# How to attach stokke tripp trapp harness

At a Glance For added safety, we have also developed a harness to be used together with the baby set on the Tripp Trapp®® chair. This harness is constructed to offer your child full freedom to move while seated in the chair. Features and Benefits Funky insert designed to go with the Stokke TRIPP TRAPP highchairKeeps baby comfortable while sitting in the highchair (sold separately) productConstructed to offer the child full freedom to move while seated in the chairFor added safety to be used together with the Tripp Trapp® Baby Set on the Tripp Trapp® chair What's in the box 1 x harness; 2 x harness attachment brackets Want to know more: This product shall only be used together with the Stokke® products Tripp Trapp® and Stokke® Xplory® carry cot. This product is intended for children from 0 month up to 36 months. Care instructions: Machine washable at 40°C. DO NOT bleach, dry clean or tumble dry. Includes Tripp Trapp® Chair, Baby Set™ & Harness The chair that grows with the child: The chair adapts to the size of your child - and the child always sits at the right height at the table with their feet supported at the same time. This ensures a perfect fit for children of all sizes allowing them to sit correctly and comfortably. Even though Tripp Trapp® is ergonomically designed providing stability, comfort and confidence. When can a baby start sitting in a chairChildren play best on the floor where there is room for them to develop freely and naturally, children can start using the Tripp Trapp® with the Tripp Trapp® baby set™ when they are able to sit up without help or support - usually around the ages of 6-9 mths Features, functions & benefits Ergonomic design. Tripp Trapp's® design, including adjustability of the seat plate and footrest in height and depth, enables correct ergonomic sitting. Ergonomically correct seating position improves posture and support to your child's developing spine whilst providing legs and feet with full freedom of movement for the adjusting and shifting of body weight. Fully adjustable children's chair. Both seat plate and footrest can be adjusted in height and depth. Ensures that your child is seated safe and comfortably from 6 months until teenage years. Safety. The Tripp Trapp® highchair meets and complies with all international safety standards. Provides you with the reassurance and peace of mind that your child is not only safe but also secure in the Tripp Trapp® highchair. Adjustable seating height. Tripp Trapp® is fitted with a height adjustable seat plate. Elevates your child to the correct height whilst seated, with elbows comfortably resting at table height. Tripp Trapp provides the ideal position for eating, playing and socialising around the family dinner table. Adjustable seating depth. Seat plate adjusts horizontally to match your child's size. Helps your child to sit in the ergonomically correct position, with the ideal "two fingers" width between the back of their knees and the seating plate. Adjustable footrest height. Tripp Trapp® is fitted with a height adjustable footrest. Enables your child to sit comfortably ensuring legs are supported and feet can rest. Adjustable footrest depth. Enables adjusting the footrest depth for your child. Creates the perfect platform for your child to comfortably shift weight and move whilst seated. Easy reach. The ability to adjust and raise Tripp Trapp® to the correct elevated position at the table makes it easy for you and your child to reach food, toys and utensils. Reduces strain for both you and your child. Strength and stability. Tripp Trapp® is made from strong and resilient beech wood. Beech wood possesses durable, strong and elastic properties to ensure your child's safety. Easy to assemble Tripp Trapp® only requires the umbraco key to assemble and adjust. Enables easy assembly, disassembly, and adjustment of the chair as your child grows. Protective coating. Protects Tripp Trapp® with a high quality coating. Provides a smooth and resistant surface. Tripp Trapp's® protective coating reduces scratches and makes your highchair easier to clean and maintain. No tray. The absence of a tray makes it possible to bring the Tripp Trapp® into the table. Bringing your child into the table enhances communication between you and your child. Individual colours. Tripp Trapp® is available in ten different colours. Enables you to choose the Tripp Trapp® which best compliments your interior colour scheme and household furniture. Wide range of accessories. Allows you to expand your Tripp Trapp®. Further adapt your Tripp Trapp® to meet your child's needs for comfort and safety. (available extra) Timeless design. Tripp Trapp® stretches beyond the contemporaries of fashion through its aesthetically pleasing and timeless design. Ensures longevity. Baby Set™:The Tripp Trapp® Baby Set™ is made specifically for the Tripp Trapp® from STOKKE®. It is made from environmentally-friendly plastic material that is recyclable and safe for children. The Baby Set™ includes a seating rail and a baby back plate. It can easily be attached to the Tripp Trapp® highchair to provide additional support and stability as well as allowing a baby as young as 6 months old to join the family meal at the dining table. The Baby Set™ provides more comfort and support which encourages the child to interact more with the family.Features•Easy to clean and dishwasher-safe. •Provide additional support and stability and allowing babies as young as 6 months to safely sit and enjoy meals with the family.