IBM Maximo Anywhere
Version 7.6.0

Quick Start Guide

This guide introduces IBM Maximo Anywhere version 7.6.0, provides a link to prerequisite software, gets you started with a typical installation, and provides a roadmap to other important information.

This guide is available in other languages on the Quick Start DVD.

Product overview

IBM® Maximo® Anywhere provides a platform for building and deploying mobile apps. The platform includes IBM MobileFirst Platform Foundation components that enable the integration between Maximo Anywhere mobile apps and IBM Maximo Asset Management. This integration is based on an implementation of Open Services for Lifecycle Collaboration.

Maximo Anywhere also includes the following collection of mobile apps for managing work on mobile devices:
- Asset Audit
- Asset Data Manager
- Inspection
- Issues and Returns
- Physical Count
- Service Request
- Transfers and Receiving
- Work Approval
- Work Execution

1 Step 1: Access the software and documentation

Access the product software either from IBM Passport Advantage® or from the product DVD. To download your product from Passport Advantage®, follow the instructions in the Maximo Anywhere download document (www.ibm.com/support/docview.wss?uid=swg24041372).

Before you install the product, read Installing the Maximo Anywhere components (www.ibm.com/support/knowledgecenter/SSPJLC_7.6.0/com.ibm.si.mpl.doc/install/t_install_overview.html).

Refer to the installation checklist for Maximo Anywhere 7.6.0 as you install the product.

Review the release notes for Maximo Anywhere 7.6.0 (www.ibm.com/support/knowledgecenter/SSPJLC_7.6.0/com.ibm.si.mpl.doc/common/relnotes.html). Release notes contain the latest known issues and workarounds for installing this product.

For complete documentation, including installation instructions, see the Maximo Anywhere information in IBM Knowledge Center (www.ibm.com/support/knowledgecenter/SSPJLC_7.6.0/com.ibm.si.mpl.doc/welcome.html).

2 Step 2: Plan the installation

Installing Maximo Anywhere requires system administrator rights and privileges.

Ensure that Maximo Asset Management 7.5.0.6 or later is installed.

For information about installing Maximo Asset Management fix packs, search for the fix pack download documents at Product support for Maximo Asset Management (www.ibm.com/support/entry/portal/Overview/Software/Tivoli/Maximo_Asset_Management).

For details about the software, system, and network requirements for Maximo Anywhere, see Maximo Anywhere system requirements (www.ibm.com/developerworks/community/wikis/home?lang=en#!/wiki/IBM%20Maximo%20Asset%20Management/page/Maximo%20Anywhere%20system%20requirements).

3   Step 3: Install the product

1. Install the Maximo Asset Management required components.
2. Install IBM MobileFirst Platform Foundation.
3. Install Maximo Anywhere.
4. Build and deploy the Maximo Anywhere applications.

You must configure your environment to support the mobile app build and deployment process. Detailed instructions are in Building and deploying Maximo Anywhere apps (www.ibm.com/support/knowledgecenter/SSPJLC_7.6.0/ com.ibm.si.mpl.doc/build_deploy/t_ctr_build_deploy_apps.html).
