brakebook
TMDFRICTION

The web-based catalogue system, developed exclusively for TMD Friction, uses up-to-the-minute catalogue data and provides user-friendly search options. Rather than simply an extract from somebody else's online product catalogue, brakebook focuses on the customer's requirements, the search process used and the information needed in the aftermarket in order to identify brake parts accurately.

In addition, brakebook allows the customers to prepare printable catalogues tailored to their specific requirements and in the format of their choice utilising up-to-the-minute data and format templates, either for the entire range of products or selected products for specific manufacturers and models.

Das exklusiv für TMD Friction entwickelte, web-basierte Katalogsystem verwendet topaktuelle Katalogdaten und bietet nutzerfreundliche Suchmöglichkeiten. Diese Online-Plattform ist nicht einfach nur ein Ausschnitt aus dem TecDoc Katalog, sondern geht gezielt auf die für die Identifikation von Bremsenteilen erforderlichen Anforderungen des Kunden ein.

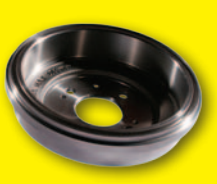
Das brakebook ermöglicht es den Kunden zudem, Kataloge in druckfähiger Form individuell nach ihren Anforderungen und in den von ihnen gewünschten Formaten zu erstellen. Durch aktuelle Daten und die gleichen Formatvorlagen, die TMD für seine eigenen Papierkataloge nutzt, können Kunden ihre Kataloge für die gesamte Produktpalette, einen Teil der Produkte, für Artikel bestimmter Hersteller oder sogar für spezielle Modelle zusammenstellen.

Ce système de catalogue en ligne, développé en exclusivité pour TMD Friction, s'appuie sur les données les plus récentes et offre des solutions de recherche conviviales. Cette nouvelle plateforme web n'est pas seulement un extrait de catalogue de produits en ligne, elle vise à répondre aux attentes des clients et regroupe les processus de recherche et les informations qui seront nécessaires à toute identification de pièces de freinage en Aftermarket.

Brakebook permet au client de télécharger un catalogue complètement personnalisé en version imprimable, sous le format désiré. Grâce aux données constamment mises à jour et aux modèles de présentation, les clients peuvent constituer par eux-mêmes leur propre catalogue, que ce soit pour l'ensemble des gammes, une partie des produits, le produit d'un fabricant donné ou même pour des modèles spéciaux.

Sviluppato in esclusiva per TMD Friction, il sistema di cataloghi basato sul web usa dati catalogo aggiornati automaticamente e offre pratiche opzioni di ricerca. Questo strumento è molto più di un semplice estratto di cataloghi online: si concentra sui requisiti del cliente, sulla procedura di ricerca e sulle informazioni necessarie per identificare i componenti per freni nell'aftermarket.

Con Brakebook i clienti potranno inoltre redigere cataloghi su misura, adattandoli ai requisiti specifici e stampandoli nel formato di preferenza e, grazie all'aggiornamento automatico dei dati e dei formati, creare cataloghi personalizzati dell'intera gamma oppure relativi a prodotti selezionati di specifici produttori e modelli.



El sistema de catálogos online, que ha sido desarrollado especialmente para TMD Friction, utiliza datos de catálogo muy actuales y ofrece propiedades de búsqueda de fácil manejo. Esta nueva plataforma online no es simplemente un extracto de un catálogo de producto online. Se trata de procesar de manera óptima los requisitos de los clientes en cuanto a demandas, informaciones e identificación de componentes de freno, necesarios en el aftermarket.

El brakebook le facilita al cliente crear catálogos personalizados, listos para imprimir, según sus requisitos en cuanto a contenido y formato. Con el uso de datos y formatos actuales los clientes pueden generar su catálogo para toda la gama de productos, pero también para una parte de la gama o para artículos de fabricantes o modelos en concreto.

Dans le catalogue des pièces de rechange, ce numéro de châssis est mentionné sous forme abrégée :

Nel catalogo dei pezzi di ricambio tale numero di autotelaio è esposto in forma abbreviata:

En el catálogo de piezas de repuesto se reproduce este número de bastidor en forma abreviada:

Only details of the last 11 positions of the complete chassis number are included. The first 6 positions and the 9th do not have any significance in spare-part specifications. The 11th position (factory) is included if necessary.

