ACC.TO: **Regulation 648/2004/CE**

Description:

Liquid disinfectant cleaner with bactericide, fungicide and virucide action, to be applied on all type of washable surfaces: stainless steel, hardwood, glass, etc. Registered for use in the food industry. **Efficacy tested against Coronavirus.**

Key Properties:

Use on the food industry. Contact disinfection: surfaces and equipment. To be applied by professional staff.

Use Instructions:

Before using the product, read label thoroughly. It has 15% virucidal activity against Adenovirus and murine Norovirus, therefore it is considered to have activity against all enveloped viruses, including Coronavirus and also against Norovirus, Adenovirus and Rotavius in accordance with the **UNE-EN 14476 Standard**. Complies with the **UNE-EN 13697 Standard** in clean, antiseptic and chemical disinfectant conditions. Quantitative non-porous surface test for the evaluation of the bactericidal and fungicidal activity of chemical disinfectants used in food products, in industry, at home and in communities. The application of the product in the food industry for use in contact disinfection: surfaces, must be carried out in the absence of food. INSTRUCTIONS FOR USE: Manual. Do not mix with other products.
DOSAGE: Bactericidal, dilute in water at 5% contact time 5 min. Fungicidal, dilute in water at 1.5% contact time 15 min. Virucidal, dilute in water at 15% contact time 15 min. For general cleanings and as a regular hygienizer: dilute with water, proportion 1:40. For maintenance actions: can be diluted with water to 1:80.

Technical Data:

* PROPERTIES:
Bactericide Cleaner, especially developed for the deep cleaning and disinfection of all kind of surfaces that need to be cleaned thoroughly (disinfection, cleaning and deodorization).
* SPECIFICATIONS:
Appearance: clear liquid
Colour: blue
Odour: Characteristic
Density (20 °) : 0.990-1.010 Gr/cc.
PH (20º) : 7.0-8.0
* COMPOSITION: Concentrated cationic Surfactant (benzalkonium chloride).

Preservation and Storage:

Keep in its original package tightly closed, protecting it from cold and intense heat. Avoid freezing. Do not expose to direct sunlight.

Security and Handling:

WARNING. Contains: Benzalkonium chloride (4,56%). Causes serious eye irritation. Very toxic to aquatic life with long lasting effects. Keep out of reach of children.
