitors from 51 countries, ISPO MUNICH celebrated a new exhibitor record in 2014, putting headline brands and emerging talent firmly in the business spotlight. Add to that the fact more than 80,000 international visitors attended.

The world's largest start-up competition, ISPO BRANDNEW, and the sports industry's seal of quality, the ISPO AWARDS, both generate a high level of media exposure and significant attention from event visitors.

January 28-31, 2015

With a reputation as the leading sports business platform in the Asia-Pacific region, this dynamic event has grown over 10 years, bringing new records of business achievement. Such is the excellence of the show and its services and the strength of the developing market in China, the industry has demanded a further ISPO in China - and from 2015 a new summer show will emerge.

From day one at ISPO BEIJING 2014 it was clear there was an increased presence. More and more sports business professionals have become attuned to the power ISPO can bring in terms of market awareness, not only in buying terms, but for trend spotting and even training through keynote presentations at ISPO ACADEMY.

There is now a strong and increasing UK exhibitor presence, as well as opening opportunities for retailers to gain market awareness and consider exporting expertise to influence the evolving high street in China.

The competitive pressure in the sports business has consistently increased in recent years. Diversified distribution channels and partially saturated markets necessitate a change of philosophy and creative solutions by all industry participants. The ISPO ACADEMY is the optimal environment to become inspired, develop ideas and take the first steps towards a successful future.

It offers exciting conferences, workshops and retail tours for experienced retailers, as well as new shop owners, traditional brands and young entrepreneurs. With topics that include subjects like finance, shop concepts, sales, ecommerce, marketing, personnel, product trends and market analysis, the speakers are independent and respected industry experts.

The ISPO ACADEMY is held all year, such as at ISPO MUNICH and ISPO BEIJING. In addition, it cooperates with partner events in locations like Barcelona, Stockholm and Krakow.

ISPO JOBS

ISPO JOBS offers one of the most extensive job markets within the sports business. Offers and career news, international companies and organisations are there to discover.

Above all else, ISPO is a growing and thriving global community, connecting sports business professionals from all spheres of business and international markets. ISPO COMMUNITY is a key to unlocking that opportunity, by enabling professionals to engage in hot topics, product feedback and development through online polls and forum discussions.

For those who want to truly make an impact, ISPO is championing the growing trend for open innovation - using its powerful connection with sports business professionals to create an unequalled test centre. Ideas and innovations can get feedback and a far greater response when brought to the attention of ISPO's sports hungry audience. A call to action and involvement can help drive improved sales when there is a vested interest and input behind a development.

MAKE SURE YOU

SHIELD YOURSELF

**ANTI

LUUB**
SPORTLUUB.COM

Sport-Luub has easy application and the slick friction reduction needed to keep the dreaded chaff at bay. Skin is protected and nourished with the healing and soothing properties of aloe vera and arnica.

**ANTI
CHAFE** **SUIT
LUUB**
SUITLUUB.COM

Suit-Luub is more than a lubrication product; it has been specifically formulated to consider the suit and your skin. During wetsuit swimming high rotation and movement within the wetsuit and the skin can be subject to chaffing, no matter how good your suit and its materials. Open water swimming demands regular sighting and high head positions, in these positions wetsuits can tend to fight back. Suit-Luub has a non-petroleum formula which ensures the neoprene foam is not attacked and deteriorated early in its life. Brittle-ness is reduced and comfort enhanced.
