First number represents vertical exposure / second number non-vertical exposure warranty period of graphics. All boxes with one number only have a vertical exposure warranty period. Warranty period stated in YEARS. Only graphics manufacturers having a current Certificate of 3M™ MCS™ Warranty are eligible to extend this Warranty to their customers.

Graphic Protection & Media Options:

Some printer & ink platforms may not be approved for all listed 3M Graphic Films or 3M Graphic Protection Products. 3M recommends graphic protection for all graphics. Before selecting a 3M Graphic Product, find the best combination of protection and film for your graphic application including conformability, gloss, adhesion to substrate and other attributes by reviewing 3M Product and Instruction Bulletins.

*For Interior Surface & Sign applications only

Definitions

“Application(s)” is defined as an end-use application identified in the Warranty Matrices that defines warranty coverage including, but not limited to: i) “Interior Signs” (stationary graphics located indoors and not exposed to the elements); ii) “Exterior Signs” (stationary graphics located outdoors and exposed to the elements); iii) “Watercraft” (non-regulated, exterior surfaces on boats with an application above the water line; iv) “Transportation” (a) Rail (freight and passenger rail cars and locomotives); (b) Vehicles (buses, vans, passenger vehicles, delivery trucks, pickup trucks, straight trucks, and semi-tractors); (c) Trailers (semi-trailers, enclosed trailers and tankers used for commercial business purposes excluding air shields and soft-sided trailers); and (d) Personal recreational utility vehicles (snowmobiles, ATVs, UTVs, motorcycles, golf carts); v) OEM Graphics (OEM labels and decorative graphics produced for and used by original equipment manufacturers).

“Exposure” is defined by angle: a) vertical exposures (face of graphic is less than 15° from vertical) and b) non-vertical exposures (face of graphic is greater than 15° from vertical} and by location (global geographic zones). Angles and locations are described and located in the Warranty Matrices and in the Global Geographic Zones Map. Note that the Global Geographic Zones are based on a variety of environmental conditions.

Warranty and Limited Liability

Refer to the 3M Graphics Products Warranty Bulletin for complete information on warranty coverage under the 3M™ Basic Product Warranty and potential coverage under the 3M™ Performance Warranty and 3M™ MCS™ Warranty. Warranty coverage, warranty periods and warranty terms vary including, but not limited to, variations based on approved combinations of 3M Graphics Products, MCS Warranty Inks, Printers, Exposures, and Applications. Except for the limited remedies stated in the Warranty Bulletin and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.

3M and MCS are trademarks of 3M Company. All other trademarks are the property of their respective owners. The use of trademark signs and brand names in this document is based upon US standards. These standards may vary from country to country outside the USA.
