OPEN BULK STORAGE

1 DROPZONE™

Powerful magnets sewn into the lid secure loose lures, magnets, pliers, swivels, hooks, weights and more. Keep quickly-needed items within reach and anchored — introducing the Dropzone™.

2 HYDRO-FLO™

Hydro-Flo™ utility boxes feature a uniform pattern of holes in the lid and bottom, allowing baits to dry naturally, preventing oxidation and rust. Spray off baits and lures through the closed box, and then set them aside to dry quickly and thoroughly.

3 RUSTRICTOR™

Designed in partnership with industry leader Armor Protective Packaging, Rustrictor cases surround your gear with 360 degrees of Volatile Corrosion Inhibitor (VCI). These cases fight back at rust and corrosion 5x longer than the competition.

4 DRI-LOC® O-RING WATERPROOF SEAL

Plano's exclusive Dri-loc® O-ring seal keep water out and your valuables dry and safe. New and Improved for an even better seal, the exclusive pour in design stays in place and can't slip, kink, warp or roll, ensuring you gear is protected even during the wettest weather.

STOWAWAY® SYSTEM

Plano set the industry standard in 1952 with its well-planned and efficient StowAway® system that is still in use today. Keep an eye out for the series notation on our StowAway utility boxes, soft bags and tackle boxes to find right size storage system for you.
