Assembly Instructions

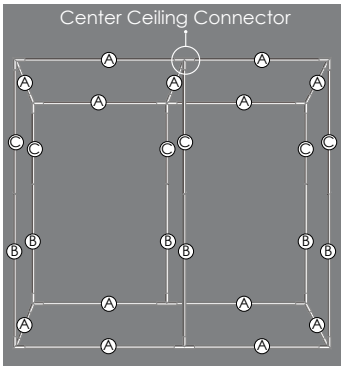

Step 1

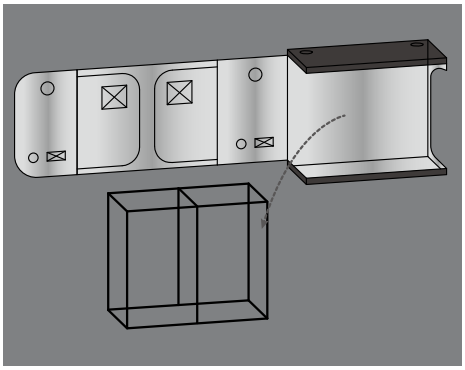

Step 2

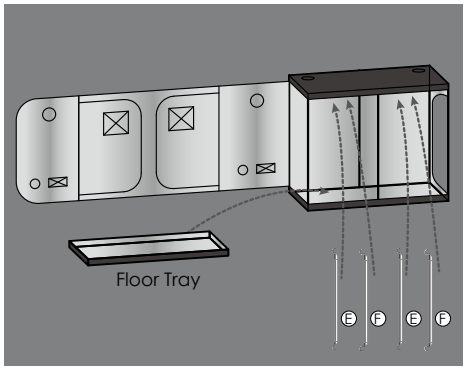

Step 3

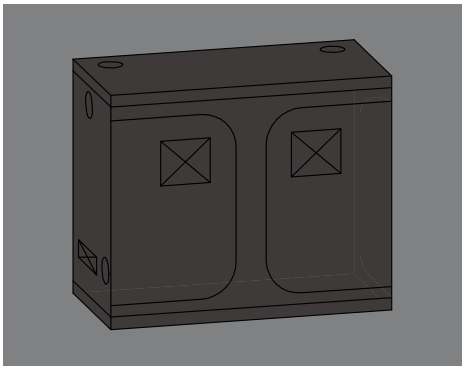

Step 4

Step 5

Step 6

Step 7

Step 1-4. Build the whole frame.
NOTE:
a. Put all tubes' poles completely into corner connectors, lock them tightly by the spring button clips.
b. For floor frame, black plastic on the 3-way corners must face down to the floor; for upper frame, the black plastic on the 3-way corners must face up.

Step 5. Put on the tent shell
Unzip all zippers of the tent shell all the way.
First gently pull up the top of tent shell on the frame make sure all corners are squarely in place.
Then pull the bottom of tent shell to cover the base of tent frame properly.

Step 6. Install roof bars
Install roof bars E and F to the top of tent.

Step 7. Fit the Floor Tray
Spread out and locate the floor tray inside the bottom of the tent, then tie with the straps to stay in place.

Step 8. Zip up all zippers
