IBM DS3400 Simple SAN Express Kits

Simple SAN Solutions from IBM

Installs In Minutes
Provisions In Seconds

IBM DS3400 Simple SAN Express Kits are convenient, easy to deploy fibre channel (FC) based storage area network (SANs) solutions. Developed in partnership with IBM, Emulex and Brocade, the DS3400 Simple SAN Express Kits leverage performance, reliability and scalability of the IBM DS3400 FC storage array, Emulex enterprise class FC host bus adapters (HBAs), Emulex EZPilot™ software application and Brocade FC switch technology. The kits are ideal and affordable platforms for customers planning to transition from direct attach storage (DAS) to a scalable, shared SAN environment.

The IBM DS3400 Simple SAN Express Kit's storage and I/O connectivity resources can be custom configured, to provide a cost effective yet scalable SAN platform to accommodate an organization's immediate and future growth requirements.

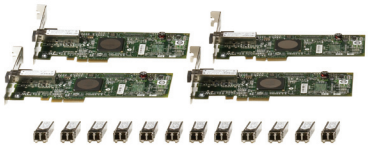

For streamlined installation, the Emulex EZPilot™ management application is provided to simplify deployment and configuration of the IBM DS3400 Simple SAN Express Kit components. The EZPilot application enables IT administrators to manage, configure and provision storage thru a centralized GUI based management console. EZPilot features an intuitive storage manager for discovery, allocation and assignment of storage to any Windows and Linux-based servers attached to the SAN.

The IBM DS3400 Simple SAN Express Kits are ideal, cost effective and scalable SAN solutions for small to medium sized IT organizations. IBM DS3400 Simple SAN Express Kits are available through IBM and IBM Channel Partners.

BROCADE™

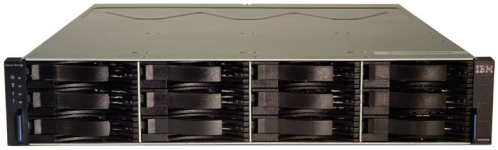

IBM DS3400 Simple SAN Express Kits

IBM DS3400 Simple SAN Express Kit (Single Controller) - IBM Part Number: 1726-41U

Component Description	Qty Per Kit
IBM DS3400 Single Controller FC Storage Array	1
5M Fiber Optic Cable LC	4
IBM/Brocade SAN16B-2 FC switch	1
4Gb/s SFP transceivers	8
IBM/Emulex 4Gb/s PCI Express FC HBA (IBM P/N: 42C2069)	2
Emulex EZPilot™ Media Kit which includes:	1
· Emulex EZPilot installation & storage provisioning CD	
· Quick Start Guide and Documentation	

IBM Part Number: 1726-42U

(shown above)

IBM DS3400 Simple SAN Express Kit (Dual Controller) - IBM Part Number: 1726-42U

Component Description	Qty Per Kit
IBM DS3400 Dual Controller FC Storage Array	1
5M Fiber Optic Cable LC	8
IBM/Brocade SAN16B-2 FC switch	1
4Gb/s SFP transceivers	12
IBM/Emulex 4Gb/s PCI Express FC HBA (IBM P/N: 42C2069)	4
Emulex EZPilot Media Kit which includes:	1
· Emulex EZPilot installation & storage provisioning CD	
· Quick Start Guide and Documentation
