This product qualifies for ENERGY STAR in the "Home" setting and this is the setting in which energy savings will be achieved. Any modifications to the "Home" setting or other factory default settings could result in greater energy consumption beyond levels that meet ENERGY STAR qualifications.

# Safety Precautions

	<b>CAUTION</b> <b>RISK OF ELECTRIC SHOCK</b> <b>DO NOT OPEN</b>	
<b>WARNING: To reduce the risk of electric shock, do not remove cover or back. No user-serviceable parts inside. Refer servicing to qualified service personnel.</b>		

The lightning flash with arrowhead within a triangle is intended to tell the user that parts inside the product are a risk of electric shock to persons.

The exclamation point within a triangle is intended to tell the user that important operating and servicing instructions are in the papers with the appliance.

**WARNING:** To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. Do not place liquid containers (flower vase, cups, cosmetics, etc.) above the set (including on shelves above, etc.).

## Important Safety Instructions

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use attachments / accessories specified by the manufacturer.
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart / apparatus combination to avoid injury from tip-over.
- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- 15) To prevent electric shock, ensure the grounding pin on the AC cord power plug is securely connected.

## FCC STATEMENT

This equipment has been tested and found to comply with the limits for an Other Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the Panasonic Service Center or an experienced radio/TV technician for help.

### FCC Caution:

To assure continued compliance, follow the attached installation instructions and use only shielded interface cables when connecting to peripheral devices. Any changes or modifications not expressly approved by Panasonic Corp. of North America could void the user's authority to operate this device.

Responsible Party: Panasonic Corporation of North America  
One Panasonic Way, Secaucus, NJ 07094  
Contact Source: Panasonic Consumer Electronics Company  
1-877-95-VIERA (958-4372)  
email: consumerproducts@panasonic.com

### CANADIAN NOTICE:

For Model TC-P42S1, TC-P46S1, TC-P50S1, TC-P54S1  
This Class B digital apparatus complies with Canadian ICES-003.

## WARNING/CAUTION

### WARNING

Small parts can present choking hazard if accidentally swallowed.

Keep small parts away from young children.

Discard unneeded small parts and other objects, including packaging materials and plastic bags/sheets to prevent them from being played with by young children, creating the potential risk of suffocation.

#### ■ Set up

This Plasma TV may fall and can cause personal injury or even death if not installed correctly. To prevent personal injury or death, follow these warnings:

- **Install the Plasma TV in accordance with the manufacturer's recommended pedestal or stand, corresponding hardware and installation instructions.**  
This Plasma TV is for use only with the following optional accessories. Use with any other type of optional accessories may cause instability. The following accessories are manufactured by Panasonic Corporation.
  - Wall-hanging bracket (Angled)  
TY-WK4P1RW (TC-P42S1, TC-P462S1, TC-P50S1)  
TY-WK5P1RW (TC-P54S1)
- **Be sure to ask a qualified technician to carry out the installation and set-up.**  
Two or more people are required to install or remove the television.
- **Some wall mounts (wall-hanging brackets) are not designed to be mounted to walls with steel studs or old cinder block constructions.**  
Ask your dealer or licensed contractor to properly secure the wall-hanging bracket.
- **Do not place the Plasma TV or its stand on a sloped or unstable surface.**  
The Plasma TV may fall or tip over.
- **Do not support the Plasma TV on a non-specified pedestal.**
- **Do not place the Plasma TV on furniture that can easily be used as steps, such as a chest of drawers.**
- **Do not climb or allow children to climb on the Plasma TV**
- **Place or install the Plasma TV where it cannot be pushed, pulled over or knocked down.**
- **Route all cords and cables such that they cannot be tripped over or pulled by curious children.**
- **Do not place any objects on top of the Plasma TV.**  
If water spills onto the Plasma TV or foreign objects get inside it, a short-circuit may occur which could result in fire or electric shock. If any foreign objects get inside the Plasma TV, please consult an Authorized Service Center.

#### ■ AC Power Supply Cord

To prevent fire or electric shock:

- **The Plasma TV is designed to operate on a 120 V AC, 60 Hz service. Insert the power cord plug as far as it will go into the wall socket.**  
If the plug is not fully inserted, heat may generate, which could cause a fire.
- **The included power cord is for use with this unit only.**
- **Do not use any power cord other than that provided with this TV.**
- **Do not handle the power cord plug with wet hands.**
- **Do not do anything that might damage the power supply cord.**

- **When disconnecting the power supply cord, hold the plug, not the cord.**
- **Do not use the power supply cord if the plug or cord is damaged.**  
Replace the cord or contact your Authorized Service Center

#### ■ Handling the power supply cord

- **Insert the power plug fully into the socket outlet. (If the power plug is loose, it could generate heat and cause fire.)**
- **Ensure that the power plug is easily accessible.**
- **Ensure the earth pin on the power plug is securely connected to prevent electrical shock.**
  - An apparatus with CLASS I construction shall be connected to a power socket outlet with a protective earthing connection.
- **Do not touch the power plug with a wet hand. (This may cause electrical shock.)**
- **Do not use any power cord other than that provided with this TV. (This may cause fire or electrical shock.)**
- **Do not damage the power cord. (A damaged cord may cause fire or electrical shock.)**
  - Do not move the TV with the cord plugged in the socket outlet.
  - Do not place a heavy object on the cord or place the cord near a high-temperature object.
  - Do not twist the cord, bend it excessively, or stretch it.
  - Do not pull on the cord. Hold onto the power plug body when disconnecting cord.
  - Do not use a damaged power plug or socket outlet.

#### ■ If Problems Occur During Use

- **If a problem occurs (such as no picture or no sound), or if smoke or an abnormal odor is detected from the Plasma TV, unplug the power supply cord immediately.**  
Continued use of the TV under these conditions might cause a fire or permanent damage to the TV. Have the TV evaluated by an Authorized Service Center. Servicing of the TV by unauthorized personnel is strongly discouraged due to its high voltage.
- **If water or an object gets inside the Plasma TV, if the Plasma TV is dropped, or if the enclosure becomes damaged, unplug the power supply cord immediately.**  
A short-circuit may occur, which could cause a fire. Contact an Authorized Service Center for an evaluation.

### CAUTION

- **Do not cover the ventilation holes.**  
Doing so may cause the Plasma TV to overheat, which can cause a fire or damage to the Plasma TV.
- **Leave a space of 3 15/16" (10 cm) or more at the top, left and right, and 2 3/4" (7 cm) or more at the rear.**
- **When using the pedestal, keep the space between the bottom of the TV and the pedestal or stand surface clear from objects that may obstruct ventilation.**

#### ■ When Moving the Plasma TV

- **Be sure to disconnect all cables before moving the Plasma TV.**  
Moving the TV with its cables attached might damage the cables which, in turn, can cause fire or electric shock
- **To prevent an electric shock, disconnect the power plug from the wall outlet as a safety precaution before carrying out any cleaning.**

# Safety Precautions (Continued)

- **Transport only in upright position**

Transporting the unit with its display panel facing upright or downward may cause damage to the internal circuitry.

- **Using a dry cloth, clean any dust from the power supply cord and plug regularly.**

Build-up of dust on the power cord plug can increase humidity, which might damage the insulation and cause a fire.

**This Plasma TV radiates infrared rays;**

therefore, it may affect other infrared communication equipment. Install your infrared sensor in a place away from direct or reflected light from your Plasma TV.

**The TV will still consume some power as long as the power supply cord is connected to the wall outlet.**

- **Display panel is made of glass. Do not apply strong force or impact to the display panel.**

This may cause damage resulting in injury.

- **The TV is heavy. TV should be handled by 2 or more people. Support as shown to avoid injury by the TV tipping or falling.**

**⚠ WARNING**

**CEA CHILD SAFETY NOTICES:** Flat panel displays are not always supported on the proper stands or installed according to the manufacturer's recommendations. Flat panel displays that are inappropriately situated on dressers, bookcases, shelves, desks, speakers, chests or carts may fall over and may cause personal injury or even death.

The consumer electronics industry (of which Panasonic is a member) is committed to making home entertainment enjoyable and safe. To prevent personal injury or death, be sure to follow the following safety guidelines:

**TUNE INTO SAFETY:**

- One size does NOT fit all. Follow the manufacturer's recommendations for the safe installation and use of your flat panel display.
- Carefully read and understand all enclosed instructions for proper use of this product.
- Don't allow children to climb on or play with furniture and television sets.
- Don't place flat panel displays on furniture that can easily be used as steps, such as a chest of drawers.
- Remember that children can become excited while watching a program, especially on "larger than life" flat panel displays. Care should be taken to install the display where it cannot be pushed, pulled over, or knocked down.
- Care should be taken to route all cords and cables connected to the flat panel display so that they cannot be pulled or grabbed by curious children.

