

Quick Start Guide

This guide introduces IBM Maximo Enterprise Adapter for SAP Applications version 7.6.1, provides a link to a list of prerequisite software, gets you started with a typical installation, and provides a roadmap to other important information.

National Language Version: To obtain the Quick Start Guide in other languages, see the PDF documentation page in IBM Knowledge Center (https://www.ibm.com/support/knowledgecenter/SSHGFK_7.6.1/com.ibm.measap.doc/common/pdf_documentation.html).

Product overview

IBM® Maximo® Enterprise Adapter for SAP Applications manages asset and work management processes and integrates the SAP system with the rest of the enterprise. The adapter handles transaction messages through Java™ Message Service queues and SAP NetWeaver Process Integration or SAP NetWeaver Process Orchestration. The adapter also updates the systems when you change data on either side of the integration, depending on how you configure and customize the integration points.

1 Step 1: Access the software and documentation

Access the product software from IBM Passport Advantage®. To download your product from Passport Advantage, follow the instructions in the IBM Maximo Enterprise Adapter for SAP Applications Download Document (<http://www.ibm.com/support/docview.wss?uid=ibm10715985>).

Before you install the product, read the *IBM Maximo Enterprise Adapter for SAP Applications 7.6.1 Installation Guide*. http://www.ibm.com/support/knowledgecenter/SSHGFK_7.6.1/com.ibm.measap.doc/install/t_install_measap.html

Review any existing release notes for this product (http://www.ibm.com/support/knowledgecenter/SSHGFK_7.6.1/com.ibm.measap.doc/relnotes.html). Release notes contain the latest information that is relevant to the installation of this product. If no additional information is available, this link returns no search results.

For complete documentation, including installation instructions, see the IBM Maximo Enterprise Adapter for SAP Applications 7.6.1 Knowledge Center (http://www.ibm.com/support/knowledgecenter/SSHGFK_7.6.1/com.ibm.measap.doc/welcome.html).

2 Step 2: Plan the installation

Installing Maximo Enterprise Adapter for SAP Applications 7.6.1 requires system administrator rights and privileges.

You install Maximo Enterprise Adapter for SAP Applications 7.6.1 on a Microsoft Windows administrative workstation. For information about the hardware, software, and network requirements for your product, see the *Other Maximo products system requirements* page on the IBM Maximo Asset Management wiki (<https://www.ibm.com/developerworks/community/wikis/home?lang=en#!/wiki/IBM%20Maximo%20Asset%20Management/page/Other%20Maximo%20products%20system%20requirements>)

3 Step 3: Install the product

To install Maximo Enterprise Adapter for SAP Applications:

1. Review the software requirements.
2. Install Maximo Enterprise Adapter for SAP Applications.

Detailed instructions are in the *IBM Maximo Enterprise Adapter for SAP Applications 7.6.1 Installation Guide* in the IBM Maximo Enterprise Adapter for SAP Applications Knowledge Center (http://www.ibm.com/support/knowledgecenter/SSHGFK_7.6.1/com.ibm.measap.doc/welcome.html).

More information
