Setup Overview

The basics of setting up your GT PGA TOUR Edition (see PGA TOUR Edition Professional Stand Install Guide for detailed instructions):

- Place the game in the general location it will reside and adjust leg levelers if needed.
- Assemble the Professional Stand attached to the cabinet with the Professional Stand Install Guide.
- Mount 55” 4K HDTV Monitor on the assembled stand.
- Connect HDMI video cable routed through the stand tubing to HDMI Main Monitor Port on the Titan System box in the cabinet. Connect the other end to HDMI 1 on the HDTV Monitor.
- Connect 4-pin 12V Marquee light power cable routed through the stand tubing to the 12V power source in the Pedestal Cabinet labeled *Marquee 12V*.
- Connect the HDTV AC power cord from HDTV AC power input to an AC Power source.
- Connect Game AC power cord from the cabinet to an AC power source.
- Turn ON the HDTV Monitor with Samsung remote control. Enter the Input Source Menu and select HDMI 1 matching the HDMI cable input on the HDTV.
- Turn ON the game using the cabinet power switch and let the game power up to the attract menu.
