*Towing capacity is subject to towbar/towball capacity and vehicle laden condition. The capacity may be reduced if a non genuine Nissan towbar is fitted. The permitted download is directly related to the laden mass of vehicle. ∞Figures have been calculated in accordance with ADR81/02 (combined fuel consumption data). Actual fuel consumption will vary depending on driving conditions, driver behaviour, the condition of your vehicle and the accessories fitted. ΔPayload is the GVM minus the Kerb mass. The kerb mass does not include passengers, luggage, cargo, any accessories fitted or any towball download (as appropriate). Payload is distributed across both the front and rear axles, never exceed the GVM or the axle limits. *Indicates a premium paint, which is available at extra cost.
