Battery Pal

model 2602

Description

The GUEST Battery Pal is designed specifically to extend your battery's life in applications where it is stored for long periods of time. This device is ideal for keeping the 12 volt batteries left in boats, automobiles, garden tractors, ATV's, snowmobiles and motorcycles fully charged and ready for use.

Features

The Battery Pal is a "float" charger and is superior to traditional "trickle" chargers because its low amperage, regulated output will not boil off the electrolyte in a lead-acid battery. It supplies just enough electricity to compensate for the voltage a battery can lose during storage. When attached to your battery and plugged into a standard 115 volt / 60 Hz AC outlet, the red LED indicator shows that the unit is functioning normally. The GUEST Battery Pal is *fully* automatic and may be left unattended indefinitely.

Installation and use

Clip the **black** alligator clip to your battery's **negative (-)** post. Then clip the ***red*** alligator clip to your batteries ***positive*** (+) post. It is not necessary to remove existing battery cables from the battery.
(Note: The red LED light will now turn on.)

Plug the power supply unit into a 110 volt / 60 Hz AC outlet. The LED should remain lit. If the LED turns off when the power supply is plugged into the AC plug, this means the 12 volt battery is either too deeply discharged, or too large for the Battery Pal to maintain. Remove the Battery Pal and re-charge the battery from an alternator or full-size battery charger before re-installing the Battery Pal. It is normal for the power supply to become warm during operation.

Note: *This device should not be used with 6 volt batteries.*

Specifications

maximum output	600 milliamps (0.6 amp)
charging voltage	13.5 volts DC (+/- 0.2 volt)
maximum battery size	100 amp / hours (approximately a Group 27)
input voltage	100 - 130 volts AC / 60 hz

LIMITED WARRANTY

For one (1) year from the date of original purchase, The Guest Co., Inc. will, at its discretion, repair or replace for the original consumer, free of charge, any part or parts found to be defective in material or workmanship. All transportation charges under this warranty must be borne by the consumer.

Comment [GC2]: Added warranty statement 7/9/96

Proof of purchase required. A computerized register receipt is required. Handwritten receipts are not accepted for warranty proof of purchase. In the absence of a receipt, warranty period will be calculated from date of manufactre printed or stamped on the product.

THERE IS NO OTHER EXPRESSED WARRANTY. IMPLIED WARRANTIES, INCLUDING THOSE OF MERCHANT-ABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO ONE YEAR FROM THE DATE OF PURCHASE. THIS IS THE EXCLUSIVE REMEDY AND CONSEQUENTIAL DAMAGES ARE EXCLUDED WHERE PERMITTED BY LAW.

CUSTOMER SERVICE

If you, our customer, have any questions concerning Guest products, parts or warranties, please contact our Service Department Monday through Friday between 11:00 AM and 7:00 PM Eastern Time.
