

# STORAGE

oif3

## POSITIONING OUTBOARD FOR STORAGE

Store outboard in an upright (vertical) position to allow water to drain out of outboard.

### CAUTION

**If outboard is stored tilted up in freezing temperature, trapped cooling water or rain water that may have entered the propeller exhaust outlet in the gear case could freeze and cause damage to the outboard.**

## BATTERY STORAGE

1. Follow the battery manufacturers instructions for storage and re-charging.
2. Remove the battery from the boat and check water level. Re-charge if necessary.
3. Store the battery in a cool, dry place.
4. Periodically check the water level and recharge the battery during storage.