**WALL MOUNTING:** IF YOU DECIDE TO WALL MOUNT YOUR FLAT PANEL DISPLAY, ALWAYS:

- Use a mount that has been recommended by the display manufacturer and/or listed by an independent laboratory (such as UL, CSA, ETL).
- Follow all instructions supplied by the display and wall mount manufacturers.
- If you have any doubts about your ability to safely install your flat panel display, contact your retailer about professional installation.
- Make sure the wall where you are mounting the display is appropriate. Some wall mounts are not designed to be mounted to walls with steel studs or old cinder block construction. If you are unsure, contact a professional installer.
- A minimum of two people are required for installation. Flat panel displays can be heavy.

**Panasonic recommends that a qualified installer perform the wall-mount installation. See page 5.**

# Notes

## ■ Do not display a still picture for a long time

This causes the image to remain on the plasma screen

("Image retention"). This is not considered a malfunction and is not covered by the warranty.

To prevent "Image retention", the screen saver is automatically activated after a few minutes if no signals are sent or no operations are performed. (p. 51)

## Typical still images

- Channel number and other logos
- Image displayed in 4:3 mode
- SD Card photo
- Video game
- Computer image

## ■ Set up

- Do not place the unit where it's exposed to sunlight or other bright light (including reflections).
- Use of some types of fluorescent lighting may reduce the remote control's transmission range.

# Accessories/Optional Accessory

## Accessories

Check you have all the items shown.

### Accessories

- Remote Control Transmitter  
● N2QAYB000321

- Batteries for the Remote Control Transmitter (2)  
● AA Battery

- Cleaning cloth

- AC cord

- Pedestal  
● TBLX0088 (TC-P42S1)  
● TBLX0089 (TC-P46S1, TC-P50S1)

How to assemble (p. 9)

- TBLX0102 (TC-P54S1)

- Operating Instructions

- Product Registration Card (U.S.A.)

- Quick Setup Guide

- Customer Care Plan Card (U.S.A.)

### Optional Accessory

#### Wall-hanging bracket (angle)

- TY-WK4P1RW (for 42"/46"/50")
- TY-WK5P1RW (for 54")

#### Note

- In order to maintain the TV's performance and safety, be absolutely sure to ask your dealer or a licensed contractor to secure the wall-hanging brackets.
- Carefully read the instructions accompanying the plasma TV stand or pedestal, and be absolutely sure to take steps to prevent the TV from tipping over.
- Handle the TV carefully during installation since subjecting it to impact or other forces may cause its panel to crack.

## Installing the remote's batteries

1

2

#### Caution

- Incorrect installation may cause battery leakage and corrosion, resulting in damage to the remote control.
- Do not mix old and new batteries.
- Do not mix different battery types (such as alkaline and manganese batteries).
- Do not use rechargeable (Ni-Cd) batteries.
- Do not burn or break batteries.

## Attaching the pedestal to TV

### ■ Assembling the pedestal

- Fix securely with assembly screws (A). (Total 4 screws)
- Tighten screws firmly.

### ■ Set-up

- Carry out work on a horizontal and level surface.
- Tighten screws firmly.

### Accessories

Assembly screws  
(4 of each)

- (A) (for 42"/46"/50")  
M5 x 18 (Silver)  
(for 54")  
M5 x 25 (Silver)

- (B) (for 42"/46"/50")  
M5 x 25 (Black)  
(for 54")  
M5 x 30 (Black)

Poles (2)

- (L) or (R) is printed at the bottom of the poles.

Base (1)  
(for 42"/46"/50")

(for 54")

#### Warning

**Do not disassemble or modify the pedestal.**

- Otherwise the TV may fall over and become damaged, and personal injury may result.

#### Caution

**Do not use any other TV and displays.**

- Otherwise the TV may fall over and become damaged, and personal injury may result.

**Do not use the pedestal if it becomes warped or physically damaged.**

- If you use the pedestal when it is physically damaged, personal injury may result. Contact your nearest Panasonic Dealer immediately.

**During set-up, make sure that all screws are securely tightened.**

- If sufficient care is not taken to ensure screws are properly tightened during assembly, the pedestal will not be strong enough to support the TV, and it might fall over and become damaged, and personal injury may result.

# Accessories/Optional Accessory (Continued)

## AC cord connection

### To attach

Insert it firmly until the tabs on both sides click into place.

### To remove

Keep pushing both side snaps and pull down

## Reference of connection

### Antenna terminal

- Firmly tighten by hand.

### Pin terminals

- Match colors of plugs and terminals.
- Insert firmly.

### HDMI terminal

- Insert firmly.

# Basic Connection

## Example 1 Connecting Antenna (To watch TV)

TV

### VHF/UHF Antenna

- NTSC (National Television System Committee): Conventional broadcasting
- ATSC (Advanced Television Systems Committee): Digital TV Standards include digital high-definition television (HDTV), standard-definition television (SDTV), data broadcasting, multi-channel surround-sound audio and interactive television.

## To connect the antenna terminal and Cable Box

### Cable Box/Cable

- You need to subscribe to a cable TV service to enjoy viewing their programming.
- If using a Cable Box, set the TV channel to CH3 or CH4 for regular cable.
- You can enjoy high-definition programming by subscribing to a high-definition cable Service. The connection for high-definition can be done with the use of HDMI or Component Video cable. (p. 14)
- To view high-definition programming select the correct video input. (p. 24)

### Note

- Not all cables and external equipment shown in this book are supplied with the TV.
- For more details on the external equipment's connections, please refer to the operating manuals for the equipment.
- When disconnecting the power cord, be absolutely sure to disconnect the power cord plug from the wall outlet first.
- For additional assistance, visit us at: [www.panasonic.com](http://www.panasonic.com)  
[www.panasonic.ca](http://www.panasonic.ca)

# Basic Connection (Continued)

## Example 2 Connecting DVD recorder (VCR) (To record/playback)

TV

AV Equipment  
(e.g. DVD Recorder  
or VCR)

DVD Recorder

If the source has a higher resolution signal (480p/720p/1080i/1080p), connection can be made with the use of a Component Video or HDMI cable. (p. 14)

VCR

Connection can be made with the use of an RF cable and Composite Video/S Video cable. (p. 14)

### To connect the antenna terminal and DVD recorder or VCR

### Example 3 Connecting DVD recorder (VCR) and satellite receiver

#### To connect the antenna terminal and Satellite Receiver and DVD recorder or VCR

**Note**

● For details of external equipment connections, please refer to the operating manuals for the equipment.

# Basic Connection (Continued)

## AV cable connections

High-Definition

### A To use HDMI terminals

- Connecting to HDMI terminals will enable you to enjoy high-definition digital images and high-quality sound.
- The HDMI connection is required for a 1080p signal.
- For "VIERA Link™ connections", please refer to p. 31.

### B To use COMPONENT terminals

- Recorders may also be connected to COMPOSITE or S VIDEO terminals. (see below)

Standard-Definition

### C To use S VIDEO terminals

### D To use COMPOSITE terminals

- The S Video input will override the composite video signal when S Video cable is connected. Connect either S Video or Video cable.
- Connecting to S VIDEO terminals will enable you to enjoy greater picture quality than using Composite terminals.

#### Note

- Some programs contain a copyright protection signal to prevent recording.
- When the copyright protection program is displayed, do not connect the other TV monitor through a VCR. Video signals fed through VCRs may be affected by copyright protection systems and the picture will be distorted on the other TV monitor.
- For more details on the external equipment's connections, please refer to the operating manuals for the equipment.

# Identifying Controls

## TV controls/indicators

### Front of the TV

Selects channels in sequence

Volume up/down

Displays the Main menu.

Changes the input mode  
Chooses menu and submenu entries.

### Back of the TV

### Note

- The TV consumes a limited amount of power as long as the power cord is inserted into the wall outlet.
- Do not place any objects between the TV remote control sensor and remote control.

## Remote control

# First Time Setup

"First time setup" is displayed only when the TV is turned on for the first time after the power cord is inserted into a wall outlet and when "Auto power on" (p. 28-29) is set to "No".

1

## Turn the TV On with the POWER button

\* This setting will be skipped next time if you select "Home".

### ① Select your language

### ② Be sure to select "Home"

- Please confirm your selection (Home) before pressing OK button.

### ■ If you select "Store" by mistake in ②, confirmation screen will be displayed.

- Select "No" and return to previous screen ②.
- If you select "Yes", Screen enters store demonstration mode.

