## Installing IBM Maximo Asset Health Insights

Before you install the Maximo® Asset Health Insights 7.6.0.2 feature pack, ensure that all system hardware and software requirements are met.

### About this task

For information about installing the feature pack, see the Maximo Asset Health Insights 7.6.0.2 download document.

---

## Installing Maximo Asset Health Insights 7.6.0.2

Before you install the Maximo Asset Health Insights 7.6.0.2 feature pack, ensure that the enterprise environment is up-to-date. You install the feature pack for Maximo Asset Health Insights 7.6.0.2 by following the instructions that are in download document on IBM Fix Central.

Maximo Asset Management version 7.6.0.8 and Maximo Asset Health Insights version 7.6.0.1 or Maximo Asset Health Insights version 7.6.0.0 must be installed.

If your environment is not up-to-date, take the action in the following table:

Installed components	Action required
Maximo Asset Management 7.6.0 or a later version	<ul style="list-style-type: none"><li>• Install the Maximo Asset Management 7.6.0.8 feature pack from IBM Fix Central.</li><li>• Install Maximo Asset Health Insights version 7.6.0.0. For more information, see IBM Knowledge Center.</li><li>• Install Maximo Asset Health Insights feature pack 7.6.0.2 from IBM Fix Central.</li></ul>
Version of Maximo Asset Management that is lower than 7.6.0	<ul style="list-style-type: none"><li>• Install Maximo Asset Management 7.6.0. For more information, see IBM Knowledge Center.</li><li>• Install the Maximo Asset Management 7.6.0.8 feature pack from IBM Fix Central.</li><li>• Install Maximo Asset Health Insights version 7.6.0.0. For more information, see IBM Knowledge Center.</li><li>• Install Maximo Asset Health Insights feature pack 7.6.0.2 from IBM Fix Central.</li></ul>

To install the feature pack, see the information in the Maximo Asset Health Insights 7.6.0.2 download document.

You can use IBM® Maximo Spatial Asset Management (Esri™ ArcGIS™) maps to enable the map view in the Reliability Engineering Work Center. To use the maps, you must install Maximo Spatial Asset Management 7.6.0 and the latest interim fix of Maximo Spatial Asset Management. Other map providers can be configured instead of Maximo Spatial Asset Management.

A complete list of hardware and software requirements is available in the System Requirements section of the IBM Maximo Asset Management wiki.

---

## System requirements for Maximo Asset Health Insights

Before you install Maximo Asset Health Insights feature pack 7.6.0.2, ensure that Maximo Asset Management version 7.6.0.8 and Maximo Asset Health Insights version 7.6.0.1 or Maximo Asset Health Insights version 7.6.0.0 are installed.

The user who installs Maximo Asset Health Insights must have administrative user rights.

If your environment is not at Maximo Asset Management version 7.6.0.8, take the action in the following table.

A complete list of hardware and software requirements is available in the System Requirements section of the IBM Maximo Asset Management wiki.

Installed components	Action required
Maximo Asset Management version 7.6.0.8 and Maximo Asset Health Insights version 7.6.0	Install Maximo Asset Health Insights feature pack 7.6.0.2 from IBM Fix Central.
Maximo Asset Management version 7.6.0	<ul style="list-style-type: none"><li>• Update to Maximo Asset Management 7.6.0.8 fix pack and the 7.6.0.8 interim fix.</li><li>• Install Maximo Asset Health Insights version 7.6.0.0.</li><li>• Install Maximo Asset Health Insights feature pack 7.6.0.2 from IBM Fix Central.</li></ul>
Version of Maximo Asset Management that is lower than 7.6.0	<ul style="list-style-type: none"><li>• Install Maximo Asset Management 7.6.0.</li><li>• Install the Maximo Asset Management 7.6.0.8 fix pack and the 7.6.0.8 interim fix.</li><li>• Install Maximo Asset Health Insights version 7.6.0.0.</li><li>• Install Maximo Asset Health Insights feature pack 7.6.0.2 from IBM Fix Central.</li></ul>

To enable the map view in the Reliability Engineering Work Center, see the following requirements:

- To use Esri™ ArcGIS™ maps, you must install IBM Maximo Spatial Asset Management 7.6.0 and the latest interim fix of IBM Maximo Spatial Asset Management.
- To use Microsoft Bing as a map provider, you must obtain an authorization key from Microsoft.
- To use Google Maps™, a Google Client ID is required.

## Notices

This information was developed for products and services offered in the US. This material might be available from IBM in other languages. However, you may be required to own a copy of the product or product version in that language in order to access it.

IBM may not offer the products, services, or features discussed in this document in other countries. Consult your local IBM representative for information on the products and services currently available in your area. Any reference to an IBM product, program, or service is not intended to state or imply that only that IBM product, program, or service may be used. Any functionally equivalent product, program, or service that does not infringe any IBM intellectual property right may be used instead. However, it is the user's responsibility to evaluate and verify the operation of any non-IBM product, program, or service.

IBM may have patents or pending patent applications covering subject matter described in this document. The furnishing of this document does not grant you any license to these patents. You can send license inquiries, in writing, to:

*IBM Director of Licensing  
IBM Corporation  
North Castle Drive, MD-NC119  
Armonk, NY 10504-1785  
US*

For license inquiries regarding double-byte character set (DBCS) information, contact the IBM Intellectual Property Department in your country or send inquiries, in writing, to:

*Intellectual Property Licensing  
Legal and Intellectual Property Law  
IBM Japan Ltd.  
19-21, Nihonbashi-Hakozakicho, Chuo-ku  
Tokyo 103-8510, Japan*

INTERNATIONAL BUSINESS MACHINES CORPORATION PROVIDES THIS PUBLICATION "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Some jurisdictions do not allow disclaimer of express or implied warranties in certain transactions, therefore, this statement may not apply to you.

