

STEP 1: Connect to a Network

This Quick Start Guide covers the two most common types of network connections. If your network requires manual configuration, refer to the User Guide page 66 and page 71 for instructions. Also refer to the "Troubleshooting" section on page 76 of the User Guide if you encounter any problems.

Turning the **TUNE knob** scrolls through menus and highlights menu items, and pressing the **TUNE knob** selects a highlighted item.

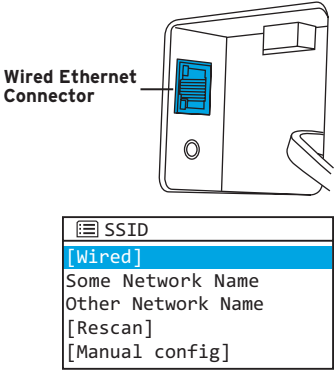

To Connect to a Wireless Network

- a. Plug the Radio into an AC outlet and press the **Power** button.
- b. Wait while the Radio searches for wireless networks. Then select your wireless network from the list.
- c. The Radio will attempt to connect to the wireless network. If you chose a network that is secured, you will be prompted to enter the key (password).
- d. When the Radio has successfully connected to the wireless network, the **Connected** screen will be displayed. Continue with step 2.

To Connect to a Wired Network

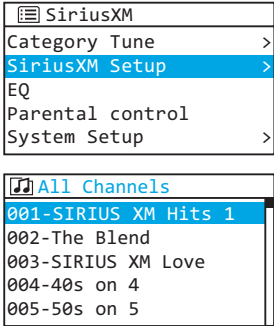

- a. Remove the compartment cover at the rear of the Radio and connect an Ethernet cable. Replace the compartment cover. Connect the other end of the Ethernet cable to your wired network.
- b. Plug the Radio into an AC outlet and press the **Power** button.
- c. Wait while the Radio searches for wireless networks. Then select **[Wired]** from the list.
- d. When the Radio has successfully connected to the network, the **Connected** screen will be displayed. Continue with step 2.