To display the "Please select your viewing environment" screen again as shown above and select "Home", do one of the following:

- Press and hold down the front POWER button.
- Unplug the TV and plug it again.

### ■ Press to exit from a menu screen

### ■ Press to return to the previous screen

## 2 Adjust the clock

Year: Select the year  
 Month: Select the month  
 Day: Select the day  
 Hour: Adjust the hour  
 Minute: Adjust the minute

## 3 Auto channel setup

### ① Select "ANT/Cable setup"

### ② Select "ANT in"

**ANT in**  
 Cable: Cable TV  
 Antenna: Antenna  
 Not used: Skip TV tuning  
 ➔ go to ④

Select "Not used" when no wire is connected to the "Antenna/Cable" terminal.

- Typical when Cable/Satellite box is connected to a TV input.
- Prevents accidental tuning to an unavailable signal.

### ③ Select "Auto program"

### ■ Press to exit from a menu screen

#### Note

- To change setting (Language/Clock/ANT/Cable setup/Input labels) later, go to Menu screen (p. 28)

# First Time Setup (continued)

3

## 4 Select scanning mode (ALL channels/Analog only/Digital only)

## Start scanning the channels

- Available channels (analog/digital) are automatically set.

All channels: Scans digital and analog channels  
 Analog only: Scans Analog channels only  
 Digital only: Scans Digital channels only

## 5 Confirm registered channels

- If OK is not pressed after selecting "Apply", the channels will not be saved. The channel will be saved when no operation is performed for 60 seconds and the "Manual program" menu will also exit automatically.
- If you perform scanning more than twice, previously saved channels are erased.

4

## Set the Input labels

or

Switches Input mode alphabet to numeric

## Press to exit from a menu screen

### Note

- About broadcasting systems

### Analog (NTSC):

Conventional broadcasting

### Digital (ATSC):

New programming that allows you to view more channels featuring high-quality video and sound

Label: [BLANK] SKIP/VCR/DVD/CABLE/SATELLITE/DVR/GAME/AUX/RECEIVER/COMPUTER/Blu-ray/CAMERA/DVD REC/HOME THTR/MONITOR/MEDIA CTR/MEDIA EXT/OTHER

# Watching TV

Connect the TV to a cable box/cable, set-top-box, satellite box or antenna cable (p. 11-14)

## To watch TV and other functions

### 1 Turn power on

#### Note

- If the mode is not TV, press **INPUT** and select TV. (p. 24)

### 2 Select a channel number

#### To directly input the digital channel number

When tuning to a digital channel, press the button to enter the minor number in a compound channel number.

example: CH15-1: **1** **5** **-** **1**

#### Note

- Reselect "Cable" or "Antenna" in "ANT in" of "ANT/Cable setup" to switch the signal reception between cable TV and antenna. (p. 17, 39)
- The channel number and volume level remain the same even after the TV is turned off.

### Listen with SAP (Secondary Audio Program)

#### Select Audio Mode for watching TV

- **Digital mode**  
Press SAP to select the next audio track (if available) when receiving a digital channel.  
**Audio track 1 of 2 (English)**
- **Analog mode**  
Press SAP to select the desired audio mode.  
• Each press of SAP will change the audio mode. (Stereo/SAP/Mono)

### Closed Caption

#### Switches Closed Caption mode On or Off

### Display the SUB MENU

#### Press SUB MENU to show sub menu screen. (p. 28)

This menu consists of shortcuts to convenient functions.

# Watching TV (Continued)

## Other Useful Functions (Operate after ②)

# Viewing from an SD Card

You can view photos taken with a digital camera or digital video camera and saved on an SD card.  
(Media other than SD Cards may not be reproduced properly.)

## Photo viewer

### 1 Insert the SD card

\* This setting will be skipped next time unless you select "Set later".  
**Set "SD card setting" and select "Play SD card now"**

- "SD card setting" will be displayed automatically each time an SD card is inserted for the first time.

<b>SD card setting</b>	① select	<b>Slideshow:</b> A Slideshow will start automatically next time.
Play SD card automatically	② change	<b>Thumbnail:</b> The Photo viewer menu will be displayed automatically next time.
Set later	③ set	<b>Set later:</b> "SD card setting" menu will be displayed repeatedly.
Play SD card now		<b>Off:</b> The data can be played manually.

■ Manual operation ("Play SD card automatically" is "Off")

**Display "Photo viewer" Start Slideshow**

### 2 Select the data to be viewed

Thumbnail view

Selected picture information is displayed.  
**Name:** Image number or file name is displayed.  
**Date:** Date of recording is displayed.  
**Size:** Display resolution is displayed.

Total number of images

Navigation area

Present status (While reading the data)

#### Note

● Depending on the JPEG format, "Information" contents may not be displayed correctly. Refer to p. 46 (Data format for SD card browsing) for details.

### 3 View

■ Press to exit from a menu screen

■ Press to return to the previous screen

● To display/hide Navigation area → INFO

Navigation area Displays one at a time

## SD Card

- Insert the card

- Remove the card

- Compliant card type (maximum capacity): SDHC Card (16 GB), SD Card (2 GB), miniSD Card (1 GB) (requiring miniSD Card adapter)
- For cautions and details on SD Cards (p. 46)

In ② or ③

### ① Display "Photo settings"

### ② Select the item

### ③ Set

### ■ Adjust the picture

Picture menu (p. 26)

## Photo settings

### ■ Set up Slideshow

#### Speed

You can set how many seconds each image is displayed in Slideshow mode.  
**(Very fast/Fast/Medium/Slow/Very slow)**

#### Repeat

Turn the slideshow Repeat function On or Off.

#### Note

- To stop in mid-cycle ➔ Press **RETURN**

## Viewing

- Viewing from SD Card

## VIERA IMAGE VIEWER

The VIERA Image Viewer is a function that lets you easily view still and motion images on a VIERA television by simply inserting an SD card into the VIERA SD card slot.

# Watching Videos and DVDs

If you have applicable equipment connected to the TV, you can watch videos and DVDs on the TV's screen.

## Input Select

You can select the external equipment to access.

**1** With the connected equipment turned On **Display the Input select menu**

**2** **Select the input mode**

Input select	
1	TV
2	Component 1 AUX
3	Component 2
4	HDMI 1 GAME
5	HDMI 2
6	HDMI 3 GAME
7	Video 1
8	Video 2 GAME

(example)

Press corresponding NUMBER button on the remote control to select the input of your choice.

or

Select the input of your choice, then press OK.

- During the selection, if no action is taken for several seconds, the "Input select" menu disappears.
- The terminal and label of the connected equipment are displayed. To label each of the inputs, please refer to p. 41.

**3** **Operate the connected equipment using the remote control supplied with the equipment**

(example)

**Note**

- The input label will be displayed on "Input select" screen if Input label is set on p. 41.
- For side input terminals (HDMI 3/Video 2), "GAME" input label is set as default. (Picture mode is set to "Game", refer to p. 47.)
- For more details for picture mode setting, refer to p. 47. For Input label, refer to p. 41.

### ■ To return to TV

# VIERA Link™ Setting

If you connect equipment that has the “HDAVI Control” function to a TV using an HDMI cable, you will find it easier to use. Please refer to p. 30-35. Before using these functions, you need to set “VIERA Link” setting to “On” as shown below.

**1 Display menu**  
MENU

**2 Select “Setup”**  
Menu  
VIERA Link  
Lock  
SD card  
Closed Caption  
Setup

**3 Select “VIERA Link settings”**  
Setup 2/2  
VIERA Link settings  
ECO/power saving  
Advanced setup

**4 Select “VIERA Link”**  
VIERA Link settings  
VIERA Link On  
Power on link Yes  
Power off link Yes  
Stand-by power save No  
Auto power stand-by No  
Default speakers TV

**5 Select “On”**  
(default is On)

Now you can set each “VIERA Link” function according to your preference (p. 32-35).

■ Press to exit from a menu screen  
EXIT

■ Press to return to the previous screen  
RETURN

**Note**

- If no HDMI equipment is connected or standard HDMI equipment (non- “VIERA Link”) is used, set it to “Off”.
- For more details on the external equipment’s connections, please refer to the operating manuals for the equipment.

# How to Use Menu Functions

Various menus allow you to make settings for the picture, sound, and other functions so that you can enjoy watching TV best suited for you.

