

ViewSonic® VPW425

42" Plasma TV Display

With NextVision™ Technology

Captivate audiences with vibrant high-definition images.

The ViewSonic VPW425 42" plasma TV with built-in TV tuner brings stunning video images to your home. Revolutionary NextVision technology brings images to life with spectacular brightness and depth. XtremeView performance with viewing angles up to 160° delivers vivid images with unmatched picture quality. Picture-in-picture and split-screen (picture-on-picture) capabilities make it easy to view multiple windows at once. Professional-grade features allow you to tailor images to your particular application. Built-in virtual surround sound speakers and progressive scan technology round out the multimedia experience with a clean, professional look. For the home or office, get the powerful, slim (3.7" depth) plasma TV — the ViewSonic VPW425.
