## NEWS FLASH! – Updated Course schedule – Second Half 2010

Agilent Life Sciences and Chemical Analysis are pleased to announce the release of the Updated 2010 Customer Education schedule, covering the second half of this year.

We have revised the program and added additional classroom course dates in NSW and Victoria for all our popular GC, HPLC, and GCMS courses. So if you missed out on a course earlier this year, please check the schedule for the new dates.

**NEW!** – Courses are now being scheduled *in South Australia* and *Queensland*. We are offering GC, GCMS and HPLC courses in these states. All courses across the range are being offered - Techniques, Troubleshooting and Maintenance and Chemstation courses.

Please check the website [www.agilented.com](http://www.agilented.com) for details and download a schedule or alternatively contact:

**Cate Sharp** on 0417 101 252 or email [cate.sharp@agilented.com](mailto:cate.sharp@agilented.com) to be sent a schedule and registration form.

### NEW COURSES!

In addition we have added a new *EZChrom software* course and a *Capillary Electrophoresis* course to the range:

- ***R1787A Agilent 1200 series HPLC and EZChrom operation.***

This is a two day course that can be run as an onsite course, or we have scheduled classroom course dates both in Victoria and NSW. Go to the website to check the dates for these.

- **H8940A Agilent 7100 Electrophoresis Techniques and Operation**

Please go to the website to download a course summary and to find out more information about this exciting new courses. At this stage it is only being offered as an onsite course. Please contact Cate for further details.