•Made from environmentally-friendly material that is safe for children. This Baby Set™ will fit all Tripp Trapp® Chairs manufactured after May 2003. Tripp Trapp® chairs manufactured after this date have a serial number starting with a 3 (or a higher number) printed under one of the legs. If the serial number starts with 0,1 or 2 this Tripp Trapp® Baby Set™ will not fit. Our Tripp Trapp® Baby Set now comes with a harness, but for those who have purchased a previous version that did not come with it, you can now purchase the harness separately for added safety.Our harness has been carefully designed with five points and is adjustable. This ensures that your child will be comfortable and secure while still able enjoy full freedom of movement. Please remember that since your baby is constantly growing you need to re-adjust the Stokke® Harness on a regular basis. Most important: never leave your child unattended. Features With 5-points, our harness secures your baby for extra safety Recommended use with the Baby Set Easy to use, buckles closed with two simple clicks Adjustable straps for a comfortable, secure fit Made of durable nylon, easy to wash and keep clean Provides freedom of movement to eat and play Constructed to offer the child full freedom to move while seated in the chair For added safety to be used together with the Tripp Trapp® Baby Set on the Tripp Trapp® chair. What's included Stokke® Harness Stokke® Harness Attachment Brackets 2 pcs FAQs What does the Tripp Trapp®come with? The Tripp Trapp®comes with all hardware and wooden pieces to assemble the chair. You will need to purchase any extra accessories such as Baby set, Tray, Extended gliders and Harnesses separately to suit your family's needs and lifestyle. Do the Extended Gliders come with the Tripp Trapp®chair? No, the Extended Gliders only come complimentarily with the Newborn Set and the Baby set. Can I use the Tray directly on the Tripp Trapp®chair? No, the Tray can only be used in conjunction with the Baby set. It cannot physically be attached directly to the Tripp Trapp®chair itself. Can I remove the harness from the Baby set? You will be able to remove the shoulder and side straps of the Harness from the Baby set as per the user guide. The only part that is fully integrated and not removable from the Baby set is the crotch strap. Can I use the Tripp Trapp®at a kitchen counter? The Stokke® Tripp Trapp® chair has been designed for use at tables with a standard height, i.e. between 72 and 76 cm. It is therefore not suitable for use at bar tables. I own several Stokke® Tripp Trapp® chairs which are nominally of the same colour but look different. Can this be? All Stokke® furniture is made from wood, which, as a natural product, may show a degree of natural variance. Also, we source our wood from several sustainable sources and we cannot therefore guarantee individual chairs will have come from the same stand of trees. Finally, the colour of the wood may change over time under the influence of UV light and oxygen. Where do I find the serial number of my Tripp Trapp®? The serial number of the Tripp Trapp® can be found underneath the right side of the chair. How do I have to assemble my Stokke® Tripp Trapp® harness? Please see this film showing how to assemble the Stokke Harness. Click here. 20HARNESS%20user%20guide%20105x195%20TC_D%20-%20WEB.pdf We've detected that JavaScript is disabled in this browser. Extra Information Additional Information Article number 130300 EAN13 7040351303002 Brand Stokke Warranty 2 years Article type Spare parts Availability All is well in the Babycare.nl organization. The current situation with the corona virus has not impacted Babycare.nl operations.All processes are up and running and the warehouse is shipping as usual. Regarding shipping, we are advising all international customers to select UPS as the shipping option, as some postal services worldwide are struggling to keep up and postal air freight is still delayed. Shipping options can be found in the shopping cart and in the checkout. Stay safe & stay healthy!Team Babycare.nl Stock indicator Next to the price you will see the availability status. What does it mean? In stock We have the product in our warehouse and it can ship same-day.  Not in stock The expected shipping date indicates the expected arrival dat in our warehouse. This date is updated every night with new information from the manufacturer.When a product is on order this shows the confirmed date from the manufacturer. This date will be fixed for you as soon as you place your order.It is possible that shortly after you place your order you are seeing a different stock status or expected arrival date. This new date is for subsequent orders. Are you seeing a date that changes every day? This is possible for 2 reasons The product is not in stock as standard. We'll order it for you as soon as you place your order. The date above will be fixed for you. The manufacturer changes the arrival date every night. This can happen with an exotic or uncommon product. Please feel free to contact customer support when you have any questions about availability dates or your order status. Contact Babycare Customer Support From your mobile device, click any of these contact methods Warranty When you order something from Babycare.nl you are buying a high-quality product. Every product is covered by a statutory warranty, which means that a product has to do or is what you as a customer can expect from it with normal use. The standard warranty period on your purchase is 2 years. There are exceptions on the warranty period that you can find in the 'extra information' tab for each product. Some products offer an extended warranty. The manufacturer can apply additional conditions. For example Bugaboo, Maxi-Cosi and Quinny have extended warranty periods that apply when you register your purchase via the manufacturer's website. Products or parts of products that are subject to normal wear and tear such as clothing, coverings and wheels are always guaranteed against production faults; normal wear is not covered by warranty. European WarrantyWithin the European Union your guarantee claim is handled free of charge. When a guarantee claim applies, Babycare.nl will provide replacement parts or repair for free. This includes shipping fees within the EU. Worldwide WarrantyOur global warranty includes the same guarantee period, and free replacements or repairs but exclude shipping fees. Please do not hesitate to contact support@babycare.nl if you have questions about the functionality of a product or when you need to have an article repaired.
