DATA MONITOR

The diagram below shows all the data that can be displayed on the data monitor.

* The number of images remaining can only be approximate because it varies with JPEG compression which is a function of subject characteristics.

INSTALLING THE DRIVER SOFTWARE

Installing the driver software

To install the drivers for Windows 98 / Windows 98 SE / Windows 2000 Prof. / Windows, proceed as follows:

1 Insert the installation CD-ROM into your CD-ROM drive.

2 Double-click on the Setup icon.

3 The Setup dialog box appears. Please wait.

4 When the "Welcome" dialog appears, click [Next].

5 When the Software License Agreement box appears, read it carefully and decide what to do:

[Back]: to preceding box.

[Yes]: to accept.

[No]: to reject and exit.

INSTALLING THE DRIVER SOFTWARE

6 When the Start Copying Files box appears, select:

[Next]: to start installation.

[Back]: to go back to the previous dialog box.

[Cancel]: to exit.

7 When the Setup Complete box appears, click [Finish] to complete installation.

INSTALLING THE DRIVER SOFTWARE

The following steps apply equally to OS 8.6 and OS.9

1 Choose the appropriate driver for your system.

2 Start the installation program by double-clicking.

3 When the Welcome box appears, click [Continue].

INSTALLING THE DRIVER SOFTWARE

4 To start installation, click [Install].

5 Read the warnings, then click on [Continue].

If necessary, you may quit the program by clicking [Cancel].

6 Installation has been completed successfully.

7 To initial the newly installed software, restart your computer (suggested) or click [Continue] if you wish to continue installing.

Please take the detailed manual from the Acrobat Reader file on the software CD.