Es werden nur Angaben zu den letzten 11 Stellen der vollständigen Fahrgestellnummer aufgeführt. Die ersten 6 Stellen und die 9. Stelle haben für die Bestimmung von Ersatzteilen keine Bedeutung. Falls erforderlich, wird die 11. Stelle (herstellendes Werk) mit aufgeführt.

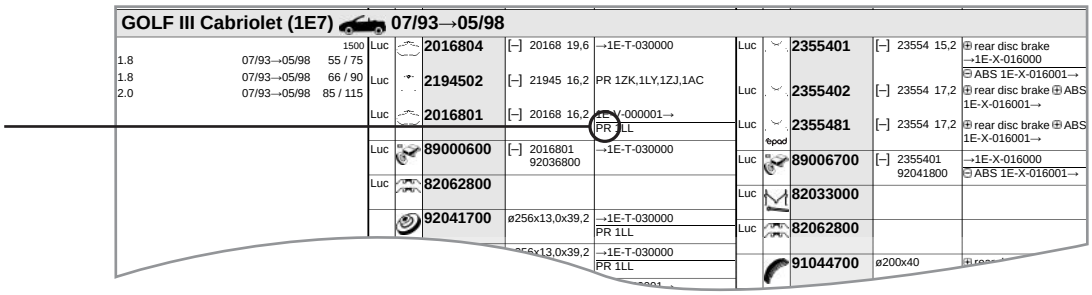
Seules les données concernant les 11 derniers chiffres du numéro de châssis complet sont mentionées. Les 6 premiers chiffres, ainsi que le 9e chiffre, n'ont pas d'importance quant à la détermination des pièces de rechange. En cas de nécessité, le 11e chiffre (usine de fabrication) sera mentionné.

Vengono indicati solo i dati relativi alle ultime 11 posizioni del codice di autotelaio completo. Le prime 6 posizioni e la 9° posizione non sono rilevanti per la definizione ed individuazione dei pezzi di ricambio. Se necessario viene indicata anche la posizione n° 11 (codice indicante il costruttore).

Sólo se indican los últimos 11 dígitos del número de bastidor completo. Los primeros 6 dígitos y el dígito número 9 no tienen ningún significado para determinar una pieza de repuesto. En caso necesario se indica también el dígito número 11 (planta de fabricación).

PR numbers /
PR-Nummern / Numéros PR / Numeri PR / Números PR

On VAG vehicles, some spare parts can only be classified by using PR numbers (primary equipment). See example.



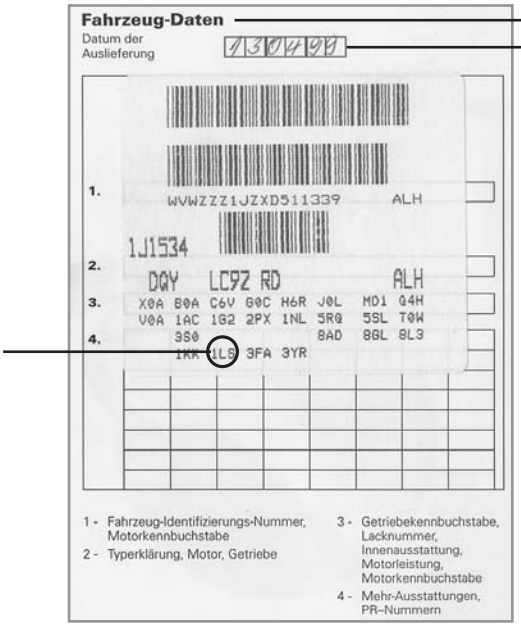
Die Ersatzteilzuordnung bei VAG-Fahrzeugen ist teilweise nur noch mithilfe sogenannter PR-Nummern (Primäraustattung) möglich (siehe Beispiel).

Dans certains cas, la détermination des pièces détachées des véhicules VAG n'est plus possible sans l'aide des numéros dits PR (équipement primaire) ; voir exemple ci-dessous :

In alcuni casi, nei veicoli VAG è possibile individuare i pezzi di ricambio soltanto con l'ausilio di cosiddetti numeri PR (da "Primärausstattung" = "equipaggiamento primario") (vedere esempio).

La asignación de piezas de repuesto en vehículos del consorcio VAG sólo es posible en parte con la ayuda de los así llamados números PR (equipamiento primario) (véase el ejemplo).

Example / *Beispiel / Exemple / Esempio / Ejemplo*



The PR numbers are listed on the vehicle data stickers. These can be found in the vehicle service handbook (see example) and on the actual vehicle, usually in the boot/trunk.