STEP 2: Enter Your SiriusXM Account Information

Enter Your SIRIUS or XM Internet Radio Account User Name and Password

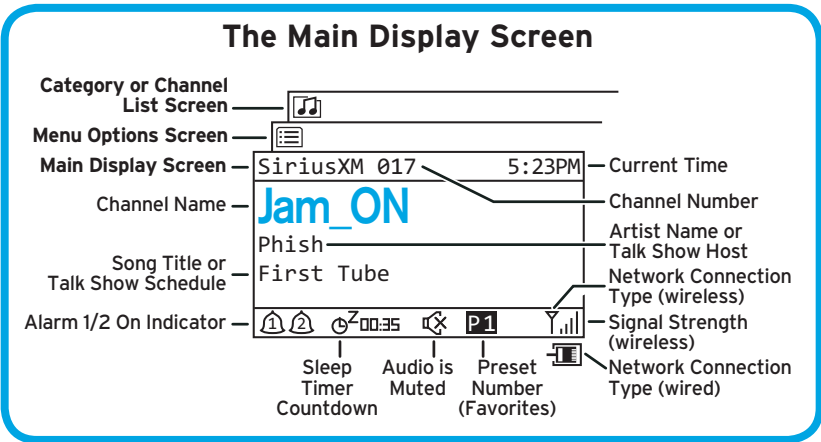

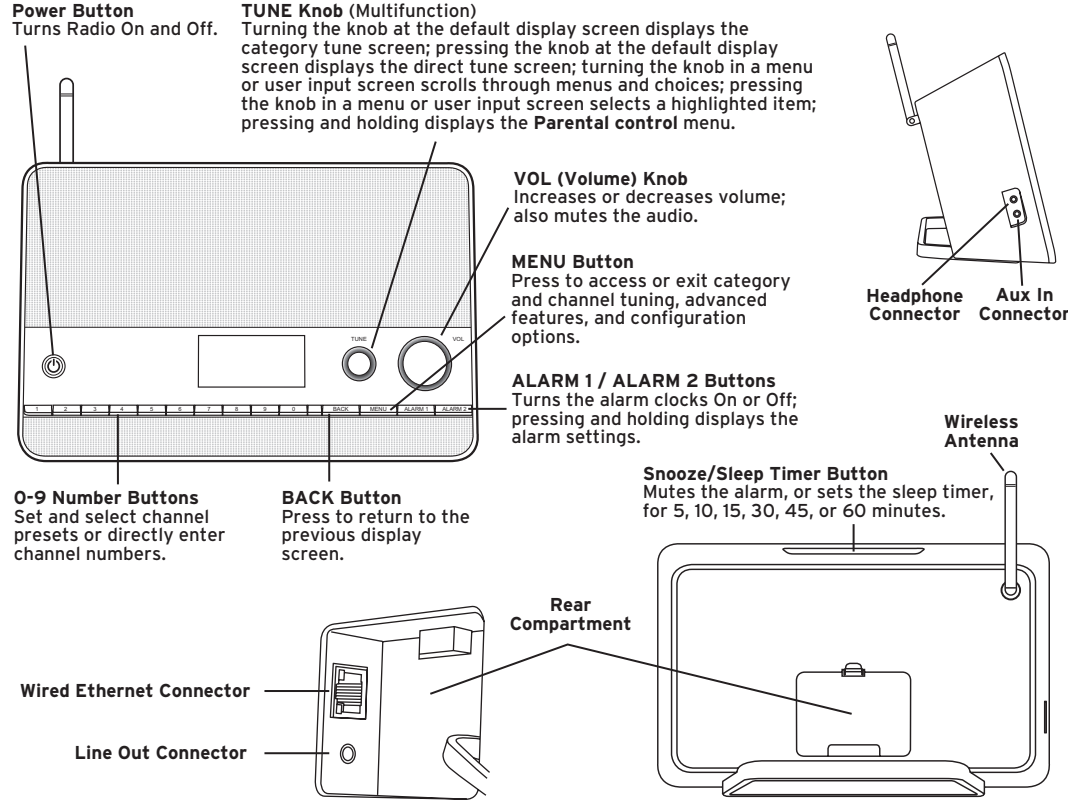

- a. Select **SiriusXM Setup**.
- b. Select **User name**. Enter your SIRIUS or XM Internet Radio user name and select **OK**. Your user name is case sensitive.
- c. Enter your password and select **OK**. Your password is case sensitive.
- d. When the Radio connects to the SiriusXM Internet Radio service, select **All channels**. Turn the **TUNE knob** to scroll through the channel choices and highlight the channel to which you want to listen. Press the **TUNE knob** to select the channel.

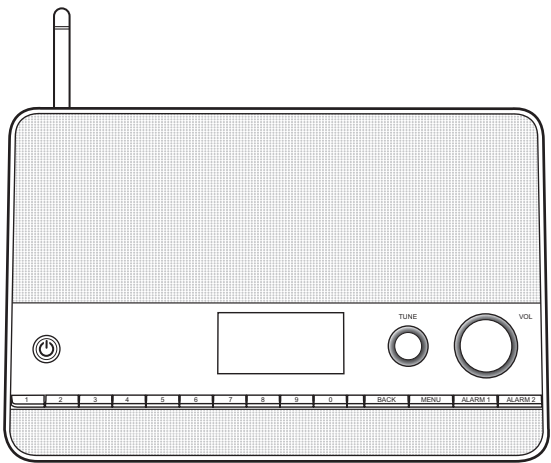

The installation is complete.

- IMPORTANT!** You must be subscribed to the Premium SiriusXM Internet Radio service to use the SiriusXM TTR1 Radio. You can add this service to your existing SIRIUS or XM subscription, or subscribe only to the Premium SiriusXM Internet Radio service. For SIRIUS service go to sirius.com/siriusinternetradio or call 888-539-7474 to subscribe. For XM service go to xmradio.com/getxmro or call 800-967-2346 to subscribe. When subscribed, you will be provided with your account user name and password.
- IMPORTANT!** If you had previously subscribed to Premium XM Radio Online, you will need to change your password before using the SiriusXM TTR1 Radio. To change your password, go to <https://home.xmradio.com> and login. Then click on the **EDIT** button to change your password. Also, if your user name is less than 6 or greater than 20 characters, you will need to change it to be between 6 and 20 characters.
- TIP!** To verify that you are subscribed to the service, listen online:
 - For SIRIUS service go to sirius.com. Click on the **LISTEN ONLINE** link, and then click the **LAUNCH ONLINE PLAYER** link. Enter your username and password. Select a channel to listen to and then click on the **PREMIUM** link. If you can listen in the Premium mode, then you are subscribed to the Premium SiriusXM Internet Radio service.
 - For XM service go to xmradio.com. Click on the **LISTEN ONLINE NOW** link and then enter your user name and password. If you can listen, then you are subscribed to the Premium SiriusXM Internet Radio service.
