## IMPORTANT:

As with all infant and baby furniture, it is important to check fasteners, screws, and bolts periodically for tightness. Parents should ensure a safe environment for their children by checking the furniture regularly before placing a child in the product.

## IMPORTANT :

Comme pour tous les meubles de nourrissons et de bébés, il est important de vérifier périodiquement le serrage des attaches, des vis et des boulons. Les parents doivent procurer un environnement sécuritaire à leur enfant en vérifiant régulièrement le meuble avant de placer l'enfant sur celui-ci.

## *Storage:*

• Pine woods exchange moisture with the air adjusting to major changes in room temperature and humidity. Therefore, it is best to place your furniture away from heating or air-conditioning vents.

• Sunlight is not friendly to solid wood furniture and prolonged direct exposure to harsh sunlight can discolor the finish. Be careful not to place your furniture in direct sunlight for extended periods of time. As with all your fine furniture, blot up spills immediately.

## *Care and Cleaning:*

• Do not scratch or chip the finish. Do not use abrasive chemicals for cleaning. Clean with mild soap on a damp, soft rag. Rinse and dry thoroughly. If you ever refinish this furniture, be sure to use only a non-toxic finish specified for children's products. If you choose to refinish this furniture, the warranty will be voided.

## *Rangement :*

• Le bois de pin échange de l'humidité avec l'air en s'adaptant aux principaux changements de température et d'humidité ambiante. Il est donc préférable d'éloigner ce meuble des bouches de chaleur et de climatisation.

• Les rayons du soleil ne font pas bon ménage avec les meubles en bois massif et une exposition prolongée à la lumière directe du soleil risque de décolorer le fini. Prenez garde de ne pas laisser votre meuble directement au soleil pendant un temps prolongé. Comme pour tous les meubles précieux, épongez immédiatement toute éclaboussure.

## *Entretien et nettoyage :*

• Évitez d'égratigner ou d'écailler le fini. N'utilisez pas des nettoyants abrasifs. Nettoyez le meuble avec du savon doux sur un chiffon non rugueux. Rincez et séchez-le complètement. Si vous devez refaire la finition de ce meuble, assurez-vous d'utiliser un fini non toxique conçu pour les meubles pour enfants. Si vous entreprenez de refinir ce meuble, sa garantie sera annulée.