This information could include technical inaccuracies or typographical errors. Changes are periodically made to the information herein; these changes will be incorporated in new editions of the publication. IBM may make improvements and/or changes in the product(s) and/or the program(s) described in this publication at any time without notice.

Any references in this information to non-IBM websites are provided for convenience only and do not in any manner serve as an endorsement of those

websites. The materials at those websites are not part of the materials for this IBM product and use of those websites is at your own risk.

IBM may use or distribute any of the information you provide in any way it believes appropriate without incurring any obligation to you.

Licensees of this program who wish to have information about it for the purpose of enabling: (i) the exchange of information between independently created programs and other programs (including this one) and (ii) the mutual use of the information which has been exchanged, should contact:

*IBM Director of Licensing  
IBM Corporation  
North Castle Drive, MD-NC119  
Armonk, NY 10504-1785  
US*

Such information may be available, subject to appropriate terms and conditions, including in some cases, payment of a fee.

The licensed program described in this document and all licensed material available for it are provided by IBM under terms of the IBM Customer Agreement, IBM International Program License Agreement or any equivalent agreement between us.

The performance data and client examples cited are presented for illustrative purposes only. Actual performance results may vary depending on specific configurations and operating conditions.

Information concerning non-IBM products was obtained from the suppliers of those products, their published announcements or other publicly available sources. IBM has not tested those products and cannot confirm the accuracy of performance, compatibility or any other claims related to non-IBM products. Questions on the capabilities of non-IBM products should be addressed to the suppliers of those products.

This information is for planning purposes only. The information herein is subject to change before the products described become available.

This information contains examples of data and reports used in daily business operations. To illustrate them as completely as possible, the examples include the names of individuals, companies, brands, and products. All of these names are fictitious and any similarity to actual people or business enterprises is entirely coincidental.

#### COPYRIGHT LICENSE:

This information contains sample application programs in source language, which illustrate programming techniques on various operating platforms. You may copy, modify, and distribute these sample programs in any form without payment to IBM, for the purposes of developing, using, marketing or distributing application programs conforming to the application programming interface for the operating platform for which the sample programs are written. These examples have not been thoroughly tested under all conditions. IBM, therefore, cannot guarantee or imply reliability, serviceability, or function of these programs. The sample

programs are provided "AS IS", without warranty of any kind. IBM shall not be liable for any damages arising out of your use of the sample programs.

## Terms and conditions for product documentation

Permissions for the use of these publications are granted subject to the following terms and conditions.

### Applicability

These terms and conditions are in addition to any terms of use for the IBM website.

### Personal use

You may reproduce these publications for your personal, noncommercial use provided that all proprietary notices are preserved. You may not distribute, display or make derivative work of these publications, or any portion thereof, without the express consent of IBM.

### Commercial use

You may reproduce, distribute and display these publications solely within your enterprise provided that all proprietary notices are preserved. You may not make derivative works of these publications, or reproduce, distribute or display these publications or any portion thereof outside your enterprise, without the express consent of IBM.

### Rights

Except as expressly granted in this permission, no other permissions, licenses or rights are granted, either express or implied, to the publications or any information, data, software or other intellectual property contained therein.

IBM reserves the right to withdraw the permissions granted herein whenever, in its discretion, the use of the publications is detrimental to its interest or, as determined by IBM, the above instructions are not being properly followed.

You may not download, export or re-export this information except in full compliance with all applicable laws and regulations, including all United States export laws and regulations.

IBM MAKES NO GUARANTEE ABOUT THE CONTENT OF THESE PUBLICATIONS. THE PUBLICATIONS ARE PROVIDED "AS-IS" AND WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.

## IBM Online Privacy Statement

IBM Software products, including software as service solutions, ("Software Offerings") may use cookies or other technologies to collect product usage information, to help improve the end user experience, to tailor interactions with the end user or for other purposes. In many cases no personally identifiable information is collected by the Software Offerings. Some of our Software Offerings can help enable you to collect personally identifiable information. If this Software Offering uses cookies to collect personally identifiable information, specific information about this offering's use of cookies is set forth below.

Depending upon the configurations deployed, this Software Offering may use session and persistent cookies that collect each user's name, user name, password, or other personally identifiable information for purposes of session management, authentication, single sign-on configuration or other usage tracking or functional purposes. These cookies can be disabled, but disabling them will also likely eliminate the functionality they enable.

If the configurations deployed for this Software Offering provide you as customer the ability to collect personally identifiable information from end users via cookies and other technologies, you should seek your own legal advice about any laws applicable to such data collection, including any requirements for notice and consent.

For more information about the use of various technologies, including cookies, for these purposes, see IBM's Privacy Policy at <http://www.ibm.com/privacy> and IBM's Online Privacy Statement at <http://www.ibm.com/privacy/details> in the section entitled "Cookies, Web Beacons and Other Technologies" and the "IBM Software Products and Software-as-a-Service Privacy Statement" at <http://www.ibm.com/software/info/product-privacy>.
