A Guide to Taylor Acoustic Model Numbers

The majority of Taylor's acoustic guitars are offered in three model variations:

- Cutaway body with onboard electronics (e.g., 516ce)
- Non-cutaway body with onboard electronics (e.g., 516e)
- Non-cutaway body with no onboard electronics (e.g., 516)

Most models are organized by series, featuring the 100 through 900 Series along with our Academy, Presentation (PS) and Koa (K) Series. **Here's how our numbering system works:**

The second digit designates two things: first, whether the guitar is a 6-string or a 12-string, and second, whether the top features a softer tonewood like spruce or cedar, or a hardwood like mahogany or koa. The middle number "1" or "2" designates a 6-string guitar with a softwood (1) or hardwood (2) top. For example:
5**1**6ce = 6-string with a spruce top
5**2**6ce = 6-string with a mahogany top

The middle number "5" or "6" designates a 12-string guitar with either a soft (5) or hardwood (6) top. In this case:
5**5**2ce = 12-string with a cedar top
5**6**2ce = 12-string with a mahogany top

Taylor nylon-string models are integrated into various series and are designated by the letter "N" at the end of the model name. For example, a nylon-string Grand Concert with a cutaway and electronics within the 700 Series is a 712ce-N.