## 1 Display menu

- Displays the functions that can be set (varies depending on the input signal)

## 2 Select the menu

## 3 Select the item

(example: Picture menu)

## 4 Adjust or select

(example: Picture menu)

■ Press to exit from a menu screen

■ Press to return to the previous screen

## Adjustments/Configurations (alternatives)

### [VIERA Link control]

Selects equipment to access and operate. **(Recorder/Home theater/Player/Camcorder/LUMIX)** (p. 34-35)

### [Speaker output]

Selects an audio output. **(Home theater/TV)** (p. 34-35)

- VIERA Link menu is accessible directly by pressing the VIERA Link button on the remote control.  (p. 34)

Resets all picture adjustments to factory default settings except for "Advanced picture".

**Reset to defaults**

Basic picture mode **(Vivid/Standard/Cinema/Game/Custom)** (p. 47)

**Picture mode** **Vivid**

Adjusts color, brightness, etc. for each picture mode to suit your taste

- Display range

**Contrast/Brightness/Color/Sharpness:** 0 - 100

**Tint:** -50 - +50

**Contrast** **+20**

**Tint** **0**

**Brightness** **0**

**Sharpness** **0**

**Color** **0**

Selects a choice of Cool(blue), Normal, or Warm(red) color. **(Cool/Normal/Warm)**

**Color temp.** **Cool**

Adjusts the brightness and gradation according to the ambient lighting condition. **(Off/On)**

**C.A.T.S.** **Off**

Reduces noise, commonly called snow. Leave it off when receiving a strong signal. **(Off/On)**

**Video NR** **Off**

Adjusts vertical alignment and size when aspect setting is "ZOOM" (p. 45)

**Zoom adjustments**

Minimizes noise and cross-color in the picture. **(On/Off)**

**3D Y/C filter** **On**

Selects image resolution of component-connected devices **(HD/SD)**

- SD: Standard Definition HD: High Definition

- Only 480p signal accepted; regular TV (NTSC) is not available.

**Color matrix** **SD**

Reduces noise of specific digital signals of DVD, STB, etc. **(On/Off)**

**MPEG NR** **Off**

Selects Dark or Light. Valid only for external input signals. **(Dark/Light)**

**Black level** **Light**

Selects between 95 % (Size 1) or 100 % (Size 2) for the scanning area with High-definition signal. **(Size 1/ Size 2)**

Select "Size 1" if noise is generated on the edges of the screen.

- Size 1: Selected item for "HD size". Scanning 95%
- Size 2: Selected item for "HD size". Scanning 100%

**HD size** **Size1**

Adjust horizontal display range to reduce noise of both side edges of an image. **(Size 1/Size 2)**

Size 2: Adjust image size according to aspect mode for reducing noise. (p. 48)

**H size** **Size 1**

Resets Bass, Treble and Balance adjustments to factory default settings.

**Reset to defaults**

Increases or decreases the bass response.

**Bass** **0**

Increases or decreases the treble response.

**Treble** **0**

Emphasizes the left / right speaker volume.

**Balance** **0**

Enhances audio response when listening to stereo. **(On/Off)**

**Surround** **Off**

Minimizes volume disparity after switching to external inputs.

**Volume leveler** **0**

Switch to "Off" when using external speakers **(On/Off)**

- "Surround" and "Volume leveler" do not work if "Off" is selected.

**TV speakers** **On**

The default setting is "Digital" for HDMI connection. (Digital input signal)

Select audio input terminal when DVI cable is connected. (Analog audio input signal)

**(Digital/Component 1/Component 2/Video 1/Video 2)**

**HDMI1 in** **Digital**

**HDMI2 in** **Digital**

**HDMI3 in** **Digital**

The TV can automatically turn On/Off at the designated date and time (p. 42)

Locks the channels and programs (p. 36)

Displays SD card data (p. 22-23)

**SD card**

Displays subtitles (Closed Caption) (p. 40)

**Closed Caption**

- In AV mode, the Audio menu and Setup menu give fewer options.

# VIERA Link™ “HDAVI Control™”\*

Simultaneously control all Panasonic “HDAVI Control” equipped components using one button on the TV remote. Enjoy additional HDMI Inter-Operability with Panasonic products which have the “HDAVI Control” function. This TV supports “HDAVI Control 4” function. Connections to the equipment (DVD recorder DIGA, HD Camcorder, Player theater, RAM theater, Amplifier, etc.) with HDMI cables allow you to interface with them automatically.

Equipment with the “HDAVI Control” function enables the following operations:

Version	Operations
HDAVI Control or later	<ul style="list-style-type: none"><li>● Automatic Input Switching (p. 33)</li><li>● Power on link (p. 33)</li><li>● Power off link (p. 33)</li><li>● Default speakers (p. 33)</li><li>● One-touch theater playback (p. 33)</li><li>● Speaker control (p. 35)</li></ul>
HDAVI Control 2 or later	<ul style="list-style-type: none"><li>● VIERA Link control only with the TV’s remote control(P. 35)</li><li>● Auto power stand-by (for available equipment only) (p. 33)</li></ul>
HDAVI Control 3 or later	<ul style="list-style-type: none"><li>● Providing the setting information (p. 33)</li><li>● Automatic lip-sync function (p. 33)</li></ul>
HDAVI Control 4	<ul style="list-style-type: none"><li>● Stand-by power save (with quick start mode) (p. 33)</li></ul>

■ **For the first time/When adding new equipment, reconnecting equipment or changing the setup after the connection, turn the equipment on and then switch the TV on. Set the input mode to HDMI1, HDMI2 or HDMI3 (p. 24), and make sure that the image is displayed correctly.**

VIERA Link “HDAVI Control”, based on the control functions provided by HDMI which is an industry standard known as HDMI CEC (Consumer Electronics Control), is a unique function that we have developed and added. As such, its operation with other manufacturers’ equipment that supports HDMI CEC cannot be guaranteed. Please refer to the individual manuals for other manufacturers’ equipment supporting the VIERA Link function.

## ■ HDMI cable

This function needs an HDMI compliant (fully wired) cable. Non-HDMI-compliant cables cannot be utilized. It is recommended that you use Panasonic’s HDMI cable. Recommended part number: RP-CDHF15 (4.9 ft/1.5 m), RP-CDHG15 (4.9 ft/1.5 m), RP-CDHF30 (9.8 ft/3.0 m), RP-CDHG30 (9.8 ft/3.0 m), RP-CDHG50 (16.4 ft/5.0 m)

\* For more details on the external equipment’s connections, please refer to the operating manuals for the equipment.

## VIERA Link™ Connections

Follow the connection diagrams below for HDAVI control of a single piece of AV equipment such as a DVD recorder (DIGA), RAM theater, or Player theater system. Refer to page 32-35 for Setup Menu settings and additional control information.

- Optional HDMI and/or optical cables are not included.

If connection (or setting) of equipment compatible with HDAVI control is changed, switch the power of this unit Off and On again while the power of all equipment is On (so that the unit can correctly recognize the connected equipment) and check that the DVD recorder (DIGA), RAM theater, and Player theater playback operate.

### Note

- HDMI 1 is recommended.

When connecting to HDMI 2/HDMI 3, set the input mode to HDMI 2/HDMI 3 (p. 24) initially before connecting to HDMI 2/HDMI 3. After connection, confirm the HDMI control functions (p. 32-35).

### ■ Connecting this unit to the DVD recorder (DIGA), RAM theater, or Player theater

- For DVD recorder (DIGA): Connect with HDMI cable
- For RAM theater and Player theater: Connect with the HDMI and audio cables. If audio cable is not connected, you cannot listen to the TV program through the theater system.

### ■ Connecting this unit to a DVD recorder (DIGA) and AV amp

When using a "VIERA Link" audio-video amplifier and a compatible DVD recorder (DIGA) use a daisy chain connection as shown below.

- One AV amp and one DVD recorder (DIGA) can be operated with this unit.
- Be sure to connect the AV amp between this unit and the DVD recorder (DIGA).

### ■ Setting of this unit after connection

After making connections as shown above, set "VIERA Link" (under "VIERA Link settings") to "On" using the Setup menu. (p. 25, 32-33).

### Note

- Individual HDMI equipment may require additional menu settings specific to each model. Please refer to their respective operating instruction manuals.
- When audio from other equipment connected to this unit via HDMI is output using "DIGITAL AUDIO OUT" of this unit, the system switches to 2CH audio. (When connecting to an AV amp via HDMI, you can enjoy higher sound quality.)
- For details about HDMI cable for connecting Panasonic HD camcorder, read the manual for the equipment.

