

Version 6.2.2 Fix Pack 2

Quick Start Guide

This guide is intended to get you started with a base configuration for IBM Tivoli Monitoring.

National Language Version: To obtain the Quick Start Guide in another language, print the PDF from the IBM Tivoli Monitoring V6.2.2 Fix Pack 2 Quick Start CD.

Product Overview

IBM® Tivoli® Monitoring monitors and manages system and network applications on a variety of operating systems, tracks the availability and performance of your enterprise system, and provides reports to track trends and troubleshoot problems.

1 Step 1: Access your software

If you download your product from Passport Advantage®, follow the directions in the download document:

http://publib.boulder.ibm.com/infocenter/tivihelp/v15r1/topic/com.ibm.itm.doc_6.2.2fp2/DLD_itm622fp2.htm

This product offering includes IBM Tivoli Monitoring with Tivoli Enterprise servers and client and other supported monitoring agents.

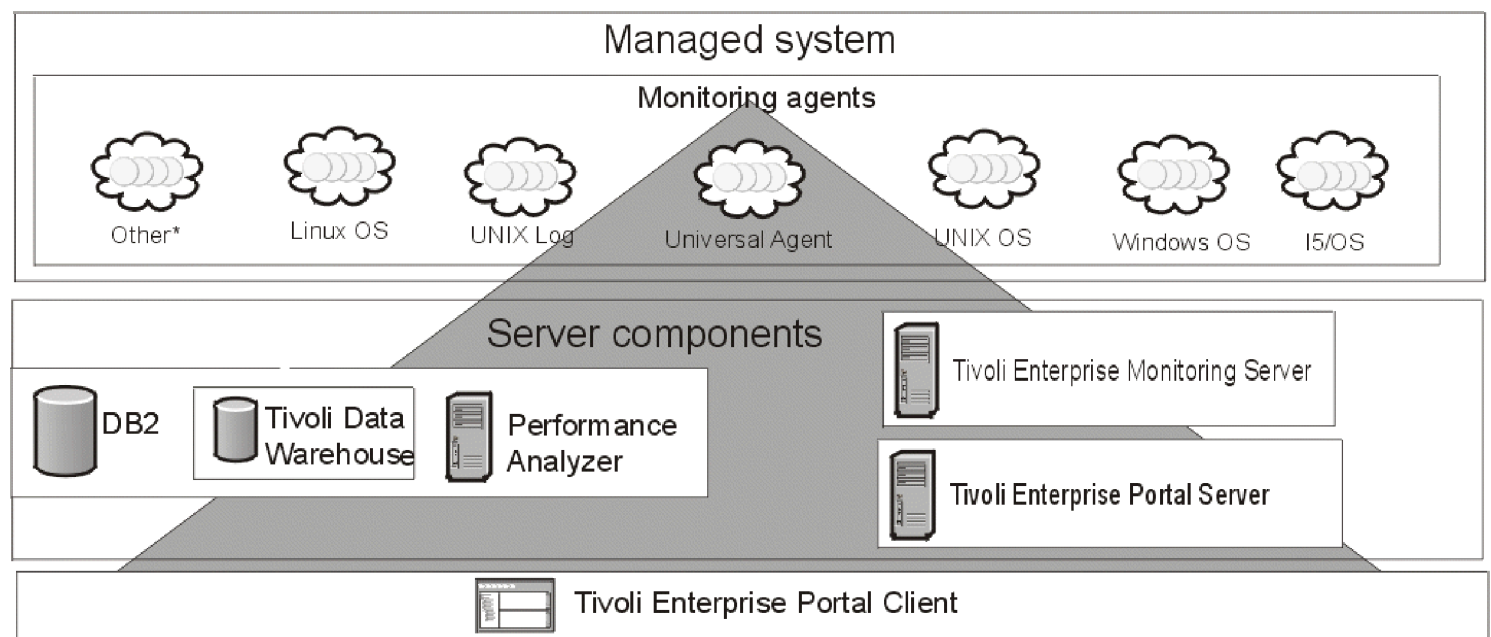

2 Step 2: Evaluate your hardware and system configuration

See the chapter on planning the installation for your environment in the *IBM Tivoli Monitoring Installation and Setup Guide* for a list of requirements.

3 Step 3: Review the base architecture and the installation steps

The following figure illustrates the base architecture of the IBM Tivoli Monitoring software.

* Includes other OS monitoring agents, non-OS monitoring agents, and agents built with the IBM Tivoli Monitoring Agent Builder. For information about what monitoring agents are available, see the download document mentioned in Step 1.

4 Step 4: Access your documentation

For complete documentation, including installation instructions, see the publications in the following libraries in the Tivoli Information Center:

http://publib.boulder.ibm.com/infocenter/tivihelp/v15r1/topic/com.ibm.itm.doc_6.2.2fp2/welcome.htm

- Installation and Configuration Guides
- Administrator's Guide

For information about IBM Tivoli Performance Analyzer, see the publications in the following Tivoli Information Center:

http://publib.boulder.ibm.com/infocenter/tivihelp/v15r1/topic/com.ibm.kpa.doc/itpa_welcome.html

5 Step 5: Install prerequisite software

See the *IBM Tivoli Monitoring Installation and Setup Guide* and the *Installing and configuring Tivoli Performance Analyzer* for additional installation requirements.

6 Step 6: Install IBM Tivoli Monitoring

Insert the IBM Tivoli Monitoring product DVD into the DVD drive, or access the product from Passport Advantage.

See the *IBM Tivoli Monitoring Installation and Setup Guide* for further details on installation and for further information on configuration options and steps that occur after the files are copied.

7 Step 7: Install the operating system agents

Install the additional monitoring agents for the operating systems in your environment.

See the *IBM Tivoli Monitoring Installation and Setup Guide*.

8 Step 8: Install IBM Tivoli Performance Analyzer

Install IBM Tivoli Performance Analyzer in your environment.

See *Installing and configuring Tivoli Performance Analyzer*.

9 Step 9: Configure and start IBM Tivoli Monitoring

See the following publications for complete information:

- *IBM Tivoli Monitoring Installation and Setup Guide*
- *IBM Tivoli Monitoring Administrator's Guide*
- *IBM Tivoli Monitoring User's Guide*
- *Installing and configuring Tivoli Performance Analyzer*