Die PR-Nummern sind auf den Fahrzeugdatenaufklebern aufgeführt. Diese befinden sich im Fahrzeug-Serviceheft (siehe Beispiel) und am Fahrzeug selbst, überwiegend im Kofferraum.

Les numéros PR sont mentionnés sur les étiquettes d'information des véhicules. Celles-ci se trouvent dans le carnet d'entretien du véhicule (voir exemple). Elles sont également appliquées sur le véhicule proprement dit, en général dans le coffre.

Tali numeri PR sono indicati sugli adesivi contenenti i dati della vettura. Essi si trovano nel manuale di servizio del veicolo (vedere esempio) e su quest'ultimo, solitamente su una parete interna del cofano.

Los números PR aparecen en las fichas adhesivas con los datos del vehículo. Éstas se encuentran en el cuaderno de servicio del vehículo (véase el ejemplo) y en el vehículo mismo preponderantemente en el maletero.

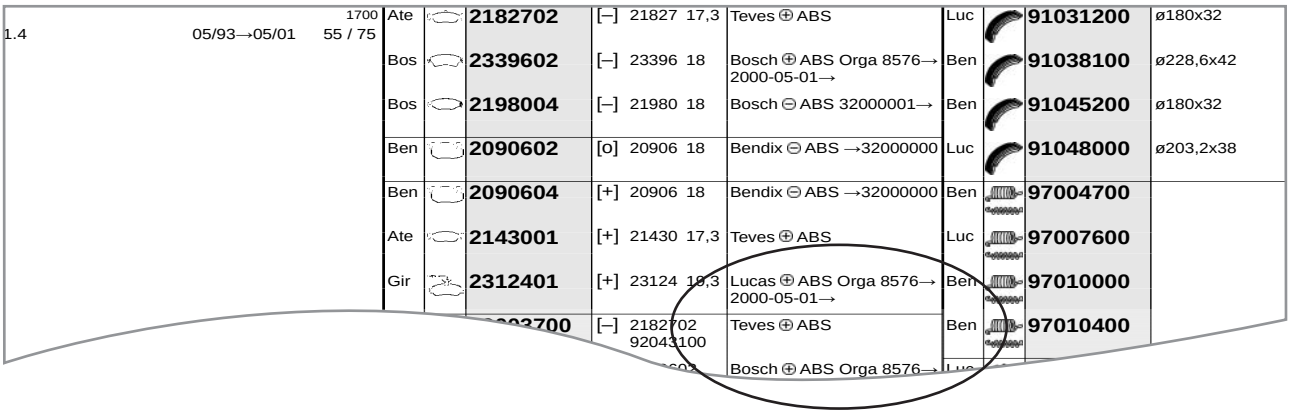
Orga (DAM) numbers /
Orga-(DAM)-Nummern / Numéros Orga (DAM) / Numeri Orga (DAM) / Números Orga (DAM)

In some cases, spare parts classification for Peugeot and Citroën vehicles is now only possible with the help of so-called Orga numbers (organisation number, DAM No.) (see example).



Die Ersatzteilzuordnung bei Peugeot- und Citroën-Fahrzeugen ist teilweise nur noch mithilfe sogenannter Orga-Nummern (Organisationsnummer, DAM-Nr.) möglich (siehe Beispiel).

Dans certains cas pour les véhicules Peugeot et Citroën, l'affectation définitive ne se fait pas avec le n° de série mais avec la nomenclature Orga (numéro organisation, N° DAM) ; voir l'exemple ci-dessous :

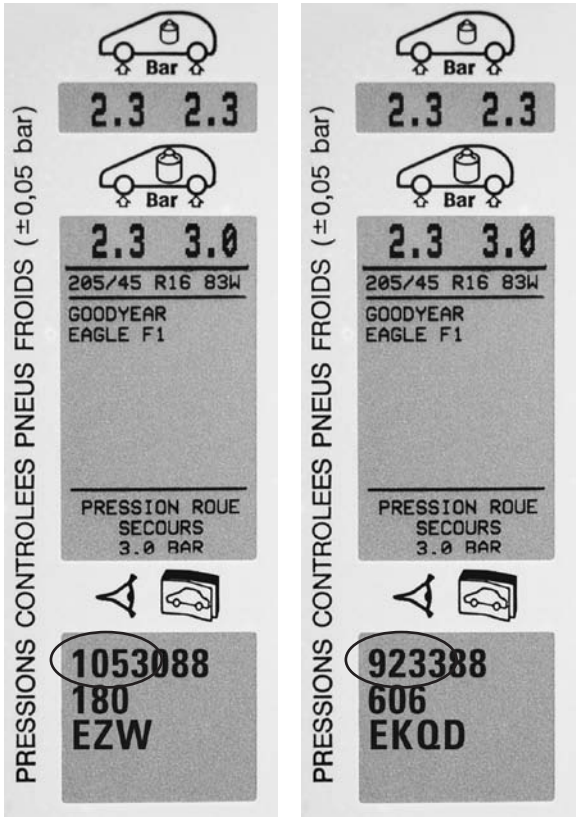
Nel caso di veicoli Peugeot e Citroën, l'assegnazione dei pezzi di ricambio è in parte ancora possibile solo con l'ausilio dei cosiddetti numeri Orga (numero d'organizzazione, n° DAM) (vedere l'esempio).