# VIERA Link™ “HDAVI Control™”\*

## 1 Display menu

## 2 Select “Setup”

## 3 Select “VIERA Link settings”

## 4 Select “VIERA Link”

## 5 Select “On” (default is On)

## 6 Select settings

## 7 Set

■ Press to exit from a menu screen

■ Press to return to the previous screen

Automatic Input Switching

Power on link

Power off link

Stand-by power save (for “HDAVI Control 4” (with quick start mode))

Auto power stand-by (for “HDAVI Control 2 or later”)

Default speakers

One-touch theater playback

Providing the setting information (for “HDAVI Control 3 or later”)

Automatic lip-sync function (for “HDAVI Control 3 or later”)

## (Continued)

At the start of the DIGA, Player theater, or RAM theater playback, the TV's input automatically switches to the input based on the playback equipment.

- For the RAM theater, the speakers automatically switch to the theater system.

If using the DIGA operation, the TV's input automatically switches to the DIGA and DIGA menu is displayed.

When "Yes" is selected (p. 29), TV is turned on automatically and switches to the appropriate HDMI input whenever VIERA Link compatible equipment is initially turned on and Play mode is selected.

When "Yes" is selected (p. 29) and the TV is turned off, all connected VIERA Link compatible equipment is also automatically turned off.

- DIGA (Panasonic DVD Recorder) will not turn off if it is still in rec mode.

**Caution:** The TV remains on even if the VIERA Link compatible equipment is turned off.

- Condition

Power off link: Yes, Stand-by power save: Yes

The equipment has "HDAVI Control 4 (with quick start mode)" connected with HDMI cable.

When TV is turned off, all connected VIERA Link compatible equipment is moved to ECO standby mode\* automatically under above conditions.

\* Minimum power consumption of standby condition for the equipment.

- Condition

Auto power stand-by: Yes,

The equipment has "HDAVI Control 2 or later" (for available equipment only) connected with HDMI cable.

[ Examples of timing for operation ]

- When the input is switched from HDMI.
- When the "Speaker output" is changed from "Home theater" to "TV".

The connected VIERA Link compatible equipment will be turned off automatically when not in use.

"TV" is the default setting. To set the Home Theater system as default speakers, change the default speakers setting from "TV" to "Theater". Sound will be output from the Home Theater whenever the TV is powered on.

If the "ONE TOUCH PLAY" key is pressed on the remote control for Panasonic Home Theater system, the following sequence of operations is performed automatically.

- ① Home Theater power switches On, and playback begins.
- ② TV power switches On, and the playback screen is displayed.
- ③ Audio is muted on the TV and switches to the theater system.

The following information about the TV settings can be transmitted to each piece of equipment (Recorder/Home theater/Player) that has "HDAVI Control 3 or later" function connected to a TV with HDMI cable.

Transmittable data	Recorder	Home theater	Player
① On Screen Display Language setting (English/Español/Français)	○	○	○
② Panel Aspect Ratio (16:9 fixed)	○	○	○
③ Closed caption information (Mode/CC type/Digital setting)	○	---	---
④ Channel information (Input signal/Channel list/Caption information)	○	---	---

### Note

- There is a possibility that all the GUI language information might be set from equipment that has HDMI CEC function connected to TV with HDMI cable. Depending on operating conditions or the specification for each piece of equipment the setting may or may not be applied.
- For more details on the external equipment's operation, please refer to the operating manuals for the equipment.

### [For Recorder]

- You cannot operate other functions while transmitting TV's information above except Power On/Off key operation. When you turn off this unit, the transmission will be interrupted (only when you are transmitting ④ Channel information).

Minimizes lip-sync delays between the picture and audio when you connect to a Panasonic theater system or Amplifier.

# VIERA Link™ “HDAVI Control™”

You can enjoy more convenient operation with the “HDAVI Control” function in the “VIERA Link” menu.

For more details on the “HDAVI Control” function, refer to p. 30

Speaker control

VIERA Link control only with the TV's remote control (for “HDAVI Control 2 or later”)

■ Press to exit from a menu screen

■ Press to return to the previous screen

# (Continued)

You can select Home theater or TV speakers for audio output.  
Control theater speakers with the TV's remote control.  
This function is available only when Panasonic Amplifier or Player theater is connected.

- ① Select "Speaker output"
- ② Select "Home theater" or "TV"

■ **Home theater:** Adjustment for equipment

- The sound of the TV is muted.
- When the equipment is turned off, the TV speakers take over.
- Selecting "Home theater" turns the equipment on automatically if it is in standby mode.

■ **TV:** The TV speakers are on.

In the VIERA Link menu, you can select HDMI connected equipment and access it quickly. Continue using your TV's remote control to operate the equipment, pointing it at the TV.

- ① Select "VIERA Link control"
- ② Select the equipment you want to access.  
(Recorder/Home theater/Player/Camcorder/LUMIX)

- If there is more than one equipment item, a number after the name indicates the number of items. (e.g. Recorder 1/Recorder 2/Recorder 3...)
- The number of equipment items that can be connected is three for recorders, and a total of three for Home theater/Player/Camcorder/LUMIX.

**Note**

- There is a limit to the number of HDMI connectors.

You can select available items only.

- ③ Operate the equipment with the TV's remote control, pointing it at the TV.

- To operate the equipment, read the manual of the equipment.

■ **Available TV's remote control buttons**

Whether an operation is available differs depending on the connected equipment.

	Move the cursor/Select		Play
	Set/Access		Stop
	Return to previous menu		Reverse/Forward
	Display the functions menu on the equipment		Skip Reverse/Forward
	Available when the purpose of the keys is displayed on screen		Pause
	Exit		Closed Caption
	Channel Up/Down		SAP (Select Audio Mode)
	0-9		Select digital subchannel

# Lock

You can lock specified channels or shows to prevent children from watching objectionable content.

## 1 Display menu

## 2 Select "Lock"

You will be asked to enter your password each time you display the Lock menu.

## 3 Input your 4-digit password

A 4-digit code must be entered to view a blocked program or change rating settings.

- If it is your first time entering the password, enter the password twice in order to register it.

## 4 Select the Lock mode

- Off: Unlocks all the lock settings of "Channel", "Game" and "Program".
- All: Locks all the inputs regardless of the lock settings of "Channel", "Game" and "Program".
- Custom: Locks specified inputs of "Channel", "Game" and "Program".

### ■ Press to exit from a menu screen

#### Caution

- Make a note of your password in case you forget it. (If you have forgotten your password, consult your local dealer.)

#### Note

- When you select a locked channel, a message will be displayed that allows you to view the channel if you input your password.

## 5 Select the item

- "Channel", "Game" and "Program" are not accessible unless "Custom" is selected in "Mode".

## 6 Set

■ To select the channel or the rating of the program to be locked

**Channel lock**

Select up to 7 (1-7) channels to be blocked. These channels will be blocked regardless of the program rating.

- ① Select "Mode" and set to "Custom"
- ② Select channel to lock.

Channel lock	
Mode	Custom
Channel 1	3
Channel 2	4
Channel 3	-
Channel 4	-

- To lock/unlock all channels: Select "Mode" and set to "All" or "Off".

All: Locks all channels  
Off: Unlocks all channels

**Game lock**

Locks Channel 3, Channel 4 and external inputs.

- ⑤ Select "Game" in ⑤ and set to "On".

On: Locks  
Off: Unlocks

**Program lock**

■ To set a rating level

"V-chip" technology enables restricted shows to be locked according to TV ratings.

- ① Select "Mode" and set to "On".

Program lock	
Mode	On
MPAA	Off
U.S.TV	Off
C.E.L.R.	Off
C.F.L.R.	Off

- ② Select the rating category you wish to follow

Program lock	
Mode	On
MPAA	Off
U.S.TV	Off
C.E.L.R.	Off
C.F.L.R.	Off

MPAA: U.S movie ratings  
U.S.TV: U.S TV program ratings  
C.E.L.R.:Canadian English ratings  
C.F.L.R.:Canadian French ratings

- ③ Select the rating to be locked

Example of "MPAA" (U.S movie ratings)

NR	No rating
G	General Audience: All ages admitted
PG	Parental Guidance Suggested
PG-13	Parents Strongly Cautioned: Inappropriate for children under 13
R	Restricted: Under 17 requires accompanying parent or adult guardian
NC-17	No one 17 and under admitted
X	Adults only

- To get more information (p. 44)

**Change password**

■ To change the password

- ① In ④, select "Change password" and press OK
- ② Input the new 4-digit password twice

Lock	
Mode	Off
Channel	Off
Game	Off
Program	Off
Change password	

**Note**

- This television is designed to support the "Downloadable U.S. Region Rating System" when available. (Available only in U.S.A.)
- The Off rating is independent of other ratings.
- When placing a lock on a specific-age-based-rating level, the Off rating and any other more restrictive ratings will also be blocked.

# Editing and Setting Channels

The current channel settings can be changed according to your needs and reception conditions.

