INVACARE®
TDX® SR
POWER WHEELCHAIR

The **Invacare® TDX® SR Power Wheelchair** builds off of the proven Invacare® TDX® SP platform and offers the benefits of Invacare® Gearless Brushless GB™ TrueTrack motors. TrueTrack allows the chair to maintain a more consistent forward path with fewer veer corrections. TrueTrack motors ultimately result in less fatigue for those using alternative driver controls and those with impaired hand function.

Features

Smart Actuators standard at no additional upcharge. Smart Actuators allow the client to achieve a pre-set tilt, recline and power leg extension through use of the Power Center-Mount front rigging. An audible alarm sounds to let the client know that it is time to weight shift

Available with an adjustable rehab seat, captain's seating and the full range of powered seating options

Optional heavy-duty package

Transport Ready Option (TRRO) available*

Core Technologies

Invacare® SureStep® Suspension with Stability Lock provides a smooth and stable transition

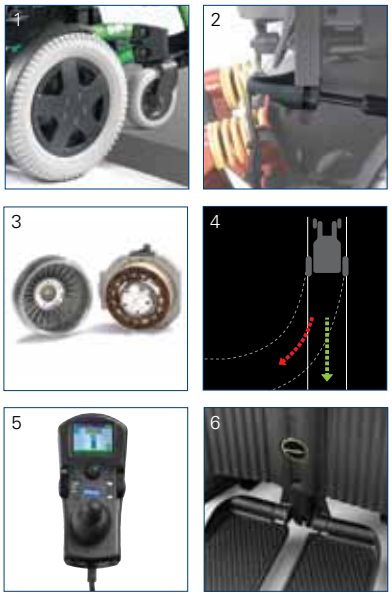

Invacare® Gearless Brushless GB™ Motors with TrueTrack technology

Invacare® G-Trac™ Technology provides precise tracking for imprecise environments

Invacare® MK6i™ Electronics are the benchmark in innovative technology

Motion Concepts power positioning systems can be interfaced with the Invacare TDX SR power base. Contact Motion Concepts for more information at 888-433-6818

HCPCS Code: K0868, K0869, K0870, K0877, K0879, K0884, K0886

*TRRO includes four factory-installed brackets and wheelchair anchored pelvic belt. TRRO has been crash-tested in accordance with ANSI/RESNA WC Vol 1. As of this date, the Department of Transportation has not approved any tie-down systems for transportation of a user while in a wheelchair, in a moving vehicle of any type. It is Invacare's position that users of wheelchairs should be transferred into appropriate seating in vehicles for transportation and use be made of the restraints available by the auto industry. Invacare cannot and does not recommend any wheelchair transportation systems.
