Herramientas para cada necesidad imaginable...

www.fernorte.cl

Av. Salvador Allende 746, Antofagasta - Chile Fono: 55 2 590660 +56 9 8188 7861 Email: fernortechile@gmail.com

FERNORTE, somos una compañía de casa matriz en Antofagasta, dedicada al rubro de ferretería industrial orientada a mecánicos, especialistas en torque controlado para uniones apernadas.

Estamos en el mercado desde el año 2003 y hemos trabajado arduamente para conformar y mantener una red de proveedores que nos permita contar con una gran variedad de productos certificados de alta calidad.

Tenemos la experiencia y nos avalan 18 años trabajando. Somos importadores y nuestra calidad y precios son altamente competitivos.

Actualmente contamos con maquinas y herramientas en las diferentes tecnologías disponibles, hidráulica, neumática, eléctrica, batería y manuales.

Somos representantes y distribuidores de marcas con reconocimiento mundial como Chicago Pneumatic, Cdi Snap-on, InnoTorc, Toptul, Karcher, además de un amplio grupo de distribuidores Locales.

Somos proveedores de muchas empresas Contratistas de la región, como también de compañías mineras, metalmecánicas y termoeléctricas, donde abarcamos distintos rubros ofreciendo soluciones y materiales para todos nuestros clientes.

Contacta con nosotros y solicita los elementos que necesitas, donde te brindaremos una atención personalizada y práctica según tu necesidad, a un buen precio y con una gran variedad de productos de alta calidad.

Saludos cordiales

Roberto Ahumada Miranda
Gerente General

CHAIN HOIST CH-B TYPE

Characteristics

- Capacity ranges from 0.5t to 50t.
- Automatic double pawl braking system.
- Double cover protection.
- Light weight robust construction.
- Low effort to lift maximum load.
- Extra thick asbestos free friction discs.
- Fully forged hooks are fitted with safety latches as standard.
- High grade alloy load chain.
- Zinc plated hand chain as standard.
- Sealed bearing (optional).
- Unique hand wheel cover for guiding hand chain.
- Each hoist is proof tested at 1.5 times of WLL up to 10t. 1.25 times of WLL 20t -50t.
- Complies with EC Council Directive 2006/42/EC Machinery, ASME B30.16, AS 1418.2.
- G-80 RUD load chain from Germany or FEC load chain from Japan (optional).
- Built in overload protection device (optional).

TECLE MANUAL A CADENA

LEVER HOIST LH-A TYPE

Characteristics

- RTools lever hoist is a universal, manual hoist for lifting, tensioning and lashing in any direction.
- The ratchet lever hoist features compact design and robust, deep drawn, stamped steel construction.
- High quality materials ensure light weight without infringing reliability.
- Low own weight, small mounting sizes and small lever force at full load.
- Asbestos free brake, holding load at any desired height.
- Top & Bottom hooks are fitted with safety latches as standard.
- The load chain can be pulled freely and easily through the hoist in both directions to attach the load or to tension the chain. For safety reason, free chains can not be done when the hoist is under load.
- Short hand lever with rubber grip.
- Hand lever operates with little effort due to optimal gear ratio.
- Drop forged steel suspension & load hooks are heat treated and fracture resistant. In case of dangerous overloading or abuse, the hook does not fracture but will slowly yield.
- The hoist is fitted with high grade alloy load chain.
- Complies with EC Council Directive 2006/42/EC Machinery, ASME B30.16, AS 1418.2.
- Overload protection device available upon request.
- Sealed bearing available upon request.

MESA ELEVADORA DE TIJERA

SCISSOR LIFT TABLE **TEN-TYPE**

- Valuable material handling for use as a feeding table on assembly line.
- Structural heavy duty steel construction.
- Easy action foot operated hydraulic lift for raising table top to desired level.
- Hand operated table descent control.
- Over load by-pass valve protects operator and pump.

PERMAMENT MAGNETIC LIFTER PML TYPE

- High safety factor.
- Good air gap feature, the rated plain load could still be attracted up even if the gap is smaller than 0.5mm.
- Easy operating long term attractive force stability.
- It is suitable for transporting the roll steel, pipe materials or the work pieces in round shape.

ESCALERA CON PLATAFORMA

- Escalera de plataforma diseñada para labores que requieren de prolongadas jornadas de trabajo en altura.

Tipo de posición	Tijera
Cantidad de escalones	11
Peso	29 kg
Incluye plataforma	Manual
Material de estructura	Fibra de vidrio
Altura máxima de escalera	3m
Peso máximo soportado	135 kg

LUZ PORTABLE PARA TRABAJO

- Armado y desarmado rápido
- Interruptor alto/bajo
- Foco de 12° o reflector de 60°
- Luz de cabezal con rotación de 120°
- Altura 1.6 mts (max) / 74.5 cm (plegado)

Potencia nominal	Tijera
Brillo nominal	cree 20 W
Capacidad de la batería	7,4v/4000mah/lithium
Tiempo de trabajo	alto -1.5 hrs/bajo - 4 hrs
Talla	1,6 mt
Unidad de peso	3,74 kg
Tiempo de carga	5.5 hrs