**1 Display menu**

**2 Select "Setup"**

**3 Select "ANT/Cable setup"**

**4 Select the function**

**5 Set** \_\_\_\_\_

■ Press to exit from a menu screen  
EXIT

■ **To reset the settings of setup menu**

- ① Select "Reset to defaults" in Setup menu (3) and press OK
- ② Input your 4-digit password with number buttons
- ③ Select "YES" on the confirmation screen and press OK

**Auto program**  
Set automatically

**Manual program**  
Set manually

**Signal meter**  
Check signal strength

Automatically searches and adds available channels to the memory.

① **Select “ANT in”**

➔ Select Cable or Antenna  
Or select “Not used” (p. 17).

② **Select “Auto program”**

③ **Select a scanning mode** (p. 18)

Settings are made automatically  
After the scanning is completed, select “Apply”.

- After the scanning is completed, select “Apply”.
- All previously saved channels are erased.

Use this procedure when changing the channel setup or changing the channel display.  
Also, use this to add or skip channels from the channel list manually.

You can select a channel tuning mode (Digital only/ Analog only) in “Channel surf mode”(p. 29)

① **Select “Edit”**

② **Select the item to be edited**

Proceed to next page  
Go back to previous page

- **Caption:** Changes the station identifier
- **Favorite:** Registers channel to Favorite List
- **Add:** Adds or skips channels

③ **Edit**

● **Caption**

**Caption**

Select or edit the station identifier.  
(maximum 7 characters available)

● **Favorite**

**Set favorite** Select the number

● **Add**

Press OK to select “Yes (add)” or “No (skip)”

④ **Move cursor to channel number**

⑤ **Select “Apply”**

**To cancel the Edit**

Check the signal strength if an interference is found or freezing occurs on a digital image.

- If the signal is weak, check the antenna.
- If no problem is found, consult your local dealer.

**Note**

- Not available if “Cable” is selected in “ANT in” (see above).
- Available only for digital antenna channels.

● If “Lock” (p. 36) is activated and “ANT/Cable setup” is selected, “Enter password.” will be displayed.

**Advanced**

\* Please see p. 26-27 for setup when using an external analog audio cable with an HDMI to DVI cable.

# Ratings List for Lock

“V-chip” technology enables you to lock channels or shows according to standard ratings set by the entertainment industry. (p. 37)

## ■ U.S. MOVIE RATINGS (MPAA)

NR	NO RATING (NOT RATED) AND NA (NOT APPLICABLE) PROGRAMS. Movie which has not been rated or where rating does not apply.
G	GENERAL AUDIENCES. All ages admitted.
PG	PARENTAL GUIDANCE SUGGESTED. Some material may not be suitable for children.
PG-13	PARENTS STRONGLY CAUTIONED. Some material may be inappropriate for children under 13.
R	RESTRICTED. Under 17 requires accompanying parent or adult guardian.
NC-17	NO ONE 17 AND UNDER ADMITTED.
X	ADULTS ONLY.

## ■ U.S. TV PROGRAMS RATINGS (U. S. TV)

Age-based Group	Age-based Ratings	Possible Content Selections	Description
NR (Not Rated)	TV-NR	<ul style="list-style-type: none"> <li>● Viewable</li> <li>● Blocked</li> </ul>	Not Rated.
Youth	TV-Y	<ul style="list-style-type: none"> <li>● Viewable</li> <li>● Blocked</li> </ul>	All children. The themes and elements in this program are specifically designed for a very young audience, including children from ages 2-6.
	TV-Y7	<ul style="list-style-type: none"> <li>● FV Blocked</li> <li>● Viewable</li> <li>● Blocked</li> </ul>	Directed to older children. Themes and elements in this program may include mild physical or comedic violence, or may frighten children under the age of 7.
Guidance	TV-G	<ul style="list-style-type: none"> <li>● Viewable</li> <li>● Blocked</li> </ul>	General audience. It contains little or no violence, no strong language, and little or no sexual dialogue or situations.
	TV-PG	<ul style="list-style-type: none"> <li>● D,L,S,V (all selected)</li> <li>● Any combination of D, L, S, V</li> </ul>	Parental guidance suggested. The program may contain infrequent coarse language, limited violence, some suggestive sexual dialogue and situations.
	TV-14	<ul style="list-style-type: none"> <li>● D,L,S,V (all selected)</li> <li>● Any combination of D, L, S, V</li> </ul>	Parents strongly cautioned. This program may contain sophisticated themes, sexual content, strong language and more intense violence.
	TV-MA	<ul style="list-style-type: none"> <li>● L,S,V (all selected)</li> <li>● Any combination of L, S, V</li> </ul>	Mature audiences only. This program may contain mature themes, profane language, graphic violence, and explicit sexual content.

FV: Fantasy/Cartoon Violence. V: Violence S: Sex L: Offensive Language D: Dialogue with sexual content.

## ■ CANADIAN ENGLISH RATINGS (C. E. L. R.)

E	Exempt - Exempt programming includes: news, sports, documentaries and other information programming, talk shows, music videos, and variety programming.
C	Programming intended for children under age 8. No offensive language, nudity or sexual content.
C8+	Programming generally considered acceptable for children 8 years and over. No profanity, nudity or sexual content.
G	General programming, suitable for all audiences.
PG	Parental Guidance suggested. Some material may not be suitable for children.
14+	Programming contains themes or content which may not be suitable for viewers under the age of 14. Parents are strongly cautioned to exercise discretion in permitting viewing by pre-teens and early teens.
18+	18+ years old. Programming restricted to adults. Contains constant violence or scenes of extreme violence.

## ■ CANADIAN FRENCH RATINGS (C. F. L. R.)

E	Exempt - Exempt programming.
G	General - Programming intended for audience of all ages. Contains no violence, or the violence content is minimal or is depicted appropriately.
8 ans+	8+ General - Not recommended for young children. Programming intended for a broad audience but contains light or occasional violence. Adult supervision recommended.
13 ans+	Programming may not be suitable for children under the age of 13 - Contains either a few violent scenes or one or more sufficiently violent scenes to affect them. Adult supervision strongly suggested.
16 ans+	Programming may not be suitable for children under the age of 16 - Contains frequent scenes of violence or intense violence.
18 ans+	Programming restricted to adults. Contains constant violence or scenes of extreme violence.

### Caution

- The V-Chip system that is used in this set is capable of blocking “NR” programs (non rated, not applicable and none) as per FCC Rules Section 15.120(e)(2). If the option of blocking “NR” programs is chosen “unexpected and possibly confusing results may occur, and you may not receive emergency bulletins or any of the following types of programming:”
  - Emergency Bulletins (Such as EAS messages, weather warnings and others)
  - Locally originated programming • News • Political • Public Service Announcements • Religious • Sports • Weather

# Technical Information

## Closed Caption (CC)

- For viewing the CC of digital broadcasting, set the aspect to FULL (If viewing with H-FILL, JUST, ZOOM or 4:3; characters might be cut off).
- The CC can be displayed on the TV if the receiver (such as a set-top box or satellite receiver) has the CC set On using the Component or HDMI connection to the TV.
- If the CC is set to On on both the receiver and TV when the signal is 480i (except for the HDMI connection), the CC may overlap on the TV.
- If a digital program is being output in analog format, the CC data will also be output in analog format.
- If the recorder or output monitor is connected to the TV, the CC needs to be set up on the recorder or output monitor.

## Aspect Ratio (FORMAT)

Press the FORMAT button to cycle through the aspect modes. This lets you choose the aspect depending on the format of the received signal and your preference. (p. 20)  
(e.g.: in case of 4:3 image)

### ● FULL

Enlarges the 4:3 image horizontally to the screen's side edges. (Recommended for anamorphic picture)

### ● JUST

Stretches to justify the 4:3 image to the four corners of the screen. (Recommended for normal TV broadcast)

### ● H-FILL

Enlarges the 4:3 image horizontally to the screen's side edges. The side edges of the image are cut off.

### ● 4:3

Standard (Note that "Image retention" of the side bar may occur from displaying it for a long time.)

### ● ZOOM

Enlarges the 4:3 image to the entire screen. (Recommended for Letter Box)

### Note

- 480i (4:3), 480i (16:9), 480p (4:3), 480p (16:9): FULL, JUST, 4:3 or ZOOM
- 1080p / 1080i / 720p: FULL, H-FILL, JUST, 4:3 or ZOOM

### ● Zoom adjustments

Vertical image position and size can be adjusted in "ZOOM".