La asignación de piezas de recambio en turismos de Peugeot y Citroën, en parte sólo es posible con ayuda de los números Orga (DAM) – (véase el ejemplo)

Example / *Beispiel / Exemple / Esempio / Ejemplo*

The Orga numbers are listed on the vehicle data labels. In the majority of vehicles, these are on the A or B column or the door on the driver's side. In some models, the label can also be on the front bulkhead of the engine bay or on the cover of the fuse box. The number can also be found sprayed in yellow or silver or stamped on one of the two suspension struts or in the right-hand wheel housing.

Die Orga-Nummern sind auf den Fahrzeugdatenaufklebern aufgeführt. Diese befinden sich bei den meisten Fahrzeugen auf der Fahrerseite an der A- oder B-Säule oder auf der Tür. Bei einigen Modellen kann sich der Aufkleber auch auf der Stirnwand des Motorraums oder auf dem Deckel des Sicherungskastens befinden. Des Weiteren kann sich die Nummer auch an einem der beiden Federbeinholme oder im rechten Radhaus in gelber oder silberner Schrift aufgesprüht bzw. eingeschlagen befinden.



Les numéros Orga figurent sur les autocollants portant les caractéristiques des véhicules. Pour la majorité des véhicules, ceux-ci sont placés sur la porte côté conducteur. Pour certains modèles, l'autocollant peut se trouver aussi sur le tablier avant du compartiment moteur ou encore sur le couvercle de la boîte à fusibles. En outre, le numéro peut également se trouver sur l'un des deux éléments de suspension ou dans le passage de roue droit, soit inscrit au pochoir en jaune ou argenté, soit frappé.

I numeri Orga sono riportati sulle targhette dati del veicolo. Nella maggior parte dei veicoli sono affisse sul lato conducente, sul montante anteriore o su quello centrale oppure sulla portiera. In alcuni modelli la targhetta adesiva può anche essere sul lato anteriore del vano motore oppure sul coperchietto della scatola dei fusibili. Il numero può inoltre essere su una delle due sospensioni telescopiche oppure nel passaruota di destra, con scrittura a caratteri gialli o argento spruzzati o impressi.

Los números Orga están escritos en las pegatinas de datos de vehículos. En la mayoría de los vehículos estas pegatinas se encuentran en los montantes A o B o en la puerta en el lado del conductor. En algunos modelos también se encuentran en el compartimento del motor o en la tapa de la caja de fusibles. También es posible encontrar el número en el tubo portarruedas aplicado en letra amarilla o en color plata.

Orga (DAM) numbers /
Orga-(DAM)-Nummern / Numéros Orga (DAM) / Numeri Orga (DAM) / Números Orga (DAM)

Example / *Beispiel / Exemple / Esempio / Ejemplo*

The Orga number is in the bottom half of the vehicle data label. The last two digits of the number are irrelevant as far as looking for the spare part is concerned.

Auf dem Fahrzeugdatenaufkleber ist die Orga-Nummer im unteren Teil zu finden. Die letzten beiden Stellen der Nummer sind für die Ersatzteilsuche nicht von Bedeutung.

Le numéro Orga est inscrit au bas de l'autocollant portant les caractéristiques des véhicules. Les deux derniers chiffres du numéro ne jouent aucun rôle pour la recherche des pièces de rechange.

Il numero Orga è riportato sulla parte inferiore della targhetta adesiva con i dati del veicolo. Le ultime due cifre del numero non sono rilevanti ai fini della ricerca del pezzo di ricambio.

El número Orga se encuentra en la parte inferior de la pegatina de datos de vehículos. Las dos últimas cifras del número no son relevantes para la búsqueda de piezas de recambio.
