## How it Works

Bolt Automatic Laser Cat Toy is an interactive laser toy that provides hours of fun for you and your cat. Simply hold Bolt in your hand or place it on a flat surface, turn it on, and watch your cat pounce, chase, and bat at the exciting laser patterns. Cats love the random patterns they can chase across the floor, up the walls, and over furniture.

## Battery Installation and Use

- Remove the battery door which is located on the bottom of the toy (**A**)
- Insert 4 AA batteries and close battery door.

## Basic Operating Instructions

### Automatic Mode

- Press on/off button to turn on (**B**).
- Set on a safe, flat surface such as a table or floor.
- Bolt will automatically turn off after 15 minutes.
- Press on/off button to turn off before 15 minutes.

### Manual Mode

- Press on/off button to turn on (**B**).
- Press on/off button and hold for 3 seconds.
- Hold in your hand and aim Bolt to create your own laser patterns.
- Bolt will automatically turn off after 15 minutes.
- Press on/off button to turn off before 15 minutes.
- You can adjust the mirror to aim the laser across a variety of surfaces, in both Automatic or Manual Mode (**C**).

**A**

**B**

**C**

## Advice for use

Apart from playing with this product, it is recommended that you interact with your pet and provide a variety of play activities. Opportunities for stimulation or the appropriate amount of daily exercise should be determined by a veterinarian.

## Warranty

### One Year Non-Transferable Limited Warranty

This Product has the benefit of a limited manufacturer's warranty. Complete details of the warranty applicable to this Product and its terms can be found at [www.premierpet.com](http://www.premierpet.com).

## Terms of Use and Limitation of Liability

### 1. Terms of Use

The use of this product is subject to your acceptance without modification of the terms, conditions and notices contained with this product. Use of this product implies acceptance of all such terms, conditions and notices. If you do not wish to accept these terms, conditions and notices, please return the product, unused, in its original packaging and at your own cost and risk to the relevant Customer Care location together with proof of purchase for a full refund.

### 2. Proper Use

Proper use includes, without limitation, reviewing the entire product manual and any specific safety information statements. The specific temperament or size/weight of your pet may not be suitable for this product. If you are unsure whether this product is appropriate for your pet, please consult your veterinarian or certified trainer prior to use. For products used with pets where training is desired, Radio Systems Corporation recommends that these training products are not used if your pet is aggressive and accepts no liability for determining suitability in individual cases.

### 3. No Unlawful or Prohibited Use

This product is designed for use with pets only. This product is not intended to harm, injure or provoke. Using this product in a way that is not intended could result in violation of Federal, State or local laws.

### 4. Limitation of Liability

In no event shall Radio Systems Corporation or any of its associated companies be liable for (i) any direct, indirect, punitive, incidental, special or consequential damage and/or (ii) any loss or damages whatsoever arising out of or connected with the use or misuse of this product. The Purchaser assumes all risks and liability from the use of this product to the fullest extent permissible by law.

### 5. Modification of Terms and Conditions

Radio Systems Corporation reserves the right to change the terms, conditions and notices governing this product from time to time. If such changes have been notified to you prior to your use of this product, they shall be binding on you as if incorporated herein.

## Compliance

### FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a specific installation. If interference does occur to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult customer care, the dealer, or an experienced radio/TV technician for help.

**CAUTION: Modification or changes to this equipment not expressly approved by Radio Systems Corporation may void the user's authority to operate the equipment.**