① Select "Zoom adjustments" on the "Picture" menu. (p. 26-27)

② V-position: Vertical position adjustment

③ V-size: Vertical size adjustment

- To reset the aspect ratio →  (OK)

# Technical Information

## Data format for SD Card browsing

Photo:	Still images recorded with digital still cameras compatible with JPEG files of DCF* and EXIF** standards
Data format:	Baseline JPEG (Sub-sampling: 4:4:4, 4:2:2 or 4:2:0)
Max. number of files:	9,999
Image resolution:	160 x 120 to 10,000,000

\* DCF (Design rule for camera file system): A Japan Electronics and Information Technology Industries Association's standard  
\*\* EXIF (Exchangeable Image File Format)

### Caution

- A JPEG image modified with a PC may not be displayed.
- Partly degraded files might be displayed at a reduced resolution.

### Note

- Folder structure viewed in PC

- The folder and file names may be different depending on the digital camera used.
- For the suitable SD Memory Cards, please confirm the latest information on the following website.  
<http://panasonic.jp/support/global/cs> (This site is in English only)

## Cautions in handling SD Card:

- Do not remove the card while the unit is accessing data (this can damage card or unit).
- Do not touch the terminals on the back of the card.
- Do not subject the card to high pressure or impact.
- Insert the card in the correct direction (otherwise, card may be damaged).
- Electrical interference, static electricity or erroneous operation may damage the data or card.
- Back up the recorded data at regular intervals in case of deteriorated or damaged data or erratic operation of the unit. (Panasonic is not liable for any deterioration or damage of recorded data.)

## SD Card warning messages

Message	Meaning
SD card slot is empty.	<ul style="list-style-type: none"><li>● The card is not inserted.</li></ul>
No photos	<ul style="list-style-type: none"><li>● The card has no data or this type of data is not supported.</li></ul>
Cannot read file	<ul style="list-style-type: none"><li>● The file is broken or unreadable.</li><li>● The TV does not support the format.</li></ul>

## (Continued)

### VIERA Link™ “HDAVI Control™”

HDMI connections to some Panasonic equipment allow you to interface automatically. (p. 30)

- This function may not work normally depending on the equipment condition.
- The equipment can be operated by other remote controls with this function on even if TV is in Standby mode.
- Image or sound may not be available for the first few seconds when the playback starts.
- Image or sound may not be available for the first few seconds when Input mode is switched.
- Volume function will be displayed when adjusting the volume of the equipment.
- If you connect the same kind of equipment at once (for example: one DIGA to HDMI 1 / another DIGA to HDMI 2), VIERA Link™ is available for the terminal with the smaller number.
- If you connect equipment that has “HDAVI Control 2 or later” function to the TV with HDMI cable, the sound from DIGITAL AUDIO OUT terminal can be output as multi channel surround.
- “HDAVI Control 4” is the newest standard (current as of December, 2008) for the HDAVI Control compatible equipment. This standard is compatible with the conventional HDAVI equipment.

### HDMI connection

HDMI (high-definition multimedia interface) allows you to enjoy high-definition digital images and high-quality sound by connecting the TV unit and the devices.

HDMI-compatible equipment (\*1) with an HDMI or DVI output terminal, such as a set-top box or a DVD player, can be connected to the HDMI connector using an HDMI compliant (fully wired) cable.

- HDMI is the world's first complete digital consumer AV interface complying with a non-compression standard.
- If the external equipment has only a DVI output, connect to the HDMI terminal via a DVI to HDMI adapter cable (\*2).
- When the DVI to HDMI adapter cable is used, connect the audio cable to the audio input terminal.
- Audio settings can be made on the “HDMI 1 in”, “HDMI 2 in” or “HDMI 3 in” menu screen. (p. 26)

Applicable audio signal sampling frequencies (L.PCM): 48 kHz, 44.1 kHz, 32 kHz

(\*1): The HDMI logo is displayed on an HDMI-compliant device.

(\*2): Enquire at your local digital equipment retailer shop.

#### Caution

- Use with a PC is not assumed.
- All signals are reformatted before being displayed on the screen.
- If the connected device has an aspect adjustment function, set the aspect ratio to “16:9”.
- These HDMI connectors are “type A”.
- These HDMI connectors are compatible with HDCP (High-Bandwidth Digital Content Protection) copyright protection.
- A device having no digital output terminal may be connected to the input terminal of either “COMPONENT”, “S VIDEO”, or “VIDEO” to receive analog signals.
- The HDMI input terminal can be used with only the following image signals: 480i, 480p, 720p, 1080i and 1080p. Match the output setting of the digital device.
- For details of the applicable HDMI signals, see p. 48.

### DIGITAL AUDIO OUT terminals

You can enjoy your home theater by connecting a Dolby Digital (5.1 channel) decoder and “Multi Channel” amplifier to the DIGITAL AUDIO OUT terminals.

#### Caution

- Depending on your DVD player and DVD-Audio software the copyright protection function may operate and disable optical output.
- When an ATSC channel is selected, the output from the DIGITAL AUDIO OUT jack will be Dolby Digital. When an NTSC channel is selected, the output will be PCM.

### Picture mode

- **Vivid:** Provides enhanced picture contrast and sharpness for viewing in a well-lit room.
- **Standard:** Recommended for normal viewing conditions with subdued room lighting.
- **Cinema:** For watching movies in a darkened room. It provides a soft, film-like picture.
- **Game:** For playing video game. This mode will be set automatically if “GAME” is selected from Input label setting (p. 41)
- **Custom (Photo):** Customizes each item according to your taste.  
Photo is displayed in JPEG menu.

#### Note

- Picture mode will be automatically set to “Standard” if you change the Input label from “GAME” to other labels.
- Picture mode will be automatically set to “Game” if you change from an Input label other than “GAME” to “GAME” label.

# Technical Information (Continued)

## H size

- Aspect Ratio: 4:3

- The width will be decreased on both sides to reduce noise.

- Aspect Ratio: FULL/JUST(H-FILL/ZOOM)

- The width will be increased on both sides to reduce noise.

See pages 26-27 for more information

## 4:3 side bars

Do not display a picture in 4:3 mode for an extended period, as this can cause "Image retention" to remain on either or both sides of the display field. To reduce the risk of such "Image retention", change the brightness of the side bars.

See pages 28-29 for more information

- The side bar may flash (alternate black/white) depending on the picture. Using Cinema mode will reduce such flashing (See below).

## Scrolling bar

Scrolling bar: To prevent "Image retention", scrolls white vertical bar from left to right on a black screen.

- Press any key except the POWER key to return to previous screen.
  - You will return to the previous screen if no key operation has been performed for 15 minutes.
- See pages 28-29 for more information

## Input signals that can be displayed

\* Mark: Applicable input signal for Component (Y, Pb, Pr) and HDMI

	horizontal frequency (kHz)	vertical frequency (Hz)	COMPONENT	HDMI
525 (480) / 60i	15.73	59.94	*	*
525 (480) /60p	31.47	59.94	*	*
750 (720) /60p	45.00	59.94	*	*
1,125 (1,080) /60i	33.75	59.94	*	*
1,125 (1,080)/60p	67.43	59.94		*
1,125 (1,080)/60p	67.50	60.00		*
1,125(1,080)/24p	26.97	23.98		*
1,125(1,080)/24p	27.00	24.00		*

### Note

- Signals other than those shown above may not be displayed properly.
- The above signals are reformatted for optimal viewing on your display.

# Care and Cleaning

**First, unplug the Power cord plug from the wall outlet.**

## Display panel

The front of the display panel has been specially treated. Wipe the panel surface gently using only a cleaning cloth or a soft, lint-free cloth.

- If the surface is particularly dirty, soak a soft, lint-free cloth in diluted mild liquid dish soap (1 part mild liquid dish soap diluted by 100 times the amount of water) and then wring the cloth to remove excess liquid. Use this cloth to wipe the surface of the display panel, then wipe it evenly with a dry cloth of the same type until the surface is dry.
- Do not scratch or hit the surface of the panel with fingernails or other hard objects. Furthermore, avoid contact with volatile substances such as insect sprays, solvents, and thinner; otherwise, the quality of the surface may be adversely affected.

## Cabinet

If the cabinet becomes dirty, wipe it with a soft, dry cloth.

- If the cabinet is particularly dirty, soak the cloth in a weak mild liquid dish soap and then wring the cloth dry. Use this cloth to wipe the cabinet and then wipe it dry with a dry cloth.
- Do not allow any mild liquid dish soap to come into direct contact with the surface of the Plasma TV. If water droplets get inside the unit, operating problems may result.
- Avoid contact with volatile substances such as insect sprays, solvents, and thinner; otherwise, the quality of the cabinet surface may be adversely affected or the coating may peel off. Furthermore, do not leave it for long periods in contact with articles made from rubber or PVC.

