OMRON

Information of production discontinuation plan
Programmable Terminal

Information about production end of programmable terminal
NP3 Series

Products of discontinuation planned
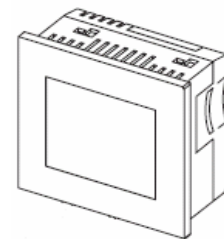

< NP3 series Main body >

NP3-MQ000
NP3-MQ000B
NP3-MQ001
NP3-MQ001B

Recommended products for migration

NV3Q-MR21 (for RS-232C)
NV3Q-MR41 (for RS-422A/485)

Last Order: the end of Aug, 2010

Notes when using recommended model

Out shape and mounting dimension of NV3Q is smaller than NP3, but by using special attachment , (model NV3Q-ATT02), you can mount NV3Q into NP3 panel cut out hole.

As some differences are exist such as front case color etc., please refer this document and related manuals for each model to change the screen data or PLC program.

__Manuals:__

NP series User's manual (V096-E1)
NP series Host connection manual (V102-E1)
NV series Setup manual   (V103-E1)
NV series Programming manual (V104-E1)
NV series Host connection manual (V105-E1)

Compatibility with migration

Model	Color	Size	Wiring	Inst..	Perfo.	Char.	Oper.
NV3Q-MR*1	OK by model	NG	NG	NG	Good	NG	Good

OK: Complete interchangeability
Good : there is little modification..
NG: a lot of modification is needed
- : There is no corresponding specifications.
