Tivoli® Monitoring Agent for z/TPF

IBM®

Version 1.1.0 Fix Pack 2

Quick Start Guide

Use this guide to get started with a typical installation for the IBM Tivoli Monitoring Agent for z/TPF.

Product overview

The IBM® Tivoli® Monitoring Agent for z/TPF is a component of continuous data collection (CDC), which is a performance tool that collects z/TPF system performance information.

The monitoring agent is a Windows application that runs in the IBM Tivoli Monitoring environment and uses the Tivoli Enterprise Portal interface. By using the Tivoli Enterprise Portal interface, you can customize CDC data to display in a variety of formats, such as charts, tables, or graphs. You also can configure alerts based on specific situations that you define.

This offering requires IBM Tivoli Monitoring V6.2.2 Fix Pack 2, or later.

1 Step 1: Access your software and documentation

Go to the TPF Family Products: Tools Web page at http://www.ibm.com/software/htp/tpf/maint/toolsztpf.html to download the monitoring agent code.

Go to the following the Web sites to access the product information for the z/TPF system and IBM Tivoli Monitoring:
- IBM TPF Product Information Center at http://www.ibm.com/tpf/pubs/tpfpubs.htm
- IBM Tivoli Monitoring and OMEGEMON XE Information Center at http://publib.boulder.ibm.com/infocenter/tivihelp/v15r1/

### 2 Step 2: Evaluate your hardware and system configuration

See the following publications for detailed system requirements:
- *IBM Tivoli Monitoring Installation and Setup Guide*
- *IBM Tivoli Monitoring Agent for z/TPF User's Guide*.

3 Step 3: Review the base architecture

The following figure illustrates the base architecture of the IBM Tivoli Monitoring and IBM Tivoli Monitoring Agent for z/TPF software.

4	Step 4: Install prerequisite software

See the following publications for information about prerequisite software requirements:
- *IBM Tivoli Monitoring Installation and Setup Guide*
- *IBM Tivoli Monitoring Agent for z/TPF User's Guide*.

5	Step 5: Install and configure the monitoring agent

See the following publications for information about installing and configuring the Monitoring Agent for z/TPF:
- *IBM Tivoli Monitoring Installation and Setup Guide*
- *IBM Tivoli Monitoring Agent for z/TPF User's Guide*