## Pedestal

### ● Cleaning

Wipe the surfaces with a soft, dry cloth. If the unit is particularly dirty, clean it using a cloth soaked with water to which a small amount of mild liquid dish soap has been added and then wipe with a dry cloth.

Do not use products such as solvents, thinner, or household wax for cleaning, as they can damage the surface coating. (If using a chemically-treated cloth, follow the instructions supplied with the cloth.)

- Do not attach sticky tape or labels, as they can make the surface of the pedestal dirty. Do not allow long-term contact with rubber, vinyl products, or the like. (Doing so will cause deterioration.)

# FAQ

Before requesting service or assistance, please follow these simple guides to resolve the problem.  
If the problem still persists, please contact your local Panasonic dealer or Panasonic Service Center for assistance.  
For details (p. 54, 55)  
For additional assistance, please contact us via the website at:  
[www.panasonic.com/contactinfo](http://www.panasonic.com/contactinfo)  
[www.panasonic.ca](http://www.panasonic.ca)

## White spots or shadow images (noise)

- Check the position, direction, and connection of the antenna.

## Interference or frozen digital channels (intermittent sound)

- Change the direction of antenna for digital channels.
- Check "Signal meter" (p. 39). If the signal is weak, check the antenna and consult your local dealer.

## The remote control does not work

- Are the batteries installed correctly? (p. 8)
- Are the batteries new?

## Pictures from external equipment are distorted when the unit is connected via HDMI

- Is the HDMI cable connected properly? (p. 31, 43)
- Turn Off the TV unit and equipment, then turn them On again.
- Check an input signal from the equipment. (p. 48)
- Use equipment compliant with EIA/CEA-861/861B.

## When the channel is changed on an STB that is connected with HDMI, "HDMI" may be displayed on the top left of the screen

- This is not a malfunction.

## Recording does not start immediately

- Check the settings of the recorder. For details, read the manual of the recorder.

If there is a problem with your TV, please refer to the table below to determine the symptoms, then carry out the suggested check. If this does not solve the problem, please contact your local Panasonic dealer, quoting the model number and serial number (both found on the rear of the TV).

	Problem	Actions
Screen	<b>“Press any button to return” moves on the screen</b>	<ul style="list-style-type: none"> <li>● The function to prevent “Image retention” is activated. # Limited Warranty (for U.S.A. and Puerto Rico only)

PANASONIC CONSUMER ELECTRONICS COMPANY,  
DIVISION OF  
PANASONIC CORPORATION OF NORTH AMERICA  
One Panasonic Way  
Secaucus, New Jersey 07094

## Panasonic Plasma Television Limited Warranty

### Limited Warranty Coverage

If your product does not work properly because of a defect in materials or workmanship, Panasonic Consumer Electronics Company (referred to as "the warrantor") will, for the length of the period indicated on the chart below, which starts with the date of original purchase ("Limited Warranty period"), at its option either (a) repair your product with new or refurbished parts, or (b) replace it with a new or a refurbished product. The decision to repair or replace will be made by the warrantor.

PLASMA TV CATEGORIES	PARTS	LABOR	SERVICE
Up to 37" (diagonal)	1 (ONE) YEAR	1 (ONE) YEAR	Carry-In
42" (diagonal) and larger			On-Site

During the "Labor" Limited Warranty period there will be no charge for labor. During the "Parts" Limited Warranty period, there will be no charge for parts.

You must carry-in your product or arrange for on-site service during the Limited Warranty period. If non-rechargeable batteries are included, they are not warranted. This Limited Warranty only applies to products purchased and serviced in the United States or Puerto Rico. This Limited Warranty is extended only to the original purchaser and only covers product purchased as new. A purchase receipt or other proof of the original purchase date is required for Limited Warranty service.

### On-Site or Carry-in Service

For On-Site or Carry-In Service in the United States and Puerto Rico call 1-877-95-VIERA (1-877-958-4372).

On-site service where applicable requires clear, complete and easy access to the product by the authorized servicer and does not include removal or re-installation of an installed product. It is possible that certain on-site repairs will not be completed on-site, but will require that the product or parts of the product, at the servicer's discretion be removed for shop diagnosis and/or repair and then returned.

### Limited Warranty Limits And Exclusions

This Limited Warranty ONLY COVERS failures due to defects in materials or workmanship, and DOES NOT COVER normal wear and tear or cosmetic damage, nor does it cover markings or retained images on the glass panel resulting from viewing fixed images (including, among other things, non-expanded standard 4:3 pictures on wide screen TV's, or onscreen data in a stationary and fixed location). The Limited Warranty ALSO DOES NOT COVER damages which occurred in shipment, or failures which are caused by products not supplied by the warrantor, or failures which result from accidents, misuse, abuse, neglect, bug infestation, mishandling, misapplication, alteration, faulty installation, set-up adjustments, misadjustment of consumer controls, improper maintenance, power line surge, lightning damage, modification, or commercial use (such as in a hotel, office, restaurant, or other business), rental use of the product, service by anyone other than a Factory Service Center or other Authorized Servicer, or damage that is attributable to acts of God.

**THERE ARE NO EXPRESS WARRANTIES EXCEPT AS LISTED UNDER "LIMITED WARRANTY COVERAGE". THE WARRANTOR IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS LIMITED WARRANTY. (As examples, this excludes damages for lost time, cost of having someone remove or re-install an installed unit if applicable, or travel to and from the servicer. The items listed are not exclusive, but are for illustration only.) ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE LIMITED WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.**

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied Limited Warranty lasts, so the exclusions may not apply to you.

This Limited Warranty gives you specific legal rights and you may also have others rights which vary from state to state. If a problem with this product develops during or after the Limited Warranty period, you may contact your dealer or Service Center. If the problem is not handled to your satisfaction, then write to the warrantor's Consumer Affairs Department at the addresses listed for the warrantor.

**PARTS AND SERVICE (INCLUDING COST OF AN ON-SITE SERVICE CALL, WHERE APPLICABLE) WHICH ARE NOT COVERED BY THIS LIMITED WARRANTY ARE YOUR RESPONSIBILITY.**

# Customer Services Directory (for U.S.A. and Puerto Rico)

## Customer Services Directory (United States and Puerto Rico)

Obtain Product Information and Operating Assistance; locate your nearest Dealer or Service Center; purchase Parts and Accessories; or make Customer Service and Literature requests by visiting our Web Site at:

# Limited Warranty (for Canada)

Panasonic Canada Inc.

## PANASONIC PRODUCT - LIMITED WARRANTY

Panasonic Canada Inc. warrants this product to be free from defects in material and workmanship and agrees to remedy any such defect for a period as stated below from the date of original purchase.

Plasma TV / Monitor	In-home service	One (1) year, parts (including Plasma Panel) and labour.
LCD TV (42 in. & over)	In-home service	One (1) year, parts (including LCD Panel) and labour.

In-home Service will be carried out only to locations accessible by roads and within 50 km of an authorized Panasonic service facility.

### **LIMITATIONS AND EXCLUSIONS**

This warranty does not apply to products purchased outside Canada or to any product which has been improperly installed, subjected to usage for which the product was not designed, misused or abused, damaged during shipping, or which has been altered or repaired in any way that affects the reliability or detracts from the performance, nor does it cover any product which is used commercially. Dry cell batteries are also excluded from coverage under this warranty.

This warranty is extended to the original end user purchaser only. A purchase receipt or other proof of date of original purchase is required before warranty service is performed.

**THIS EXPRESS, LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL PANASONIC CANADA INC. BE LIABLE FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES.**

In certain instances, some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, or the exclusion of implied warranties, so the above limitations and exclusions may not be applicable.

In-home service requires clear, complete and easy access to the product by the Authorized Servicentre and does not include removal or re-installation of an installed product. If removal is required to service the product, it will be at the discretion of the Servicentre and in no event will Panasonic Canada Inc. or the Servicentre be liable for any special, indirect or consequential damages.

### **WARRANTY SERVICE**

For product operation and information assistance, please contact:

Our Customer Care Centre: 1-800 #: 1-866-330-0014  
Email link: [www.vieraconciierge.ca](http://www.vieraconciierge.ca)

**FOR PRODUCT REPAIRS**, please contact Viera Customer Care Agent using the above contact info.

### **IF YOU SHIP THE PRODUCT TO A SERVICENTRE**

Carefully pack and send prepaid, adequately insured and preferably in the original carton.  
Include details of the defect claimed, and proof of date of original purchase.

# Note

A series of horizontal dashed lines for writing notes.
