Quick start guide

Pairing the Jabra BT8010 to a Bluetooth device:
Before you can use your Jabra BT8010 you must pair it with a mobile phone and/or another Bluetooth enabled device. The first time you turn on your BT8010 (or if factory reset via the menu), it will automatically enter pairing mode. In this case skip point 2 below. When pairing up your second device, assuming that is now fully charged, please start with point 2 below.

1. Charge the mono unit until the display indicates "charging complete" (approx 2 hours)*.
2. To put the Jabra BT8010 in pairing mode slide the On/Off/Pairing button forward until the display indicates "Pairing mode" and then release.
3. Set your Bluetooth device to "discover" the Jabra BT8010 (see your device user guide).
4. Press Yes or OK when asked if you want to pair with the Jabra BT8010.
5. Enter passkey or PIN = 0000 (4 zeros), then press Yes or OK.
6. Your phone or other device will confirm when pairing is complete**.

Making a call
Just dial the number on your phone's keypad and press send. Once the call goes through it will automatically transfer to your headset (device dependent).

Playing stereo music
Before playing music please plug in the stereo unit for a full stereo experience. (Please ensure that the headset is in music mode - music mode icon indicated on the display). Activate your music and use the intuitive controls on the mono headset to manage your music.

Answer a call while playing music
The music pauses/stops automatically when a call comes in (device dependent). Press the answer/end button and the call will connect.
