

Thank you very much for buying this Yamaha Marching Option.
To ensure trouble-free use for many years, please read these Mounting Instructions before using the Marching Option.

■ Mounting Procedure

1. Loosen all tuning bolts on the drum head side and remove the hoop together with the head.
2. Also remove the knee pad, if attached, and re-mount the screws, washers and nuts to the drum in their original positions.
3. Remove the multi-hole base.
4. Mount the MOP-410 at the center of the multi-hole base.
5. Re-mount the multi-hole base with MOP-410 to the drum.
6. Re-attach hoop and head and tune the drum. This completes the mounting procedure.
